SECTION 2
SPECIAL CONDITIONS

2.1 PURPOSE

The purpose of this solicitation is to establish a contract to purchase inspection, repair and installation services for industrial roll-up doors and related equipment situated in Miami-Dade County facilities. The types of doors include, but are not limited to, various roll-up, overhead and bi-fold garage bay doors that are electro-mechanically or manually operated. The contract shall also provide for the purchase and installation of new doors in conjunction with the needs of the County.

2.2 TERM OF CONTRACT

This contract shall be in effect for a period of five (5) years, commencing on the first calendar day of the month following approval of the contract by the Board of County Commissioners or designee. The contract shall expire on the last day, of the last month, of the five-year contract term.

2.3 OPTION TO RENEW

Prior to (or upon) completion of the initial term, the County shall have the option to renew this contract for one additional five (5) year term.

Should the awarded bidder decline the County's right to exercise the option period, the County may consider the awarded bidder in default which decision may affect that awarded bidder's eligibility for future contracts.

2.4 METHOD OF AWARD**2.4(A) GROUP 1: Inspection Services**

Award of this group will be made to the three (3) lowest priced responsive, responsible bidders for bi-annual inspection services who meet the minimum qualifications set forth in section 2.4 paragraph (D) of this solicitation. While the award will be made to multiple bidders to assure availability, the lowest priced bidder will be given the first opportunity to perform under this contract. The County intends to award this contract to the designated lowest bidder as the primary, the designated second lowest bidder as the secondary bidder and the third lowest bidder as the tertiary bidder. If the primary bidder declines this opportunity the County shall seek the identified services from the secondary bidder, or from the tertiary should the secondary decline.

Awarded bidders under Group 1 are deemed prequalified for Group 2, and are therefore eligible to participate in future spot market competitions for repair and installation services of roll-up door systems at any county facility identified in this solicitation. Bidders can complete Section 4.3 to automatically participate Group 2.

2.4(B) GROUP 2: Repair, Furnish and Installation Services

All responsive and responsible bidders that meet the minimum qualifications described in Section 2.4 paragraph (D), will be deemed pre-qualified to participate in future spot market competitions for the repair, furnish and installation services of industrial roll-up doors at various County facilities.

SECTION 2
SPECIAL CONDITIONS

When the County identifies a repair or installation, the bidders will be invited to offer a proposal for the service. The award of the service to one bidder does not preclude the remaining pre-qualified bidders from submitting proposals for other services when requested by County departments.

It shall be the sole prerogative of the County as to the number of bidders who will be initially included as a prequalified bidder under this contract. During the term of this contract, the County reserves the right to add or delete bidders as it deems necessary or in its best interests. If the County elects to add bidders, they must meet the minimum qualifications established for the original competition.

2.4(C) GROUP 3: Emergency Repair Services

Award of this group will be made to the three (3) lowest priced responsive, responsible bidders for emergency repair services who meet the minimum qualifications set forth in section 2.4 paragraph (D) of this solicitation. While the award will be made to multiple bidders to assure availability, the lowest priced bidder will be given the first opportunity to perform under this contract. The County intends to award this contract to the designated lowest bidder as the primary, the designated second lowest bidder as the secondary bidder and the third lowest bidder as the tertiary bidder. If the primary bidder declines this opportunity the County shall seek the identified services from the secondary bidder, or from the tertiary should the secondary decline.

3. If work for other trades is required in conjunction with this solicitation and will be performed by a subcontractor(s), an applicable Certificate of Competency issued to the subcontractor(s) shall be submitted with the prime bidder's offer.
4. Bidders shall have at least one (1) year experience in inspection, repair and installation services as described herein. Bid submittals shall therefore include a minimum of three (3) references where the firm has performed the required services.

SECTION 2
SPECIAL CONDITIONS

2.5 PRICES**2.5(A) GROUP 1: Inspection Services**

The initial contract prices for inspection services resultant from this solicitation, shall remain fixed and firm for a twelve-month period from the contract's initial effective date. Bidders may request a price adjustment no less than ninety (90) days prior to the completion of each twelve-month period of the contract term. It is the bidder's responsibility to request any pricing adjustment under this provision, and the request should not be in excess of the relevant pricing index change. The County may consider an adjustment to price based on the Bureau of Labor Statistics Consumer Price Index (CPI), for the categories of 'All Urban Consumers', 'All Items', 'Miami-Ft. Lauderdale Area'.

Failure to request a price adjustment within the allotted time will be interpreted by the County as acceptance of contract continuation without pricing adjustment. Any adjustment request received after the commencement of a new twelve month period may not be considered.

Equally, the County reserves the right to negotiate lower pricing for each twelve month period based on market research information or other factors that influence price. The County reserves the right to apply any reduction in pricing for the additional term based on the downward movement of the CPI.

The County reserves the right to reject any request for price adjustments submitted by the awarded bidder, and/or to not exercise any otherwise available option period based on such price adjustments. Continuation of the contract beyond the initial period, and any option subsequently exercised, is a County prerogative and not a right of the awarded bidder. This prerogative will be exercised only when such continuation is clearly in the best interest of the County.

The hourly rate quoted shall be deemed to provide full compensation to the bidder for labor, equipment use, travel time, materials and any other element of cost. This rate is assumed to be at 'straight-time', except where otherwise stated. The bidder shall comply with minimum wage standards, and/or any other wage standards specifically set forth in this solicitation and resultant contract, and any other applicable laws of the State of Florida. (See Section 4.2)

2.5(B) GROUP 3: Emergency Repair Services

Only vehicles owned or leased by a company will be authorized for the AOA. Vehicles owned by individuals will not be authorized. A \$1 million limit applies to all other MDAD airports.

2.7 GUARANTEE AGAINST DEFECTS

Bidder(s) shall, in addition to all other guarantees, be responsible for faulty labor and defective material and equipment for a period of one hundred and eighty (180) calendar days after date of acceptance of the labor, material and/or equipment by the County. The bidder shall promptly correct these deficiencies without cost to the County, within two (2) calendar days after receiving notification of such deficiencies in writing. Payment in full for the work does not constitute a waiver of guarantee.

2.8 CHANGES

Although this solicitation and resultant contract identifies specific sites and types of services, it is hereby agreed and understood that the County may at its option, add or delete sites and services. Should the County determine that sites need to be added, the County will obtain quotes from all the awarded bidders for Group 2 on an as-needed basis.

The County may determine to obtain price quotes for the additional services from other bidders in the event that fair and reasonable pricing is not obtained from the current contract bidders, or for other reasons, at the County's discretion.
