

Memorandum

Date: September 30, 2021

To: Interested Parties

From: Jaime D. Gascon, P.E. 
Director, Board and Code Administration Division

Subject: Contractor Licensing Categories Preemption by the State of Florida

During the 2021 legislative session, the Florida Legislature approved House Bill HB735 which preempts local occupational licenses to the State, effective July 1, 2021. HB735 provides that occupational licenses issued by local jurisdictions, including those related to construction-related occupations, shall be prohibited after July 1, 2023. A jurisdiction having construction related licensing requirements prior to January 1, 2021, can continue to license construction-related occupations until July 1, 2023; however, such licensing requirements cannot be modified and no additional requirements can be added. The bill and history can be found at: <https://www.flsenate.gov/Session/Bill/2021/735>.

Therefore, between now and June 30, 2023, applicants seeking a new license or renewal for those construction-related specialty licenses shown below will be issued a license or have their prior license renewed with an expiration date of **July 1, 2023**. Accordingly, the license fee will be prorated to cover only the licensure period between the date of issuance or renewal and the statutory **July 1, 2023**, expiration date.

For reference, **after July 1, 2023** the Miami-Dade County Contractor Licensing Section will no longer be able to accept nor renew construction-related (specialty) licenses for the following categories:

Category	Description
BLDG 0009	Caulking
BLDG 0008	Canvas Awning
BLDG 0011	Concrete Finishing
BLDG 0012	Concrete Forming and Placing
BLDG 0013	Concrete Slab Sawing and Core Drilling
BLDG 0027	Decorative Concrete & Masonry Fence
BLDG 0016	Door
BLDG 0018	Fence
BLDG 0053	Finish Carpentry
BLDG 0019	Flagpole
BLDG 0020	Flooring

Memorandum
