General Information On Miami-Dade County

(THIS PAGE LEFT INTENTIONALLY BLANK)

GENERAL INFORMATION RELATIVE TO MIAMI-DADE COUNTY, FLORIDA

Set forth below is certain general information concerning County government and certain governmental services provided by the County.

History

Miami-Dade County, Florida (the “County”), is the largest county in the southeastern United States in terms of population. The County is located in the southeastern corner of the State of Florida (the “State”), covers 2,209 square miles, and includes, among other municipalities, the cities of Miami, Miami Beach, Coral Gables and Hialeah. In 2020, the U.S. Census estimated the County’s population at over 2.7 million.

The County was created on January 18, 1836, under the Territorial Act of the United States. It included the land area now forming Palm Beach and Broward Counties, together with the land area of the present County. In 1909, Palm Beach County was established from the northern portion of what was then Dade County. In 1915, Palm Beach County and the County contributed nearly equal portions of land to create what is now Broward County. There have been no significant boundary changes to the County since 1915.

County Government

The State Legislature in 1955 approved and submitted to a general election a constitutional amendment designed to give a new form of government to the County. The amendment was approved in a statewide general election in November 1956. A Dade County Charter Board was constituted and, in April 1957, completed a draft charter for the County. The proposed charter (the “Charter”) was adopted in a countywide election in May 1957 and became effective on July 20, 1957. The electors of the County were granted power to revise and amend the Charter from time to time by countywide vote.

Since 2007, the electors have amended the County Charter to change materially how the County is governed. Previously, the County was governed by a Board of County Commissioners (“Board”) with all administrative matters handled by a County Manager who reported to the Board. Under this form of government, the elected Mayor had limited powers. As a result of three Charter amendments, the electors have established a “strong mayor” form of government. All administrative matters were transferred from the County Manager to the Mayor on November 4, 2008, and the office of County Manager was eliminated as a charter office on November 14, 2012. The Mayor has authority over all departments including the appointment of each director.

The County has home rule powers, subject only to the limitations of the Constitution and general laws of the State. The County, in effect, is both (1) a county government with certain powers effective throughout the entire County, including 34 municipalities, and (2) a municipal government for the unincorporated area of the County. The County does not displace or replace the cities, but supplements them. The County can take over particular activities of a city’s operations if the services fall below minimum standards set by the Board or with the consent of the governing body of a particular city.

The County has assumed responsibility on a countywide basis for an increasing number of functions and services, including the following:

- (a) Countywide police services, complementing the municipal police services within the cities and providing full-service police protection for the unincorporated areas of the County, with direct access to the National Crime Information Center in Washington, D.C. and the Florida Crime Information Center.
- (b) Uniform system of fire protection, complementing the municipal fire protection services within five municipalities and providing full-service fire protection for the Miami-Dade Fire and Rescue Service District, which includes the unincorporated area of the County and the 29 municipalities that have consolidated their fire departments within the Miami-Dade Fire and Rescue Department. The Miami-Dade Fire and Rescue Department also provides emergency medical services by responding to and providing on-site treatment to the seriously sick and injured.

(c) Certain expenses of the State's consolidated two-tier court system (pursuant to Florida Statutes §29.008). The two-tier court system consists of the higher Circuit Court and the lower County Court. The Circuit Court handles domestic relations, felonies, probate, civil cases where the amount in dispute is \$15,000 or more, juvenile cases, and appeals from the County Court. The County Court handles violations of municipal ordinances, misdemeanors, and civil cases where the amount in dispute is less than \$15,000.

(d) Countywide water and sewer system operated by the Water and Sewer Department.

(e) Jackson Memorial Hospital ("JMH"), which is operated, maintained, and governed by an independent governing body called the Public Health Trust (the "Trust"). Based on the number of admissions to a single facility, JMH is one of the nation's busiest medical centers. The Board appoints members of the Board of Trustees for the Trust and also approves the budget of the Trust. The County continues to subsidize treatment of indigent patients on a contractual basis with the Trust.

(f) Unified transit system, consisting of various surface public transportation systems, a 24.8-mile-long rapid transit system, the Metromover component of the rapid rail transit system with 4.4 miles of an elevated double-loop system, and Metrobus operating an estimated 28.6 million annualized revenue miles, under FY 20-21 pandemic conditions and constraints.

(g) The Miami Dade Public Library System (MDPLS) is the eighth largest (based on population served) public library system in the United States. It serves a population of 2.5 million residents, including the reciprocal borrowers from the cities of Hialeah, North Miami, North Miami Beach, and Homestead, as well as visitors to the County. The Library consists of a Main Library, five regional branches, 43 neighborhood branches, four YOUmedia Miami locations, two Youmake Miami locations, three bookmobiles, one Technobus, and a Health and Wellness Information Center, offering education, information, recreation and technology-based materials and programs. In addition to its robust physical collection of nearly 2.1 million items and vast home technology lending options, MDPLS offers 750,000 downloadable eBooks and streaming eAudio, 3,361 recurring downloadable digital magazines and millions of downloadable and streaming songs and music videos, all in a variety of formats and languages 24 hours per day, seven days per week through its website and mobile app.

(h) Property appraisal services, performed by the County's Property Appraiser's office, and tax collection services, performed by the County's Tax Collector. All collected taxes are distributed directly to each governmental entity, according to its respective tax levy. The municipalities, the Board of Public Instruction and several State agencies use data furnished to them by the County Tax Collector for the purpose of budget preparations and for their governmental operations.

(i) Enforcing minimum standards throughout the County in areas such as environmental resources management, building and zoning, consumer protection, health, housing, and welfare.

(j) Collecting and disposing of solid waste from households within the unincorporated area and certain municipalities of the County. In Fiscal Year 2021, the Solid Waste Management Department collected and disposed of garbage and trash from approximately 343,713 household units.

(k) Owning and operating the Dante B. Fascell Port of Miami (the "Port") through the County's Seaport Department. As of September 2019, the Port is ranked among the fastest growing container cargo ports in the U.S.

(l) The following airport facilities: (i) the Miami International Airport, the principal commercial airport serving South Florida; (ii) the Opa-locka Executive Airport, a 1,810 acre facility; (iii) the Opa-locka West Airport, a 420 acre facility that has been decommissioned; (iv) the Miami Executive Airport, a 1,380-acre facility; (v) the Homestead General Aviation Airport, a 960-acre facility; and (vi) the Training and Transition Airport, a facility of approximately 24,300 acres located in Collier and Miami-Dade Counties. All of these facilities are County-owned and operated by the Miami-Dade Aviation Department.

(m) Several miscellaneous services, including mosquito and animal control.

Economy

The County's economy has transitioned from mixed service and industrial in the 1970s to a knowledge-based economy. The shift to knowledge-based sectors, such as life sciences, aviation, financial services and IT/Telecom has diversified the local economy. Other important sectors include international trade, health services and the tourism industry, which remains one of the largest sectors in the local economy. Wholesale and retail trades are strong economic forces in the local economy and are projected to continue as such, which is reflective of the County's position as a wholesale center in Southeast Florida, serving a large international market. The diversification of the economy creates a more stable economic base.

The Miami-Dade Beacon Council (the "Beacon Council"), a public-private partnership, is the official economic development organization for the County. The organization was founded in 1985 as an outgrowth of the Greater Miami Chamber of Commerce to focus on business recruitment, expansion and retention, and facilitates business growth and expansion locally, nationally and internationally. The Beacon Council is the steward for the countywide economic development plan, One Community One Goal, to strengthen and diversify the economy with high paying jobs.

International Commerce

Approximately 1,400 multinational corporations are established in South Florida. Its proximity to the Caribbean, Mexico, Central and South America makes it a natural center for trade to and from North America. In addition, the international background of many of its residents is an important labor force characteristic for multinational companies that operate across language and cultural differences.

Trade with Latin America, Europe and Caribbean countries has generated substantial growth in the number of financial institutions conducting business in the County. The large Spanish-speaking labor force and the County's proximity to Latin America have also contributed to the growth of the banking industry in the County. According to the Federal Reserve Bank of Atlanta, as of September 30, 2021, there were 24 Edge Act Banks throughout the United States; two of which were located in the County with over \$8.3 billion on deposit. Edge Act Banks are federally chartered organizations offering a wide range of banking services but limited to international transactions only. The Edge Act Banks located in the County are Banco Itau International and Banco Santander International.

Corporate Expansion

The favorable geographic location of the County, a well-trained labor force and the favorable transportation infrastructure have allowed the economic base of the County to expand by attracting and retaining many national and international firms doing business with Latin America, the Caribbean, the United States and the rest of the world. Among these corporations with world and/or national headquarters in the County are Carnival Cruise Lines, Royal Caribbean Cruises, and Lennar. Those corporations with Latin American regional headquarters include Exxon, AIG, Microsoft, Visa International and Wal-Mart.

Industrial Development

The role of the Miami-Dade County Industrial Development Authority (the "IDA") is the development and management of the tax-exempt industrial development revenue bond program, which serves as a financial incentive to support private sector business and industry expansion and location. Programs developed are consistent with the IDA's legal status and compatible with the economic development goals established by the Board and other economic development organizations operating in the County. Between 1979 and the creation of the Beacon Council in 1985, the IDA provided expansion and location assistance to 195 private sector businesses, accounting for a capital investment of \$695 million and the creation of over 11,286 new jobs.

The IDA's principal program, the Tax-Exempt Industrial Development Revenue Bond Program, has generated 489 applications through September 30, 2021. From 1986 to September 2021, bonds for 265 company projects have been issued in an aggregate principal amount in excess of \$2.8 billion. Approximately 13,975 new jobs have been generated by these projects. The IDA continues to manage approximately 40 outstanding Industrial Development Revenue Bond Issues, approximating \$982 million in capital investment.

Other Developmental Activities

In October 1979, the Miami-Dade County Health Facilities Authority (the “Health Authority”) was formed to assist local not-for-profit health care corporations to acquire, construct, improve or refinance health care projects located in the County through the issuance of tax-exempt bonds or notes. As of September 2021, the total amount of revenue and revenue refunding bonds issued by the Health Authority was over \$2.1 billion.

In October 1969, the Board created the Miami-Dade County Educational Facilities Authority (the “EFA”) to give institutions of higher learning within the County an additional means to finance facilities and structures needed to maintain and expand learning opportunities and intellectual development. As of September 2021, the EFA had issued 54 series of bonds totaling over \$2.51 billion.

In December 1978, the Housing Finance Authority of Miami-Dade County (the “HFA”) was formed to issue bonds to provide the HFA with moneys to purchase mortgage loans secured by mortgages on single-family residential real property owned by low and moderate income persons residing in the County. Since its inception the HFA has generated \$1.213 billion in mortgage funds through the issuance of revenue bonds under the Single Family Mortgage Revenue Bond Program. As of September 2021, under the HFA’s Multi-Family Mortgage Revenue Bond Program, revenue bonds aggregating approximately \$2.596 billion had been issued for new construction or rehabilitation of 28,694 multi-family units.

The bonds issued by the foregoing authorities and the IDA are not debts or obligations of the County or the State or any political subdivision thereof, but are payable solely from the revenues provided by the respective private activity borrower as security therefor.

Film Industry

The film, television and digital industry substantially contributes to Miami-Dade County’s economy. In late 2017, the Board of County Commissioners approved a performance-based local incentive program that was created to attract more entertainment production. The Miami-Dade Office of Film and Entertainment, branded as FilMiami, is a full-service film commission providing location and logistics assistance, film/photo permitting for the County and multiple municipalities, government liaison, production information, and referral sources. FilMiami markets and promotes Miami-Dade County as a premier global destination for television/film/photo/digital media, while also nurturing the local content creators that continue to develop a creative film and entertainment community. The Film Office is a leading advocate of the film, television, and streaming industry for Miami-Dade driving the creative economy.

The industry continues to grow as the entertainment sector expands with the advent of new technologies that are driving the creation of more content. Miami-Dade County is a world-class production hub for film, television, and digital media. It is home to many production companies, soundstages and recording studios, Spanish-language production facilities, and many businesses that support motion pictures, videos, digital, and still shoots. The film, television, and digital industry support direct and indirect jobs for the local creative sector. It is also home to some of the best-known actors, celebrities, and musical artists globally.

Miami-Dade County continues to attract important projects that contribute to the local economy. The Miami-Dade County TV, Film, and Entertainment Production Incentive Program awards projects that spend \$1,000,000 locally (Tier 1) and \$500,000 (Tier 2) a 10% rebate on productions that meet the criteria of the program. In FY2020-2021 over \$166 million was spent into the local economy from projects permitted through FilMiami’s permitting system and accounted for over 9,000 jobs created. Notable productions from HBO, Amazon, Warner Brothers, Apple TV, Netflix, and NBC Universal all filmed projects to Miami-Dade County.

Looking forward to FY2021-2022, Miami-Dade County will continue to be at the forefront of the film & entertainment industry’s list of top global locations. One of the largest television series in Miami-Dade County’s history is an Apple TV/Warner Brothers project titled “*Bad Monkey*” starring Vince Vaughn and based on the 2013 novel by Carl Hiaasen. The 10-episode series is filming from March to August and is projected to spend \$100 million into the local economy. Other large projects slated to film in Miami-Dade County include Apple TV’s “*Now and Then*”, Netflix’s “*Strangers*”, Warner Brothers “*Magic Mike*” and “*Father of the Bride*”, HBO’s “*Wrap Sh!t*”, and Hallmark Channel’s “*Romantic Rewrite*” and “*Love on the Reef*”. Miami-Dade County also serves as the backdrop for many

large commercials that include Maserati, Cadillac, Ford, Toyota, Google Pixel, Saks, Tonal, Kia Home Depot and Twisted Tea to make a few. Music videos continue to be filmed in Miami-Dade and to date have spent over a million dollars into the local economy featuring talents such as Daddy Yankee, Pitbull, Ozuna, Carlos Vies & Camilo, Skip Marley, Anuel, Nesty, Randy Malcom, and Juan Carlos Lucas. Still photography continues to play an important part of the Miami-Dade County film-related economy and to date have spent over \$7 million into the local economy. Some of the larger still shoots include Golden Goose, Saks, The Children's Place, Adidas, Benetton, Master Card, Nautica, Michael Kors, The Gap, Macy's, Tommy Hilfiger, Dicks Sporting Goods and Lulu Lemon. Reality shows like *"Family Karma"*, *"Real Housewives of Miami"*, and *"Love & Hip Hop"* return to Miami-Dade to film their new seasons.

The film and television industry is a highly effective source for economic development with high-wage jobs and immediate cash infusion for small businesses. So far, the local spend for FY21-22 is over \$152 million for projects permitted through FilMiami and created over 7,000 jobs. We are poised to be in a great position to attract more film and entertainment projects. We expect to not only exceed last year's numbers but continue to attract large-scale projects to Miami-Dade County for the foreseeable future.

Surface Transportation

The County owns and operates through its Transit Department a unified multi-modal public transportation system. Operating in a fully integrated configuration, the County's Transit Department provides public transportation services through: (i) Metrorail - a 24.8-mile, 23-station elevated electric rail line connecting South Miami-Dade and the City of Hialeah with the Downtown and Civic Center areas as well as Miami International Airport providing nearly 9.4 million passenger trips annually, under FY 20-21 pandemic conditions and constraints; (ii) Metromover - a fully automated, driverless, 4.4-mile elevated electric double-loop people-mover system interfaced with Metrorail and completing over 3.5 million passenger trips annually, under FY 20-21 pandemic conditions and constraints, throughout 21 stations (please note: Freedom Tower Station has been closed over a year for renovations) in the central business district and south to the Brickell international banking area and north to the Omni area; and (iii) Metrobus, including both directly operated and contracted conventional urban bus service, operating an estimated 28.6 million annualized revenue miles under FY 20-21 pandemic conditions and constraints, interconnecting with all Metrorail stations and key Metromover stations, and providing over 36.8 million passenger trips annually, under FY 20-21 pandemic conditions and constraints.

The County also provides para-transit service to qualified elderly and handicapped riders through its Special Transportation Service, which supplies nearly 1.28 million passenger trips per year in a demand-response environment, under FY 20-21 pandemic conditions and constraints.

The Department of Transportation and Public Work's ridership has been slowly, steadily increasing since the height of the pandemic's first wave (April 2020), reflecting the expected subsequent and still ongoing recovery.

Additionally, the County's Transit Department is operating the Bus Rapid Transit (BRT) on the South Miami-Dade Busway, a dedicated-use BRT corridor that runs parallel to US1/South Dixie Highway. The South Miami-Dade Busway, which began operating in 1997 and was extended in December 2007, traverses over twenty miles, connecting Florida City (SW 344th Street) with the Metrorail system, with connection to downtown Miami.

Airport

The County owns and operates the Miami International Airport (the "Airport"), the principal commercial airport serving Southeast Florida. During Fiscal Year 2021, the Airport handled 30,219,088 passengers and 2,645,956 tons of airfreight. The Airport is classified by the Federal Aviation Administration as a large hub airport, the highest classification given by that organization. The Airport is also one of the principal maintenance and overhaul bases, as well as a principal training center, for the airline industry in the United States, Central and South America, and the Caribbean.

Seaport

The Port is an island port, which covers 520 acres of land, operated by the Seaport Department. It is the world's largest multi-day cruise port. For Fiscal Year 2021, embarkations and debarkations totaled over 252,099 passengers and containerized cargo movements at the Port amounted to approximately 1,254,062 TEUs (twenty-foot equivalent units) for Fiscal Year 2021. The following table sets forth a five-year summary of both cruise passengers served and cargo handled:

**Passengers and Cargo Handled by Port
2017- 2021**

Tourism

The County is a leading center for tourism in the State of Florida and the State's principal port of entry for international air travelers. The Airport has the second highest international passenger traffic behind New York's John F. Kennedy International Airport. PortMiami remains the largest cruise ship port in the world.

As the tourism industry faced challenges throughout the pandemic, Greater Miami and Miami Beach tourism experienced a phenomenal recovery. In 2021, 15.9 million overnight visitors and an additional 8.3 million day visitors totaling 24.2 million came to the area, which essentially matched the total volume of tourists seen in 2019.

The beginning of the year saw continued growth from the latter part of 2020. Starting in March, tourism fueled mostly by domestic visitors began to build momentum and by June, Miami International Airport, hotels and restaurants were full again. The hotel industry did an impressive turnaround in 2021, with room demand building in the second quarter. By April, recovery was well underway. Hotel room rates were particularly notable and achieved an all-time high, starting in April, and continued month after month through the end of the year. The cruise industry also started welcoming passengers back in the summer and has since slowly gained traction; albeit, not where it was prior to the pandemic.

Domestic visitation made up much of the overall deficit created by a lack of visitors from Europe and Canada, but Latin American markets filled in a sizable gap in international visitation. The primary purpose of visits for tourists continued to be leisure-driven. However, similar to trends in the latter half of 2020, more visitors were coming to the area to visit friends and relatives, as well as to shop and take part in outside leisure activities. This was particularly true for Florida residents, who were twice as likely to say they were visiting friends and family as they did just a few years prior.

Most major Latin American feeder markets faced relatively few pandemic travel restrictions and, because of this, most of the international visitors were from those areas. In particular, Colombians set an all-time record for visitation in 2021, going from 374,000 overnight visitors in 2019 to 505,000 overnight visitors in 2021, a net increase of 35%. Ecuador ranked second in visitation at 169,000 overnight visitors, but still fell below the 205,000 visitors that came in 2019. Peru (+67,000), Dominican Republic (+96,000), Honduras (+27,000) and others all increased from 2019.

The following is a five-year schedule of domestic and international visitors, including a further breakdown of international visitors by region of origin, and the estimated economic impact produced by those visitors:

Continuing Disclosure Agreement and Investment Policy

(THIS PAGE LEFT INTENTIONALLY BLANK)

CONTINUING DISCLOSURE

The County has agreed, in accordance with the provisions of, and to the degree necessary to comply with, the secondary disclosure requirements of Rule 15c2-12 (the "Rule") promulgated by the Securities and Exchange Commission ("SEC"), to provide or cause to be provided for the benefit of the Beneficial Owners of any Series of Bonds issued after July 3, 1995 to the Municipal Securities Rulemaking Board ("MSRB"), in an electronic format prescribed by the MSRB or such other municipal securities information repository as may be required by law or applicable regulation, from time to time (each such information repository, a "MSIR"), the following annual financial information or operating data (the "Annual Information"), commencing with the Fiscal Year ending September 30, 1996:

(1) Historical collections of the Pledged Revenues in a form which is generally consistent with the presentation of such information as it appears in the Official Statement for any Series of Bonds issued after July 3, 1995.

(2) The County's Comprehensive Annual Financial Report utilizing generally accepted accounting principles applicable to local governments.

The information in subparagraphs (1) and (2) above will be available on or before June 1, after the end of such Fiscal Year, and shall be made available to each MSIR, and to each Beneficial Owner of any Series of Bonds issued after July 3, 1995 who requests such information in writing. The County's Comprehensive Annual Financial Report referred to in subparagraph (2) above is expected to be available separately from the information in subparagraph (1) above and will be provided by the County as soon as practical after acceptance of such statements by the County's auditors. If not, unaudited information will be provided within the time frame set forth above and audited financial statements will be provided as soon after such time as they become available. The County's Comprehensive Annual Financial Report is generally available within eight (8) months after the end of the Fiscal Year.

The County has agreed to provide or cause to be provided, in a timely manner, to each MSIR, not in excess of ten (10) business days after the occurrence of the event, to each MSIR in the appropriate format required by law or applicable regulation, notice of the occurrence of any of the following events with respect to any Series of Bonds issued after July 3, 1995, if, in the judgment of the County, such event is material:

- (1) Principal and interest payment delinquencies;
- (2) non-payment related defaults; if material;
- (3) unscheduled draws on debt service reserves reflecting financial difficulties;
- (4) unscheduled draws on credit enhancements reflecting financial difficulties;
- (5) substitution of credit or liquidity providers, or their failure to perform;
- (6) adverse tax opinions or events affecting the tax-exempt status of the bonds;
- (7) modifications to rights of holders of the bonds;
- (8) bond calls, if material, and tender offers;
- (9) defeasance;
- (10) release, substitution, or sale of any property securing repayments of the bonds;
- (11) rating changes;
- (12) bankruptcy, insolvency, receivership or similar event of the County (which is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the County in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the County, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the County);
- (13) the consummation of a merger, consolidation, or acquisition involving the County or the sale of all or substantially all of the assets of the County, other than in the ordinary course of business,

the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;

- (14) appointment of a successor or additional trustee or the change of name of the trustee, if material;
- (15) incurrence of a Financial Obligation of the Obligated Person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Obligated Person, any of which affect security holders, if material; and
- (16) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Obligated Person, any of which reflect financial difficulties.

The County has agreed to provide or cause to be provided, in a timely manner, to each MSIR, in the appropriate format required by law or applicable regulation, notice of its failure to provide the Annual Information with respect to itself on or prior to June 1 following the end of the preceding Fiscal Year.

The foregoing obligation of the County shall remain in effect only so long as any Series of Bonds issued after July 3, 1995 are outstanding. The County has reserved the right to terminate its obligation to provide the Annual Information and notices of material events, as set forth above, if and when the County no longer remains an "obligated person" with respect to any Series of Bonds issued after July 3, 1995 within the meaning of the Rule.

The County has agreed that its undertaking pursuant to the Rule set forth in this Section is intended to be for the benefit of the Beneficial Owners of any Series of Bonds issued after July 3, 1995 and shall be enforceable by such Beneficial Owners if the County fails to cure a breach within a reasonable time after receipt of written notice from a Beneficial Owner that a breach exists; provided that any such Beneficial Owner's right to enforce the provisions of this undertaking shall be on behalf of all Beneficial Owners and shall be limited to a right to obtain specific performance of the County's obligations in a Federal or State court located within the County and any failure by the County to comply with the provisions of this undertaking shall not be a default with respect to any Series of Bonds issued after July 3, 1995.

Notwithstanding the foregoing, each MSIR to which information will be provided shall include each MSIR approved by the SEC with respect to any Series of Bonds issued after July 3, 1995. In the event that the SEC approves any additional MSIRs after the date of issuance of any Series of Bonds issued after July 3, 1995, the County will, if the County is notified of such additional MSIRs, provide such information to the additional MSIRs. Failure to provide such information to any new MSIR whose status as a MSIR is unknown to the County will not constitute a breach of the County's continuing disclosure undertakings with respect to any Series of Bonds issued after July 3, 1995.

The requirements of filing the Annual Information do not necessitate the preparation of any separate annual report addressing only any Series of Bonds issued after July 3, 1995. The requirements may be met by the filing of an annual information statement or the County's Comprehensive Annual Financial Report, provided such report includes all of the required annual information and is available by June 1 of each year for the preceding Fiscal Year. Additionally, the County may incorporate any information in any prior filing with each MSIR or included in any official statement of the County, provided such official statement is filed with the MSRB.

The County has reserved the right to modify, from time to time, the specific types of information provided or the format of the presentation of such information, to the extent necessary or appropriate in the judgment of the County, provided that the County has agreed that any modification will be done in a manner consistent with the Rule.

Except to cure any ambiguity, inconsistency or formal defect or omission in the continuing disclosure undertaking, the County covenants as to secondary disclosure (the "Covenants") may only be amended if:

- (1) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law or change in the identity, nature or status of the County or type of

business conducted; the Covenants, as amended, would have complied with the requirements of the Rule at the time of award of any Series of Bonds issued after July 3, 1995, after taking into account any amendments or change in circumstances; and the amendment does not materially impair the interests of the Beneficial Owners, as determined by Bond Counsel or other independent counsel knowledgeable in the area of Federal securities laws and regulations; or

(2) all or any part of the Rule, as interpreted by the staff of the SEC at the date of the adoption of the Series Resolution, ceases to be in effect for any reason, and the County elects that the Covenants shall be deemed amended accordingly.

Any assertion of beneficial ownership must be filed, with full documentary support, as part of the written request described above.

The Board further authorizes and directs the Finance Director to cause all other Covenants to be made or action to be taken as required in connection with meeting the County's obligations as to the Covenants.

To the best of our knowledge, the County is presently in compliance with its prior continuing disclosure undertakings pursuant to the Rule with the exception of the following: (1) the County inadvertently failed to provide timely notice with the terms of the failure to meet the rate covenant pursuant to the Master Ordinance with respect to its outstanding Seaport Revenue and Seaport General Obligation Bonds; (2) the County failed to provide proper indexing relating to Guaranteed Entitlement Refunding Revenue Bonds, Series 2007 and the Seaport financial statements as it relates to the Seaport (i) Series 1995 and 1996 Revenue Bonds and (ii) the outstanding Seaport General Obligation Bonds; (3) the County inadvertently failed to file notices of ratings downgrades by Standard & Poor's of MBIA affecting certain bonds issued by the County and insured by MBIA; and (4) the County failed to meet its continuing disclosure obligation with respect to County's Special Housing Revenue Bonds, Series 1998. The County is now in compliance with each of the aforementioned listed in 1-4.

On December 5, 2008, the SEC issued Release Number 34-59062 —implementing the MSRB's new filing requirements through its Electronic Municipal Market Access ("EMMA") System, going into effect on July 1, 2009, to receive electronic submissions of continuing disclosure documents and related information from issuers, obligated persons and their agents and to make these publicly available on the Internet on the EMMA website at emma.msrb.org. The County adheres to this new filing requirement accordingly.

Additionally, the County entered into an agreement with Digital Assurance Certification LLC as its securities continuing disclosure dissemination agent for the purpose of disseminating and providing all filings of ongoing financial information, material event notices, any irrevocable failure to file notices, management discussions, and supplemental information to EMMA.

INVESTMENT POLICY

Florida Statutes §218.415, an act relating to investment of public funds, and Miami-Dade County, Florida's Ordinance No. 84-47, require the implementation of a written investment policy by the Board. On September 9, 2004, the Board adopted Resolution No. R-1074-04, approving a new Investment Policy (the "Policy") that was amended by Resolution No. R-31-09 on February 1, 2009, Resolution No. R-367-16 on May 17, 2016 and by Resolution No. R-1181-20 on November 19, 2020.

The Investment Policy applies to all funds held by or for the benefit of the Board in excess of those required to meet short-term expenses, except for proceeds of bond issues which are deposited in escrow and debt service funds governed by their respective bond indentures.

The primary objectives of the Policy, listed in order of importance are:

1. The safety of principal;
2. The liquidity of funds; and
3. The maximization of investment income.

The Policy states that to the extent possible an attempt will be made to match investment maturities with known cash needs and anticipated cash flow requirements. Current operating funds shall maintain a weighted-average maturity of no longer than twelve (12) months. No single investment maturity in the portfolio may exceed five (5) years. The Policy allows investments in repurchase agreements with a maximum length to maturity of 14 days from the date of purchase; the collateral shall be "marked to market" daily.

To enhance safety, the Policy requires the diversification of the portfolio to reduce the risk of loss resulting from over-concentration of assets in a specific maturity, issuer or class of security. The Policy also requires that monthly performance reports be presented to the County Clerk and to the County's Finance Director; quarterly performance reports be submitted to the Investment Advisory Committee established by the Board; and an annual report be presented to the Board within 180 days of the end of the Fiscal Year.

On May 17, 2016, the Board of County Commissioners adopted a revision to the Investment Policy pursuant to Resolution No. R-367-16 that included the following additions or changes to the Policy:

- Updates terminology correcting scrivener errors, and authorizing the investment in bonds, notes, and instruments backed by the full faith and credit of the government of Israel;
- Section 218 of the Florida Statutes was changed in 2007 to authorize local governments to invest in bonds, notes or instruments backed by the full faith and credit of the government of Israel; and
- These investments are further limited to maturities of five years or less, no more than three percent of our investment portfolio and of investment quality of "A" category or higher as rated by at least two nationally accredited rating agencies (i.e. Moody's Investor Services, Standard & Poor's, or Fitch Ratings).

On November 19, 2021, the Board of County Commissioners adopted a revision to the Investment Policy pursuant to Resolution No. R-1181-21 that included the following additions or changes to the Policy:

- Removing the requirement that third party custodians need to be a qualified public depository and,
- Adding a requirement that all securities purchased by the County must be held for the credit of the County in accordance with Section 218.415 of the Florida Statutes.

The Investment Policy may be modified by the Board, as it deems appropriate to meet the needs of the County. The Policy may be accessed at: <http://www.miamidade.gov/finance/library/policy.pdf>

BOND CONSULTANTS

Underwriters

Ordinance No. 16-64 (the "Underwriters Ordinance"), enables the County Mayor to issue a Request for Qualifications to establish a Municipal Bond Underwriting Pool (the "Pool") of eligible and qualified underwriting firms. Firms are selected based on each firm's capital strength and ability to underwrite and market bonds effectively. The Pool consist of three segments of Underwriting firms, categorized by their net capital before haircuts: Segment 1, National Firms, consists of twelve (12) firms; Segment 2, Regional Firms, consists of six (6) firms; and Segment 3, Small Business Firms, consists of six (6) firms. Individual underwriting firms selected to the Pool are assigned to one of the three Teams based on their Segment and RFQ Rank. The three Teams shall remain constant for the duration of the Term. All underwriting firms in the Pool may serve as Senior Manager, Co-Senior Manager or Co-Manager in accordance with the provision of the Underwriter's Ordinance. Any firm, whether or not in the Pool, that submits an unsolicited proposal that subsequently becomes a County bond transaction shall be the Senior Manager. The current Pool became effective on December 1, 2019, for a five-year term. Underwriters for bond issuances for the County's peripheral authorities are not selected from this Pool.

Bond Counsel Pools

The County utilizes three pools of law firms as bond counsel, disclosure counsel and authority counsel, to represent the County and its peripheral authorities. No law firm is permitted to serve in more than one pool. The legal firms in each pool were selected through a competitive process. One pool serves as Bond Counsel to the County (the "County Bond Counsel Pool") and another pool serves as Bond Counsel to the County's peripheral authorities (the "Authority Counsel Pool.") The County's Bond Counsel pool consists of three joint ventures whereas, the Authority Counsel Pool consist of three joint ventures each structured by a nationally recognized law firm in association with a local bond counsel firm whose gross annual revenues is less than \$5 million. The third pool, Disclosure Counsel Pool, also consist of three joint ventures each structured by a nationally recognized disclosure counsel firm and local disclosure counsel firms with gross annual revenues of \$5 million or less. Bond and disclosure counsel assignments for County and peripheral authorities' transactions are rotated among the firms based on the amount of prior compensation. County Bond Counsel, Disclosure Counsel, and County Authority Bond Counsel Pools commenced March 1, 2018. The expiration date for Bond Counsel Pool, Disclosure Counsel Pool, and Authority Counsel Pool is February 28, 2025, pursuant to Resolution R-991-17; R-993-17; and R-999-17.

Financial Advisors

The County selected three qualified firms to serve as financial advisors through a competitive process. Each selected firm provides financial advisory services on a separate segment of the County. The General Segment firm provides services to the County on all general financial matters, public health trust, transit and sunshine state debt transactions and services. The Water and Sewer Segment firm provides services to the Water and Sewer Department; and the Enterprise Segment provides services to the Aviation, Seaport and Public Works and Waste Management Departments. The contracts for the General, Water and Sewer, and Enterprise segments commenced February 1, 2022, for a five-year period.

To provide financial advisory service regarding swaps and other derivative products, a fourth qualified firm was selected by the County, also through a competitive process. The original contract was issued on September 29, 2003. A new solicitation for these services was issued and on November 15, 2016, the County entered into a new agreement with the selected firm for a period of three years with two options to renew for two additional years each at the County's sole discretion.

All Other Consultants and Bond Transaction Participants

The County selects all of its other consultants (i.e., paying agents, registrars, escrow agents, swap providers, etc.) through competitive bid when needed.

MIAMI-DADE COUNTY, FLORIDA
General Obligations of Miami-Dade County

SECURITY AND SOURCES OF PAYMENT
ON GENERAL OBLIGATION BONDS

General Obligation Pledge

General Obligation Bonds are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged for the prompt payment of both principal of and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of General Obligation Bonds.

In a special County-wide election held by the County on November 2, 2004, its voters approved eight general obligation bond questions in the aggregate principal amount of \$2,925,750,000 ("Building Better Communities Bonds"). The Building Better Communities Bonds will be issued to pay a portion of the cost of construction and improving water, sewer and flood control systems; park and recreational facilities; bridges, public infrastructure and neighborhood improvements; public safety facilities, emergency and health care facilities; public services and outreach facilities; housing for the elderly and families; and cultural, library and multicultural educational facilities, all located within the County. The County anticipates issuing the Building Better Communities Bonds in various series over the next **four (4)** years. As of September 30, 2021, the County has issued \$2,222,285,000 under the Building Better Communities Program.

On November 5, 2013, County voters approved the issuance of general obligation bonds in a principal amount not to exceed \$830,000,000 (Public Health Trust Program). The Public Health Trust Program Bonds were issued to fund modernization, improvement and equipping of the Jackson Health System's facilities located throughout the County, including, but not limited to, emergency rooms, a children's ambulatory pavilion and urgent care centers. As of September 30, 2021, all the bonds have been issued under the Public Health Trust Program.

^(a) Adjustments to the tax roll are made by the Miami-Dade County Property Appraiser and Value Adjustment Board.

^(b) Prior to FY 2012 VAB petitioners were not required to pay their property taxes until the VAB hearing was completed. Due to the historically high volume of VAB appeals, the hearings overlapped two fiscal years before payment was required. Prior to FY 2012 "Collections in Subsequent Years" reflect collections of VAB appealed accounts received in the subsequent fiscal year. Beginning in FY 2012 (2011 Tax Roll) statutory change required that no less than 75% of ad valorem tax be paid by corrections the tax delinquency date of April 1st before a VAB appeal could be heard. And, if taxes were paid in full, any tax refund resulting from a VAB correction issued after April 1 also requires interest to be paid at 1% per month accruing from April 1 to resolution on the refunded amount. Thus, more collections occur within the fiscal year of levy and subsequent year collection reflects reductions to collection due to VAB and PA corrections as well as interest paid on VAB.

Bonded Indebtedness, Various Debt Ratios and General Fund Summary

The following tables show the details of the County's general obligation bonds, principal and interest requirements of general obligation debt, and significant comparative ratios of debt to population and to the County's tax base.

In addition to the County's existing general obligation bonds, on November 4, 1986, the voters of the County approved the issuance of general obligation bonds in the principal amount of \$131,474,000 to finance capital improvements to the County's Water and Sewer System and to refund previously issued water and sewer system bonds; \$153,513,500 to finance capital improvements to the Port of Miami, which is owned and operated by the County, and to refund previously issued bonds for the Port of Miami; and \$247,500,000 to finance capital improvements to the County's airports and to refund previously issued bonds for the airports. Said general obligation bonds are payable first from revenues of the County's Water and Sewer System, the Port and the County's airports, respectively, and, to the extent such revenues are insufficient, from unlimited ad valorem taxes. Of the amounts approved by the voters, only the general obligation bonds in the amount of \$131,474,000 approved for the water and sewer system have not been issued to date.

MIAMI-DADE COUNTY, FLORIDA
General Obligations Bonds
(Parks Program)

SECURITY AND SOURCES OF PAYMENT ON THE BONDS

General Obligation Pledge

The Parks Program General Obligation Bonds (the "Bonds") are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the County (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal of and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

THE PARKS PROGRAM

Purposes:

On November 5, 1996, a referendum authorized the issuance of the Bonds in the amount of \$200,000,000 to provide funds to be used to pay for the following projects. As of September 30, 2005, all Bonds have been issued.

- (1) \$37,268,000 to 14 municipalities to be used on 76 specific parks projects;
- (2) \$50,732,000 to be spent in the unincorporated municipal services areas on 33 specific park projects;
- (3) \$77,050,000 to the Park and Recreation Department (the "Department") for development, improvement, restoration, rehabilitation or acquisition of real property for (a) beaches and Biscayne Bay access consisting of eight specific projects; and (b) for regional parks, regional recreation or heritage facilities and natural preserves consisting of 24 specific projects, including four specific projects totaling \$14,000,000 of park development to promote juvenile crime prevention;
- (4) \$9,700,000 to be divided among the incorporated municipalities on a per capita basis;
- (5) \$10,250,000 to the County as its per capita municipal share; and
- (6) \$15,000,000 for challenge grants to public agencies and not-for-profit organizations to be used for (a) land acquisition, construction and development of youth recreation and service facilities (\$7,000,000) and (b) natural areas, recreation and open space land acquisition and development (\$8,000,000).

The Board created the Citizen Oversight Committee (the "Committee"), consisting of 13 members, one appointed from each of the 13 respective County Commission districts pursuant to Ordinance No. 96-115 (the "Bond Referendum"). The chief functions of the Committee are to designate the portions of the Parks Program to be financed from each Series of Bonds and to monitor the application of Bond proceeds to ensure that the proceeds are being spent in accordance with the Bond Referendum.

The Committee has allocated the proceeds of the Bonds to the categories shown in the following chart:

THE BUILDING BETTER COMMUNITIES PROGRAM
(BBC Program)

Purposes:

On November 2, 2004, a special County-wide election was held by the County. Its voters approved eight general obligation bond questions in the aggregate principal amount of \$2,925,750,000 to provide funds to be used to pay for the following projects all located within the County. The County anticipates issuing the Bonds in various series over the next several years. As of September 30, 2021, \$2,222,285,000 of Bonds has been issued.

- (1) \$378,183,000 – to construct and improve water, sewer and flood control systems within the county
- (2) \$680,258,000 – to construct and improve park and recreational facilities within the County;
- (3) \$352,182,000 – to construct and improve bridges, public infrastructure and neighborhood improvements within the County;
- (4) \$341,087,000 – to construct and improve public safety facilities within the County;
- (5) \$171,281,000 – to construct and improve emergency and healthcare facilities within the County;
- (6) \$255,070,000 – to construct and improve public services and outreach facilities within the County;
- (7) \$194,997,000 – to construct and improve housing for the elderly and families within the County; and
- (8) \$552,692,000 – to construct and improve cultural, library and multicultural educational facilities within the County.

On April 5, 2005, the Board created, under the provisions of Ordinance No. 05-70, the Building Better Communities Citizens’ Advisory Committee (the “Committee”) consisting of 13 members appointed from the 13 respective County Commission Districts, three (3) members appointed by the Mayor and five (5) at-large members selected by the County Manager. The Committee has no oversight or veto authority with respect to the BBC Program. The primary function of the Committee is to offer advice to the Mayor, the Board and the County Manager from time to time, on the progress and status of the Building Better Communities Program.

MIAMI-DADE COUNTY, FLORIDA
General Obligation Bonds
(Public Health Trust Program)

SECURITY AND SOURCES OF PAYMENT OF THE BONDS

General Obligation Pledge

The Public Health Trust Bonds (the “Bonds”) are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the county (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

THE PUBLIC HEALTH TRUST PROGRAM
(PHT Program)

Purposes:

On November 5, 2013, County voters approved the issuance of general obligation bonds in aggregate principal amount not exceeding \$830,000,000 for the Public Health Trust (PHT GOB) in order to fund the modernization, improvement and equipping of Jackson Health System’s facilities located throughout Miami-Dade County including, but not limited to, the construction of emergency rooms, a new children’s ambulatory pavilion and a new urgent care centers. As of September 30, 2021, all bonds have been issued under the Public Health Trust Program.

The Public Health Trust was created in 1973 by the Board as an independent governing body concerned with the County’s most vital healthcare resource: Jackson Health System. In 2012, the Board amended Chapter 25A-3 and Chapter 25A-9 of the County Code that governs the Public Health Trust (Ordinance No. 12-113). Notably, the changes to the County Code altered the composition and size of the Public Health Trust subsequent to the transitioning from the Financial Recovery Board to the reestablished Board of Trustees.

The purpose(s) of the Public Health Trust includes the operation, governance, and maintenance of the Trust facilities:

- For the benefit of the general community and not for the exclusive benefit of any single individual or group of individuals;
- As the major provider of health services, directly and indirectly, to the poor and near poor within the County;
- For serving the health care needs of patients living in reasonable geographic proximity to Jackson Memorial Hospital and other Trust facilities;
- With the capability of supporting, maintaining and managing a proper balance between primary, secondary and tertiary health care programs that will strive for a single standard of general and specialized health services;
- As a major referral center offering a full range of medical and support specialties that are not generally available at community hospitals, including trauma care;
- As a teaching facility operating training programs for physicians, nurses and other health care professionals;
- For providing major clinical facilities that support the University of Miami School of Medicine and other educational institutions that train future health care professionals; and
- For providing opportunities for clinical and applied research in all areas of medicine to continuously upgrade the general level of medical care available to citizens.

Dated: October 24, 2018

Final Maturity: July 1, 2048

Remarketing Date: July 31, 2019

Purpose:

The Series 2018A Bonds (originally issued in Drawdown mode on October 24, 2018) were issued as a Series of the Public Health Trust Program approved by the voters on November 5, 2013, to fund the modernization, improvement and equipping of Jackson Health System facilities located throughout the County and pay the costs of issuing the Series 2018A Bonds. The Series 2018A Bonds were issued pursuant to Resolution Nos. R-590-13, R-783-16 and Ordinance No. 14-52.

Security:

The Series 2018A Bonds are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible property within the County (subject to certain exemptions provided by law). The full faith, credit and taxing power of the County are irrevocably pledged to the payment of principal of and interest on the Series 2018A Bonds.

Form:

The Series 2018A Bonds were issued as fully registered bonds, in the name of Cede & Co., as registered owner and nominee of The Depository Trust Company, New York, New York. The Series 2018A Bonds were issued in book-entry form in denominations of \$5,000 or any integral multiple of \$5,000.

The interest on the Series 2018A Bonds will be payable semi-annually on January 1 and July 1 of each year, commencing on January 1, 2020. The principal is payable on July 1 for each maturity commencing July 1, 2020.

MIAMI-DADE COUNTY, FLORIDA
Special Obligations Bonds/Notes

SECURITY FOR AND SOURCES OF PAYMENT

SPECIAL OBLIGATION PLEDGE

Special Obligation Bonds/Notes are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Bonds/Notes do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Bonds/Notes, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Bonds/Notes.

PLEDGED FUNDS

Pledged Funds are non-ad valorem revenues of the County pledged for the payment of principal and interest on the Bonds/Notes. Bondholders have a first lien claim on the Pledged Funds and the Pledged Funds only. After payment of debt service on the Bonds/Notes, any Pledged Funds can be used for any lawful purpose. The Pledged Funds varies for each class of Special Obligations and are described in each section of this report dedicated to such Special Obligation.

A summary of the primary pledged fund for each class of Special Obligations is summarized below:

Special Obligation Class	Primary Source of Pledged Funds
Capital Asset Acquisition	Legally available non ad valorem revenues of the County budgeted and appropriated annually
Subordinate Special Obligations	Convention Development Taxes which are 3% of total consideration of leasing or letting on transient rental accommodations.
Court Facilities	Traffic Surcharges
Professional Sports Franchise Facilities Tax	Professional Sports Franchise Facilities Tax and Tourist Development Tax
Public Service Tax	Tax levied on the purchase of public services such as electricity, metered and bottled gas (natural liquefied petroleum gas or manufactured), water, telephone, telegraph service, coal and fuel oil
Stormwater Utility	Stormwater Utility Fees assessed on all residential, developed property and all nonresidential, developed property in the County, sufficient to plan, construct, operate and maintain stormwater management systems

Budget and Appropriate (Capital Asset Acquisition) Bonds/Notes

(THIS PAGE LEFT INTENTIONALLY BLANK)

MIAMI-DADE COUNTY, FLORIDA
Capital Asset Acquisition Special Obligation Bonds and Notes
(Covenant to Budget and Appropriate)

SECURITY FOR THE BONDS

PLEDGED FUNDS

The Capital Asset Acquisition Notes/Floating/Fixed Rate Special Obligation Bonds (the “Bonds”) are limited obligations of the County and regularly scheduled payments of principal and interest shall be payable from legally available non ad valorem revenues of the County budgeted and appropriated annually, subject to certain limitations, and actually deposited by the County in the Debt Service Account created under the Bond Ordinance.

“Legally Available Non Ad Valorem Revenues” are defined as all available revenues and taxes of the County derived from any source whatsoever other than ad valorem taxation on real and personal property but including “operating transfers in” and appropriable fund balances within all Funds of the County over which the Board has full and complete discretion to appropriate the resources therein. As used above, “Funds” means all governmental, proprietary and fiduciary funds and accounts of the County as defined by generally accepted accounting principles.

The amounts and availability of any source of Legally Available Non Ad Valorem Revenues to the County are subject to change, including reduction or elimination by change in State law or changes in the facts or circumstances according to which certain of the Legally Available Non Ad Valorem Revenues are allocated to the County. The amount of the Legally Available Non Ad Valorem Revenues collected by the County is directly related to the general economy of the County. Accordingly, adverse economic conditions could have a material adverse effect on the amount of such Legally Available Non Ad Valorem Revenues collected by the County. Additionally, the amount and types of Legally Available Non Ad Valorem Revenues that would be legally available under applicable law, may be limited or restricted with respect to certain projects (such as gas tax revenues that must be limited to transportation projects and fines and forfeitures that are limited to court system projects).

PURPOSE

The Bonds were issued to provide funds to purchase and improve certain capital assets for various County departments and projects including the: (i) Fire Department; (ii) Parks and Recreation Department; (iii) Public Health Trust/Jackson Memorial Hospital; (iv) Seaport Department; (v) Miami-Dade Police Department; (vi) Miami-Dade Transit Department; (vii) Country Club of Miami; (viii) Department of Solid Waste Management; (ix) Energy Management; and (x) Information Technology Department.

LIMITED OBLIGATIONS

Neither the faith and credit of the County, nor the faith and credit of the State of Florida nor any political subdivision of either are pledged to the payment of the principal of or the interest or premium, if any, on the Bonds. The issuance of the Bonds shall not directly, indirectly or contingently obligate the County, the State of Florida or any political subdivision of either to levy any taxes whatsoever or to make any appropriation for their payment except that the County agrees in the Bond Ordinance to annually budget and appropriate from legally available non-ad valorem revenues amounts sufficient to satisfy the principal and interest requirements on the Bonds.

- (1) *Gas Tax Revenues are restricted for transportation purposes. Although some of the projects funded qualify for transportation, the gas tax revenues are being deducted for the purpose of computing the Legally Available Non-Ad Valorem Revenues.*
- (2) *Includes appropriable fund balance (balance in General Fund reduced by any reserve for encumbrances, subsequent years' budget and/or specified non-liquid assets therein) and Operating Transfer-In.*
- (3) *Portions of these Bonds/Loans/Notes are serviced by enterprise revenues.*
- (4) *These Bonds were issued as Industrial Development Bonds, payable solely from Pledged Revenues, the Trust Estate, from payments made under the Guaranty and other amounts to be paid under the Loan Agreement. Even though these Bonds are not considered County direct debt, subject to the term of the Guaranty, the County has unconditionally guaranteed the payments of an amount equal to the principal of, premium if any, and interest on the Bonds on any Interest Payment Date.*
- (5) *These Bonds/Loans are serviced by the County's Legally Available Non-Ad Valorem Revenues.*
- (6) *These Loans are being serviced by enterprise revenues.*
- (7) *All or a portion of these Bonds/Loans are paid by tax receipts generated from the Naranja Lakes CRA.*
- (8) *The Series 2008A Notes were refunded on 4/21/2020, with the Special Obligation Notes, Series 2020A.*
- (9) *The Series 2008B Notes were refunded on 4/21/2020 with the Special Obligation Notes, Series 2020A.*
- (10) *On December 19, 2013, the County converted \$126 million of debt from variable rate to fixed rate.*
- (11) *On February 27, 2014, the County converted \$57 million of the Series 2011B and 2011C from a variable rate to a fixed rate*
- (12) *A portion of the Series 2009A Bonds were refunded with the proceeds of the County's \$74,435,000 Capital Asset Acquisition Special Obligation Refunding Bonds, Series 2017A, issued on August 30, 2017.*
- (13) *As of September 21, 2021, the County no longer had any outstanding obligations with the Sunshine State Governmental Financing Commission.*
- (14) *These revenues are also used to pay operating expenses during the Fiscal Year.*

2039	4,480,000
2040 (Final Maturity)	4,660,000

Extraordinary Optional Redemption:

The Series 2010D Bonds are subject to redemption prior to maturity at the election of the County, in whole or in part, on any Business Day, and if in part, in accordance with the procedures described below in *"Redemption of Portions of the Series 2010D Bonds,"* upon the occurrence of an Extraordinary Event at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the Series 2010D Bonds to be redeemed; or
- (2) the sum of the present value of the remaining scheduled payments of principal and interest to the maturity date of the Series 2010D Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the Series 2010D Bonds are to be redeemed, discounted to the date on which the Series 2010D Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate, plus 100 basis points; plus in each case, accrued interest on the Series 2010D Bonds to be redeemed to the redemption date.

An "Extraordinary Event" will have occurred if a material adverse change has occurred to Section 54AA or Section 6431(b) of the Code, or such other provision of the Code as may be applicable, pursuant to which the Refundable Credit Payments are reduced or eliminated.

Designation of Series 2010D Bonds as “Recovery Zone Economic Development Bonds”:

The County has designated the Series 2010D Bonds as “Recovery Zone Economic Development Bonds” for purposes of the Internal Revenue Code of 1986, as amended (the “Code”) and elected to receive a cash subsidy from the United States Treasury in connection therewith.

Convention Development Tax Receipts

(THIS PAGE LEFT INTENTIONALLY BLANK)

MIAMI-DADE COUNTY, FLORIDA
Special Obligation Bonds
(Convention Development Tax)

SECURITY FOR THE BONDS

PLEDGED FUNDS

The Convention Development Tax Special Obligation Bonds (the "Senior Lien Bonds") are special and limited obligations of the County and are payable solely from and secured equally by a pledge of and lien on the Pledged Funds pursuant to Ordinance No. 96-85 (the "Senior Lien Ordinance"). The Pledged Funds described in the Senior Lien Ordinance consist of Designated Revenues, all funds, other than the Rebate Fund, held in trust, including investment earnings by the County under the Senior Lien Ordinance for the benefit of the Bondholders, inclusive of the Reserve Fund created under the Senior Lien Ordinance, and Available Sales Tax.

APPLICATION OF AVAILABLE SALES TAX

The application of Available Sales Tax is triggered only when the County does not have sufficient moneys on deposit in the Debt Service Fund to make payments on the Bonds. At that time, the County shall, on a pro rata basis with all payments, if any, be required to be made from Available Sales Tax with respect to Additional Parity Obligations and Additional Sales Tax Parity Obligations, deposit to the Debt Service Fund Available Sales Tax revenues in an amount sufficient to make up any such deficiency. The use of Available Sales Tax revenues under the Senior Lien Ordinance is thus limited to make up short-falls in the Debt Service Fund and is not permitted to be used for the purpose of replenishing the Reserve Fund.

Since the County is not under any requirement to reserve or accumulate Available Sales Tax for payment of the Bonds, it is possible that if there came a time when the Pledged Funds (other than Available Sales Tax) were insufficient to make a payment of principal and/or interest on the Bonds, the County might not have sufficient Available Sales Tax, at that point in time, for purposes of making the applicable debt service payment on the Bonds. Since the County's share of the Sales Tax will be paid into the County's General Fund, it is possible that although sufficient Available Sales Tax revenues exists from a debt service coverage ratio perspective for indebtedness secured by the Sales Tax to make payment upon the Bonds, Available Sales Tax revenues will have been applied by the County from its General Fund for other purposes. In the opinion of the County, this scenario is not likely and would only arise if a simultaneous depletion of a material portion of County's revenue sources occurred.

LIMITED OBLIGATIONS

The Bonds are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Bonds do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Bonds, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or any political subdivision of either of them is pledged to the payment of the Bonds.

CLOSED LIEN

Upon the refunding of the Series 1996B Bonds, which occurred on July 27, 2016, there are no Senior Lien Bonds outstanding, which foreclosed the issuance of any additional bonds under the Senior Lien Ordinance for so long as any Subordinate Special Obligation CDT Bonds remain outstanding. The Series 2016B Bonds are Subordinate to the Subordinate Special Obligation Bonds, Series 2009, 2012A, 2012B and 2016.

CONVENTION DEVELOPMENT TAX

Pursuant to the Florida Convention Development Tax Act, the County is authorized to levy and impose a convention development tax on the privilege of leasing or letting transient rental accommodations at a rate of up to three percent (3%) of the total consideration charged for such accommodations. Of such proceeds, (a) two-thirds (net of certain administrative costs not to exceed 2% of collections) are initially required to be applied to extend, enlarge and improve the largest existing publicly-owned convention center in the County and after completion of that convention center, to acquire, construct, extend, enlarge, remodel, repair, improve, plan for, operate, maintain, or manage one or more convention centers, stadiums, exhibition halls, arenas, coliseums, auditoriums or certain other projects (this description corresponds to the "County CDT" as defined in the 1997 Ordinance); and (b) one third (net of certain administrative costs not to exceed 2% of collections) are initially required to be applied to construct a new multipurpose convention/coliseum/exhibition center/stadium in the most populous municipality in the County, and after completion of any such project, to operate an authority created pursuant to Section 212.0305(4)(b)(4) of the Convention Development Tax Act or to acquire, construct, extend, enlarge, remodel, repair, improve, operate or maintain one or more convention centers, stadiums, exhibition halls, arenas, coliseums, auditoriums, golf courses or related buildings and parking facilities in the most populous municipality in the County (this description corresponds to the "City CDT" as defined in the 1997 Ordinance).

The County imposes a CDT of 3% of the total consideration charged for the leasing and letting of transient rental accommodations within the County, except for those accommodations located within the Village of Bal Harbor and the City of Surfside, which are exempt. The applicable County Ordinance (the "CDT Ordinance") provides that the persons collecting the CDT remit the same to the County directly, rather than to the State Department of Revenue, and that the CDT be administered in accordance with Chapter 211, Part I, Florida Statutes, which authorizes the County to retain up to 20% of the CDT collected by it to defray related administration costs. The County's Tax Collector collects the CDT directly from the person or entity charging the CDT and deposits the receipts, less administrative expenses of 2% in the County Trust Fund on a monthly basis.

MIAMI-DADE COUNTY, FLORIDA
Subordinate Special Obligation Bonds
(Convention Development Tax)

SECURITY FOR THE SUBORDINATE BONDS

PLEDGED FUNDS

The Convention Development Tax Subordinate Special Obligation Bonds are special and limited obligations of the County and are payable solely from and secured equally by a pledge of and lien on the Pledged Funds pursuant to Ordinance No. 97-210, enacted by the Board of County Commissioners of Miami-Dade County, Florida (the "Board") on November 18, 1997 (the "1997 Ordinance"). Pursuant to the 1997 Ordinance, the payment of the principal of, redemption premium, if any, and interest on the Subordinate Special Obligation Bonds and the payment of Hedge Obligations shall be secured, equally and ratably by an irrevocable lien on the Pledged Funds, prior and superior to all other liens or encumbrances on the Pledged Funds, and the County has irrevocably pledged the Pledged Funds for the payment of: (i) principal of and interest on the Bonds and for the reserves for the Bonds issued under the 1997 Ordinance; (ii) Hedge Obligations; and (iii) all other payments provided in the 1997 Ordinance in the manner and with the priority of application, as provided in the 1997 Ordinance.

The Pledged Funds described in the 1997 Ordinance consist of: (i) Designated CDT Revenues (as defined below); (ii) the Omni Tax Increment Revenues, but only with respect to the Series 1997A Bonds and Bonds issued under the 1997 Ordinance to refund the Series 1997A Bonds; (iii) all funds held by the County under the 1997 Ordinance for the benefit of Bondholders; (iv) investment earnings on the funds referenced in (iii); and (v) to the extent payment from such source is necessary in accordance with the terms of the 1997 Ordinance, the Available Sales Tax deposited to the Debt Service Fund pursuant to Section 505 of the 1997 Ordinance and the separate agreement with the Bond Insurer.

The following numbered items summarize the Pledged Funds defined in the 1997 Ordinance.

1. **Designated CDT Revenues.** The Designated CDT Revenues are revenues which arise from the Convention Development Tax Act. Under this Act, the County has imposed a convention development tax of 3% of the total consideration charged for the leasing and letting of transient rental accommodations (e.g., hotel charges, motel charges, apartment leases for six months or less) within the County (other than the Village of Bal Harbour, Florida and the City of Surfside, Florida). Pursuant to the Convention Development Tax Act, the Convention Development Tax is divided between the County and the City of Miami in the proportions set forth below in the description of the defined term "Designated CDT Revenues." The Designated CDT Revenues, for any year, are described in the 1997 Ordinance as follows:

- a) two thirds of the proceeds (net of the permitted 2% of the collections for administrative costs) of the Convention Development Tax imposed by the County, (the "County CDT"), **less** amounts payable to Miami Beach pursuant to an Interlocal Agreement dated as of June 21, 1996 between the County and Miami Beach (the "Miami Beach Interlocal Agreement"), which payments are not to exceed \$4,500,000 per year from 2003 through 2026 and ending on March 31, 2026 (the "Miami Beach Payments");

plus

- b) one third of the proceeds (net of the permitted 2% of the collections for administrative costs) of the Convention Development Tax (the "City CDT")

less

- c) the Prior Payments consisting of the: (i) Arena Operating Subsidy (defined as the annual payments by the County, including the \$3,000,000 operating cost payment and \$3,500,000 municipal services payment, net of amounts which may be payable to the County, all pursuant to the Management Agreement between the County and Basketball Properties Limited)⁽¹⁾ ; (ii) Cultural Affairs Grants

(defined as amounts payable annually to the Cultural Affairs Council of the County in an amount not to exceed \$1,000,000 per year); and (iii) PAC Operating Subsidy (defined as the annual operating subsidies payable with respect to the Downtown PAC in an amount not to exceed \$2,000,000 for each Fiscal Year) (collectively, the "Prior Payments").

⁽¹⁾ Under the Amended and Restated Management Agreement dated as of July 1, 2013, these payments continue through June 30, 2029 and are reduced to \$1.5 million for the period commencing July 1, 2029 through June 30, 2030; thereafter, the Arena Operating Subsidy payments are subordinate to the CDT Bonds.

2. **Omni Tax Increment Revenues.** These revenues represent tax increment revenues generated within the Omni Redevelopment Area. The Omni Tax Increment Revenues are payable only with respect to the Series 1997A Bonds and any Bonds issued under the 1997 Ordinance to refund the Series 1997A Bonds. The Omni Tax Increment Revenues are paid in an amount up to but not more than \$1,430,000 in each year from amounts on deposit in the Omni Redevelopment Trust Fund, payable to the County on March 31 of each year until 2026, provided however, prior to the first such payment, the Community Redevelopment Agency for the Omni Community Redevelopment Agency (the "CRA") may retain a total of \$1,200,000 of such revenues received during the three year period commencing in Fiscal Year 1997 for other redevelopment projects of the CRA. Pursuant to the Omni Interlocal Agreement, the Omni Tax Increment Revenues may only be applied to debt service related to the Downtown PAC.
3. **1997 Ordinance Trust Funds.** All funds, other than the Rebate Fund, held in trust by the County under the 1997 Ordinance for the benefit of the Bondholders, inclusive of the Reserve Fund created under the 1997 Ordinance.
4. **Investment Income.** All earnings and investment income derived from the investment of the funds referenced in (3) above, but in no event including moneys held in the Rebate Fund created under the 1997 Ordinance.
5. **Available Sales Tax.** The County's share of Sales Tax⁽¹⁾ is pledged to payment of the Subordinate Special Obligation Refunding Bonds but is not subject to a lien for payment of the Subordinate Special Obligation Bonds until those funds are placed in the Debt Service Fund pursuant to Section 505 of the 1997 Ordinance. Notwithstanding Section 505 of the 1997 Ordinance, the County has covenanted in a separate agreement with the Bond Insurer to maintain a separate account (the "General Fund Account") within the County's General Fund. The County will deposit Sales Tax revenues into the General Fund Account on a monthly basis, to the extent required, to ensure that at the end of each month moneys in the Debt Service Fund, together with moneys in the General Fund Account, are equal to the Bond Service Requirement on the Subordinate Special Obligation Bonds for such month. The County may release funds from the General Fund Account on a monthly basis to the extent that other Pledged Funds are deposited into the Debt Service Fund in a sufficient amount equal to the Bond Service Requirement for that month. The deposit and release of moneys from the General Fund Account will take place on this monthly reconciliation basis. At the end of each six month period corresponding to an interest payment date on the Current Interest Bonds or the compounding of amounts on the Capital Appreciation Bonds, if moneys in the Debt Service Fund are insufficient to meet the Bond Service Requirement, then the appropriate amount of Sales Tax revenues must be transferred from the General Fund Account and deposited into the Debt Service Fund to make up such deficiency. The final payment on the Senior Sales Tax Bonds was made on October 1, 2002.

⁽¹⁾ "Sales Tax" means the County's share of the local government half-cent sales tax eligible to be pledged for the payment of principal of and interest on any indebtedness incurred to pay the cost of any capital project, pursuant to the provisions of Part VI of Chapter 218, Florida Statutes, entitled Local Government Half-Cent Sales Tax.

LIMITED OBLIGATIONS

The Subordinate Special Obligation Bonds are special and limited obligations of the County, payable solely from and secured by the Pledged Funds. The Subordinate Special Obligation Bonds do not constitute general obligations or indebtedness of the County within the meaning of any constitutional or statutory provision or limitation and the County is not directly, indirectly or contingently obligated to levy any ad valorem taxes or to make any appropriation for the payment of the Subordinate Special Obligation Bonds, except from the Pledged Funds. Neither the full faith and credit nor the taxing power of the County, the State of Florida or

any political subdivision of either of them is pledged to the payment of the Subordinate Special Obligation Bonds.

LIMITATION ON FURTHER ENCUMBRANCES OF PLEDGED FUNDS

NO LIENS ON PLEDGED FUNDS EXCEPT AS PROVIDED IN THE 1997 ORDINANCE

In the 1997 Ordinance, the County covenanted that it shall not issue any other obligations payable from the Designated CDT Revenues, Omni Tax Increment Revenues and Available Sales Tax, nor voluntarily create or cause to be created any debt, lien, pledge, assignment, encumbrance or other charge having priority to or being on a parity with the lien on the Designated CDT Revenues, Omni Tax Increment Revenues and the Available Sales Tax in favor of the Registered Owners of the Bonds issued pursuant to the 1997 Ordinance, except under the conditions and in the manner provided in the 1997 Ordinance and except for Hedge Agreements permitted under the 1997 Ordinance. Any obligations issued by the County other than the Subordinate Special Obligation Bonds, Additional Bonds, Refunding Bonds, Additional Sales Tax Parity Obligations and Hedge Agreements shall contain an express statement that such obligations are junior and subordinate in all respects to the Bonds issued pursuant to 1997 Ordinance and Hedge Agreements as to a lien on, source of and security for payment from, the Designated CDT Revenues, Omni Tax Increment Revenues and the Available Sales Tax.

LIMITATIONS ON ADDITIONAL PLEDGES OF SALES TAX

The County has covenanted in the 1997 Ordinance, so long as any Bonds issued under the 1997 Ordinance remain Outstanding, not to issue any Bonds or other obligations payable from and secured by a lien upon the County's share of the Sales Tax on a parity with the Senior Sales Tax Bonds or any "Refunding Bonds" as such term is defined in the Senior Sales Tax Ordinance under which the Senior Sales Tax Bonds were issued. The Senior Sales Tax Bonds are superior in right of payment to the Subordinate Special Obligation Bonds and Special Obligation Bonds with respect to Sales Tax. The final payment on the Senior Sales Tax Bonds was made on October 1, 2002.

ADDITIONAL SALES TAX PARITY OBLIGATIONS

The 1997 Ordinance also provides for issuance of bonds on a parity with the Special Obligation Bonds and the Bonds as to the lien of Available Sales Tax ("Additional Sales Tax Parity Obligations"). Additional Sales Tax Parity Obligations can be issued and delivered by the County only (i) by the County's compliance with the requirements of the ordinance or resolution authorizing such Additional Sales Tax Parity Obligations, and (ii) by execution by the Finance Director of a certificate indicating that for a period of any twelve (12) consecutive months out of the twenty-four (24) months immediately preceding the sale of such Additional Sales Tax Parity Obligations, the total amount of Sales Tax and other legally available revenues, if expressly pledged or to be pledged to the payment of the Additional Sales Tax Parity Obligations (including the Bonds and the Special Obligation Bonds) by the terms of the ordinance authorizing such Additional Sales Tax Parity Obligations, received by the County during such period is at least equal to 1.50 times the highest amount payable in any one Fiscal Year on the Senior Sales Tax Bonds, the Bonds, the Special Obligation Bonds and the other Additional Sales Tax Parity Obligations then outstanding, if any, and the Additional Sales Tax Parity Obligations then proposed to be issued.

County Court Traffic Surcharge Revenues

(THIS PAGE LEFT INTENTIONALLY BLANK)

MIAMI-DADE COUNTY, FLORIDA
Special Obligation Court Facilities Bonds
(Traffic Surcharge Revenues)

SECURITY FOR THE BONDS

CHANGE IN PLEDGED REVENUES EFFECTIVE JULY 1, 2004

As a result of legislation adopted by the 2003 Florida Legislature, effective July 1, 2004, the County can no longer utilize filing and service charges assessed on most County civil cases and proceedings ("Filing and Service Charges") and fines and forfeitures arising from certain violations of ordinances and misdemeanors offenses ("Fines and Forfeitures") to pay debt service on any special obligation bonds of the County. The County has previously pledged a portion of the Filing and Service Charges and the Fines and Forfeitures (collectively, the "Pledged Filing and Service Charges") to the repayment of five series (including the Series 2003 Bonds which are junior on certain Pledged Filing and Service Charges and senior on certain others) of special obligation bonds ("Bonds") to meet its state mandated responsibility to provide courthouse facilities. The Pledged Filing and Service Charges, together with moneys and investments in certain funds and accounts established with respect to the Bonds pursuant to Ordinance No. 94-98, as amended (the "Bond Ordinance") and with respect to the Series 2003 Bonds, Resolution No. R-144-03 (the "2003 Resolution"), comprise the Pledged Revenues for the Bonds. In order to assist the County in meeting its obligations with respect to the Bonds, the 2004 Florida Legislature adopted legislation that permits the County to impose a \$15 surcharge on each non-criminal traffic infraction cited in Section 318.14, Florida Statutes, as amended, and each criminal violation cited in Section 318.17, Florida Statutes, as amended, for the purpose, among others, of paying principal of and interest on the Bonds ("Traffic Surcharge"). The County enacted Ordinance No. 04-116 on May 25, 2004 which amended the Code of the County to impose the Traffic Surcharge for the purpose of funding courthouse facilities including the payment of debt service on the Bonds. At the same meeting, the Board enacted Ordinance No. 04-117, ("2004 Ordinance") which amended the Bond Ordinance and the 2003 Resolution to provide, in substance, among other provisions, that: (i) Pledged Revenues do not include Filing and Service Charges but do include the Traffic Surcharge; (ii) the Bonds are further secured by a covenant by the County to budget annually from non-ad valorem revenues in the event the Traffic Surcharge revenues are insufficient to meet debt service on the Bonds; (iii) the Traffic Surcharge shall not be abolished until the Bonds have been fully paid and retired; (iv) all Traffic Surcharge revenues shall be deposited in the 1994 Revenue Fund to be used in accordance with the flow of funds established in the Bond Ordinance and the 2003 Resolution as modified by the 2004 Ordinance; and (v) all definitions related to the substitution of the Filing and Service Charges with the Traffic Surcharge are amended accordingly.

PLEDGED REVENUES

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues and pursuant to the 2004 Ordinance, a covenant to budget and appropriate from legally available non-ad valorem revenues in the event the Traffic Surcharge is insufficient to pay debt service on the Bonds. Pledged Revenues include the Traffic Surcharge and all moneys and investments, including investment earnings, held to the credit of the funds, accounts and sub-accounts other than the Rebate Fund established under the Bond Ordinance and the 2003 Resolution and the series resolution for each series of Bonds.

In the 2004 Ordinance, the County covenanted and agreed, to the extent permitted by and in accordance with applicable law and budgetary processes, to prepare, approve and appropriate in its annual budget for each fiscal year, by amendment if necessary, legally available non-ad valorem revenues of the County ("Legally Available Non-Ad Valorem Revenues") in an amount (the "Appropriated Amount") which, together with the projected Traffic Surcharge revenues for said Fiscal Year, are equal to an amount necessary to make the projected total of Traffic Surcharge Revenues and the Appropriated Amount equal to the Principal and Interest Requirements (as defined in the 1994 Ordinance and the 2003 Resolution) on the Bonds for such Fiscal Year, plus an amount sufficient to satisfy all other payment obligations of the County under the 1994 Ordinance and the 2003 Resolution for such Fiscal Year, including, without limitation, the obligations

of the County to fund and cure deficiencies in the funds and accounts created in Article V of the 1994 Ordinance and the 2003 Resolution, as and when the same become due by depositing such Appropriated Amount in the Revenue Fund created by the 1994 Ordinance. The covenant and agreement on the part of the County to budget and appropriate sufficient amounts of Legally Available Non-Ad Valorem Revenues shall be cumulative, and shall continue until such Legally Available Non-Ad Valorem Revenues in amounts, together with any other legally available revenues budgeted and appropriated for such purposes, sufficient to make all required payments hereunder as and when due, including any delinquent payments, shall have been budgeted, appropriated and actually paid into the 1994 Revenue Fund.

Nothing contained in the 2004 Ordinance shall preclude the County from pledging any of its Legally Available Non-Ad Valorem Revenues or other revenues to other obligations, nor shall it give the holders of the Bonds a prior claim on the Legally Available Non-Ad Valorem Revenues until they are actually deposited in the 1994 Revenue Fund. The County may not expend moneys not appropriated or in excess of its current budgeted revenues. The obligation of the County to budget, appropriate and make payments from its Legally Available Non-Ad Valorem Revenues is subject to the availability of Legally Available Non-Ad Valorem Revenues of the County after satisfying funding requirements for obligations having an express lien on or pledge of such revenues and after satisfying funding requirements for essential governmental services of the County.

"Legally Available Non-Ad Valorem Revenues" means all available revenues and taxes of the County derived from any source whatsoever other than ad valorem taxation on real and personal property but including "operating transfers in" and appropriable fund balances within all Funds of the County over which the Board has full and complete discretion to appropriate the resources therein. As used above, "Funds" means all governmental, proprietary and fiduciary funds and accounts of the County as defined by generally accepted accounting principles.

LIMITED OBLIGATION

The Bonds are special, limited obligations of the County payable solely from the Pledged Revenues. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision of the State of Florida or of the County are pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision of the State of Florida or the County to levy any taxes whatever for the Bonds or to make any appropriation for their payment except from the Pledged Revenues provided for their payment under the Bond Ordinance.

INCREASE IN TRAFFIC SURCHARGE EFFECTIVE JULY 1, 2009

The 2009 Florida Legislature amended Section 318.18, Florida Statutes, entitled "Amount of Penalties," to increase the Traffic Surcharge from \$15 to \$30. On September 1, 2009, the County adopted this change in State law when it enacted Ordinance No. 09-72 which (i) amended Section 11-12 of the County Code to increase the Traffic Surcharge from \$15 to \$30 and to express the County's intent to use \$15 of the \$30 Traffic Surcharge to pay the principal and interest on bonds issued for the Children's Courthouse and other costs related to the Children's Courthouse.

HISTORICAL AND ACTUAL TRAFFIC SURCHARGE REVENUES

THE 11th JUDICIAL CIRCUIT

The State of Florida is divided into twenty judicial circuits. Each judicial circuit is composed of a circuit court and one or more county courts, depending on the number of counties each circuit serves. The Eleventh Judicial Circuit in and for Miami-Dade County (the "Eleventh Judicial Circuit"), has jurisdiction that encompasses only the County.

The Eleventh Judicial Circuit covers an area of almost 2,209 square miles and serves a population of 2.28 million. With 123 judges serving within its jurisdiction, it is the largest judicial circuit in Florida and ranks among the five largest state court systems in the country. As referred to above, the Eleventh Judicial Circuit is comprised of the Circuit and County Court. County Courts have original jurisdiction over misdemeanor cases, violations of municipal and county ordinances, and civil causes of action involving less than \$15,000. Generally, Circuit Courts may hear those matters which are not vested in the County Courts and appeals as provided by general law. They also have the power to issue writs. The Circuit and County Courts are further divided into divisions.

Professional Sports Franchise Facility Tax

(THIS PAGE LEFT INTENTIONALLY BLANK)

MIAMI-DADE COUNTY, FLORIDA
Professional Sports Franchise Facilities Tax Bonds

SECURITY FOR THE BONDS

PLEDGED REVENUES

The Professional Sports Franchise Facility Tax Bonds (the "Bonds") are special and limited obligations of the County payable solely from and secured by a prior lien and pledge of: (i) the Net Professional Sports Franchise Facilities Tax Revenues; (ii) solely to the extent provided in Section 504(a) of the Master Ordinance, hereafter described, the Tourist Development Tax Revenues; (iii) solely to the extent provided in Section 504(b) of the Master Ordinance hereafter described, the Covenant Revenues; (iv) Hedge Receipts; and (v) all moneys and investments (and interest earnings) on deposit to the credit of the Funds and Accounts, except for moneys and investments on deposit to the credit of any rebate fund or rebate account established pursuant to the Master Ordinance (collectively, the "Pledged Revenues").

LIMITED OBLIGATIONS

The Bonds are special limited obligations of the County, payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in the Master Ordinance. The Bonds do not constitute an indebtedness of the County within the meaning of any constitutional or statutory provision or a pledge of the faith and credit of the County, the State of Florida or any other political subdivision of the State of Florida, the Bonds shall be payable solely from the Pledged Revenues. The issuance of the Bonds shall not directly or indirectly or contingently obligate the County, the State of Florida or any other political subdivision of the State of Florida to levy or to pledge any form of ad valorem taxation, except from Pledged Revenues.

PROFESSIONAL SPORTS FRANCHISE FACILITIES TAX AND TOURIST DEVELOPMENT TAX

Pursuant to Section 125.0104, Florida Statutes, counties in the State are authorized to levy and collect a 1% professional sports franchise facilities tax (the "Professional Sports Franchise Facilities Tax") and a 2% tourist development tax (the "Tourist Development Tax") on the total rental charged to every lessee, tenant or customer who rents, leases or lets for consideration any living quarters or accommodations in any hotel, apartment, apartment hotel, motel, resort motel, apartment motel, rooming house, mobile home park, recreational vehicle park, or condominium located in the County (excluding facilities within the municipal limits of the cities of Miami Beach, Bal Harbour and Surfside) for a term of six months or less. Counties may use the proceeds of the Professional Sports Franchise Facilities Tax solely to pay debt service on bonds issued to finance the construction, reconstruction, or renovation of professional sports franchise facilities.

Pursuant to the County's Ordinance No. 78-62, as amended by Ordinance No. 88-68, the County duly levied and currently collects the Tourist Development Tax, which is imposed at the rate of two percent. Pursuant to Ordinance No. 90-116, the County duly levied and currently collects the Professional Sports Franchise Facilities Tax, which is imposed at a rate of one percent.

HISTORICAL REVENUES AND DEBT SERVICE COVERAGE

Stormwater Utility Fees

(THIS PAGE LEFT INTENTIONALLY BLANK)

MIAMI-DADE COUNTY, FLORIDA
Stormwater Utility Revenue Bonds

SECURITY FOR THE BONDS

GENERAL

The Bonds and the interest on the Bonds shall be a special and limited obligation of the County, payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in Ordinance No. 98-187, enacted by the Board on December 15, 1998 (the "Ordinance").

"Pledged Revenues" is defined in the Ordinance as the (a) Stormwater Utility Revenues, (b) Hedge receipts; and (c) all moneys and investments (and interest earnings) on deposit to the credit of the funds and accounts created in the Ordinance, except for moneys and investments on deposit to the credit of any rebate fund. "Stormwater Utility Revenues" is defined in the Ordinance as all moneys received by the County from the collection of the Stormwater Utility Fees less the amount retained by the County as an administrative charge in accordance with law. "Stormwater Utility Fees" is defined in the Ordinance as fees collectable on all residential developed property and all nonresidential developed property in the County permitted under the provisions of Section 403.0893, Florida Statutes, and imposed by the Board pursuant to Section 24-51.4 of the County Code.

Until payment has been provided for as permitted in the Ordinance, the payment of the principal of and interest on the Bonds shall be secured by an irrevocable lien on the Pledged Revenues. The County irrevocably pledges and grants a lien upon such Pledged Revenues to the payment of and interest on the Bonds, the reserves for the Bonds and for all other required payments under the Ordinance, to the extent, in the manner and with the priority of application as provided in the Ordinance. No Holder shall have the right to require or compel the exercise of the ad valorem taxing power of the County for payment of the Bonds, or be entitled to payment of such amount from any other funds of the County, except from the Pledged Revenues in the manner provided in the Ordinance.

LIMITED OBLIGATIONS

The Bonds are special, limited obligations of the County payable solely from and secured by a prior lien upon and a pledge of the Pledged Revenues as provided in the Ordinance. Neither the faith and credit of the State of Florida nor the faith and credit of any agency or political subdivision of the State of Florida or of the County are pledged to the payment of the principal of, premium, if any, or the interest on the Bonds. The issuance of the Bonds shall not directly or indirectly or contingently obligate the State of Florida or any agency or political subdivision of the State of Florida or the County to levy any taxes or to make any appropriation for their payment except from the Pledged Revenues pledged to and provided for the payment of the Bonds under the Ordinance.

STORMWATER UTILITY FEES

GENERAL

The County created the Stormwater Utility pursuant to Ordinance No. 91-66 enacted by the Board on June 20, 1991, as amended and codified in Sections 24-51 through 24-51.5 of the County Code (the "Stormwater Ordinance"). The Stormwater Utility is authorized and directed to establish, assess, and collect Stormwater Utility Fees upon all residential, developed property and all nonresidential, developed property in Miami-Dade County, Florida, sufficient to plan, construct, operate and maintain stormwater management systems set forth in the local program required pursuant to Section 403.0891(3), Florida Statutes. The fees are established by an Administrative Order of the County Manager, from time to time, after approval by the Board. In accordance with the local program, the Stormwater Utility is also responsible for the operation and maintenance of the Stormwater System.

Each residential developed property is assessed a Stormwater Utility Fee calculated by multiplying the rate for an equivalent residential unit (ERU) by the number of the dwelling units on the parcel.

Each nonresidential developed property is assessed a Stormwater Utility Fee calculated by multiplying the rate for one (1) ERU by a factor derived by dividing the actual impervious area of the particular nonresidential, developed property by the statistically estimated average horizontal impervious area of residential developed property per dwelling unit, to wit, the square footage base equivalent established for one (1) ERU. Notwithstanding the foregoing, each nonresidential developed property classified by the Miami-Dade County Property Appraiser as land use type 71 (property containing a church) shall be assessed a Stormwater Utility Fee which is fifty percent (50%) of the fee for nonresidential developed property calculated as described in the preceding sentence.

The fees payable under the Stormwater Ordinance are required to be deposited in a separate County fund and used exclusively by the Utility to pay for the costs of planning, constructing, operating and maintaining stormwater management systems set forth in the local program required pursuant to Section 403.0891(3), Florida Statutes. No part of said fund may be used for any other purposes.

The Board increased the Stormwater Utility Fee for the Service Area from \$4.00 per month per ERU to \$5.00 per month per ERU effective October 1, 2018. The Stormwater Utility Fee was last increased to \$4.00 per month per ERU effective on October 1, 2004. This rate applies to all residential and non-residential developed property within the Service Area of the Stormwater Utility.

The table below shows the percentage of collection of Stormwater Utility Fees based on land use:

MIAMI-DADE COUNTY STORMWATER UTILITY BILLING DISTRIBUTION BY TYPE OF PROPERTY

<u>Type of Property</u>	<u>% of ERU</u>
Residential	55.9
Non-residential (other than land use type 71)*	43.1
Non-residential land use type 71	1.0
TOTAL	<u>100.0</u>

*Land type 71 refers to religious institutions
