

Date: July 21, 2009

To: Honorable Chairman Dennis C. Moss and Members,
Board of County Commissioners

Agenda Item No. 14(A)(45)

From: George M. Burgess
County Manager

Resolution No. R-1013-09

Subject: Resolution Authorizing Execution of an Interlocal Agreement between the City of Hialeah and Miami-Dade County for Specified Water Quality Sampling and Analysis

Recommendation

It is recommended that the Board of County Commissioners approve the attached resolution authorizing execution of an Interlocal Agreement between the City of Hialeah and Miami-Dade County for specified water quality sampling and analysis from National Pollutant Discharge Elimination System (NPDES) water quality stations within and adjacent to the City of Hialeah (Attachment A).

Scope

This Agreement encompasses parts of Commission Districts 12 and 13 (Commissioners Diaz and Seijas).

Fiscal Impact/Funding Source

The City of Hialeah will pay the County approximately \$104,000 over a five year period for sampling, analysis, and reporting according to the following schedule: \$17,807 in FY09-10, \$24,126 in FY10-11, \$19,686 in FY11-12, \$20,690 in FY12-13, and \$21,740 in FY13-14. No matching funds are required by the County.

Track Record/Monitor

The Director of the Department of Environmental Resources Management will monitor this contract.

Background

The Department of Environmental Resources Management (DERM) conducts surface water quality sampling as a requirement of the County's NPDES permit. The program assesses water in primary canals throughout the County, including nine locations in and around the City of Hialeah. The existing County NPDES permit covers Miami-Dade County and 28 municipalities as co-permittees to the County permit.

The City of Hialeah, in an effort to maintain consistency with the County's program, has requested the County collect, analyze, and report water quality for those water quality stations in and adjacent to the City of Hialeah. The 5-year Interlocal Agreement establishes the locations and parameters to be sampled and associated costs for the covered activities. The City of Hialeah will pay all additional costs associated with the County's collection, analysis, and reporting of the water quality samples.

All sampling activities will be conducted by DERM staff.

ATTACHMENT A

INTERLOCAL AGREEMENT Between The City of Hialeah and Miami-Dade County for Surface Water Quality Sampling and Analysis

This Interlocal Agreement by and between the City of Hialeah, Florida (hereinafter referred to as the "City") and Miami-Dade County (hereinafter referred to as "the County") is entered into to provide the City with services and information necessary to comply with the requirements set forth in the City's NPDES Permit (No. FL000023) Monitoring Plan.

- I. The City agrees to compensate the County for costs associated with conducting water quality sampling and analysis at six (6) stations in and adjacent to the City of Hialeah, as required in the monitoring plan mandated under the City's NPDES Permit.

Water quality samples will be collected quarterly on the same day (e.g., no more than 24 hours between collection of the first and last sample) by staff from the Miami-Dade County Department of Environmental Resources Management (DERM). One sampling event shall occur within each of the following periods: January 1st to March 31st, April 1st to June 30th, July 1st to September 30th and October 1st to December 31st of each calendar year. To the extent practicable, the date of sampling within each period should be consistent (+/- two weeks) from year to year.

- II. Period of Agreement. The Agreement will commence upon final execution by both parties and end September 30, 2014, unless modified as provided for herein.

- III. The following water quality parameters and methods will be used. The method used must have resolution minimally equivalent to the Method Detection Limits (MDLs) listed below:

Parameter	Method	MDL/units
Temperature	SM 2550B	(C°)
pH	SM 4500 H+B	(units)

INTERLOCAL AGREEMENT

Between The City of Hialeah and Miami-Dade County for Surface Water Quality Sampling and Analysis

The City will be notified in writing 30 days in advance of any project-related changes related to parameter MDLs. All analyses will be performed by the DERM laboratory or by other laboratories contracted with the County that hold NELAC certification for that analysis/method.

- IV. For all sample collection, handling, documentation and verification, the County shall comply with Florida Department of Environmental Protection (FDEP) Quality Assurance Rule (Florida Administrative Code (FAC) 62-160 and the FDEP Standard Operating Procedures for Field Activities (FDEP SOP 001/01, Dec. 3, 2008). Additionally, the County shall, in accordance with the FDEP SOP 001/01 Section FA3300, maintain a Field Quality Manual. If there are to be any variances from the minimum requirements under FAC 62-160 or the FDEP SOP, the County must provide proof, in writing, of approval for the variance by the FDEP prior to implementation of the variation (email transmission of this approval is adequate). This includes any variations in sampling procedures or quality assurance/quality control (QA/QC) protocols.
- V. The following Surface Water Quality Stations will be sampled on a quarterly basis:
 - 1. *HIA-LR01* – Little River Canal at W. 16th Avenue and north of E. 52nd Street.
 - 2. *HIA-LR02* – Little River Canal at E. 8th Avenue and south of W. 53rd Street.
 - 3. *HIA-LR08* – Little River Canal at W. 4th Avenue and W. 53rd Terrace.
 - 4. *HIA-LR10* – Little River Canal at W. 28th Avenue and W. 53rd Street
 - 5. *HIA-RR01* – Red Road Canal at W. 4th Avenue and W. 68th Street.
 - 6. *HIA-RR02* – Red Road Canal at W. 4th Avenue and W. 37th Street.
- VI. The County agrees to conduct all required field collection and laboratory quality assurance measures and all necessary data validation procedures. The County will provide to the City an annual report that will include all data generated and all chain of custody forms. These results will be transmitted to the FDEP as part of the City’s stormwater NPDES Permit annual report submittal.
- VII. Cost of Surface Water Sampling and Analysis. The City agrees to pay the County for the following costs incurred in performance of this agreement. The total amounts reflected in the table below for are water quality sampling and analysis.
