

Date: July 21, 2009

To: Honorable Chairman Dennis C. Moss  
and Members, Board of County Commissioners

Agenda Item No. 8(O)(1)(D)

From: George M. Burgess  
County Manager

Resolution No. R-1048-09

Subject: Resolution Requesting Authority to Exercise Option-to-Renew Periods Under Existing Competitively Bid Contracts that Would Bring the Cumulative Contract Value to More than \$1 Million

**Recommendation**

It is recommended that the Board of County Commissioners delegate to the County Mayor or County Mayor's designee the authority to exercise, in his discretion, the Options-to-Renew (OTRs) set forth in this item. Ordinance #07-139 provides for committee review exemption. ***Contract amounts and department allocations represent the maximum spending authority based on estimated past usage. This action does not guarantee that the total contract amount/value will be expended by County departments and/or agencies.***

**Scope**

The impact of the item in the accompanying OTR package is countywide in nature.

**Fiscal Impact/Funding Source**

***Funding will be expended only if departmental budgets can support the expenditures approved in their Resource Allocation Plan adopted annually by the Board.***

**Track Record/Monitor**

There are no known performance issues with the vendor recommended for award in the accompanying agenda item. The departments' contract manager is reflected in the accompanying agenda item.

**Delegated Authority**

If this item is approved, the County Mayor or County Mayor's designee will have the authority to exercise OTRs in accordance with the terms and conditions of the contract listed in the accompanying package.

**Background**

The competitively bid contract listed in this item requires approval to exercise OTRs contained in the contract that would, if exercised, bring the cumulative value of the contract over \$1 million. This contract was awarded under the County Mayor or County Mayor's designee's delegated authority (\$1 million for competitive procurements) pursuant to Section 2-8.1(b) of the County Code and the Master Procurement Administrative Order, A.O. 3-38.

**On August 11, 2008, the Board was informed that, prospectively, Board approval would be sought when awarding contracts exceeding \$1 million in value if the OTRs are exercised. The contracts listed in the package were awarded prior to that date.**

Prior to exercising any Options-to-Renew (OTR) periods, market research is conducted to ensure that continuing to purchase from the awarded vendor is in the best interest of the County. Market research includes competitive factors such as pricing, quality, product features, technology, and

lead time. It may also include commercial factors such as environmental issues, other governmental entity practices, industry trends, support and capabilities. The OTRs for each contract in this package will be executed if determined to be in the best interest of the County.

**Item No. 1: Soft Drinks and Boxed Syrups** seeks authority to exercise the two remaining OTR periods to purchase soft drinks and boxed syrups for various County departments. The amount being requested for the two remaining option terms is **\$584,000**.

**Item No. 2: Janitorial Services for Various County Departments** seeks authority to exercise the two remaining OTR periods to purchase janitorial services for various County departments. The amount being requested for the two remaining option terms is **\$656,000**.

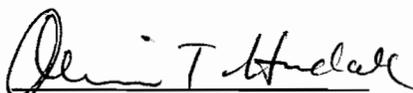

**Item No. 3: Antenna Tower Maintenance, Repair, and Installation (Pre-qualification)** seeks authority to exercise the eight remaining OTR periods for Antenna Tower maintenance, repairs, and installation services for the Enterprise Technology Services and Miami-Dade Water and Sewer departments. The amount being requested for the eight remaining option terms is **\$7,920,000**.

**Item No. 4: Printed Election Ballots** seeks authority to exercise the two remaining OTR periods for printed election ballots for the needs of General Services Administration (GSA) print shop. The amount being requested for the two remaining option terms is **\$582,000**.

**Item No. 5: Janitorial Services for Miami-Dade Library** seeks authority to exercise the four remaining OTR periods to purchase janitorial services for the Miami-Dade Library Department. The amount being requested for the four remaining option terms is **\$5,200,000**.

**Item No. 6: Head Start Program Diagnostic and Therapeutic Services Pool** seeks authority to exercise the two remaining OTR periods for diagnostic and therapeutic services for the Miami-Dade Community Action Agency's Head Start/Early Head Start Program. The amount being requested for the two remaining option terms is **\$1,300,000**.

**Item No. 7: Landscaping and Lawn Maintenance Services** seeks authority to exercise the two remaining OTR periods for landscaping and lawn maintenance services for the Miami-Dade Fire Rescue Department. The amount being requested for the two remaining option terms is **\$500,000**.

**JUSTIFICATION**

This contract provides janitorial services to various County facilities. This contract was competitively awarded with a Small Business Enterprise (SBE) set-aside measure. This fixed price contract obligates

the vendor to deliver the required product and/or service at established prices. The contract is not subject to any price adjustments on the basis of new costs incurred or resources used by the vendor. The contract allows economic price adjustments at the County's sole discretion. These adjustments are determined by the most recent published Consumer Price Index and establishes the percentage to be adjusted. It is therefore in the best interest of the County to authorize the remaining Option-to-Renew periods.

**JUSTIFICATION**

This contract provides the Enterprise Technology Services (ETSD) and the Miami-Dade Water and Sewer (WASD) departments with antenna tower maintenance, repair and installation services. This contract was established through an open competitive Invitation to Bid process for an initial one year term with nine, one year Options-to-Renew (OTR). The method of award results in award of three groups:

- Group 1: List of pre-qualified vendors who may submit price proposals on new projects on a turnkey basis through a competitive "Request for Quote" process. The pool is open to new vendors that meet the criteria set forth in the solicitation.
- Group 2: List of pre-qualified vendors who provide maintenance and repair services to the existing antenna towers, microwave dishes, transmission lines and hardware associated with the County's radio communication system. The pool is open to new vendors that meet the criteria set forth in the solicitation.
- Group 3: There are five vendors in this group available to provide priority service. This group is utilized in the event of equipment or system failure, and hurricane recovery response projects which follow a declared County emergency. The vendor offering the lowest price is the primary vendor for services in this group.

This contract provides best value purchases based on requirements for new projects, ongoing maintenance, and repair of existing equipment. The contract also covers emergency response requirements for hurricane recovery and support in the event of system failures. It is therefore in the best interest of the County to authorize the remaining Option-to-Renew periods.

<b>Performance Data:</b>	There are no performance issues with this firm.	
<b>Compliance Data:</b>	There are no compliance issues with this firm.	
<b>Contract Managers:</b>	José Cardona, Department of Procurement Management Steve Schmuger, General Services Administration	

**JUSTIFICATION**

This contract provides the General Services Administration (GSA) with a backup option to provide printed ballots for the Elections Department. Fifty-nine elections are scheduled to take place in 2009 and 2010. The contract allows GSA the flexibility of outsourcing the printed ballots in cases where county equipment is inoperable or when the required volume exceeds capacity. The incumbent vendor is certified by Election Systems & Software to produce ballots for the DS200 optical scan voting equipment.

It is therefore in the best interest of the County to authorize the remaining Option-to-Renew periods.

### **JUSTIFICATION**

These contracts provide diagnostic and therapeutic services to children in the Head Start/Early Head Start Program with developmental, sensory, motor, language and cognitive conditions. The diagnostic

and therapeutic services provided to children are required to serve Head Start/Early Head Start Program participants. The established pre-qualified pool of vendors is meeting the needs of the target population. The cost of the services are fixed and based on Medicaid approved rates. It is therefore in the best interest of the County to authorize the remaining Option-to-Renew periods.

**JUSTIFICATION**

This contract provides landscaping and lawn maintenance services for Miami-Dade Fire Rescue (MDFR) sites. The contract has fixed pricing based on a competitive process under full and open competition. Living Wage adjustments are included in the contract. It is therefore in the best interest of the County to authorize the remaining Option-to-Renew periods. This will ensure continuity of high quality services that meet the needs of the MDFR facilities at a reasonable price.
