<input checked="" type="checkbox"/> Additional Expenditure Authority	

**Contract Description and Reason for Change:**

The U.S. Department of Justice has awarded funds to the Miami-Dade Police Department (MDPD) for the purpose of outsourcing forensic Deoxyribonucleic Acid (DNA) casework. The MDPD Forensic Services Bureau is requesting an additional \$400,000 in expenditure authority be added to the existing contract in order to utilize the designated grant funds. The funding will be utilized to engage commercial laboratories to conduct DNA analyses on cases related to property crimes and cold case violent crimes. By outsourcing these cases, MDPD will be able to expedite the analysis of DNA evidence and reduce the time required to identify suspects and provide investigative leads through matches from the DNA database. The outsourcing effort reduces the number of cases pending analysis, and enables MDPD to focus on in-house DNA analysis on current violent crimes.
