Subject: Report regarding Legistar# 101304 - Ordinance creating the Miami-Dade County Olympic Exploratory Committee; setting forth duties and responsibilities and membership requirements of such Committee; providing for appointment of members; requiring annual reports and providing for staff support; providing severability, inclusion in the code, and an effective date [Chairman Moss - Prime Sponsor; Commissioner Edmonson - Co-Sponsor, Commissioner Rolle- Co-Sponsor, Commissioner Sosa- Co-Sponsor]

This report provides information regarding the Ordinance Creating the Miami-Dade County Olympic Exploratory Committee. According to Section 2-11.37(b) of the Miami-Dade County Code, the following information is required to be provided to the Board of County Commissioners (BCC) when the BCC proposes a new committee.

1. Will the establishment of the committee create sufficient betterment to the community to justify the BCC's delegation of a portion of its authority?

The proposed Committee is advisory in nature and therefore does not require a delegation of authority from the BCC.

2. Is there another board or agency, either public or private, which is already in existence that could serve the same purpose?

No. There is no other County board or agency that could serve the same purpose as that of the proposed Committee. The Miami-Dade Sports Commission is made up of members of the community that can most effectively evaluate opportunities in international sports.

3. The costs, both direct and indirect, of establishing and maintaining the board.

The ordinance creating the Miami-Dade County Olympic Exploratory Committee will have a fiscal impact on the County. However, actual costs of supporting the proposed Committee, inclusive of staff time and other operating expenses cannot be determined at this time. It is expected that meeting costs and staff support provided to committee would be included in the operations of the Miami-Dade Sports Commission. Should funding for the Sports Commission be discontinued, other funding would be necessary to support the work of the committee.

4. Is it necessary for the board to enable the County to obtain State or Federal grants or other financing?

No. As proposed and based on the scope, the Committee is not being created to enable the County to seek State or Federal grants or other financing.

5. Should the board have bond authority?

Based on the duties of the proposed Committee, the Committee does not need to have bonding authority.

6. Explain whether the board should have final authority to enter into contracts and spend County funds, or whether its contracts and expenditures must be ratified by the BCC.

As proposed, the Committee would not have authority to enter into contracts or to spend County funds.

7. Is the creation of a new board the best method of achieving the benefit desired?

Yes. The creation of the Miami-Dade County Olympic Exploratory Committee, through the Miami-Dade Sports Commission is the most effective way to develop a comprehensive evaluation of opportunities for Miami-Dade County to pursue the Olympic Games, PanAmerican Games, and other international sports events.
