(THIS PAGE LEFT INTENTIONALLY BLANK)

**MIAMI-DADE COUNTY, FLORIDA**  
**General Obligation Bonds**  
**(Public Health Trust Program)**

**SECURITY AND SOURCES OF PAYMENT OF THE BONDS**

**General Obligation Pledge**

The Public Health Trust General Obligation Bonds (the “Bonds”) are general obligations of the County and are payable from unlimited ad valorem taxes on all taxable real and tangible personal property within the county (excluding exempt property as required by Florida law). The full faith, credit and taxing power of the County are irrevocably pledged to the prompt payment of both principal and interest on the Bonds as they become due and payable. Pursuant to the Florida Constitution, there is no limit on the amount of ad valorem taxes a county may levy for the payment of general obligation bonds.

**THE PUBLIC HEALTH TRUST PROGRAM**  
**(PHT Program)**

**Purposes:**

On November 5, 2013, County voters approved the issuance of general obligation bonds in aggregate principal amount not exceeding \$830,000,000 for the Public Health Trust in order to fund the modernization, improvement and equipping of Jackson Health System’s facilities located throughout Miami-Dade County including, but not limited to, the construction of emergency rooms, a new children’s ambulatory pavilion and a new urgent care centers. As of September 30, 2021, all bonds have been issued under the Public Health Trust Program.

The Public Health Trust was created in 1973 by the Board as an independent governing body concerned with the County’s most vital healthcare resource: Jackson Health System. In 2012, the Board amended Chapter 25A-3 and Chapter 25A-9 of the County Code that governs the Public Health Trust (Ordinance No. 12-113). Notably, the changes to the County Code altered the composition and size of the Public Health Trust subsequent to the transitioning from the Financial Recovery Board to the reestablished Board of Trustees.

The purpose(s) of the Public Health Trust includes the operation, governance, and maintenance of the Trust facilities:

- For the benefit of the general community and not for the exclusive benefit of any single individual or group of individuals;
- As the major provider of health services, directly and indirectly, to the poor and near poor within the County;
- For serving the health care needs of patients living in reasonable geographic proximity to Jackson Memorial Hospital and other Trust facilities;
- With the capability of supporting, maintaining and managing a proper balance between primary, secondary and tertiary health care programs that will strive for a single standard of general and specialized health services;
- As a major referral center offering a full range of medical and support specialties that are not generally available at community hospitals, including trauma care;
- As a teaching facility operating training programs for physicians, nurses and other health care professionals;
- For providing major clinical facilities that support the University of Miami School of Medicine and other educational institutions that train future health care professionals; and
- For providing opportunities for clinical and applied research in all areas of medicine to continuously upgrade the general level of medical care available to citizens.
