Section 1 – VOTER’S BILL OF RIGHTS

Florida Statute 101.031 states that each registered voter in Miami-Dade County has the right to:

- Vote and have his or her vote accurately counted.
- Cast a vote if he or she is in line at the official closing of the polls in that county.
- Ask for and receive assistance in voting.
- Receive up to two replacement ballots if he or she makes a mistake prior to the ballot being cast.
- An explanation if his or her registration or identity is in question.
- If his or her registration or identity is in question, cast a provisional ballot.
- Written instructions to use when voting, and, upon request, oral instructions in voting from elections officers.
- Vote free from coercion or intimidation by elections officers or any other person.
- Vote on a voting system that is in working condition and that will allow votes to be accurately cast.

Section 2 – VOTER RESPONSIBILITIES

Florida Statute 101.031 states that each registered voter in Miami-Dade County should:

- Familiarize himself or herself with the candidates and issues.
- Maintain a current address with the office of the Supervisor of Elections.
- Know the location of his or her polling place and its hours of operation.
- Bring proper identification to the polling place.
- Familiarize himself or herself with the operation of the voting equipment in his or her precinct.
- Treat precinct workers with courtesy.
- Respect the privacy of other voters.
- Report any problems or violations of the election laws to the Supervisor of Elections.
- Ask questions, if needed.
- Make sure that his or her completed ballot is correct before leaving the polling station.

Failure to perform any of these responsibilities does not prohibit a voter from voting.
Section 3 – CLOSED PRIMARY ELECTION

Florida is a closed primary election state. Only voters who are registered members of political parties may vote for respective party candidates or nominees for an office in a Primary Election including a Presidential Preference Primary Election.

However, there are times when all registered voters can vote in a primary election, regardless of which major or minor political party they are registered or even if they are registered without a specific party affiliation:

1. If all the candidates for an office have the same party affiliation and the winner of the primary election will not face any opposition in the general election (i.e. no write-in candidates have qualified), then all registered voters can vote for any of the candidates for that office in the primary election.

2. If races for nonpartisan (i.e., free from party affiliation) judicial and school board offices, nonpartisan special districts or local referendum questions are on the primary election ballot, then all registered voters, including those without party affiliation are entitled to vote those races on the ballot.

In a general election, all registered voters receive the same ballot and may vote for any candidate or question regardless of party affiliation. If there are write-in candidates who have qualified for a particular office, a space will be left on the ballot where their name can be written.

Section 4 – VOTER REGISTRATION GUIDELINES

Who can register to vote?

You must be:

- At least 18 years of age (you can pre-register on or after your 16th birthday).
- A citizen of the United States.
- Reside in Miami-Dade County. There is no length of time that a voter must live here before registering to vote.

Who cannot register to vote?

- Anyone who does not meet the above requirements.
- Anyone who has been adjudicated mentally incapacitated with respect to voting and has not had his/her right to vote restored.
- Anyone convicted of a felony and has not had his/her voting rights restored.

When can a citizen register to vote?

Eligible citizens can register to vote anytime but should know that the registration deadline for every election is 29 days prior to Election Day.

Registering in person: In Miami-Dade County there are many official agencies where eligible citizens can register in person or get a voter registration form:

- Elections Department
- Florida Driver License Bureau
- Miami-Dade County Public Libraries
- County Government offices
- Any state public assistance agencies
- Armed Forces recruiting offices
Florida Voter Registration Application Form:
A completed voter registration application MUST include a mark in the box(es) that apply:

**Box 1.** A mark in the box affirming citizenship of the United States of America.

**Box 2.** A mark in the box affirming that the voter has not been convicted of a felony, or if convicted, that they have had their voting rights restored.

**Box 3.** A mark in the box affirming that the voter has not been adjudicated mentally incapacitated with respect to voting, or if so adjudicated, that they have had their right to vote restored.

**Box 4.** Voter’s date of birth.

**Box 5.** Valid Florida Driver License number or Florida Identification Card number. If not able to provide either of those, voters must provide the last four digits of their Social Security number.

**Box 6.** Voter’s name.

**Box 7.** Voter’s legal residential address.

**Box 12.** Voter’s signature affirming the oath that under penalty of law the information contained in the registration application is true (Power of Attorney is not accepted). **NOTE:** A voter whose application fails to designate a political party will be registered as no party affiliation.

**Note:** The Elections Department will mail a new voter information card any time there is a change in the voter’s polling place, precinct or registration information, such as party affiliation and name.

**Online Voter Registration is one of the easiest options if you have verifiable driver’s license or Florida ID on record.**

[Online Voter Registration](#) provides another option for voter registration and updates to existing records. It is designed to:

- Verify credentials (i.e. eligibility, Florida Driver’s License number or Identification Card number, Social Security number and issue date)
- Obtain most recent signature from Department of Highway Safety and Motor Vehicles

Once validated, records will be sent electronically to the Elections Department for processing. If a person’s information cannot be validated, they will be required to print the application from OVR and mail it to:

Supervisor of Elections  
P.O. Box 521550  
Miami, Florida 33152
Mail Registrations

First-time voters who register by mail and have never voted in Florida must provide the Elections Department a copy of a current and valid photo identification that includes the voter’s name and current residential address prior to voting. Please **do not** submit **original** documents.

Voters may submit their registration electronically or download a copy of their application and mail the original signed form to:

    Supervisor of Elections
    P.O. Box 521550
    Miami, Florida 33152

If a voter needs more information regarding the closest agency, or needs to obtain a form by mail, they may contact the County’s 311 Answer Center or the Elections Department at 305-499-VOTE (8683) any weekday between 8:00 a.m. and 5:00 p.m.

**NOTE:** When a person registers to vote, their address of legal residence is required by Florida Statute 97.053. If voters provide a mailing address, P.O. Box, or business address, the application will be considered incomplete and may not be processed in time for an election. P.O. Box and other business addresses can be accepted as a mailing address only, but not as a legal residential address.

Third Party Voter Registration Organizations

A third-party voter registration organization refers to any person, entity or organization that solicits or collects any voter registration application, except:

- A person who seeks only to register to vote or collect a voter registration application from that person’s spouse, child, or parent
  
  or

- An employee or agent who registers or collects voter registration applications on behalf of the Division of Elections, Supervisor of Elections, Department of Highway Safety and Motor Vehicles, or an official voter registration agency.

There are very strict laws governing the solicitation and collecting of voter registration applications, including the requirement to register in advance.

For more information, visit the Florida Division of Elections’ [website](#).
Section 5 – VOTING IN MIAMI-DADE COUNTY

There are three convenient ways to exercise your right to vote:

**Vote by Mail**

Voters have the option of voting from the convenience of their own home by requesting a mail ballot. A paper ballot is mailed to the voter which is to be marked, placed in the sealed envelope, and sent to the Supervisor of Elections. The ballot must be received by the Supervisor of Elections office no later than 7:00 p.m. on the day of the election.

It is imperative that when voting by mail ballot, voters carefully follow the instructions included with their ballot and sign inside the red box of the certificate envelope provided. Detailed instructions are provided on the ballot and special instructions are included in the mail ballot package.

Voters may request a mail ballot in person, by telephone (305-499-VOTE), by mail, or by visiting www.iamelectionready.org. All requests for a mail ballot must be received by the 10th day before the election.

REQUESTS MUST INCLUDE:

- Name
- Date of birth
- Florida Driver license number, Florida identification number, or last four digits of your Social Security Number whichever can be verified by our office
- Residential address
- Mailing address (if applicable)
- The election(s) for which a ballot is requested
- The requester’s name and relationship to voter (if applicable)
- The requester’s address
• The requester’s Florida Driver license number, Florida identification number, or last four digits of your Social Security Number (if available)
• Voter’s registration number (if available)
• Requester’s signature (if the request is in writing)

Mail ballots are mailed to voters beginning 33 days prior to each countywide election if a current request is already on file or within 2 days of request thereafter.

**Mail Ballots must be returned as follows:**

1. **By Mail** - A mail ballot may be returned via the United States Postal Service and must be received by 7:00 p.m. on Election Day. Ballots should be mailed to:

   Supervisor of Elections
   P.O. Box 521650
   Miami, Florida 33152

2. **In Person** - A voter who received a mail ballot may return his or her own ballot in person to:
   1. The Miami-Dade Elections Department located at 2700 NW 87th Avenue, Miami, FL 33172; Stephen P. Clark Center, Elections Branch Office, 111 NW 1st Street, Lobby, Miami, FL 33128; weekdays between 8:00 a.m. to 5:00 p.m. and no later than 7:00 p.m. on Election Day.
   2. At any Early Voting location during the hours of operations via Secure Ballot Intake Station (Vote-by-Mail Drop-Off).

3. **By Voter's Designee** - May return no more than two ballots other than his or her own per election, except that additional ballots may be returned for the designee’s spouse or the parent, child, grandparent, grandchild, or sibling of the designee or designee’s spouse.

   A vote-by-mail ballot may be returned by the voter's designee at **2700 NW 87th Avenue, Miami, FL 33172** or to the Elections Department’s Branch Office located in the lobby of the Stephen P. Clark Center, **111 NW 1st Street, Miami, FL 33128**, on the day prior to and the day of the election if the person designated by the voter is an immediate family member and only on the day of the election if the designee is not an immediate family member.

   Picture identification of the designee must be presented along with a written statement from the voter containing the following information:
   • Printed name of voter
   • Voter's daytime phone number
   • Voter's date of birth
   • Voter’s Florida Driver license number, Florida identification number, or last four digits of their Social Security Number
   • Voter’s registration information number (optional)
   • Name of person returning the mail ballot
• If the voter is a member of the designee’s immediate family, reason why the voter must have someone else return the mail ballot

• If the voter is not a member of the designee’s immediate family, the designee must also present a statement signed by a physician on that physician’s stationery stating that, due to a medical emergency involving the voter or voter’s dependent, the named voter is unable to vote at the polls and is unable to return a mail ballot in person

• Voter’s signature

Surrendered at the Polls on Election Day - A voter who prefers to vote in person may surrender a voted or un-voted mail ballot to the voter’s precinct on Election Day. The returned ballot will be marked “canceled” by the election board. A voter who desires to vote in person, but does not return the ballot to the precinct, may vote only under the following conditions:

• The election board confirms the voter’s mail ballot has not been received.

• If the election board cannot determine whether the voter’s mail ballot has been received, the voter may vote a provisional ballot.

Voters cannot vote by submitting their Vote by Mail ballot at their precinct. It must be surrendered.

Signature Updates - When a Vote by Mail ballot is received, the Elections Department verifies it is the voter that returned his or her own ballot by verifying the signature. We compare the voter’s signature to the signature on file. Signatures often change; therefore, it is recommended that voters update their signature as needed. To do so, simply complete a Florida Voter Registration Application available at the Elections Department, driver’s license offices, public libraries, government satellite offices, and state agencies that provide public assistance. Signature updates must be completed before the Elections Department receives the vote-by-mail ballot.

Cure affidavit - A “Signature Cure Affidavit” will be sent to applicable voters to cure a signature deficiency on a returned ballot. We encourage you to provide your contact information on your returned ballot envelope so that we can contact you immediately if there is a deficiency. Should you receive notification from our office indicating a deficiency, we encourage you to submit the “Signature Cure Affidavit” (if applicable) no later than 5:00 p.m. on the second day after an election.

Include a copy of one of the following forms of identification (ID):

• **Tier 1: Identification** - *Current and valid identification that includes your name and photograph:*

  Florida driver license; Florida ID card issued by the Department of Highway Safety and Motor Vehicles; United States passport; debit or credit card; or military, student, retirement center, neighborhood association, or public assistance ID; Veteran health identification card issued by the United States Department of Veterans Affairs; Florida license to carry a
concealed weapon or firearm; or employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality.

If you do not have a Tier 1 form of identification, you may provide one of the following:

- **Tier 2: Identification** - *ID that shows your name and current residence address:* current utility bill; bank statement; government check; paycheck; or government document (excluding voter information card).

**Return** - Regardless of return method, mail ballots must be returned in the certificate envelope that is included with the ballot. The envelope must be signed inside the red box of the certificate envelope provided. The voter’s signature on the certificate envelope must match the voter’s signature on record with the Elections Department.

**Supervised Voting at Assisted Living Facilities (ALF) and Nursing Homes (NH)** - Supervised Voting per Florida Statute 101.655 is available to ALF/NH voters to ensure that every resident at an ALF/NH is able to cast his or her vote in a safe and convenient environment, free from fear, intimidation or exploitation. The law requires that the ALF/NH wanting to participate, submit their request in writing to the Elections Department no later than 21 days prior to an election. Please specify in the request the name of the ALF/NH and the names of the voters who wish to participate. The request must contain the names of five (5) or more voters for our office to provide supervised voting.

**Early Voting**

Early voting begins 14 days prior to every countywide election. Any registered voter may vote at any of the designated early voting sites in Miami-Dade County providing maximum convenience. Early Voting schedules, for municipal and countywide elections, will be available online prior to each election.

Early voting locations and hours of operation can also be found by contacting 311 or 305-499-VOTE.

**Voting on Election Day**

All polling places are open from 7:00 a.m. until 7:00 p.m. on Election Day.

State law requires that voters who choose to wait until Election Day must go to their assigned polling place. It is important that voters notify the Elections Department if they have moved, so that they may be directed to the correct polling place.
An address may be updated by telephone, mail, or in person. You will need to provide us with your full name, the new address, date of birth, Florida Driver license number, Florida identification number, or last four digits of your Social Security Number. Changes submitted on a Voter Registration Application (Español) (Kreyòl) must include the voter's original signature.

Voters can locate their assigned polling place by checking their voter information card, calling 305-499-VOTE, or by going to the Elections Department’s website at www.iamelectionready.org. Voters will also be able to find their precinct information online as well.

**What to Bring to Early Voting and on Election Day**

When voting in person, whether at an early voting site or at a polling place on Election Day, photo identification is required. Voters must bring a current and valid identification that contains their name, photograph, and signature (if a voter does not have (1) ID with a picture and signature, then they must provide a picture ID and signature ID from the approved list below).

**Acceptable forms of identification include:**

- Florida driver license.
- Florida identification card issued by the Department of Highway Safety and Motor Vehicles.
- United States passport.
- Debit or credit card.
- Military identification.
- Student identification.
- Retirement center identification.

While it is not required that voters bring their voter information card to the polling place on Election Day, it will expedite the check-in process.

**Sample Ballots**

The Sample Ballot shows voters what they will be voting on for a particular election. The Sample Ballot includes voting instructions, early voting locations, and important reminders.
Sample Ballots will be available prior to the commencement of Early Voting for countywide elections. Voters are encouraged to review and prepare in advance.

Sample Ballots can be found online.

**Provisional Voting**

Per [Florida Statute 101.048](https://www.nlrc.state.fl.us/statutes), a voter claiming to be properly registered in the state and eligible to vote at the precinct in the election but whose eligibility cannot be determined, shall be entitled to vote a provisional ballot.

A voter is entitled to vote a provisional ballot if:

- Voter's name does not appear on the electronic register and voter's eligibility cannot be verified.
- Voter refutes the Supervisor of Elections' office confirmation that he or she is not registered and/or eligible.
- There is an indication on the electronic register that the voter has returned the vote-by-mail ballot or has voted in the office or at an early voting site, but the voter maintains that he or she has not voted, even after a call to the Elections Department.
- Voter did not provide picture/signature identification.
- There is an indication on the electronic register that the voter has been challenged in this election.
- Voter is challenged at the precinct.
- Voter's signature does not match signature on record and affidavit refused.
- Indication on the electronic register that voter’s Florida Driver’s License Number, Florida ID Card or Social Security Number is not yet verified by the Department of State in conjunction with the Department of Highway Safety and Motor Vehicles.

Once voted, the provisional ballot shall be placed in a secrecy envelope and sealed in a provisional ballot envelope for return to the Supervisor of Elections.

A person casting a provisional ballot has the right to present written evidence supporting his or her eligibility to vote to the Supervisor of Elections by not later than 5:00 p.m. on the second day following the election.

If it is determined that the person was registered and entitled to vote at the precinct where the person cast a vote in the election, the Canvassing Board must compare the signature on the Provisional Ballot Voter's Certificate and Affirmation or the provisional ballot cure affidavit with the signature on the voter's registration or precinct register.

A **provisional ballot may be counted only if:**

The signature on the voter’s certificate or the cure affidavit matches the elector’s signature in the registration books or the precinct register; however, in the case of a cure affidavit the supporting identification listed below must also confirm the identity of the elector.
The cure affidavit contains a signature that does not match the elector’s signature in the registration books or the precinct register, but the elector has submitted a current and valid Tier 1 form of identification confirming his or her identity.

- **Tier 1: Identification** - *Current and valid identification that includes your name and photograph:*

  Florida driver license; Florida ID card issued by the Department of Highway Safety and Motor Vehicles; United States passport; debit or credit card; or military, student, retirement center, neighborhood association, or public assistance ID; Veteran health identification card issued by the United States Department of Veterans Affairs; Florida license to carry a concealed weapon or firearm; or employee identification card issued by any branch, department, agency, or entity of the Federal Government, the state, a county, or a municipality.

If you do not have a Tier 1 form of identification, you may provide one of the following:

- **Tier 2: Identification** - *ID that shows your name and current residence address: current utility bill; bank statement; government check; paycheck; or government document (excluding voter information card).*

Any provisional ballot not counted must remain in the envelope containing the Provisional Ballot Voter’s Certificate and Affirmation and the envelope shall be marked “Rejected as Illegal.” Voters may check the status of their provisional ballot on the Elections Department’s website at:

Optical Scan Voting Unit

Voters will cast their votes on a paper ballot by filling in ovals representing their designated choices with a black or blue ink pen. It is important that voters take their time, and make sure they have reviewed the entire ballot (front and back) to make sure they have accounted for the different choices available. Some ballots may have multiple pages.

Once voters have completed marking their ballot, they will proceed to the Optical Scan Unit and will insert their ballot. This unit is a tabulator, which means it will then scan and record their votes. The ballot may be inserted in any direction. The scanned paper ballot will drop into a secured ballot box located beneath the scanner.
ExpressVote Unit

- The ExpressVote is a “voter interface device that produces a voter-verifiable paper output”; meaning, it will only mark a ballot (Activator Card), it will not tabulate
- It does not record or save votes/selections on the unit
- The voter’s selections are recorded onto an Activator Card
- The voter has the option to utilize touch screen, audio options, braille keypad or sip-and-puff assistive technology to assist in recording votes.
- As with all other ballots, the Activator Card is placed into the ballot scanning device which will tabulate the ballot

Section 7 – VOTER ASSISTANCE

Can I bring or get help at the polls?

Yes, if you need help to vote for any reason or due to any disability, you have several options for voting. You do not have to reveal the nature or extent of a disability. Voters can:

- Vote at the polls using the ExpressVote (accessible marking device). Federal and state laws require accessible voting equipment to be in each polling place. These devices allow you to vote in private with little to no assistance.

- Vote at the polls with personal help. You can have anyone except your employer or employer’s agent, or your union’s officer or agent, help you. You can also get the help of two election officials at the polling place. You will have to fill out a Declaration to Secure Assistance form stating that you need help to vote unless you already did so on your voter registration application. If someone other than the clerk or inspector helps you, the person you choose to help you will also have to fill out a Declaration to Provide Assistance form. If you have any questions about getting help, please direct your questions to the clerk or inspector at the polling place.

- Alternately you could consider a vote-by-mail ballot. You can vote from anywhere including your home, assisted living facility or nursing home. You can have anyone except your employer or employer’s agent, or your union’s officer or agent, help you mark your choices on the ballot.

Note: If you need assistance in marking your ballot, please let a Poll Worker know. If you make a mistake on a paper ballot, ask for a replacement ballot.
Section 8 – RESTORATION OF VOTING RIGHTS

Under Article VI, Section 4 of the Florida Constitution, any person convicted of a felony is disqualified from voting until their voting rights have been restored. If your potential disqualification from voting arises from a felony conviction other than murder or felony sexual offenses, your voting rights are restored upon completion of all terms of your sentence, including parole or probation. If your potential disqualification from voting arises from (a) a conviction for murder or felony sexual offenses or (b) having not completed all terms of your sentence including parole or probation, your voting rights can only be restored by clemency.

If someone is a registered voter and the Elections Department receives documentation from the Florida Division of Elections, Clerk of the Circuit Court, the U.S. Attorney, or other agency, that the registered voter is potentially disqualified from voting due to a felony conviction, the Elections Department will review the supporting documentation provided.

If the Department determines that the supporting documentation is credible and shows that the individual (a) has been correctly identified, (b) has been convicted of a felony, and (c) either has not completed all terms of his or her sentence or not had their rights restored by clemency, as applicable, then our office will notify the individual that they have been identified as someone who is potentially disqualified from voting due to a felony conviction. The Department will give the individual an opportunity to present evidence showing that they are either not a convicted felon or have had their voting rights restored.

The individual will only be removed from the voter rolls if a preponderance of the evidence indicates that they are disqualified from voting. In all other circumstances, they will remain an active voter.

If someone has a felony conviction and wishes to confirm that they completed all terms of their sentence, they should contact the Clerk of the Circuit Court in the county where the action may have been initiated, the Florida Commission on Offender Review, or the Florida Department of Corrections to confirm their status.

If someone has a felony conviction and wishes to submit an application to have their rights restored through the clemency process, they should contact the Office of Executive Clemency at 850-488-2952.
Section 9 – VOTER FAQs

What if a voter does not receive their Voter Information Card?

Voters that have registered to vote or made a change (such as address or party affiliation) to their registration, and have not received their new Voter Information Card, may call 305-499-VOTE. Please note, voters do not need their Voter Information Card to vote, only a photo ID with signature.

Do Vote-by-Mail Ballots count?

Yes, provided the signed vote-by-mail ballot envelope is returned no later than 7:00 p.m. on Election Day. Because the Elections Department will verify a voter’s signature by comparing it to the signature on file, voters need to ensure their signature has been updated. These are the first tabulated ballots in every election.

What if a voter’s name is not found?

An Election Specialist stationed at the precinct will check to see if person is a registered voter by researching their information on a live voter database at the polling place or by making a call to the Elections Department and confirming with a registration specialist. If the poll worker informs a voter that they cannot vote, the person has the right to know the reason and vote a provisional ballot.

Should voters vote a Provisional Ballot when they have an address change?

No. The clerk will fill out an Application to record the change of address. Voters must vote in their assigned precinct so a voter who changes their address at the voting location may need to go to a different voting location on Election Day.
