Following completion of the award process, the project will be assigned to Mr. Leo Salgueiro, Project Coordinator, for day-to-day responsibilities.

Background
As part of the PTP Neighborhood Improvements initiative, PWWM continues to take advantage of various contracting mechanisms such as the Miscellaneous Construction Contracting process available under the MCC 7360 Program. Through this process, PWWM forwards an RPQ by way of facsimile transmission to a pool of firms that have registered with the Internal Services Department for the respective trade. Additionally, PWWM advertises the project in the *Daily Business Review* and all solicitations are available on-line through the Miami-Dade County portal under the "Procurement Solicitations" http://www.miamidade.gov/procurement/solicitations.asp. The project's award evaluation is based upon the bid submitted by the lowest responsive and responsible bidder for the project.

PWWM submitted to SBD its contract measure recommendation for Disadvantage Business Enterprise (DBE) participation for this RPQ. SBD completed its Project Review and Analysis, and established an 8.60 percent DBE participation goal. A Community Workforce Program Goal was deemed not applicable to this RPQ.

On June 26, 2014, PWWM forwarded RPQ No. 20130278, utilizing the MCC 7360 Plan - CICC 7360-0/08 Contract, to a list of 70 pre-qualified firms. A total of one (1) firm purchased contract documents and four (4) firms proffered a bid.

On July 30, 2014, Acre Engineering and Construction, Inc. proffered the lowest responsive and responsible base bid of $1,269,341.00, three (3) percent below the County's cost estimate. The second lowest bidder, Acosta Tractors, Inc. proffered a base bid of $1,586,337.75, 21 percent above the County's cost estimate. The third lowest bidder, Williams Paving Company, Inc. proffered a base bid of $1,606,668.75,23 percent above the County's cost estimate. The fourth lowest bidder, ENCO, LLC., proffered a base bid of $1,811,316.25,38 percent above the County's cost estimate. Based on the results of the solicitation, and FDOT's concurrence and approval to proceed with the project's award on October 27, 2014, PWWM issued a Recommendation for Award on October 28, 2014 for RPQ No. 20130278 to Acre Engineering and Construction, Inc., with the stipulation that approval for this project must be obtained from the CITT and BCC.

The work to be accomplished for this project consists of, but is not limited to, furnishing all supervision, labor, required materials, equipment, and tools to perform all operations necessary for the improvements to the Old Cutler Road Bicycle Route. The project consists of the following changes to the route: reconstruction; widening the bicycle route a minimum of 8' wide and relocation further away from the traffic lanes where possible; curb and gutters; installing remedial drainage as necessary; resurfacing segments that are to remain; pruning trees and tree roots; installing root barriers to prevent future damage; and installing regulatory signage for bicycles and pedestrians.

Re: **Recommendation for Award**
Request for Price Quotation (RPQ) No. 20130278 (MCC 7360 Plan)
People's Transportation Plan Improvements to Old Cutler Trail Bicycle Route – Phase II,
FM No. 251265-6

Dear Mr. Bustos:

This letter will serve as your notification that you have been recommended for award for the above referenced RPQ based on your Price Quotation submitted on Wednesday, July 30, 2014. The total RPQ amount is for one million four hundred seventy-five thousand seven hundred twenty-five dollars and ten cents ($1,475,725.10). This includes a base contract amount of one million two hundred sixty-nine thousand three hundred forty-one dollars and zero cents ($1,269,341.00), a contingency amount of one hundred twenty-six thousand nine hundred thirty-four dollars and ten cents ($126,934.10), and dedicated allowances totaling seventy-nine thousand four hundred fifty dollars and zero cents ($79,450.00). The contract duration is established as **540-calendar days.** However, the recommendation of award is contingent upon the submission of the required items listed below:

1. Performance and Payment Bond as required in Contract No. MCC 7360 Plan, Section 2.0 Special Conditions, Page 16, Article 2.11, PERFORMANCE AND PAYMENT BOND. (The **original attached documents** must be used and three (3) sets must be provided).
2. Letter from Bonding Agent granting Miami-Dade County authorization to date the Performance Bond.
3. Copies of current insurance certificates.
4. Copies of required license(s).

The preceding documents are required as outlined within the Contract MCC 7360 Plan and to be submitted within 10 business days. Failure to submit the document(s) within the specified time, or any extension granted, will result in the award being rescinded.

Subsequent to the review and approval of the aforementioned documents, you are required to obtain the required permits in the time stipulated in the RPQ. Upon obtaining the permit(s), a copy(s) must be submitted to the Project Manager prior to commencement of work. No work is to be performed without a permit unless the Project Manager issues a written directive to proceed without permit(s).

This letter will also serve as a reminder that all work must be performed according to the scope of work and contract's terms and conditions, all permits and inspections and in accordance with all applicable Federal, State and local laws, codes and regulations.

Additionally, please be advised that your firm must have the resources to ensure work proceeds without delay once the "Notice to Proceed" is issued. Lack of equipment, personnel or additional contracts with similar completion schedules, will not be reason for delay.

Further, it shall be understood that since proceeds from the Charter County Transportation System Sales Surtax levied pursuant to Section 29.121 of the Code of Miami-Dade County may be used to pay for all or some part of the cost of this contract, no award of this contract shall be effective and thereby give rise to a contractual relationship with the County unless and until the Citizens' Independent Transportation Trust (CITT) and the County Commission have approved the award of the contract, and such award becomes final (either by expiration of 10 days after such award without veto by the Mayor, or by Commission override of a veto).

Should you have any questions, please contact me at (305) 375-2930.

Sincerely,

Alejandro Martinez-Esteve, RA, LEED AP
