Subject: Fiscal Impact Statement for Ordinance relating to Public Works Construction and Permitting in the Incorporated and Unincorporated areas

Permit fees for work in the County's right-of-way, if any, are not a significant part of a project's budget and vary by municipality. It should be noted that most municipalities do not charge permit fees. However, the County is currently required to obtain permits from municipalities including Public Works and Special Events (Police) permits for work on County roads. This results in delays of 30 +/- days for contractors to begin work.

A handwritten signature in blue ink, appearing to be "Jimmy Morales". The signature is written in a cursive, flowing style.
