# Memorandum

**Date:** January 20, 2016

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor 

**Subject:** Resolution Authorizing the Conveyance of an Easement to Florida Power and Light Company for the Installation and Maintenance of Electrical Power Transmission Facilities at Haulover Park

---

## Recommendation

It is recommended that the Board of County Commissioners adopt the attached resolution authorizing the conveyance of an 11,150 square foot easement to Florida Power and Light Company (FPL) for underground electrical lines, an electrical transformer, and related equipment for a dry dock storage building located at Haulover Park.

## Scope

Haulover Park is located at 13700 Collins Avenue, in County Commission District 4, which is represented by Commissioner Sally A. Heyman.

## Fiscal Impact/Funding Source

The fiscal impact is receipt of \$1.00 from FPL, into Index Code PREHAU438731.

## Track Record/Monitor

The Property Management Supervisor of the Miami-Dade Parks, Recreation and Open Spaces Department (MDPROS), John Bowers, will ensure completion of the easement document, its recording, and delivery to the Clerk of the Board.

## Background

A new dry dock storage building requires electrical power at Haulover Park. FPL will provide electrical power in exchange for Miami-Dade County providing an 11,150 square foot easement (Attachment A to the resolution) for underground electrical lines, an electrical transformer, and related equipment. The easement area begins at an entrance on Collins Avenue to a parking lot, continues through the parking lot, and ends at the transformer, located in a maintenance area. It is approximately 10-feet wide and 1,000 feet in length. The only above-ground facility will be the transformer, which has been located in an area out of the public view so that it will not impact adversely the park's aesthetics in accordance with Resolution No. R-504-15.
