

Date: April 28, 2010

To: Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

Substitute  
Special Item No. 1

From: George M. Burgess  
County Manager

Ordinance No. 10-26

Subject: Ordinance Acting Upon April 2009 Amendments to the Comprehensive  
Development Master Plan (Standard Applications)

This substitute item differs from the original item (Legistar No. 092891) in that it complies with the new rule change regarding substitutes and alternates as provided in Ordinance No. 09-13, adopted on March 3, 2009. In addition, this ordinance differs from the original as follows:

- This substitute ordinance revises the preamble of the original ordinance to reflect the actions taken by the Board of County Commissioners (board) at its "transmittal" public hearing held November 4, 2009, and the receipt of the Objections, Recommendations and Comments (ORC) from the Florida Department of Community Affairs (DCA) by letter dated March 5, 2010. This substitute ordinance addresses the disposition of Application Nos. 3, 4, 5, 6, 8 and 9;
- Application No. 7 was previously adopted on December 1, 2009 (Ordinance No. 09-106) as the required annual update to the Capital Improvements Element (CIE) of the CDMP.

#### Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached ordinance, ~~(Special Item No. 3)~~ (Substitute Special Item No.1) which provides for the Commission to adopt, adopt with change or deny the pending April 2009 Cycle applications to amend the Comprehensive Development Master Plan (CDMP). ~~It is recommended that first reading occur at the conclusion of the CDMP public hearing scheduled for Wednesday, November 4, 2009, to address transmittal of the referenced applications to the Florida Department of Community Affairs (DCA) for review and issuance of Objections, Recommendations and Comments (ORC) report. It is further recommended that final action be taken on the ordinance at the conclusion of the public hearing that will be scheduled for April 2010.~~

It is recommended that final actions be taken on this substitute ordinance for these pending applications at the conclusion of the public hearing scheduled to begin at 9:30 AM on Wednesday, April 28, 2010. The ordinance follows the same format used in previous CDMP amendment cycles. That is, it contains blank spaces to record your action on each request contained in each application. After the Board adopts individual entries indicating its action on each application, the Board will take action adopting the Ordinance in its entirety, incorporating the foregoing entries. Following the final action will be a transmittal of the adopted April 2009

Cycle amendment package to the Florida Department of Community Affairs (DCA) for its compliance review and issuance of a Notice of Intent.

**Scope**

The CDMP is a broad-based countywide policy-planning document to guide future growth and development, to ensure the adequate provision of facilities and services for existing and future populations in Miami-Dade County, and to maintain or improve the quality of the natural and man-made environment. While the adopted text of the CDMP generally applies countywide, individual, site-specific Land Use Plan (LUP) map amendment applications may have localized impact on one or more Commission Districts. Application No. 3, for instance, is located within Commission District 10 (Commissioner Javier Souto); Application No. 4 is located within Commission District 11 (Commissioner Joe A. Martinez); and Application No. 6, which is both a CDMP LUP map amendment and a text amendment, is located in Commission District 9 (Commissioner Dennis C. Moss).

**Fiscal Impact**

Fiscal impact means the cost incurred by the County of implementing the activities or actions after approval of the ordinance. Ordinance No. 94-238 requires a statement of fiscal impact on all activities and actions resulting from approval of an ordinance. In addition, Ordinance No. 01-163 requires the review procedures for amendments to the CDMP to include, for any proposed land use change, a written evaluation of the estimated incremental and cumulative impact to Miami-Dade County for bringing such infrastructure to the area, as well as annual operating costs. Below is a brief summary of the fiscal impacts from the ~~proposed~~ pending CDMP LUP map amendments of the April 2009 Cycle of Applications. Details of the fiscal impacts of each application can be found in Appendix D at the end of each review of a LUP map application, in the report titled "Initial Recommendations April 2009 Applications To Amend The Comprehensive Development Master Plan," dated August 25, 2009. ~~This report is included in the agenda materials for the November 4, 2009 public hearing addressing the April 2009 Cycle of applications.~~

Based on the information provided by County agencies, the fiscal impacts from the April 2009 Cycle of Applications CDMP LUP map amendments vary, based on the type of request and location. Proposals involving non-residential development have less impact on infrastructure and public services than proposals involving residential development. For example, the Miami-Dade County Public Schools Board limits its impact reviews to proposals involving residential development or those that may allow residential development. The LUP map applications will not result in an increase in residential development because of voluntary restrictions or the requested redesignation does not increase residential density. Construction costs for water and sewer infrastructure improvements from Application No. 4 are estimated at \$495,450; annual operating cost for water and sewer facilities is estimated at \$21,971. Application No. 3 will not incur water and sewer infrastructure costs because there is an existing water main and a sanitary sewer gravity system on the application site. However, if the application site were developed at maximum residential development, Application No. 3 will have the greater annual operating cost for water and sewer facilities, estimated at \$94,587.

**Housing Impact**

None of the ~~proposed~~ pending CDMP Land Use Plan map amendment applications (Application Nos. 3 and 4) would reduce or increase the supply of housing in Miami-Dade County. This determination is based upon the current CDMP land use designation of the application sites, the requested re-designation, and voluntary restrictions on residential development.

**Track Record/Monitor**

CDMP Amendments do not involve contracts so a Track Record/Monitor is not applicable.

**Background**

~~The attached substitute ordinance provides for action on the April 2009 Cycle standard applications requesting amendments to the CDMP; Application Nos. 3 to 6, 8, and 9. Application No. 7 (updates to the Capital Improvements Element) is being addressed in another ordinance (Special Item No. 1). Application Nos. 1 and 2 were lawfully withdrawn by letters dated August 5, 2009 and August 31, 2009, respectively.~~

~~A resolution accompanying this ordinance requests a review and issuance of an ORC report by DCA on all transmitted applications. It is estimated that DCA's ORC report on the applications will be returned to the County in February 2010. The County is required to take final action on transmitted applications within 60 days after receipt of the ORC report. The Department of Planning and Zoning (DP&Z) may issue revised recommendations, and the Planning Advisory Board (PAB) acting as the Local Planning Agency (LPA) may conduct a second public hearing and may issue revised recommendations between the time DCA issues its ORC report and the Board conducts its final hearing. By approving this ordinance on first reading, the Board is in a position to conduct a public hearing and take final action on the applications after receipt of ORC report from DCA.~~

The attached substitute ordinance provides for final actions on the six (6) pending April 2009 Cycle of applications requesting amendments to the CDMP (Application Nos. 3, 4, 5, 6, 8 and 9). These applications were transmitted to DCA for review and comment. The Board's previous actions on these applications at the November 4, 2009 public hearing were the following: Application No. 3: "ADOPT with Acceptance of Proffered Covenant and TRANSMIT"; Application No. 4: "TRANSMIT WITHOUT RECOMMENDATION and with Acceptance of Proffered Covenant"; Application No. 5: "ADOPT with CHANGE (as provided by the applicant) and TRANSMIT"; Application Nos. 6: "ADOPT AND TRANSMIT Request No. 4 and TRANSMIT WITHOUT RECOMMENDATION the remainder of application"; Application No. 8: "ADOPT with CHANGES and TRANSMIT"; and Application No. 9: "ADOPT and TRANSMIT with memorandum dated November 3, 2009." A "Matrix" updated April 7, 2010 summarizing the previous recommendations of the DP&Z, affected Community Councils, PAB and BCC, and the revised recommendations of the DP&Z and PAB is enclosed at the end of this memo.

DCA coordinated the State agency consistency reviews on the transmitted applications at the request of Miami-Dade County. DCA presented its objections to Application Nos. 4 and 5 in its Objections, Recommendations and Comments (ORC) report, dated March 5, 2010. Issues raised for Application No. 4 include: the lack of need for additional commercial land; the amendment encourages the proliferation of urban sprawl; the amendment would impact natural resources and it would result in the loss of viable agricultural land. Issues raised for Application No. 5 include the lack of need for proposed project; the amendment encourages the proliferation of urban sprawl and the amendment lacks adequate data and analysis that would demonstrate that adverse impacts to natural resources would not occur.

Attached you will find the Department of Planning and Zoning's (DP&Z) report, dated March 15, 2010, addressing the pending 6 applications of the April 2009 Cycle of amendments. This report summarizes the pending applications as transmitted to DCA and presents the DP&Z's revised recommendations and principal reasons for the revised recommendations. Attached you will also find DP&Z's response to the ORC report, dated March 15, 2010.

Revised Recommendations

DP&Z's revised recommendations for Application Nos. 3 and 8 are to "ADOPT As Transmitted To DCA"; for Application Nos. 4 and 5 to "DENY"; and for Application Nos. 6 and 9 to "ADOPT With Changes."

The Planning Advisory Board (PAB) acting as the Local Planning Agency (LPA) conducted its final public hearing on the pending amendments on March 22, 2010 and concurs with DP&Z recommendations on Application Nos. 3, 8 and 9. PAB recommends Adopt with Acceptance of verbally proffered covenant for Application No. 4, which limits development of subject property to retail commercial and office uses (75,000 sq. ft.); adopt with amended language in applicant's letter of March 18, 2010 for Application No. 5; and Adopt Application No. 6 with Change, reflecting applicant's letter dated March 16, 2010, and staff language changing the timing of temporary roadway improvements from 3 years to 2 years prior to and after construction of Turkey Point Units 6 and 7.

The PAB recommendations are contained in the attached PAB resolution, the meeting minutes dated March 22, 2010 and the Matrix attached at the end of this memo.
