**Subject:** Approval of Recommendation for Award of a Construction Contract for the Westchester Cultural Arts Center, CUA Project No. A13-CUA-01 GOB ESP

## Recommendation

It is recommended that the Board of County Commissioners (Board) approve the award of a contract for the construction of the Westchester Cultural Arts Center (also known as the Westchester Community Arts Center or WCAC) to TGSV Enterprises, Inc. Board approval is required under the County's Economic Stimulus Plan Ordinance (Section 2-8.2.7 of the Code of Miami-Dade County) since the contract award amount exceeds the County's initial base construction estimate by more than ten percent. Committee review is not required in accordance with Section 2-8.2.7 of the Code of Miami-Dade County.

## Delegation of Authority:

The authority of the County Mayor or County Mayor's designee to execute and implement this contract is consistent with those authorities granted under Ordinance No. 08-92 and Resolution No. R-69-12, which added the Westchester Cultural Arts Center project to the approved list of projects contained in the County's Economic Stimulus Plan (ESP).

**Background**

On November 2, 2004, Miami-Dade County voters approved a variety of capital improvement projects through the "Building Better Communities" General Obligation Bond Program. This project A13-CUA-01 (BBC-GOB number 286) is one of the capital improvements projects eligible to be funded by the BBC-GOB Program.

The development of this facility will serve the citizens of the West area of Miami-Dade County with a variety of cultural, educational, recreational, and community activities. District 10 Commissioner Javier D. Souto has been a champion of the project since its inception, advocated for its inclusion in the Building Better Communities General Obligation Bond program approved by Miami-Dade County voters in 2004, and continues to emphasize the importance of building this multi-purpose center to benefit the community and add to the quality of life of the citizens of Miami-Dade County. The architectural, engineering, and specialty consultant team led by Zyscovich, Inc., the top-ranked firm in the architectural and engineering competitive selection process, has produced an imaginative solution for the facility. Construction bids were previously requested and rejected due to difference in bids received and allocated funding. Therefore, the project's original design has been substantially reduced in scope in an effort to align with the allocated funding and the current construction market conditions.

On November 26, 2019, the Department of Cultural Affairs (Department) received eight bids for the solicitation, which was the second solicitation for the construction of this project following a redesign to value engineer certain elements.

Department staff determined that TGSV Enterprises, Inc. was the lowest responsive and responsible bidder with a contract amount of \$7,310,707 which includes:

<b>Contract Amounts:</b>	
Base bid	\$ 6,467,670
Alternate 1	\$ 178,427
<b>Total Bid Amount</b>	<b>\$ 6,646,097</b>
Owner Controlled - Contingency (5%)	\$ 332,305
Dedicated Allowance - Permits (3%)	\$ 199,383
Dedicated Allowance -- Infrastructure (2%)	\$ 132,922
<b>Total Contingency and Dedicated Allowances</b>	<b>\$ 664,610</b>
<b>Total Project Construction Contract award</b>	<b>\$ 7,310,707</b>

TGSV Enterprise, Inc's base bid is \$793,550 dollars or 14% percent above the advertised estimate.

The Department and the Architect of Record have determined that the price is fair and reasonable.

Department staff conducted performance reviews including reference checks, and verification of the contractor's past experience with the County. Information received was satisfactory pursuant to Miami-Dade County standards. TGSV Enterprises Inc has reviews in the Capital Improvements Information System with an average of 2.7 for the past ten (10) years of work with the Miami-Dade County.

A significant modification to fund a portion of the construction contract and related capital costs necessary is a companion item to this construction contract and its approval is a prerequisite to awarding the construction contract.
