Substitute
Agenda Item No. 5(C)

Subject: Proposed Zoning Ordinance Updating the Ojus Urban Area District Regulations
Ordinance No. 14-14

This substitute ordinance differs from the original in that: 1) the land use plan map has been revised to reflect the withdrawal of the request to modify the land use category of five parcels located south of Miami Gardens Drive between NE 23 Court and NE 24 Court, and; 2) written recommendations are provided for the withdrawal of the modification to the land use category request and approval for the comprehensive update to the Ojus Urban Area District regulations in accordance with the Standard Urban Center District regulations.

Recommendation

It is recommended that the Board of County Commissioners (BCC) adopt the attached zoning ordinance updating the County's Ojus Urban Area District (OUAD) Regulations.

Scope

This ordinance impacts areas zoned Ojus Urban Area District located in Commission District 4, Commissioner Sally A. Heyman.

Fiscal Impact/Funding Source

The proposed ordinance creates no fiscal impact on Miami-Dade County.

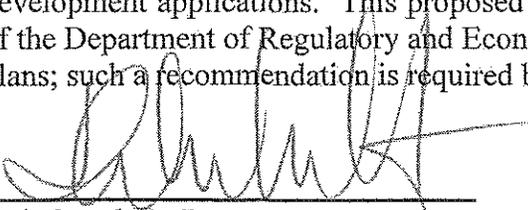

Track Record/Monitor

Not applicable.

Background

Development within the County's designated Urban Centers is regulated through the Standard Urban Center District Regulations (Article XXXIII(K) of the Zoning Code) and the individual Urban Center District regulations (i.e. Ojus, Naranja, Goulds, Perrine, Princeton, etc.). On October 2, 2012, the Board of County Commissioners adopted Ordinance No. 12-86 consisting of a comprehensive overhaul to the County's Standard Urban Center District Regulations. This comprehensive update, among other things, consolidated a series of regulations that were included in the individual Urban Center Districts (UCDs), including the permitted uses, building placement and street type development parameters and the various nonconforming sections. As a result, all individual UCDs need to be amended to conform to Ordinance No. 12-86. The attached ordinance updating the Ojus Urban Area District is the first in a series of individual Urban Center Districts that will be presented to the Board for this purpose.

In addition, this proposed ordinance updates the regulating plans of the Ojus Urban Area District to reflect changing conditions resulting from additional community input and staff's review of development applications. This proposed ordinance is accompanied by a written recommendation of the Department of Regulatory and Economic Resources regarding modifications to the regulating plans; such a recommendation is required by Sec. 33-284.89.3(C) of the Code.

REQUEST:

MODIFICATION of the land use regulating plan of the Ojus Urban Area District in order to change the designation of the subject parcels from Residential Modified to Mixed-Use Corridor.

PROPERTY HISTORY & DESCRIPTION:

In October 2005, the Board of County Commissioners (BCC) adopted Ordinance No. 05-143 establishing Article XXXIII(K) of the Zoning Code, the County's Standard Urban Center District Regulations. The Standard Urban Center District provides the regulatory framework that guides the development within the Comprehensive Development Master Plan (CDMP) designated urban centers and mixed-use corridors and that also constitutes the modern, form-based portion of the County's Zoning Code. To establish an urban center or urban area district, a two-step process is used. The BCC first adopts an ordinance, through its legislative process, that sets forth the boundaries of the urban center, the land use plan designating the uses permitted on each property, and other regulating plans and regulations applicable to that urban center district; second the BCC holds a quasi-judicial zoning hearing on a district boundary change, to rezone each of the underlying properties to the urban center district. Upon the rezoning there is no formal process for an individual property owner or staff to change the land use category or other regulating plan of the urban center or urban area district.

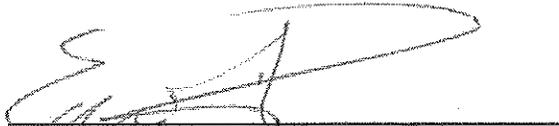

In order establish a formal process for property owners or staff to change the land use category or other regulating plan of an urban center of urban area district, Ordinance No. 13-119 was

1/6/2014

adopted by the BCC on December 3, 2013. The request of this application would permit the modification of the **Ojus Urban Area District (OUAD)** to permit five (5) parcels to change from RM, Residential Modified (rowhouses/apartments) to MC, Mixed-Use Corridor. Staff notes that in March 2007, pursuant to Resolution #Z-3-07, the five (5) subject parcels were a part of a larger tract of land that was rezoned to the OUAD. At the time of the rezoning, the parcels were designated as RM on the Land Use regulating plan of the OUAD. Three of the parcels are vacant and the remaining are improved with an office building and a parking lot for said building. Staff notes that prior to the rezoning, three of the five lots were zoned RU-5A, Semi-Professional Office District.

RECOMMENDATION:

In staff's opinion, the modification of the OUAD land use regulating plan for the subject five (5) parcels would provide uses similar to those permitted on the properties to the east of NE 23 Court and provide for a transition to Greynolds Park to the west. The location of the properties south of NE 186 Street (Miami Gardens Drive), a well-travelled 6-lane major roadway is ideal for the type of uses permitted in the MC category. However, staff has been contacted by area residents and property owners concerned with parking and the intensification of uses on the subject properties and at this time would like to withdraw the request. Staff has also been in contact with consultants for one of the properties and suggested that they work with the area residents and property owners to address said concerns. Staff notes that should the area redevelop and the uses intensify the property owners would be able to apply for a modification of the land use category through this newly established process. At such time the modification would be analyzed for compatibility and staff would provide a recommendation to the BCC. Therefore, staff is requesting to withdraw the request at this time.

REQUEST:

Comprehensive update to the street types, sub-districts, land use, density, building height, designated open space, new street dedications and bike routes plans of the Ojus Urban Area District in order to conform to the Standard Urban Center District Regulations.

PROPERTY HISTORY & DESCRIPTION:

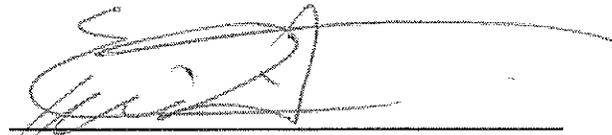

On October 2, 2012, the Board of County Commissioners (BCC) adopted Ordinance No. 12-86 consisting of a comprehensive overhaul to the County's Standard Urban Center District Regulations (SUCO). This comprehensive update, among other things, standardized a series of regulations that were included in the individual Urban Center Districts (UCDs), including the permitted uses, building placement and street type development parameters and the various nonconforming sections. As a result, all individual UCDs need to be amended to conform to Ordinance No. 12-86. However, no formal process existed in order to effectuate the needed updates. On December 3, 2013, the BCC adopted Ordinance No. 13-119, establishing a formal process for change land use categories or regulating plans in urban center or urban area districts.

RECOMMENDATION:

Staff notes that the proposed comprehensive update to the regulating plans of the OUAD will bring all of the OUAD regulating plans into conformance with the SUCO update and are technical in nature. The proposed update will not change existing permitted uses or other

1/7/2014

existing site development requirements. Additionally, all properties designated as OÜAD are subject to the comprehensive update, including those that are subject of the land use category modification application, which is being withdrawn at this time. As such, staff recommends approval of the comprehensive update to the Ojus Urban Area District.

Section 4. Section 33-284.89.22 of the Code of Miami-Dade County, Florida is hereby amended as follows:

Sec. 33-284.99.22. Non-conforming Structures, Uses, and Occupancies.

~~[[Nothing contained in this article shall be deemed or construed to prohibit a continuation of a legal nonconforming structure, use, or occupancy in the OUAD that either (1) was existing as of the date of the district boundary change on the property to OUAD or (2) on or before said date, had received final site plan approval through a public hearing pursuant to this chapter or through administrative site plan review or had a valid building permit. However, any structure, use, or occupancy in the OUAD that is discontinued for a period of at least six months, or is superseded by a lawful structure, use or occupancy permitted under this chapter, or that incurs damage to the roof or structure to an extent of 50 percent or more of its market value, shall be subject to Section 33-35(e) of this code. However, a lawfully existing single-family home use that is discontinued for a period of at least six months or that incurs damage to the roof or structure to an extent of 50 percent or more of its market value, shall not be subject to Section 33-35(e) of this code.]]~~

>>Non-conforming Structures, Uses, and Occupancies shall be governed by the provisions of Section 33-284.89.2 of this chapter.<<

Section 5. If any section, subsection, sentence, clause or provision of this ordinance is held invalid, the remainder of this ordinance shall not be affected by such invalidity.

Section 6. It is the intention of this Board of County Commissioners, and is hereby ordained that the provisions of this ordinance shall become and made part of the Code of Miami-Dade County, Florida. The section of this ordinance may be renumbered or relettered to accomplish such intention, and the word "ordinance" may be changed to "section," "article" or other appropriate word.

Section 7. This ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.
