

Memorandum

Date: December 1, 2021

To: Honorable Chairman Jose "Pepe" Diaz
and Members, Board of County Commissioners

Agenda Item No. 8(G)(2)

From: Daniella Levine Cava
Mayor

Subject: Resolution Authorizing Execution of Agreement Between Miami-Dade County and the State of Florida Department of Health to Provide Public Health Services to the Miami-Dade County Residents for Fiscal Year 2020-21

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing the execution of the agreement between Miami-Dade County and the State of Florida Department of Health (DOH) for one year, from October 1, 2020 to September 30, 2021. The resolution authorizes Miami-Dade County to provide \$1,133,000 in program support to the DOH for public health services to Miami-Dade County residents.

Scope

This agreement provides for public health services to Miami-Dade County residents countywide.

Delegation of Authority

This item requests a delegation of authority to authorize the County Mayor or the County Mayor's designee to execute the contract with the DOH in substantially the form attached to the resolution and, subject to approval by the County Attorney's Office, to execute future agreements for, and apply for, receive, and expend additional funds for Fiscal Year 2020-21 should they become available for the purpose of public health needs in Miami-Dade County.

Fiscal Impact/Funding Source

The Fiscal Year (FY) 2020-21 contract identified a total program cost of \$83,224,089 (Attachment II, Part III of the contract). Funding for the total program cost consists of contributions by the State of Florida totaling \$71,030,281 and \$12,193,808 in local contributions. The State's contribution consists of state and federal revenues totaling \$68,698,656 and various fees and surcharges totaling \$2,331,625. The local contribution includes DOH health services, Medicaid funding and various clinic and laboratory fees totaling \$12,193,808. The County's cash contribution totals \$1,133,000, and is provided by Jackson Health Systems (JHS). The DOH can elect to re-appropriate funding among the different programs with prior contract officer approval, if necessary. The JHS reimbursement methodology and monitoring requirements are detailed under separate agreements between JHS and DOH.

Pursuant to State law, the Board is responsible for approving the DOH revised fee schedule. However, no changes in service fees are recommended in this document. Furthermore, communicable disease and primary care fees are automatically adjusted to, at least, meet the Medicaid reimbursement rate without formal amendment to this contract in accordance with Section 154.06 of the Florida Statutes should such reimbursement be increased or decreased. Other State contributions not reflected in the trust fund budget include immunization, funds for the Bureau of Public Health Laboratories, ADAP and Pharmacy Drug

Program, the Women, Infant and Children (WIC) Program and the annual rental equivalent value of FDOH used space totaling \$90,384,933 (Attachment II, Part II of the contract).

Although not mandated by State Statute, Miami-Dade County has provided building space and insurance coverage for County-owned buildings, furnishings and equipment used by the DOH. These facility leases, when necessary, require Board approval, as appropriate. It is the responsibility of the DOH to obtain insurance coverage for any buildings, furnishings and equipment used by the agency but not owned by Miami-Dade County. The DOH is also responsible for the construction, maintenance, repair and improvements of all buildings, as well as providing utilities, janitorial and custodial services. In addition, the DOH must maintain facilities in compliance with all Federal, State and local regulatory requirements, including the American with Disabilities Act (Attachment VI of the contract).

Track Record/Monitor

The DOH and the County agree to comply with Federal and State laws and regulations, and maintain books, records and documents in accordance with accounting procedures and practices. In addition, the DOH must adhere to State purchasing rules and regulations but may purchase goods and services through the County when feasible.

Background

Chapter 154 of the Florida Statutes requires that the DOH enter into a contract with each county. This contract provides for the Miami-Dade County Department of Health to promote public health, including environmental health services, to control and eradicate preventable diseases and to provide care to specific populations. This contract format is prescribed by the State and establishes a basic legal framework for shared responsibilities between the state DOH and Miami-Dade County. This relationship has evolved over the years from a County-managed Public Health Unit to a large state agency operated entirely by the DOH.

Either party may terminate the agreement without cause upon no less than 180 calendar days notice in writing to the other party. Either party, upon no less than 30 days notice, may terminate the agreement if the other party fails to perform an obligation under the contract. In the event that funds to finance this contract become unavailable, either party may terminate the contract upon no less than 24 hours notice in writing to the other party. Staffing and services may be reduced based on the availability of funds.

This contract is made and entered into between the State of Florida, Department of Health ("State") and the Miami-Dade County Board of County Commissioners ("County"), through their undersigned authorities, effective October 1, 2020.

RECITALS

A. Pursuant to Chapter 154, Florida Statutes, the intent of the legislature is to "promote, protect, maintain, and improve the health and safety of all citizens and visitors of this state through a system of coordinated county health department services."

B. County Health Departments were created throughout Florida to satisfy this legislative intent through "promotion of the public's health, the control and eradication of preventable diseases, and the provision of primary health care for special populations."

C. Miami-Dade County Health Department ("CHD") is one of the created County Health Departments.

D. It is necessary for the parties hereto to enter into this contract in order to ensure coordination between the State and the County in the operation of the CHD.

NOW THEREFORE, in consideration of the mutual promises set forth herein, the sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. RECITALS. The parties mutually agree that the foregoing recitals are true and correct and incorporated herein by reference.

2. TERM. The parties mutually agree that this contract shall be effective from October 1, 2020, through September 30, 2021, or until a written contract replacing this contract is entered into between the parties, whichever is later, unless this contract is otherwise terminated pursuant to the termination provisions set forth in paragraph 8. below.

3. SERVICES MAINTAINED BY THE CHD. The parties mutually agree that the CHD shall provide those services as set forth on Part III of Attachment II hereof, in order to maintain the following three levels of service pursuant to section 154.01(2), Florida Statutes, as defined below:

a. "Environmental health services" are those services which are organized and operated to protect the health of the general public by monitoring and regulating activities in the environment which may contribute to the occurrence or transmission of disease.

Environmental health services shall be supported by available federal, state and local funds and shall include those services mandated on a state or federal level. Examples of environmental health services include, but are not limited to, food hygiene, safe drinking water supply, sewage and solid waste disposal, swimming pools, group care facilities, migrant labor camps, toxic material control, radiological health, and occupational health.

b. "Communicable disease control services" are those services which protect the health of the general public through the detection, control, and eradication of diseases which are transmitted primarily by human beings. Communicable disease services shall be supported by available federal, state, and local funds and shall include those services mandated on a state or federal level. Such services include, but are not limited to, epidemiology, sexually transmissible disease detection and control, HIV/AIDS, immunization, tuberculosis control and maintenance of vital statistics.

c. "Primary care services" are acute care and preventive services that are made available to well and sick persons who are unable to obtain such services due to lack of income or other barriers beyond their control. These services are provided to benefit individuals, improve the collective health of the public, and prevent and control the spread of disease. Primary health care services are provided at home, in group settings, or in clinics. These services shall be supported by available federal, state, and local funds and shall include services mandated on a state or federal level. Examples of primary health care services include, but are not limited to: first contact acute care services; chronic disease detection and treatment; maternal and child health services; family planning; nutrition; school health; supplemental food assistance for women, infants, and children; home health; and dental services.

4. FUNDING. The parties further agree that funding for the CHD will be handled as follows:

a. The funding to be provided by the parties and any other sources is set forth in Part II of Attachment II hereof. This funding will be used as shown in Part I of Attachment II.

i. The State's appropriated responsibility (*direct contribution excluding any state fees, Medicaid contributions or any other funds not listed on the Schedule C*) as provided in Attachment II, Part II is an amount not to exceed \$68,698,656

———— (*State General Revenue, State Funds, Other State Funds and Federal Funds listed on the Schedule C*). The State's obligation to pay under this contract is contingent upon an annual appropriation by the Legislature.

ii. The County's appropriated responsibility (*direct contribution excluding any fees, other cash or local contributions*) as provided in Attachment II, Part II is an amount not to exceed \$1,133,000 (*amount listed under the "Board of County Commissioners Annual Appropriations section of the revenue attachment*).

b. Overall expenditures will not exceed available funding or budget authority, whichever is less, (either current year or from surplus trust funds) in any service category. Unless requested otherwise, any surplus at the end of the term of this contract in the County Health

Department Trust Fund that is attributed to the CHD shall be carried forward to the next contract period.

c. Either party may establish service fees as allowed by law to fund activities of the CHD. The Board approves the CHD fees as part of the budget, IO No. 4-137. Where applicable, such fees shall be automatically adjusted to at least the Medicaid fee schedule.

d. Either party may increase or decrease funding of this contract during the term hereof by notifying the other party in writing of the amount and purpose for the change in funding. If the State initiates the increase/decrease, the CHD will revise the Attachment II and send a copy of the revised pages to the County and the Department of Health, Office of Budget and Revenue Management. If the County initiates the increase/decrease, the County shall notify the CHD. The CHD will then revise the Attachment II and send a copy of the revised pages to the Department of Health, Office of Budget and Revenue Management.

e. The name and address of the official payee to whom payments shall be made is:

County Health Department Trust Fund
Miami-Dade County
8175 NW 12TH ST
Miami, FL 33126

5. CHD DIRECTOR/ADMINISTRATOR. Both parties agree the director/administrator of the CHD shall be a State employee or under contract with the State and will be under the day-to-day direction of the Deputy Secretary for County Health Systems. The director/administrator shall be selected by the State with the concurrence of the County. The director/administrator of the CHD shall ensure that non-categorical sources of funding are used to fulfill public health priorities in the community and the Long Range Program Plan.

6. ADMINISTRATIVE POLICIES AND PROCEDURES. The parties hereto agree that the following standards should apply in the operation of the CHD:

a. The CHD and its personnel shall follow all State policies and procedures, except to the extent permitted for the use of County purchasing procedures as set forth in subparagraph b., below. All CHD employees shall be State or State-contract personnel subject to State personnel rules and procedures. Employees will report time in the Health Management System compatible format by program component as specified by the State.

b. The CHD shall comply with all applicable provisions of federal and state laws and regulations relating to its operation with the exception that the use of County purchasing procedures shall be allowed when it will result in a better price or service and no statewide Department of Health purchasing contract has been implemented for those goods or services. In such cases, the CHD director/administrator must sign a justification therefore, and all County purchasing procedures must be followed in their entirety, and such compliance shall be documented. Such justification and compliance documentation shall be maintained by the CHD in accordance with the terms of this contract. State procedures must be followed for all leases on facilities not enumerated in Attachment IV.

c. The CHD shall maintain books, records and documents in accordance with the Generally Accepted Accounting Principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB), and the requirements of federal or state law. These records shall be maintained as required by the Department of Health Policies and Procedures for Records Management and shall be open for inspection at any time by the parties and the public, except for those records that are not otherwise subject to disclosure as provided by law which are subject to the confidentiality provisions of paragraphs 6.i. and 6.k., below. Books, records and documents must be adequate to allow the CHD to comply with the following reporting requirements:

- i.* The revenue and expenditure requirements in the Florida Accounting Information Resource (FLAIR) System;
- ii.* The client registration and services reporting requirements of the minimum data set as specified in the most current version of the Client Information System/Health Management Component Pamphlet;
- iii.* Financial procedures specified in the Department of Health's Accounting Procedures Manuals, Accounting memoranda, and Comptroller's memoranda;
- iv.* The CHD is responsible for assuring that all contracts with service providers include provisions that all subcontracted services be reported to the CHD in a manner consistent with the client registration and service reporting requirements of the minimum data set as specified in the Client Information System/Health Management Component Pamphlet.

d. All funds for the CHD shall be deposited in the County Health Department Trust Fund maintained by the state treasurer. These funds shall be accounted for separately from funds deposited for other CHDs and shall be used only for public health purposes in Miami-Dade County.

e. That any surplus/deficit funds, including fees or accrued interest, remaining in the County Health Department Trust Fund account at the end of the contract year shall be credited/debited to the State or County, as appropriate, based on the funds contributed by each and the expenditures incurred by each. Expenditures will be charged to the program accounts by State and County based on the ratio of planned expenditures in this contract and funding from all sources is credited to the program accounts by State and County. The equity share of any surplus/deficit funds accruing to the State and County is determined each month and at contract year-end. Surplus funds may be applied toward the funding requirements of each participating governmental entity in the following year. However, in each such case, all surplus funds, including fees and accrued interest, shall remain in the trust fund until accounted for in a manner which clearly illustrates the amount which has been credited to each participating governmental entity. The planned use of surplus funds shall be reflected in Attachment II, Part I of this contract, with special capital projects explained in Attachment V.

f. There shall be no transfer of funds between the three levels of services without a contract amendment unless the CHD director/administrator determines that an emergency exists wherein a time delay would endanger the public's health and the Deputy Secretary for County Health Systems has approved the transfer. The Deputy Secretary for County Health Systems shall forward written evidence of this approval to the CHD within 30 days after an emergency transfer.

g. The CHD may execute subcontracts for services necessary to enable the CHD to carry out the programs specified in this contract. Any such subcontract shall include all aforementioned audit and record keeping requirements.

h. At the request of either party, an audit may be conducted by an independent CPA on the financial records of the CHD and the results made available to the parties within 180 days after the close of the CHD fiscal year. This audit will follow requirements contained in OMB Circular A-133 and may be in conjunction with audits performed by County government. If audit exceptions are found, then the director/administrator of the CHD will prepare a corrective action plan and a copy of that plan and monthly status reports will be furnished to the contract managers for the parties.

i. The CHD shall not use or disclose any information concerning a recipient of services except as allowed by federal or state law or policy.

j. The CHD shall retain all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this contract for a period of five (5) years after termination of this contract. If an audit has been initiated and audit findings have not been resolved at the end of five (5) years, the records shall be retained until resolution of the audit findings.

k. The CHD shall maintain confidentiality of all data, files, and records that are confidential under the law or are otherwise exempted from disclosure as a public record under Florida law. The CHD shall implement procedures to ensure the protection and confidentiality of all such records and shall comply with sections 384.29, 381.004, 392.65 and 456.057, Florida Statutes, and all other state and federal laws regarding confidentiality. All confidentiality procedures implemented by the CHD shall be consistent with the Department of Health Information Security Policies, Protocols, and Procedures. The CHD shall further adhere to any amendments to the State's security requirements and shall comply with any applicable professional standards of practice with respect to client confidentiality.

l. The CHD shall abide by all State policies and procedures, which by this reference are incorporated herein as standards to be followed by the CHD, except as otherwise permitted for some purchases using County procedures pursuant to paragraph 6.b.

m. The CHD shall establish a system through which applicants for services and current clients may present grievances over denial, modification or termination of services. The CHD will advise applicants of the right to appeal a denial or exclusion from services, of failure to take account of a client's choice of service, and of his/her right to a fair hearing to the final governing authority of the agency. Specific references to existing laws, rules or program manuals are included in Attachment I of this contract.

n. The CHD shall comply with the provisions contained in the Civil Rights Certificate, hereby incorporated into this contract as Attachment III.

o. The CHD shall submit quarterly reports to the County that shall include at least the following:

- i.* The DE385L1 Contract Management Variance Report and the DE580L1 Analysis of Fund Equities Report;
- ii.* A written explanation to the County of service variances reflected in the year end DE385L1 report if the variance exceeds or falls below 25 percent of the planned expenditure amount for the contract year. However, if the amount of the service specific variance between actual and planned expenditures does not exceed three percent of the total planned expenditures for the level of service in which the type of service is included, a variance explanation is not required. A copy of the written explanation shall be sent to the Department of Health, Office of Budget and Revenue Management.

p. The dates for the submission of quarterly reports to the County shall be as follows unless the generation and distribution of reports is delayed due to circumstances beyond the CHD's control:

- i.* March 1, 2021 for the report period October 1, 2020 through December 31, 2020;
- ii.* June 1, 2021 for the report period October 1, 2020 through March 31, 2021;

- iv.* December 1, 2021 for the report period October 1, 2020 through September 30, 2021.

7. FACILITIES AND EQUIPMENT. The parties mutually agree that:

a. CHD facilities shall be provided as specified in Attachment IV to this contract and the County shall own the facilities used by the CHD unless otherwise provided in Attachment IV.

b. The County shall ensure adequate fire and casualty insurance coverage for County-owned CHD offices and buildings and for all furnishings and equipment in CHD offices through either a self-insurance program or insurance purchased by the County.

c. All vehicles will be transferred to the ownership of the County and registered as County vehicles. The County shall ensure insurance coverage for these vehicles is available through either a self-insurance program or insurance purchased by the County. All vehicles will be

used solely for CHD operations. Vehicles purchased through the County Health Department Trust Fund shall be sold at fair market value when they are no longer needed by the CHD and the proceeds returned to the County Health Department Trust Fund.

8. TERMINATION.

a. Termination at Will. This contract may be terminated by either party without cause upon no less than one-hundred eighty (180) calendar days notice in writing to the other party unless a lesser time is mutually agreed upon in writing by both parties. Said notice shall be delivered by certified mail, return receipt requested, or in person to the other party's contract manager with proof of delivery.

IT IS FURTHER MUTUALLY UNDERSTOOD AND AGREED BY THE RESPECTIVE PARTIES HERETO:

ARTICLE I

USE OF DEMISED PREMISES

The area of the demised premises shall be used by TENANT solely for the provision of health care services.

ARTICLE II

CONDITION OF PREMISES

TENANT hereby accepts the premises in the condition they are in at the beginning of this Lease.

ARTICLE III

UTILITIES

The TENANT, during the term hereof, shall pay all charges for water, waste disposal, electricity and all other utilities used by the TENANT.

ARTICLE IV

MAINTENANCE

TENANT agrees to maintain and keep in good repair, condition, and appearance, during the term of this Lease or any extension or renewal thereof, the leased premises, and the following:

Existing interior furnishings;
Interior and exterior of buildings;

Plumbing and electrical lines and equipment;

TENANT shall be responsible for and shall repair any damage caused to the premises as a result of TENANT's use of the premises. LANDLORD shall notify TENANT after discovering any damage which TENANT is responsible for repairing and TENANT shall make the necessary repairs promptly after said notice.

ARTICLE V
ALTERATIONS BY TENANT

The TENANT may make alterations, additions or improvements in or to the premises as may be required for the operation of its program as described in Article I without the written consent of the LANDLORD. All additions, fixtures or improvements, except but not limited to store and office furniture and fixtures, exclusive of furnishings provided by the LANDLORD, which are readily removable without injury to the premises, shall have title vested to the LANDLORD without any compensation due the TENANT and remain a part of the premises at the expiration or cancellation of this Lease. However, prior to title so vesting, the LANDLORD and the TENANT may attempt to negotiate another use for the premises acceptable to the LANDLORD and compatible with the area. Subject to the above, any carpeting and removable partitions installed by the TENANT within the demised premises shall remain the TENANT'S property and may be removed by the

The TENANT understands, recognizes, and warrants to the best of its knowledge that all common areas are, and shall at all times be maintained, in accordance with the requirements for disabled individuals contained in the Americans with Disabilities Act of 1990 (the "ADA") and Section 553.501 et seq. of the Florida Statutes, as presently written and as may be hereafter amended.

The TENANT further warrants that the demised premises and access thereto, including but not limited to rest rooms, hallways, entryways to the street and accessible parking, if parking is provided under the Lease, shall be in compliance with the accessibility standards for government programs contained in the ADA requirements of Section 553.501 et seq. of the Florida Statutes. If either the Leased Premises or the Leased Buildings are partially damaged due to TENANT's negligence, but not rendered unusable

for the purposes of this Lease Agreement, the same shall with due diligence be repaired by TENANT from proceeds of the insurance coverage and/or at its own cost and expense. If the damage shall be so extensive as to render such premises unusable for the purposes intended, but capable of being repaired within thirty (30) days, the damage shall be repaired with due diligence by TENANT from the proceeds of the insurance coverage policy and/or at its own cost and expense. In the event that said premises are completely destroyed due to TENANT's negligence, TENANT shall repair and reconstruct the premises so that they equal the condition of the premises on the date the premises was destroyed. In lieu of reconstructing, TENANT can elect to reimburse LANDLORD all expenses incurred by LANDLORD in restoring the premises to their original condition on the date that the premises was destroyed. This election of remedies shall be at the sole discretion of TENANT.

In the event the Leased Premises or the Leased Buildings are damaged (either partially or completely) by any cause other than TENANT's negligence, the damage shall be repaired with due diligence by LANDLORD, at the LANDLORD's cost and expense.

ARTICLE VIII **ASSIGNMENT**
