Mayor

Resolution Awarding Contract S-980 to Comtech Engineering Inc. with a Total **Subject:**

> Contract Amount of \$5,396,975.40 and a Total Contract Term of 341 Calendar Days for a Project for the Southern District Wastewater Treatment Plant Onsite Sodium

Hypochlorite Generation Tank No. 2 Repairs

EXECUTIVE SUMMARY

The attached resolution is seeking Board of County Commissioners (Board) approval for the award of Contract S-980 (Contract) to Comtech Engineering, Inc. (Comtech) with a total contract amount not to exceed \$5,396,975.40 and a total contract term of 341 calendar days for a project entitled Southern District Wastewater Treatment Plant (SDWWTP) Onsite Sodium Hypochlorite Generation Tank No. 2 Repair. This project will restore capacity at the SDWWTP required by the plant operating permit. WASD first requested quotations for this project under the 7040 MCC Plan in September 2021 and received no bids. In January 2022, WASD requested quotations under the 7360 program and received only one bid from Comtech. Because the bid was above the Engineer of Record's estimate, the resulting Contract was not eligible to be awarded under the MCC program and is being presented for the Board's approval through this item.

RECOMMENDATION

It is recommended that the Board approve the attached resolution: (1) awarding Contract No. S-980 with a total compensation amount of \$5,396,975.40 and a total contract term of 341 days including a 31-day contingency period; and (2) authorizing the County Mayor or County Mayor's designee to use the Miami-Dade Water and Sewer Department (WASD) Consent Decree and Capital Improvement Programs Acceleration Ordinance, Section 2-8.2.12 of the Miami-Dade County Code (WASD Acceleration Ordinance) to manage this Contract.

DELEGATION OF AUTHORITY

Upon Board approval of this item, the County Mayor or County Mayor's designee may exercise all provisions, including the termination provisions, within the Contract. In addition, the County Mayor or County Mayor's designee will manage this Contract pursuant to the WASD Acceleration Ordinance, which delegates authority to the County Mayor or County Mayor's designee to, among other things, negotiate and settle claims and execute change orders that do not exceed ten percent (10%) of the base contract amount, subject to ratification by the Board.

PROJECT BACKGROUND

The SDWWTP was originally designed with three above ground sodium hypochlorite solution storage tanks as part of its sodium hypochlorite generation process. This process is required to disinfect wastewater effluent. In particular, the sodium hypochlorite generation process is required by the SDWTTP's state operational permit.

Production and storage of sodium hypochlorite is critical for the daily operation and treatment process at SDWWTP. The SDWTTP currently operates with 66% storage capacity, specifically 2 out of 3 tanks are operational. The reduced storage capacity increases the risk of running out of sodium hypochlorite which may result in a violation of the disinfection requirements in the plant operational permit.

The third storage tank – Concrete storage Tank No. 2 (CS2) – was constructed in 2012 as part of the original construction of the SDWTTP to store the necessary sodium hypochlorite solution. Since its construction, CS2 has reported leaks on multiple occasions. Repairs were performed on CS2 several times, but leaks continued. Consequently, CS2 has been out of service since November 2017. As a result, the County retained Wiss, Janney, Elstner Associates, Inc. (WJE), an engineering firm focused on conducting failure and damage investigation, to identify the causes of the leaks and to make recommendations on how to repair CS2. In February 2019, WJE, concluded its forensic investigation and identified that the cause of the leaks was the use of incorrect materials in the pipes and tank lining and recommended specific repairs be made to CS2. The cause of the leaks and the use of the noncompatible materials was the subject of dispute among the original designer, the construction contractor, and the County. As a result, the County received redress payments from the original designer and the construction contractor as part of Settlement Agreements approved by the Board on October 29, 2019, via resolution R-1149-19.

The repair of CS2 is overdue, and SDWWTP urgently needs this tank to be operational to ensure adequate sodium hypochlorite storage capacity and proper disinfection of wastewater effluent.

Under the Contract, Comtech will perform the repairs identified by WJE. The repairs of CS2 will consist of internal and external full depth concrete repairs, concrete embedment of passive sacrificial cathodic protection anodes to avoid future corrosion, remove/replace entire tank interior undercoating, recoating of tank exterior, installation of a new flexible PVC membrane liner and modifications to the tank floor slope including relocation of the drain and leak detection system.

PROJECT NAME: Southern District Onsite Sodium Hypochlorite Generation Tank No. 2 Repair

CONTRACT NO.: S-980

PROJECT DESCRIPTION:

The project consists of furnishing all materials, labor, and equipment necessary to complete the following tasks:

- 1. Demolish and bypass existing sodium hypochlorite piping
- 2. Repair and rehab Sodium Hypochlorite Tank No. 2 exterior and interior
- 3. Reinstall sodium hypochlorite piping to its permanent location and reinstall the flow meter, instrumentation, valving, blowers, and pipe supports.
- 4. Relocate the sodium hypochlorite leak detection sensor
- 5. All other miscellaneous tasks necessary to delivering a complete, satisfactory, and functional installation of a repair Sodium Hypochlorite Tank No. 2.

SEA LEVEL RISE (Ord. No. 14-79): Not applicable to repairs of tank inside of an existing structure.

SUSTAINABLE BUILDINGS ORDINANCE: (Ord. No. 07-65)

This project does not qualify for compliance with the Sustainable Buildings Ordinance.

TRACK RECORD / MONITOR/SBD HISTORY OF VIOLATIONS:

The Business Workforce Management System shows no workforce composition reports have been submitted on Comtech. (See BMWS Report, Attached as Exhibit C).

BID HISTORY AND EXPLANATION:

To encourage small business development, in September 2021, WASD requested quotations for the repairs of CS2 in an open and competitive solicitation under the 7040 MCC Plan. The advertisement elicited no responses. In January 2022, WASD requested quotations for the repairs in an open and competitive solicitation under the 7360 MCC Plan. On April 1, 2022, WASD received and opened one (1) bid for a total contract amount of \$5,396,975.40. Because the bid received exceeded the \$5 million MCC threshold, the

resulting Contract was not eligible to be awarded under the MCC program and was advanced as Construction Contract S-980. (See Bid Tabulation, attached as Exhibit D), summarized as follows:

| Company Name | Base Bid | Total Bid |
|--------------------------|----------------|----------------|
| Comtech Engineering Inc. | \$4,364,580.00 | \$5,396,975.40 |

Comtech was the lowest responsive and responsible bidder. The Comtech bid was evaluated by the Engineer of Record (EOR), who recommended awarding the contract. See Exhibit E, attached hereto. The Small Business Division of the Internal Services Department (ISD) reviewed the project for compliance with the Small Business Enterprise Construction and Goods & Services programs and found Comtech to be compliant. See Exhibit F, attached hereto.

According to ISD's Capital Improvements Information System (CIIS) database, Comtech has 57 evaluations with an average evaluation of 3.5 out of 4. See Exhibit G, attached hereto. The Contract, Non-Collusion Affidavit, and the Vendor Affidavits Form executed by Comtech are attached hereto as Exhibit H, Exhibit I and Exhibit J, respectively.

It is recommended that the project be awarded to Comtech as the lowest responsible and responsive bidder, whose base bid of \$4,364,580.00 is approximately 71.8% above the EOR's base estimate of \$2,540,368.00.

The EOR developed its cost estimate using the WJE estimated costs from 2019 with an escalator to 2022. The EOR escalator did not adequately predict the economic impacts of the pandemic on the industry.

The difference between the engineer's estimate and the low bid is primarily the result of:

- The increased costs for construction materials and labor since March 2021, which is when the EOR's last cost estimate was prepared. The escalation rate did not appropriately anticipate the increased costs in qualified labor, material availability, equipment costs, and supply chain issues;
- The significantly higher contractor price for the interior coating system;
- The higher contractor price for the new liner system;
- The exorbitantly 46% higher cost of the interior liner.

Based on the current market conditions WASD anticipates prices will continue to rise. Due to the criticality of the Project, WASD recommends the Board approve the award of this Contract.

Reasons for Recommendation

SMALL BUSINESS ENTERPRISE - CONSTRUCTION (SBE-Con)

SBD reviewed this project pursuant to Implementing Order(s) 3-22 and 3-41 for SBE-Con and SBE-Goods measures. Project information analyzed included the project's scope of services, minimum requirements/qualifications and funding source. An attempt was made to assign this project a Set-Aside measure; however, three or more firms did not respond to the Verification of Availability to Bid as being able to meet the project's requirements.

An analysis of the factors contained in Implementing Order 3-22 indicates an 11.18% Small Business Enterprise - Construction (SBE-Con) subcontractor goal is appropriate for the trades of: Site Preparation Contractors (11.18%-Demolition-11.18%).

Please Note: This project was formerly Project No. P0265 which was cancelled and converted (with no changes to the scope or project estimate) to S-980 in order to proceed with award since the repairs are needed and one (1) bid received exceeded the \$5M MCC amount. The Department is requesting that the P0265 worksheet be re-issued for S-980 with the same goals.

SMALL BUSINESS ENTERPRISE - GOODS (SBE - Goods)

An analysis of the factors contained in section VIII. B. of Implementing Order 3-41 & Ordinance 14-41 indicates a 4.00% SBE -Goods Subcontractor goal is appropriate in the commodity area of Pipe and Tube Fittings (4.00%) (65900).

Bid Evaluation

Date: April 25, 2022 Jacobs Engineering Group Inc.

Project: SDWWTP Sodium Hypochlorite Tank No. 2 - RPQ# P0265 3150 SW 38th Avenue – Suite 700

PCTS No: 16053 Miami, FL 33146 United States

Attention: Johnny Ceballos, P.E.

Company: Miami-Dade Water and Sewer Department (WASD):

Prepared by: Jacobs
Copies to: File

www.jacobs.com

Background

The South District Wastewater Treatment (SDWWTP) On-Site Sodium Hypochlorite (OSHG) Facility was designed with three above ground sodium hypochlorite solution storage tanks as part of its sodium hypochlorite generation process. Sodium hypochlorite provides disinfection of wastewater effluent as required by the plant's state operational permit.

Concrete storage Tank No. 2 was constructed to store sodium hypochlorite solution, it has reported leaks since its construction in 2012 and through November 2017. Storage Tank No. 2 is currently out of service after repairs were performed in 2013 and 2016. A forensic investigation of the tank was completed in February 2019 by Wiss, Janney, Elstner Associates Inc (WJE) identifying the causes of the leaks and recommendations to repair storage Tank No. 2.

The repairs of storage Tank No. 2 consist of internal and external full depth concrete repairs, concrete embedment of passive sacrificial cathodic protection anodes to avoid future corrosion, remove/replace entire tank interior undercoating, recoating of tank exterior, installation of a new flexible PVC membrane liner and modifications to the tank floor slope including relocation of the drain and leak detection system.

Production and storage of sodium hypochlorite is critical for the daily operation and treatment process at SDWWTP. The OSHG Facility currently operates with 66% storage capacity (2 out of 3 tanks), the reduced storage capacity increases the risk of running out of sodium hypochlorite which may result in a permit violation related to disinfection requirements. The repair of Concrete Tank No. 2 is overdue, and operations staff urgently needs this tank to be operational to ensure adequate sodium hypochlorite storage capacity.

Bid Evaluation

One bid was received on April 1, 2022 from Comtech Engineering, Inc. (Comtech) for the referenced subject project. The bid price was submitted on the quotation form required by the Request for Quotation (RPQ). The received bid was higher than the engineer's cost estimate prepared by Jacobs. The base bid (not including allowances) submitted by the bidder is \$4,364,580. By comparison, the engineer's base estimate for the subject project was \$2,540,099. The received bid is 71.8% above the engineer's base cost estimate.

Jacobs has reviewed the bid and contract documents, below are the following comments:

 References were not provided in the bid document, so therefore no contact was made to verify Comtech's performance and quality of work on prior projects.

- Costs for construction materials and labor has greatly increased since the time last engineer's
 estimate update due to the impacts of the COVID pandemic on qualified labor, materials,
 equipment costs and supply chain issues. Consequently, we are seeing unit prices vary widely
 from Jacobs' previous estimates for this project.
- The proposed liner system is from Flexi-Liner which is the firm Jacobs coordinated with extensively during the design phase and received cost information. The information provided with the bid is consistent with Jacobs' specifications for the interior liner. The interior liner bid (item 6) is \$326,000. This interior liner system cost is 46% (\$103,249) higher than the engineer's estimate of \$222,751.
- The removal and installation of new interior coating system is proposed to be performed by Champion, a specialty contractor that installs specialty coatings around the country. The information provided with the bid is consistent with Jacobs' specifications for the interior coating. The interior and exterior coating bid (item 3) is \$1,890,000 of which, the sub proposal for the interior coating appears to be approximately \$1,560,000. The interior coating system cost compares to Jacobs' construction costs estimate of approximately \$293,258. Jacobs used the unit cost provided in the WJE report with some escalation. It should be recognized that the WJE report assumed a repair approach to the coating. The approach in the bid documents was to remove and replace the entire coating. Consideration could be given to doing a repair of the coating in areas where we are not doing concrete repairs which should reduce the coating costs through negotiations with the Contractor (Comtech).
- The unit cost of the concrete repairs bid (item 4) is \$827.50 per cubic foot. The engineer's estimate was approximately \$1,620 per cubic foot.
- The unit cost for Item epoxy injection bid (item 5) is \$780 per lineal foot. The engineer's estimate was approximately \$230 per lineal foot.

Summary and Recommendation

The difference between the engineer's estimate and the low bid is primarily the result of:

- The subject contract was advertised previously by Miami-Dade Water and Sewer Department (WASD) in November 2021 and no bids were received. During the second bid advertisement and as noted above, one bid was received which limits the ability to evaluate market competition for the subject work.
- Costs for construction materials and labor has greatly increased since the time of Jacobs last cost estimate update due to the impacts of the pandemic on qualified labor, material availability, equipment costs, and supply chain issues.
- The significantly higher contractor price for the interior coating system (bid item 3).
- The higher contractor price for the new liner system (bid item 6).

The recommendation is to proceed with awarding the subject construction contract based on the following:

- Delaying the project may result in Comtech's bid price being no longer valid resulting in a third re-bid advertisement.
- Discuss the scope of work with the Contractor to identify any potential value engineering opportunities based on their means and methods to perform the work. This may open areas to negotiate scope elements in the contract (i.e. modified approach to the interior coating system).

Memorandum

- The impacts to construction costs since Jacobs' original estimate continue to plague the industry suggesting pricing will not likely reduce with another bid cycle. In addition, signs of increased inflation could drive prices up even further.
- Production and storage of sodium hypochlorite is critical for the daily operation and treatment process at the South District WWTP. The repair of Concrete Tank No. 2 is overdue, and operations staff urgently needs the storage capacity.
- The need to repair the other two existing concrete storage tanks at the SDWWTP OSHG Facility.

DATE:

April 26, 2022

Memorandum

TO:

Paul Adams, Manager Construction Contracts Water & Sewer Department

FROM:

Gary Hartfield, Division Director

Internal Services Department

Small Business Development

SUBJECT:

Compliance Review

Project No. P0265 (S-980)

S.D. Onsite Sodium Hypochlorite Generation Tank No. 2 Repair.

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with the Small Business Enterprise Construction (SBE-Con) and SBE-Goods & Services (SBE-G & S) programs. The contract measures established for this project are a 11.18% SBE-Construction and 4.00% SBE-Goods subcontractor goals.

The Miami-Dade Water and Sewer Department has submitted contract documents that included the Certificate of Assurance for the firm listed below acknowledging the project's SBE measures. The referenced firm also submitted the Utilization Plan (UP) identifying the SBE subcontractors to fulfill the goals via the Business Management Workforce System (BMWS) and the following is their pre-award compliance status and summary.

FIRM:

STATUS:

Comtech Engineering, Inc.

Compliant

SUMMARY:

Comtech Engineering, Inc. (#1), a certified, SBE-Con firm, committed to perform 50% of the concrete restoration with its own forces at 5.59%. Comtech Engineering, Inc. also committed to utilize SCR Mechanical, LLC., a certified, SBE-Con firm to perform mechanical pipe bypass and new pipe installation work at 5.59% in satisfaction of the 11.18% SBE-Con subcontractor goal. The Utilization Plan submitted by Comtech Engineering, Inc. and confirmed by the subcontractor was approved pursuant to the firm's commitment to achieve the 11.18% SBE-Con goal. Comtech Engineering, Inc. is utilizing SCR Mechanical, LLC at 0.25% for a total SBE-Con goal of 11.43% to fulfill the entire SBE-Con Goal Deficit Make-Up requirement as listed on the April 25, 2022 Compliance Report of Open and Small Business Wage and/or Workforce Violations in the last three (3) years.

The Utilization Plan submitted by Comtech Engineering, Inc. was confirmed by the subcontractors and approved pursuant to the firm's commitment to achieve the 11.18% SBE-Con goal.

Comtech Engineering, Inc. also committed to utilize Corcel Corp., a certified SBE-G & S firm, to provide mechanical materials at 4.00% in satisfaction of the 4.00% SBE-Goods subcontractor goal. The Utilization Plan submitted by Comtech Engineering, Inc. was confirmed by the subcontractor and approved pursuant to the firm's commitment to achieve the 4.00% SBE-Goods goal.

Comtech Engineering, Inc. in compliance with the 11.18% SBE-Con and 4.00% SBE-Goods goals established for this contract. Comtech Engineering, Inc. is deemed compliant with Implementing Orders 3-22 and 3-41 governing the SBE-Con and SBE-G & S programs respectively.

Please be reminded that SBD staff reviewed and addressed compliance with the SBE-Con, SBE-G & S measures. The Contract and Specifications Section of the Miami-Dade Water and Sewer Department is responsible for any other issues that may exist. Should you have any questions or need any additional information, please do not hesitate to call Caesar E. Suarez, SBD Capital Improvement Project Specialist at (305) 375-3141.

CONTRACT

| THIS CONTRACT, m | ade and entered | into on the | | day |
|------------------------------|--------------------|-----------------------|------------------|-----------------|
| of | , 20 | , by and between | Miami-Dade | County, Florida |
| acting by and through the Of | fice of the Mayor, | party of the first pa | ırt (hereinafteı | sometimes |
| called the "County"), and | Comtech Engin | eering, Inc. | , part | y of the second |
| part (hereinafter sometimes | called "Contractor | ···); | | |
| | WITNI | ESSETH | | |

That the parties hereto, for and in consideration of the covenants and agreements hereinafter set forth, mutually agree as follows, to wit:

 That the Contractor shall furnish all labor, materials and equipment and perform all work in the manner and form provided by the Contract Documents covering the Project of the County known and identified as

"ONSITE SODIUM HYPOCHLORITE GENERATION (OSHG) SODIUM HYPOCHLORITE TANK NO. 2 REPAIR, CONTRACT NO. S-980"

for the aggregate amount reflected by the Proposal, said aggregate amount being of <u>Five Million Three Hundred Ninety Six Thousand Nine Hundred Seventy Five Dollars and Forty Cents (U.S. Dollars)</u> \$5,396,975.40.

- 2. That the Contractor shall begin the work to be performed under this Contract on a day to be specified in a written order issued by the Engineer, and shall fully complete all work hereunder within the time or times stated in the Proposal.
- 3. That the County shall pay to the Contractor for the faithful performance of this Contract, in lawful money of the United States, and subject to additions and deductions as provided in the Contract Documents, the total amount of the Proposal as set forth above at the times and in a manner stated in the General Covenants and Conditions of the Contract Documents.
- 4. It is further mutually agreed that if at any time after the execution of this Contract, Surety Performance and Payment Bond, the County shall deem the surety upon such bonds to be unsatisfactory, or if for any reason such bond shall become inadequate to cover the performance of the work, the Contractor shall at its own expense, within five (5) days after the receipt of notice from the County to do so, furnish an additional bond or bonds in such form and amount and with such surety or sureties as shall be satisfactory to the County. In such event, no further payment to the Contractor shall be deemed to be due under this Contract until such new or additional security shall have been furnished in a manner and form satisfactory to the County.
- 5. The "Contract Documents" are hereby defined as the Questionnaire, the Advertisement for Bids, the Instructions to Bidders, the terms and conditions of the MCC 7360 Plan, the Quotation Form, the Certified Resolution (Proposal/Prescribed Bid Bond), the Prescribed Bid Bond, the Contract, the Surety Performance and Payment Bond, the Certified Resolution (Contract/ Surety Performance and Payment Bond), the General Terms and Conditions, the Supplemental General Terms and Conditions, Special Provisions, the Supplemental General Conditions (if Ordinance 90-143 is applicable) including Wage and Benefit Schedules, the Specifications, the Plans, any Addenda which may be issued, the Subcontractor /Supplier Listing Form (Ordinance 97-104 as amended by Ordinance 00-30), the Reporting

S-980 Page 1 of 3

CONTRACT

Subcontracting Policies and Procedures (Ordinance 98 -15 9), the Small Business Enterprise Programs Participation Provisions and Forms (if applicable), and the provisions for the following: Vendors Affidavit (Uniform County Affidavits); Criminal Record (Felony) (as amended by Ordinance 00-30; Community Workforce Program County Code Section 2-1701, Office of Miami-Dade County Inspector General (IG) (if Ordinance 97-215 as amended by Ordinance 99-15 is applicable); Sworn Statement — Public Entity Crimes [Florida Statute Sect. 287.133 (3) (a)]; Change Orders; Notice to Proceed, Referenced Codes and Standards, Warranties and Guarantees, all related correspondence, field notes, logs, and other documents.

The General Terms and Conditions of said Contract Documents are incorporated herein by reference and made a part hereof as though fully set forth herein. The Contract Documents are complementary, so that a recital in one is tantamount to a recital in all, and the Contractor specifically acknowledges that it has read and understands all of said Contract Documents.

- 6. The various indemnities of the Contractor contained in the Contract Documents indemnifying the County from liability for damages to persons or property caused by acts, omissions, or defaults in the performance of the Contract Documents shall have a monetary limitation of the larger of the following: \$1,000,000.00, or the entire amount of the Contract.
- 7. The County retains the right to audit any and all information regarding this Contract as described in the General Covenants and Conditions, Section 41 "Audit Rights and Review of Records".
- Notwithstanding and prevailing over any other provision of the Contract Documents to the contrary, the County Mayor or Mayor's designee's, may exercise the provisions of Section 2-8.2.12 (4)(d) and (e) of the Code of Miami-Dade County. Any change orders or amendments shall not exceed 10 percent of the base contract price in cumulative percentage amount; provided however, that the foregoing limitation shall not apply to any change order or amendment related to emergency actions impacting remediation, public safety, health requirements or recovery from natural disaster and the foregoing change orders and amendments shall require ratification by the Board; provided further that the County Mayor or his designee may reduce in any amount the scope and compensation payable under this Contract and grant compensable and non-compensable time extensions thereunder. Pursuant to Section 2-8.2.12 (5), the County Mayor or the County Mayor's designee's award and execution of this Contract is subject to ratification by the Board of County Commissioners. If the Mayor or the Mayor's designee's action is not ratified, and such legislative action becomes final, this Contract shall be deemed terminated without further notice. In such event, the Contractor shall not be entitled to recovery of any lost profits or other consequential or indirect damages. However, the Contractor is eligible for payment for any work done prior to failure of the ratification, in accordance with General Terms and Conditions Article 11.D(1) Termination for Convenience.

1. MIAMI-DADE COUNTY OWNERSHIP DISCLOSURE AFFIDAVIT

(Sec. 2-8.1 of the Miami-Dade County Code)

Firms registered to do business with Miami-Dade County, shall require the person contracting or transacting such business with the County to disclose under oath his or her full legal name, and business address. Such contract or transaction shall also require the disclosure under oath of the full legal name and business address of all individuals having any interest (legal, equitable, beneficial or otherwise) in the contract other than subcontractors, materialmen, suppliers, laborers or lenders. Post office box addresses shall not be accepted hereunder. If the contract or business transaction is with a corporation the foregoing information shall be provided for each officer and director and each stockholder holding, directly or indirectly, five (5) percent or more of the outstanding stock in the corporation. If the contract or business transaction is with a partnership, the foregoing information shall be provided for each partner. If the contract or business transaction is with a trust, the foregoing information shall be provided for the trustee and each beneficiary of the trust. The foregoing disclosure requirements shall not apply to contracts with publicly-traded corporations, or to contracts with the United States or any department or agency thereof, the State or any political subdivision or agency thereof, or any municipality of this State. Use duplicate page if needed for additional names.

If no officer, director or stockholder owns (5%) or more of stock, please write "None" below.

3. MIAMI-DADE COUNTY EMPLOYMENT DRUG-FREE WORKPLACE CERTIFICATION

(Section 2-8.1.2(b) of the Miami- Dade County Code)

All persons and entities that contract with Miami-Dade County are required to certify that they will maintain a drug-free workplace and such persons and entities are required to provide notice to employees and to impose sanctions for drug violations occurring in the workplace.

In compliance with Ordinance No. 92-15 of the Code of Miami-Dade County, the above named firm is providing a drug-free workplace. A written statement to each employee shall inform the employee about:

- 1. Danger of drug abuse in the workplace
- 2. The firms' policy of maintaining a drug-free environment at all workplaces
- Availability of drug counseling, rehabilitation and employee assistance programs
- 4. Penalties that may be imposed upon employees for drug abuse violations

The firm shall also require an employee to sign a statement, as a condition of employment that the employee will abide by the terms of the drug-free workplace policy and notify the employer of any criminal drug conviction occurring no later than five (5) days after receiving notice of such conviction and impose appropriate personnel action against the employee up to and including termination. Firms may also comply with the County's Drug Free Workplace Certification where a person or entity is required to have a drug-free workplace policy by another local, state or federal agency, or maintains such a policy of its own accord and such policy meets the intent of this ordinance.

4. MIAMI-DADE COUNTY DISABILITY AND NONDISCRIMINATION AFFIDAVIT

(Article 1, Section 2-8.1.5 Resolution R182-00 Amending R-385-95 of the Miami-Dade County Code)

Firms transacting business with Miami-Dade County shall provide an affidavit indicating compliance with all requirements of the Americans with Disabilities Act (A.D.A.).

I, state that this firm, is in compliance with and agrees to continue to comply with, and assure that any subcontractor, or third party contractor shall comply with all applicable requirements of the laws including, but not limited to, those provisions pertaining to employment, provision of programs and services, transportation, communications, access to facilities, renovations, and new construction.

The American with Disabilities Act of 1990 (A.D.A.), Pub. L. 101-336, 104 Stat 327, 42 U.S.C. Sections 225 and 611 including Titles I, II, III, IV and V.

The Rehabilitation Act of 1973, 29 U.S.C. Section 794

The Federal Transit Act, as amended, 49 U.S.C. Section 1612

The Fair Housing Act as amended, 42 U.S.C. Section 3601-3631

I, hereby affirm that I am in compliance with the below sections:

Section 2-10.4(4)(a) of the Code of Miami-Dade County (Ordinance No. 82-37), which requires that all properly licensed architectural, engineering, landscape architectural, and land surveyors have an affirmative action plan on file with Miami-Dade County.

Section 2-8.1.5 of the Code of Miami-Dade County, which requires that firms that have annual gross revenues in excess of five (5) million dollars have an affirmative action plan and procurement policy on file with Miami-Dade County. Firms that have a Board of Directors that are representative of the population make-up of the nation may be exempt.

5. MIAMI-DADE COUNTY DEBARMENT DISCLOSURE AFFIDAVIT

(Section 10.38 of the Miami-Dade County Code)

Firms wishing to do business with Miami-Dade County must certify that its contractors, subcontractors, officers, principals, stockholders, or affiliates are not debarred by the County before submitting a bid.

I, confirm that none of this firms agents, officers, principals, stockholders, subcontractors or their affiliates are debarred by Miami-Dade County.

6. MIAMI-DADE COUNTY VENDOR OBLIGATION TO COUNTY AFFIDAVIT

(Section 2-8.1 of the Miami-Dade County Code)

Firms wishing to transact business with Miami-Dade County must certify that all delinquent and currently due fees, taxes and parking tickets have been paid and no individual or entity in arrears in any payment under a contract, promissory note or other document with the County shall be allowed to receive any new business.

I, confirm that all delinquent and currently due fees or taxes including, but not limited to, real and personal property taxes, convention and tourist development taxes, utility taxes, and Local Business Tax Receipt collected in the normal course by the Miami-Dade County Tax Collector and County issued parking tickets for vehicles registered in the name of the above firm, have been paid.

7. MIAMI-DADE COUNTY CODE OF BUSINESS ETHICS AFFIDAVIT

(Article 1, Section 2-8.1(i) and 2-11(b)(1) of the Miami-Dade County Code through (6) and (9) of the County Code and County Ordinance No 00-1 amending Section 2-11.1(c) of the County Code)

Firms wishing to transact business with Miami-Dade County must certify that it has adopted a Code that complies with the requirements of Section 2-8.1 of the County Code. The Code of Business Ethics shall apply to all business that the contractor does with the County and shall, at a minimum; require the contractor to comply with all applicable governmental rules and regulations.

I confirm that this firm has adopted a Code of business ethics which complies with the requirements of Sections 2-8.1 of the County Code, and that such code of business ethics shall apply to all business that this firm does with the County and shall, at a minimum, require the contractor to comply with all applicable governmental rules and regulations.

8. MIAMI-DADE COUNTY FAMILY LEAVE AFFIDAVIT

(Article V of Chapter 11, of the Miami-Dade County Code)

Firms contracting business with Miami-Dade County, which have more than fifty (50) employees for each working day during each of twenty (20) or more work weeks in the current or preceding calendar year, are required to certify that they provide family leave to their employees.

Firms with less than the number of employees indicated above are exempt from this requirement, but must indicate by letter (signed by an authorized agent) that it does not have the minimum number of employees required by the County Code.

I confirm that if applicable, this firm complies with Article V of Chapter 11 of the County Code, which requires that firms contracting business with Miami-Dade County which have more than fifty (50) employees for each working day during each of twenty (20) or more work weeks in the current or preceding calendar year are required to certify that they provide family leave to their employees.

9. MIAMI-DADE COUNTY LIVING WAGE AFFIDAVIT

(Section 2-8.9 of the Miami-Dade County Code)

All applicable contractors entering into a contract with the County shall agree to pay the prevailing living wage required by this section of the County Code.

I confirm that if applicable, this firm complies with Section 2-8.9 of the County Code, which requires that all applicable employers entering a contract with Miami-Dade County shall pay the prevailing living wage required by the section of the County Code.

10. MIAMI-DADE COUNTY DOMESTIC LEAVE AND REPORTING AFFIDAVIT

(Article 8, Section 11A-60 - 11A-67 of the Miami-Dade County Code)

Firms wishing to transact business with Miami-Dade County must certify that it is in compliance with the Domestic Leave Ordinance.

I confirm that if applicable, this firm complies with the Domestic Leave Ordinance. This ordinance applies to employers that have, in the regular course of business, fifty (50) or more employees working in Miami-Dade County for each working day during the current or preceding calendar year.

AFFIRMATION

I, being duly sworn, do attest under penalty of perjury that the entity is in compliance with all requirements outlined in these Miami-Dade County Vendor Affidavits. I also attent that I will comply with and keep current all statements sworn to in the above affidavits and registration application. I will notify the Miami-Dade County, Vendor Services Section immediately if any of the statements attested hereto are no longer valid. **NOTARY PUBLIC INFORMATION** Notary Public -Miami-Dade State of: SUBSCRIBED AND SWORN TO (or affirmed) before me this by Christine silva He or she is personally known to me Or has produced identification Type of Identification Produced (Serial Nun ELIZABETH PAGE Notary Public - State of Florida Commission # HH 246701 NatocomhubExpSess/Mar 29, 2026 Print or Stamp of Notary Public Bonthed through hiatiohal Notary Assn.
