INTRODUCTION

The Miami-Dade Local Mitigation Strategy (LMS) – Part 3 provides a listing of some of the available funding sources for various types of mitigation measures. The funding sources have been divided into Pre-Disaster Programs and Post-Disaster Programs. However, there may be other funding opportunities that present themselves and when the LMS Planner is made aware of these opportunities they will be shared with the LMS Working Group. The LMS - Part 3 may be used as a guide to help stakeholders identify potential funding sources.

It is the responsibility of the organization/agency pursuing funding to fill out and complete all of the necessary documents and provide the supportive materials. The Project List should be updated to reflect any funding that is being pursued or has been awarded.

These funding sites may also render additional funding opportunities:
