Subject: Ordinance pertaining to zoning, amending Sections 33-13, 33-238, and 33-259 to permit outdoor dining as an ancillary use in business and industrial zones

Agenda Item No. 7(F)

Ordinance No. 09-47

The Budget, Planning and Sustainability Committee on May 12, 2009, amended Item IF3 Substitute, Legistar no. 091143, by removing Sections 33-238 (25.1) (H) and (I) of the ordinance .

Recommendation

It is recommended that this proposed ordinance pertaining to zoning, amending Sections 33-13, 33-238, and 33-259 to permit ancillary outdoor dining be adopted.

Scope

This ordinance would pertain to all Commission Districts for property in unincorporated Miami-Dade County.

Fiscal Impact/Funding Source

This ordinance will have no fiscal impact on Miami-Dade County.

Tract Record/Monitor

Not applicable.

Background

The County's current zoning code provides that outdoor dining facilities can only be permitted after the approval at a public hearing of an "unusual use" application. For years the food and service industry has requested that the County revisit these regulations in order to reflect local and national trends. The ordinance, which contains regulatory language similar to that used by the Cities of Miami and Miami Beach among others, proposes to allow outdoor dining as an ancillary use to a facility where the primary use is the preparation of food for consumption on premises. This proposed ordinance removes the public hearing requirement for outdoor dining in business and industrial districts and conditions the new ancillary use to the following criteria:

- The outdoor dining area shall be managed, operated and maintained as an integral part of the food service business.
- The outdoor dining area shall not reduce the amount of required parking or landscaping for the site.
- The outdoor seating area shall be included in the calculations for required parking.
- There shall be no outdoor cooking or food preparation.
- No outdoor dining area shall obstruct or impede pedestrian traffic.

- The outdoor dining area shall comply with handicapped accessibility requirements.
- No outside public address system shall be permitted. Un-amplified music shall be permitted in the outdoor dining area, subject to compliance with Section 21-28 of this code.
- The outdoor dining area may be operated between the hours of 7 a.m. and 11 p.m.
- No signage shall be permitted on any outdoor furniture, umbrellas or fixtures.
- Blinking and flashing type lighting shall be prohibited.
- Alcoholic beverages may be served where such service is strictly incidental to the service of food and is from a service bar only, subject to compliance with the regulations specified in Article X (Alcoholic Beverages) of this chapter.
- The use shall be subject to plan review and approval through the building permit review process. The plans for such use shall include all furniture, umbrellas, lighting, and other related services and functions associated with the proposed use, together with all required and provided parking calculations.
- The use shall require a Certificate of Use which shall be renewed annually and shall be subject to revocation upon violation of any applicable regulation, or when a continuation of the permit would constitute a hazard or nuisance.

Legislative Notes

Agenda Item: 7(F)

File Number: 091524

Committee(s) of Reference: Board of County Commissioners

Date of Analysis: May 18, 2009

Type of Item: Code Amendment

Summary

This ordinance amends the Code of Miami Dade County (Code), permitting outside dining as an ancillary use in business and industrial zones.

This item was amended at the May 12, 2009, Budget, Planning and Sustainability Committee to remove both the operation hours for outside dining and the prohibition of signage on any outdoor furniture, umbrellas or fixture.

Background and Relevant Legislation

Current Code

Currently under § 33-13, 33-238 and 33-259 of the Code, outdoor patios and table service in connection with restaurants are considered unusual uses and are not allowed unless a variance for such use is approved by the Community Zoning Appeals Board (CZAB) or the Board of County Commissioners (BCC).

Policy Change and Implication

The proposed ordinance allows outdoor dining as an ancillary use to a structure where the primary use is a food service establishment.

It removes the public hearing requirement for outdoor dining in business and industrial districts, subjecting such use to plan review and approval through the building permit review process, and requiring an annually renewed Certificate of Use.

In addition, this item requires that site plans include restrooms that conform to building and zoning codes, and denotes that the Certificate of Use can be revoked upon violation of any applicable building and zoning code.

Comparison to Other Jurisdictions

A cursory review of other jurisdictions found the following in comparison to the proposed ordinance:

- The proposed ordinance contains regulatory language similar to the Cities of Miami and Miami Beach.
- The City of Raleigh North Carolina requires a written Indemnity Agreement that holds the City, its officers, councilors, and employees harmless of any property damage or personal injury.

In addition, the City of Miami's Code includes a section establishing the Dog Friendly Dining Program, allowing for patrons' dogs within certain approved outdoor seating areas of food service establishments in the City of Miami.

Budgetary Impact

This regulation provides for an annually renewed Certificate of Use providing a positive economic impact to the County.
