

Schedule of GASB Pronouncements

In June 2017, GASB issued Statement No. 87, *Leases*, which was originally effective for reporting periods beginning after December 15, 2019. With the extension granted by GASB Statement No. 95, Statement No. 87, *Leases*, is effective for reporting periods beginning after June 15, 2021. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The County is in the process of evaluating the impact of implementation. The impact is not known at this time, but it is expected to be significant.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*, which was originally effective for reporting periods beginning after December 15, 2020. With the extension granted by GASB Statement No. 95, Statement No. 91, *Conduit Debt Obligations*, is effective for reporting periods beginning after December 15, 2021. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. The County is in the process of evaluating the impact of implementation.

In January 2020, GASB issued Statement No. 92, *Omnibus 2020*, which was originally effective for reporting periods beginning after June 15, 2020. With the extension granted by GASB Statement No. 95, Statement No. 92, *Omnibus 2020*, is effective for reporting periods beginning after June 15, 2021. This statement establishes accounting and financial reporting requirements for specific issues related to leases, intra-entity transfers of assets, postemployment benefits, government acquisitions, risk financing and insurance-related activities of public entity risk pools, fair value measurements, and derivative instruments. The County is in the process of evaluating the impact of implementation.

In March 2020, GASB issued Statement No. 93, *Replacement of Interbank Offered Rates*. The original implementation date for the portion of the statement dealing with the removal of LIBOR as an appropriate benchmark was for reporting periods ending after December 31, 2021 while all other requirements of the statement were effective for reporting periods beginning after June 15, 2020. However, GASB 95 postponed the implementation date for all provisions except the portion of the statement dealing with the removal of LIBOR as an appropriate benchmark by one year to reporting periods beginning after June 15, 2021. This Statement establishes accounting and financial reporting requirements related to the replacement of IBORs in hedging derivative instruments and leases. It also identifies appropriate benchmark interest rates for hedging derivative instruments. The requirements of this Statement apply to the financial statements of all state and local governments. The objective of this statement is to address certain accounting and financial reporting implications of the replacement of an IBOR the most notable of which is the London Interbank Offered Rate (LIBOR) which is expected to cease to exist in its current form at the end of 2021. This will cause governments to amend or replace financial instruments by changing the reference rate or adding or changing fallback provisions related to the reference rate. The County is in the process of evaluating the impact of implementation.

In March 2020, GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, which is effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). This

Schedule of GASB Pronouncements

Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). The Statement will require governments to report assets and liabilities related to PPPs consistently and disclose important information about those PPP transactions. The County is in the process of evaluating the impact of implementation.

In May 2020, GASB issued Statement No. 96, *Subscription-Based Information Technology Arrangements*. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, *Leases*, as amended. The County is in the process of evaluating the impact of implementation.

In June 2020, GASB issued Statement No. 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32*. The requirements in (1) paragraph 4 of this Statement as it applies to defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans and (2) paragraph 5 of this Statement are effective immediately. The requirements in paragraphs 6–9 of this Statement are effective for fiscal years beginning after June 15, 2021. All other requirements of this Statement are effective for reporting periods beginning after June 15, 2021. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The County is in the process of evaluating the impact of implementation.

In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The County is in the process of evaluating the impact of implementation.

In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62*. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

Schedule of GASB Pronouncements

Earlier application is encouraged. The County is in the process of evaluating the impact of implementation.

In June 2022, GASB issued Statement No. 101, *Compensated Absences*. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged. The County is in the process of evaluating the impact of implementation.
