RESOLUTION NO. \_\_\_\_\_

RESOLUTION SUPPORTING H.R. 4226 OR SIMILAR  
LEGISLATION THAT WOULD PROVIDE FINANCIAL  
RELIEF FOR FARMERS IMPACTED BY THE ORIENTAL  
FRUIT FLY

**WHEREAS**, on December 10, 2015, U.S. Representatives Carlos Curbelo (R-Florida) and Gwen Graham (D-Florida) introduced H.R. 4226 to provide relief for farmers impacted by the Oriental fruit fly; and

**WHEREAS**, H.R. 4226 would amend the Agriculture Act of 2014 to provide supplemental disaster assistance to producers who have incurred market and production losses of their crop due to a federal or state government quarantine to control the Oriental fruit fly; and

**WHEREAS**, H.R. 4226 would direct the U.S. Secretary of Agriculture to make mandatory funds available from the Commodity Credit Corporation, a government corporation partially tasked with helping to support disaster assistance programs to farmers; and

**WHEREAS**, funds administered via H.R. 4226 would be made available to reimburse eligible farmers and producers that have incurred losses because of an inability to ship their crops to market or from planting and growing their crop due to the quarantine; and

**WHEREAS**, the U.S. Department of Agriculture and the Florida Department of Agriculture and Consumer Services (“FDACS”) have quarantined a 98-square-mile area around the core areas where detections have been made in order to prevent the spread of the fly; and

**WHEREAS**, on September 15, 2015, Florida Commissioner of Agriculture Adam H. Putnam declared a state of agricultural emergency due to the Oriental fruit fly infestation in Miami-Dade County; and

**WHEREAS**, the FDACS has also treated several areas with pesticides, removed fruit from host trees, and set up fly detection systems throughout Miami-Dade County to monitor the infestation; and

**WHEREAS**, the quarantine is expected to last until late February 2016, or when state and federal officials decide to lift the embargo; and

**WHEREAS**, the Oriental fruit fly is considered one of the most invasive and economically costly pests because it attacks more than 430 different fruits, vegetables, and nuts; and

**WHEREAS**, since the first detection of the Oriental fruit fly in August 2015, over 150 flies have been detected in Miami-Dade County; and

**WHEREAS**, the Oriental fruit fly threatens Florida's \$123 billion agriculture industry and, locally, Miami-Dade County's \$1.6 billion industry and 11,000 jobs; and

**WHEREAS**, Miami-Dade County is the state's leader in the production of tropical vegetables, fruits, and ornamental nurseries; and

**WHEREAS**, assistance from the federal government in any capacity to alleviate the economic damage stemming from an Oriental fruit fly infestation will greatly assist both the FDACS and Florida farmers in restoring the health of valued agricultural crops; and

**WHEREAS**, this Board has always supported measures taken to protect economic interests and development in Miami-Dade County,

**NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA**, that this Board:

**Section 1.** Supports H.R. 4226 or similar legislation that would provide financial relief for farmers impacted by the Oriental fruit fly.

**Section 2.** Directs the Clerk of the Board to transmit certified copies of this resolution to U.S. Representatives Carlos Curbelo and Gwen Graham, and the remaining members of the Florida Congressional Delegation.

**Section 3.** Directs the County's federal lobbyists to advocate for the passage of legislation as set forth in Section 1 above, and authorizes and directs the Office of Intergovernmental Affairs to include this item in the 2016 Federal Legislative Package when it is presented to the Board.
