Standby ²	\$40.00	N/A	\$19.47	\$59.47	

1. A poll worker will be paid post-election pay when:
 - a. They are requested/designated to report to the Collection Center with essential election materials (typically Clerk/Asst. Clerk); or
 - b. They are requested/designated to remain at the polling location until all election results are transmitted.

2. If a Standby is called and arrives at the precinct within (1) one hour, they will be paid their regular pay depending upon position plus \$40.00 for training. If an assigned Standby is called to work but declines, they forfeit their training stipend and Election Day Standby pay.

Note: to be paid the stipend, poll workers must participate in mandatory training, pre-election setup, and assigned Election Day duties.
