2.3 TERM OF CONTRACT

This contract shall commence on the first calendar day of the month succeeding approval of the contract by the Board of County Commissioners, or designee, unless otherwise stipulated in the Notice of Award Letter which is distributed by the County's Procurement Management Division, and contingent upon the completion and submittal of all required bid documents. The contract shall expire on the last day of the last month of a sixty (60) month term.

2.4 METHOD OF AWARD

Award of this contract will be made to the two (2) lowest priced responsive, responsible bidders, on a group-by-group basis for the monitoring (as required), inspection and testing of fire alarm systems at various county facilities, who meet the minimum qualifications set forth below.

The primary bidder shall have the initial responsibility of performing the service or deliver the goods identified throughout this solicitation. If the primary bidder fails to perform, it may be terminated for default in accordance with paragraph 1.25 of the general terms and conditions of Miami-Dade County Procurement Contracts; the County shall have the option to seek the identified services from the secondary bidder.

Minimum Qualifications:

- A. Bidder must be State Certified by the State of Florida as an Electrical Contractor (EC), an Alarm Systems Contractor (EF), or a Registered Alarm System Contractor (EY) per Florida Statue 489 part II and shall **submit a current copy of the state certification as proof thereof**. If no adjustment request is received from the bidder, the County will assume that the bidder has agreed that the next annual period will be without pricing adjustment. Any adjustment request received after the commencement of a new annual period may not be considered.

The County reserves the right to negotiate lower pricing for each annual period based on market research information or other factors that influence price. The County reserves the right to apply any reduction in pricing for each annual period based on the downward movement of the applicable index.

The County reserves the right to reject any price adjustments submitted by the bidder.

- 1.21(A-3) Automobile Liability Insurance covering all owned, non-owned and hired vehicles used in connection with the work, in an amount not less than *\$1,000,000 combined single limit per occurrence for bodily injury and property damage.

SPECIAL CONDITIONS

TITLE: SERVICES TO FIRE ALARM SYSTEMS

Only vehicles owned or leased by a company will be authorized. Vehicles owned by individuals will not be authorized.**

2.8 METHOD OF PAYMENT:

The County shall provide periodic payments for services rendered by the bidder. In order for the County to provide payment, the bidder shall submit a fully documented invoice that includes, when applicable, copies of the inspection reports, subcontractors invoice(s) and provides the basic information set forth in Section 1.34.

2.9 WARRANTY SHALL BE ONE (1) YEAR

A. Type of Warranty Coverage Required

In addition to all other warranties that may be supplied by the bidder, the bidder shall warrant its product and/or service against faulty labor and/or defective material for a minimum period of one (1) year after the date of acceptance of the labor, materials and/or equipment by the County. This warranty requirement shall remain in force for the full period identified above; regardless of whether the bidder is under contract with the County at the time of defect. Any payment by the County on behalf of the goods or services received from the bidder does not constitute a waiver of these warranty provisions.

B. Correcting Defects Covered Under Warranty

The bidder shall be responsible for promptly correcting any deficiency, at no cost to the County, within two (2) calendar days after the County notifies the bidder of such deficiency in writing. If the bidder fails to honor the warranty and/or fails to correct or replace the defective work or items within the period specified, the County may, at its discretion, notify the bidder, in writing, that the bidder may be debarred as a County bidder and/or subject to contractual default if the corrections or replacements are not completed to the satisfaction of the County within three (3) calendar days of receipt of the notice. If the bidder fails to satisfy the warranty within the period specified in the notice, the County may (a) place the bidder in default of its contract, and/or (b) procure the products or services from another bidder and charge the bidder for any additional costs that are incurred by the County for this work or items; either through a credit memorandum or through invoicing. Notwithstanding the above, the facility manager or County representative, at his/her discretion, may consider the warranty part(s) to be emergency service (2.12) and must be serviced in accordance with the emergency service clause. This is particularly important in devices that cause the building to go into a fire watch or in the opinion of the facility manager or County representative; the defect presents a life safety concern.

Contractor's Recruitment of Section 3, Small, Minority and Women-Owned Businesses (Solicitation Requirements Applicable only on Projects which permit Subcontracting).

Consultant will follow Plan's affirmative marketing steps for each PHCD award, when he or she subcontracts work, to award a minimum goal of 10% of the overall award amount to S-3 businesses, where feasible, and ensure small, minority and women-owned businesses are used (definitions of a S-3 business and a small, minority and/or women-owned business may overlap, permitting S-3 and affirmative marketing goals in these awards to be simultaneously met). Consultants who subcontract work are required to provide PHCD with a written explanation if the S-3 minimum subcontracting goal is not met.

Consultant shall demonstrate compliance in solicitation to the business categories, listed above, by following the steps described on page two of this Plan and providing evidence to PHCD when requested.

1. Refer any interested sub consultants that may meet the criteria to become a certified S-3 business to *PHCD Resident Services Unit* for S-3 business application assistance. The application to become a Section 3 pre-certified business is available at <http://www.miamidade.gov/housing/section3.asp>.
2. You may solicit Section 3 pre-certified businesses from PHCD S-3 business lists by emailing a request to the Section 3 Coordinator at section3@miamidade.gov.
3. Contact *Division of Small Business Development (SBD)*, 305-375-3111 or via email miamidade.gov to obtain lists of small, minority and/or women-owned businesses. Solicitations and awards must be made, where feasible, to various minority-owned firms, including minorities other than firm's own minority, and to women firms.
4. Advertise for S-3 sub consultants/subcontractors (subs) in construction trade journals, such as "The Dodge Reports", and post notices and distributes flyers at work site and surrounding neighborhood. The purpose of such advertisements is to make prospective subs aware of the Section 3 preference requirements applicable to PHCD project awards.
5. Fax, send or deliver "**Sub consultant Solicitation to Section 3, Small, Minority and Women Businesses**" form, to all prospective sub consultant firms solicited for each PHCD award.
6. Allow each sub consultant a *minimum of five business days* to respond to consultant's solicitation request. Include all "**Letters of Intent**" forms received from S-3, small, and minority, and women-owned sub consultants. Request sub consultants not interested or unavailable to bid to provide consultant with "**Certificate of Unavailability**" form.
7. Use the "**Outreach Documentation Form**" to document recruitment and follow-up with sub consultants. Make a second attempt to solicit to any S-3 firms who did not respond to the first solicitation attempt, using a variety of communication methods, i.e. facsimile, telephone, pager, e-mail, etc.
8. Consultants are required to negotiate with S-3 businesses, first and small, minority and women-owned businesses; second, if the sub consultant's bid amount would make the project infeasible.
9. Submit the following evidence to PHCD when requested (described under nos. 3-8 above and under "Contractors Recruitment of S-3, Small, Minority and Women businesses", page one, para. one). Other post-award required submittals include *Document 00430, "List of Subcontractors/Sub consultants"*, and, from consultant and its sub consultants or subcontractors, *Documents 00450, 00452 and 00453, "Estimated Workforce Breakdown", "Employee List" and "Consultant/Sub consultant Certification"*.
10. For each PHCD project award, retain documentation of outreach efforts and responses received from any organizations and sub consultants contacted for three years after project is completed.

Forms described above, under nos. 5-9, are post-award forms, applicable only if successful bidder will be subcontracting (where subcontracting is permitted)

(To obtain copies or additional information send request to PHCD Section 3 Coordinator at email section3@miamidade.gov).
