

Memorandum

Date: July 8, 2021

Agenda Item No. 8(F)(11)

To: Honorable Chairman Jose "Pepe" Diaz
and Members, Board of County Commissioners

From: Daniella Levine Cava
Mayor

Subject: Recommendation for Approval to Establish a Prequalification Pool for Fuel Service Station Maintenance, Repair and Services

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the establishment of a prequalification pool, *FB-01793, Fuel Service Station Maintenance, Repair and Services*, for multiple County Departments. The current pool, 7809-1/20-1, Removal, Installation, Repair, Maintenance and Testing of Service Station Equipment and Fuel Storage Facilities, was established by the Board on December 7, 2010, through Resolution No. R-1179-10, for an initial term of five years with one, five-year option to renew term and a cumulative allocation of \$32,014,000. The pool was subsequently modified for \$430,000 in additional expenditure authority, as well as extended under delegated authority for an additional six months. At inception, there were six prequalified vendors, of which four had local addresses. The pool currently has five prequalified vendors of which three have local addresses.

This pre-qualification pool will provide for purchase of various services via future price competitions, including but not limited to, the installation, testing, maintenance, and repair services for service stations, facilities, structures, fuel dispensing and storage related equipment, and maintenance of other similar County facilities, used by the Department of Transportation and Public Works, Internal Services Fleet Management Division, Aviation, Corrections and Rehabilitation, Fire Rescue, PortMiami, Parks, and Recreation and Open Spaces, and the Water and Sewer departments.

A companion item is being presented to the Board in parallel to this item, recommending the award of a contract under Groups 1 and 2 of the solicitation. Ten bids were received for Group 3 - prequalification pool, including two "No Bids." Outreach efforts were conducted to encourage robust participation in the solicitation, including checking other agencies for vendors to invite to the solicitation. There were 16,518 vendors notified of the solicitation at advertisement, of which 74 viewed the solicitation. Four vendors are being recommended for prequalification. The prequalification pool will remain open during the term to allow additional qualified vendors to be added, subject to ratification by the Board.

This item is placed for Board review pursuant to Miami-Dade County Code Section 29-124(f)(ii). Because this is a transit-related procurement with a value of more than \$1 million (in the aggregate when you consider this item and the companion item), even though no Charter County Transportation Surtax Funds will be used to pay the costs, the Board may only consider this item if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the issuance of this recommendation. If CITT has not forwarded a recommendation and 45 days have not elapsed since the issuance of this recommendation, a withdrawal of this item will be requested. Further, it should be noted that of the \$6,607,000 being requested in this item, only \$951,300 is for the Transportation and Public Works Department.

Scope

The scope of this item is countywide in nature.

Fiscal Impact/Funding Source

The fiscal impact for the five-year term is \$6,607,000. The allocation under Groups 1 and 2, the companion item, is \$3,813,000, and the cumulative fiscal impact for both items is \$10,420,000. The

current pool, 7809-1/21-1 is valued at \$32,873,525 for a ten-year and six month term and expires on July 31, 2021. The allocation under this replacement pool is consistent with the average usage under the current pool.

Delegated Authority

Upon approval of this item, a pool of prequalified vendors will be established to participate in spot market competitions. The County Mayor or the County Mayor's designee will have the authority to solicit pricing and award contracts up to an aggregate amount of the allocation authorized by the Board. The County Mayor or the County Mayor's designee will also have the authority to (a) exercise all provisions of the solicitation documents and any resulting contracts pursuant to Section 2-8.1 of the County Code and Implementing Order 3-38 and (b) add vendors to the pool at any time, subject to ratification by the Board on a bi-annual basis.

Vendors Prequalified for Pool

Ten vendors responded to the solicitation, including two "No Bids," and four are being recommended for inclusion in the pool as set forth in the table below.

Pursuant to Resolution No. R-477-18, fewer than 75 percent of vendors recommended for inclusion in the pool are local due to a diminished market of service station vendors in the County.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues. The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.

Pursuant to Resolution No. R-140-15, prior to re-procurement, a full review of the scope of services was conducted to ensure the replacement pool reflects the County's current needs. The review included conducting market research, posting a draft solicitation for industry comment, and holding meetings and drafting sessions with the user departments. The scope of services was updated to include changing the scope of work.

Applicable Ordinances and Contract Measures

- The two percent User Access Program provision applies where permitted by the funding source.
- The Small Business Enterprise (SBE) Bid Preference and Local Preference will be applied at the time of spot market competition where permitted by the funding source. An SBE set-aside applies for spot market competition up to \$100,000 where permitted by the funding source when there are three or more SBE-certified firms available.
- The Living Wage does not apply
