

Memorandum

Date: (Public Hearing 5-7-13)
April 16, 2013

To: Honorable Chairwoman Rebeca Sosa
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor 

Subject: Champion Lakes Multipurpose Maintenance
Special Taxing District

Agenda Item No. 5(F)

Ordinance No. 13-38

Recommendation

It is recommended that the Board of County Commissioners (BCC) approve a petition submitted in accordance with Article 1, Chapter 18 of the Miami-Dade County Code for creation of the Champion Lakes Multipurpose Maintenance Special Taxing District. The creation of this District is pursuant to Public Works and Waste Management Department policy, and the filing of a multipurpose maintenance petition with the Clerk of the Board encompassing the area contained within the boundary of the Aventura Isles Community Development District (CDD) is a condition of the CDD's restrictive covenants. The special taxing district multipurpose maintenance program will remain dormant until such time as the CDD or any Homeowners Association fails to provide the required maintenance services.

Scope

This proposed special taxing district boundary lies within Commissioner Barbara J. Jordan's District 1, and will provide multipurpose maintenance services, if and when necessary.

Fiscal Impact/Funding Source

Creation of this District will result in no economic impact on the County's budget. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the District upon acceptance of the plat required improvements by Miami-Dade County and upon the failure of the CDD or any Homeowners Association to provide the required maintenance services. Such services will be funded by special assessments against benefited property.

The economic impact on the private sector will be a perpetual annual special assessment for the cost of maintenance services to all property owners within the District, if and when necessary.

At this time, there will be no increase or decrease in County staffing due to this District. The private sector may increase its staffing levels to provide the service requirements created by this special taxing district.

Track Record/Monitoring

The Public Works and Waste Management Department is the managing entity overseeing this item and the person responsible is Donald L. Tock, Jr., Chief, Special Taxing Districts Division.

Background

Contingent upon BCC approval of this District's creating ordinance, and in the event the CDD or any Homeowners Association fails to provide maintenance services, the Miami-Dade County Parks, Recreation and Open Spaces and Public Works and Waste Management Departments will provide the District's required maintenance services and cause implementation of special

assessments for costs of such services against benefited property, as well as contract monitoring, compliance and enforcement.

The implementation of the assessment roll will be in accordance with the procedures defined in Chapter 18 of the Code.

Multipurpose Maintenance Services:** The creation of this District is requested to maintain swales, Tracts A through J (excluding the clubhouse), and wall and entrance features along NE 199 Street (Ives Dairy Road) adjacent to public Rights-of-Way, within the District boundary should the CDD or any Homeowners Association fails to provide these services. Failure to provide maintenance within the private road area is defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.

State or Federal grants are not applicable to this special taxing district.

Each special taxing district is unique due to its geographical boundary, affected property owners, and level of services to be provided. Creation of a new special taxing district to provide these services is the best and most cost-effective method to achieve this benefit.

In compliance with the provisions of Section 18-3 (c) of the Code, I have reviewed the facts submitted by the Public Works and Waste Management Director and concur with her recommendation that this District be created pursuant to Section 18-22.1 of the Code.

ALL OF THE ABOVE NAMED LANDS ARE LYING AND BEING IN MIAMI-DADE COUNTY, FLORIDA.

ALL OF THE ABOVE NAMED PLATS BEING RECORDED IN THE PUBLIC RECORDS OF MIAMI-DADE COUNTY, FLORIDA.

The boundary is shown on the attached plan entitled Champion Lakes Multipurpose Maintenance Special Taxing District and hereinafter referred to as Exhibit A.

2. LOCATION AND DESCRIPTION OF DISTRICT

The creation of this District is requested to provide the maintenance of swales, Tracts A through J (excluding the clubhouse), and wall and entrance features along NE 199 Street. Service will commence following failure of the Aventura Isles Community Development District (CDD) or any Homeowners Association to provide these services. Miami-Dade County may activate this District by adoption of the District's preliminary assessment roll at a subsequent public hearing.

3. ESTIMATED COST FOR THIS DISTRICT

The proposed District is to be created to provide maintenance only in the event that the CDD or any Homeowners Association fails to provide the services as described in Item 2 above. Following commencement of services by the District, any increase in future maintenance functions may be recommended by a majority of the property owners for consideration by Miami-Dade County as administrator. The deletion of services is subject to maintaining a minimum level of services as determined by the Miami-Dade County Public Works and Waste Management Department.

The County may elect, due to the location and type of maintenance required, to provide landscape maintenance services utilizing an open contract for swale maintenance when significant service cost savings can be realized.

A cost estimate developed by the Public Works and Waste Management Department, based on estimates previously provided by the Parks, Recreation and Open Spaces Department for similar maintenance taxing districts, indicates the annual cost for the initial maintenance program to be \$207,282.34 for the first and second years. In addition to that cost, it will be necessary for the County to recover the administrative, processing, billing, and advertising costs incurred in establishing and maintaining the District as provided by Chapter 18 of the Code, as well as provide for contingency and discount costs. This cost is estimated to be \$88,431.49 the first year and \$56,258.90 the second year. An annual meeting will be conducted with the owners of real property within the District as an integral part of the annual budget process. This will enable Miami-Dade County, as administrator, to secure suggestions from affected community representatives or association to improve delivery and lower costs of the services provided within the scope of the District's authorized functions as specified in Item 2 above, and to determine the following:

1. Level of service;
2. Areas to be maintained;
3. Approximate effect on cost and rate of assessment for any changes.

Miami-Dade County shall determine the minimum service level (property owners may not delete maintenance altogether).

ESTIMATED ANNUAL COSTS

	<u>First Year</u>	<u>Second Year</u>
Initial Annual Maintenance	\$207,282.34	\$207,282.34
Administrative, Processing, Billing and Advertising Costs	49,860.12	43,709.32
Contingency/Discount	<u>38,571.37</u>	<u>12,549.58</u>
Total Estimated Costs to District	\$295,713.83	\$263,541.24

The above costs are estimated and will be adjusted annually based on actual experience once services commence.

4. CONFORMITY TO THE MASTER PLAN OF MIAMIDADE COUNTY

The proposed District conforms to and in no way conflicts with the Comprehensive Development Master Plan of Miami-Dade County (see attached memorandum from the Department of Regulatory Economic Resources, a successor to the Department of Planning and Zoning).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The proposed maintenance program is desirable, needed, and in my opinion, provides special benefits to property within the District exceeding the amount of special assessment to be levied upon implementation of the District.

6. ESTIMATE OF ASSESSMENT AGAINST BENEFITED PROPERTY

This District will be held dormant until such time as stated above. Shown below is an estimate of costs if service were to commence in 2013. These costs are included for report purposes only, actual costs to provide services will be determined and presented to the Board of County Commissioners (BCC) at the assessment roll hearing. The combined costs of the maintenance program, processing and administrative expenses as shown in Item 3 above is to be paid for by special assessments levied against all benefited properties and is to be apportioned to individual properties within the District on the basis of lot or parcel square footage. The cost per assessable square foot to be assessed for this service is estimated as follows:

	<u>First Year</u>	<u>Second Year</u>
Estimated Total District Costs	\$295,713.83	\$263,541.24
Estimated Total Assessable Property Square Footage	5,460,923	5,460,923
Estimated Costs Per Square Foot Of Assessable Property	\$0.0542	\$0.0483
<u>SAMPLE ASSESSMENTS</u>	<u>First Year</u>	<u>Second Year</u>
For A Typical Townhouse Lot	\$352.30	\$313.95
For A Typical Single-family Lot	\$509.48	\$454.02

The annual assessments shown above are representative of costs for typical residential property within this District. These costs are based on the above estimated total assessable property square footage and will be adjusted based on costs of services provided at the time of District implementation.

7. RECOMMENDATION

I recommend that Champion Lakes Multipurpose Maintenance Special Taxing District be created pursuant to Section 18-22.1 of the Code. The creation of this District will be subject to BCC approval only; no election will be necessary as 100 percent of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Champion Lakes Multipurpose Maintenance Special Taxing District. Pursuant to Chapter 18 of the Code, the BCC shall receive and hear, at a public hearing, remarks by interested persons on this District, and thereafter may adopt such ordinance. Following failure of the CDD or any Homeowners Association to provide these services, the BCC shall adopt the District's Preliminary Assessment Roll resolution to fund district services. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the district, reimburse affected County Agencies involved in the creation and establishment of

Champion Lakes
Multipurpose Maintenance Special Taxing District

this District, as well as operate and maintain this District. The ordinance creating the District shall take effect ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the BCC. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this project. We further recommend that the County Mayor or County Mayor's designee forward this report to the BCC after he has reviewed it and concurred with our findings.

Subject: Street Lighting, Maintenance of
Landscape, Walls Adjacent to
Double-Frontage Lots and Lakes
Special Taxing Districts

Section: As Required
District: As Required
Council: As Required

Effective September 5, 2001, all tentative plats in the unincorporated area of Miami-Dade County submitted to the Land Development Division of the Public Works Department, must be accompanied by a properly executed petition for all applicable special taxing districts including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2005-2015 Comprehensive Development Master Plan (CDMP). Policy 4A - Capital Improvement Element states: Appropriate funding mechanisms will be adopted and applied by Miami-Dade County in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms include special tax districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bond, impact fees, and special purpose authorities, or others as appropriate and feasible (Adopted Components as Amended through April 2001, page IX-10). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the code.

The Department of Planning and Zoning (DP&Z) has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double-frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the DP&Z review all landscape maintenance districts for compliance with plantings in public rights-of-way and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.
