**Reasons for Recommendation**

NO MEASURE

SBD polled SBE firms certified in Commodity Codes provided (inclusive of those for engineering and feasibility studies), along with the detailed, specialized requirements, consistent with the scope of work for the subject project. One SBE firm responded as having prior experience and able to meet the requirements.

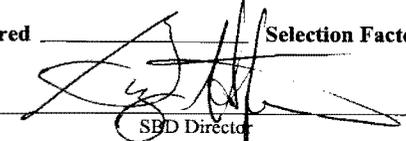

Based on the "insufficient response", and the inability to place a "Selection Factor" due to the estimated value of \$50K; the "No Measure" recommendation is appropriate.
