# Memorandum

**Date:** July 7, 2011

**To:** Honorable Chairman Joe A. Martinez  
and Members, Board of County Commissioners

**From:** Alina T. Hudak  
County Manager 

**Subject:** Ordinance Amending the Economic Stimulus Plan (ESP) Extending the Sunset Provision and Including Capital Projects Funded by the Building Better Communities-General Obligation Bond (BBC-GOB) Program

---

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) adopt the attached ordinance amending the County's Economic Stimulus Plan (ESP) Ordinance 08-92, extending the sunset provision to July 1, 2013 and including capital projects funded through the Building Better Communities-General Obligation Bond (BBC-GOB) Program. The extension of the sunset provision will help to accommodate the addition of new long-term projects to the ESP list, which may be added by resolution, and any future capital projects funded as part of the BBC-GOB. Including BBC-GOB projects in the ESP Program will allow these projects to be fast-tracked, saving time and money, as well as further stimulating the local economy by more quickly bringing projects to the market. Fast-tracking these projects will also help avoid potential arbitrage penalties that could result if bond proceeds are not spent within required timeframes.

## **Scope**

This item has countywide significance as there are planned projects throughout Miami-Dade County.

## **Track/Record/Monitor**

The Office of Capital Improvements (OCI), George Navarrete, Director, will continue to administer and monitor the ESP Program.

## **Fiscal Impact/Funding Source**

The extension of the ESP program will allow for the positive fiscal impact derived from the ability to take advantage of favorable pricing for construction contracts. The funding sources for ESP projects are varied and must have been approved as part of the Annual Resource Allocation and Multi-Year Capital Plan.

## **Delegation of Authority**

This ordinance would continue the authority granted the County Mayor or the Mayor's designee by the ESP Ordinance (08-92) and add the authority to implement capital projects funded through the BBC-GOB.

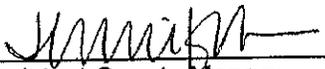

## **Background**

On July 17, 2008, the Board approved the County's ESP Ordinance 08-92, along with a corresponding list of projects totaling approximately \$625 million. This ordinance included a one-year sunset provision. On June 30, 2009, via Ordinance 09-60, the ESP Ordinance was amended by the Board to extend the sunset date to July 1, 2011 and to include capital projects and the acquisition of goods and services funded through the American Recovery and Reinvestment Act (ARRA). On February 2, 2010, via Resolution R-133-10, an additional \$478.5 million in projects was added to the ESP Program. To date, the ESP Program has expedited nearly \$900 million in capital construction

projects. The ESP Program continues to move projects forward at an accelerated pace and feedback from the architecture/engineering and construction industry regarding the ESP has been overwhelmingly positive. Of the nearly 200 projects expedited, more than 60 percent were awarded to small businesses, including \$6.9 million to Community Business Enterprise firms and \$83.2 million to Community Small Business Enterprise firms. Additionally, \$7.3 million was awarded to Disadvantaged Business Enterprise firms. Also, a minimum local-workforce goal of 10 percent was applied to ESP projects as appropriate.

Furthermore, the proposed amendment to include BBC-GOB-funded projects will allow the County the flexibility to move these projects forward more quickly in order to take advantage of the favorable pricing we are currently receiving. In addition, fast-tracking these projects will mitigate potential arbitrage penalties associated with bond programs of this type.
