Subject: Ordinance Amending Ordinance No. 78-37 Relating to the Princetonian Street Lighting Improvement Special Taxing District

Executive Summary

The purpose of this item is to gain authorization by the Board of County Commissioners (Board) to amend the boundaries of a special taxing district in unincorporated Miami-Dade County (County) for the installation of streetlights and/or the maintenance of landscaping in the public Rights-of-Way.

Recommendation

In accordance with Article 1, Chapter 18, of the Code of Miami-Dade County (Code), it is recommended that the Board approve the attached amendment to the boundaries of the Princetonian Street Lighting Improvement Special Taxing District (Special Taxing District), created by Ordinance No. 78-37, to include contiguous properties. Amending the Special Taxing District’s boundaries to encompass new contiguous areas is more cost-effective and efficient than creating a separate special taxing district for the additional properties. In addition, the merger of these two areas will provide greater efficiency and lower administrative costs for the amended area as a whole. The services within the amended Special Taxing District will be of special benefit to all of the properties therein. Inclusion of said properties into the Special Taxing District will meet the subdivision lighting requirement pursuant to Chapter 28 of the Code.

Scope

This Special Taxing District lies within Commission District 8, which is represented by County Commissioner Danielle Cohen Higgins, and will provide street lighting services to the contiguous properties.

Fiscal Impact/Funding Source

Expanding the existing Special Taxing District will result in no economic impact to the County’s budget, and there will be no increase or decrease in County staffing. The developer, pursuant to section 18-2 of the Code, is required to fund the initial costs for the expanded area’s first year’s lease of the equipment and electricity costs to operate all additional streetlights to the Special Taxing District’s street lighting system and all incidental costs incurred by the County to amend the Special Taxing District’s boundaries.

The economic impact on the expanded area’s residents will be a perpetual annual special assessment for the cost of street lighting to all property owners within the Special Taxing District. Florida Power and Light (FPL) is the owner of the system and derives revenues from the Special Taxing District. FPL’s contractors and subcontractors may increase their staffing levels to provide the service requirements created by expanding this Special Taxing District.

Social Equity Statement

The proposed Ordinance amends the Special Taxing District, pursuant to Article I, section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the expanded area will pay special assessments appropriately apportioned according to the special benefit they receive from the Special Taxing District’s services, regardless of their demographics, and that the total estimated amount of the special assessment to be levied would not be in excess of such special benefit. The amendment of the Special Taxing District, which was requested by 100% of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow for higher intensity spotlighting at specific locations, and accommodate future County lighting standards. Pursuant to section 18-20.2 of the Code regarding notice to purchasers of new residential property, it shall be the obligation of a seller of new residential property to provide the purchaser thereof with notice either of the existence of a special taxing district created pursuant to this Chapter of the Code or of a pending petition to create such a special taxing district. The notice shall be provided in the manner set forth in section 18-20.2 of the Code.

Track Record/Monitor

The Special Taxing District, as amended, will continue to be managed by the Parks, Recreation and Open Spaces Department (PROS) and overseen by the Chief of the Special Assessment Districts Division (Division), Liset Romero-Lopez.

Delegation of Authority

This item authorizes the County Mayor or County Mayor’s designee to execute lighting agreements, as required by FPL to provide street lighting, following approval by the County Attorney’s Office as to legal sufficiency.

Background

The Special Taxing District was created by Ordinance No. 78-37 on June 6, 1978. In accordance with the provisions of Chapter 18 of the Code, a petition to amend the Special Taxing District, duly signed by 100% of the owners of property within the proposed expansion area, was filed with the Clerk of the Board (Clerk). A copy of the petition was sent to the County Mayor and the County Attorney to examine and to file a written report with the Clerk certifying that such petition was sufficient in form and substance and signed and properly presented in accordance with the requirements of Chapter 18 of the Code. PROS compiled and filed with the Clerk a memorandum, and accompanying written report and recommendations (Report), a copy of which is attached to this memorandum. The Report sets forth the expanded boundaries of the Special Taxing District, an estimate of the cost of the improvements and/or services to be provided, the need for and desirability of the Special Taxing District, the ability of the affected properties to bear the special assessments, certifies that the improvements and/or services to be provided conform to the master plan of Miami-Dade County, and recommends that the Special Taxing District be amended to provide a special benefit to all property within the Special Taxing District.

Contingent upon Board approval of the amendment of this Special Taxing District, the street lighting services will be accomplished pursuant to an agreement between the County and FPL. The facilities

provided will remain the property of FPL. FPL will continue to be responsible for the maintenance, repairs, upgrades, and replacement of the light fixtures, lamps, poles, and all connecting service lines. The Division will administer FPL’s agreement, installation, and billing process. This Special Taxing District lies within the boundaries of, and is compliant with the regulations of the Princeton Community Urban Center District.

Current District Boundaries:	On the North, Theoretical SW 246 Street; On the East, Canal C-102N; On the South, Canal C-102; On the West, SW 129 Avenue.
District Boundaries as Amended:	District Boundaries not affected by amendment.
Number of Parcels:	1 (Tentative plat proposes one tract, Tract A).
Number of Owners:	1
Number of Owners with Homestead Exemption Signing Petition:	None – The petition was submitted by Read Ikon Acquisitions, LLC., the sole property owner and developer of the proposed expansion area.
Type of Improvements:	It is expected that the Special Taxing District will install, operate, and maintain one (1) – additional 5,000 Lumens, 4000K bracket-arm LED streetlight mounted on an existing concrete pole. The existing street lighting system consists of one hundred eighty-eight (188) – 5,000 Lumens, 4000K, bracket-arm LED streetlights mounted on concrete poles and two (2) – 8,653 Lumens, 4000K, bracket-arm LED streetlights mounted on wood poles. At the discretion of the PROS Director, PROS reserves the right to adjust the quantity, style, and luminosity of the street lighting installations, for reasons including, but not limited to, changes in field conditions, to address safety concerns, to provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future County lighting standards.
Public Hearing Notification:	The Clerk will certify the place, date, and hour for a public hearing on the petition and the Report at which all interested persons will be afforded the opportunity to present for this Board’s consideration their

objections, if any, to the amendment of the Special Taxing District. As pursuant to section 18-3(d), a public notice will be duly published in a newspaper of general circulation published in Miami-Dade County, Florida, and copies thereof will be mailed to all owners of taxable real property within the boundaries of the amended Special Taxing District as their names and addresses appear on the latest Miami-Dade County Real Property Tax Roll.

Preliminary Public Meeting:

None necessary.

Required Referendum:

The amendment of the Special Taxing District will be subject only to Board approval; no election will be necessary.

Revised Assessment Roll:

Submitted on the same agenda as a separate agenda item for consideration and adoption by the Board and contingent upon the approval of this Special Taxing District’s amending Ordinance. The implementation of the revised assessment roll will be in accordance with the procedures defined in Chapter 18 of the Code.

Special Taxing District's services are adjusted by the PROS Director as provided herein. Each subsequent year will be calculated based on actual cost.

State or federal grants are not applicable to this Special Taxing District.

Each special taxing district is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Amendment of this Special Taxing District to provide this service is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Chapter 28 of the Code to provide street lighting in new subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of sections 18-3(c) and 18-16(i) of the Code, I have reviewed the facts submitted by PROS in its Report and Recommendations, a copy of which is attached and incorporated herein. I concur with their recommendation that this Special Taxing District be amended. Also, I recommend the provisions of Resolution No. R-130-06 be waived because adoption of this amending Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the expanded area of the Special Taxing District occurs.

**REPORT AND RECOMMENDATIONS
ON THE AMENDMENT OF PRINCETONIAN
STREET LIGHTING IMPROVEMENT SPECIAL TAXING DISTRICT
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for amendment to a Special Taxing District, the following facts are submitted by the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) Director concerning the amendment of Princetonian Street Lighting Improvement Special Taxing District's (Special Taxing District) boundaries to include contiguous properties.

1. BOUNDARIES OF THIS DISTRICT

The Special Taxing District, as amended, is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

Portions of Section 23, Township 56 South, Range 39 East of Miami-Dade County, Florida; being more particularly described as follows:

The North 147.50 feet of the South 330.00 feet of the SE $\frac{1}{4}$ of the SE $\frac{1}{4}$, less the East 1,105.57 feet and less the West 25.00 feet of Section 23, Township 56 South, Range 39 East, lying and being in Miami-Dade County, Florida (a.k.a. Ikon Homes, Tentative Plat #T-24408).

And

Those portions of land lying east of Canal C-102N, west of Canal C-102 and north of the Homestead Extension of Florida's Turnpike, in Miami-Dade County, Florida; more particularly described as follows:

Begin at the intersection of the centerline of SW 248th Street and the West Right-of-Way line of Canal C-102N, for the Point-of-Beginning. Thence run north along the west Right-of-Way line of Canal C-102N for a distance of 135.00 feet. Thence run west along a line 135.00 feet north of and parallel to the centerline of SW 248th Street and to the centerline of SW 129th Avenue. Thence run south along the centerline of SW 129th Avenue and its theoretical projection, for a distance of 950.00 feet to a point. Thence run east for a distance of 750.00 feet to a point. Thence run south for a distance of 470.00 feet. Thence run east for a distance of 29.59 feet to a point. Thence run south to the northwestern corner of "Princetonian West", as recorded in Plat Book 103, at Page 56 of the Public Records of Miami-Dade County, Florida. Thence continue south and southwesterly along the western boundaries of the aforementioned plat, to the centerline of SW 256th Street. Thence run west along the centerline of SW 256th Street for a distance of 690.09 feet to a point. Thence run South 28°24'59" East along the FP&L Right-of-Way

line to the north Right-of-Way line of Canal C-102. Thence run east along the north Right-of-Way line of Canal C-102 to the intersection of the northwest Right-of-Way line of the Homestead Extension of Florida's Turnpike (State Road 821), to the intersection of the west Right-of-Way line of Canal C-102N. Thence run northerly and northwesterly, along the west Right-of-Way line of Canal C-102N to the intersection of the centerline of SW 248th Street, also being the Point-of-Beginning.

The amended Special Taxing District's boundaries and geographical location are shown on the attached sketch entitled Princetonian Street Lighting Improvement Special Taxing District (Amendment) and hereinafter referred to as "Exhibit A".

2. LOCATION OF THE INSTALLATIONS TO BE CONSTRUCTED

Services to be provided under the amended Special Taxing will consist of public street lighting located within public rights-of-way of the contiguous properties.

3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT

The cost of the streetlights in this Special Taxing District will be continual and is based on a revised estimate using Rate Schedule LT-1 prepared by the Florida Power and Light (FPL) and approved by the Florida Public Service Commission, copies of which are attached. FPL will install the additional lights, poles, and service lines at its expense and the facilities will remain the property of FPL. FPL will also be responsible for the maintenance, repairs, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. However, the developers, through the Special Taxing District, may be required to pay a differential cost if rapid construction techniques cannot be used on this Special Taxing District and this cost is shown in the Special Taxing District's cost estimate below.

The annual costs and assessment information are based on the expected lighting services provided by the Special Taxing District, as amended, and are subject to change in the event the Special Taxing District's services are adjusted by the Department Director. Total cost and assessments will be adjusted, if necessary, to meet actual costs.

4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY

The Special Taxing District, as amended, conforms to and in no way conflicts with the master plan of development for the Miami-Dade County (County) (see attached memorandum from the Department of Regulatory and Economic Resources (RER)).

5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT

The need for street lighting in the County is apparent. Residents and property owners of the County continue to demonstrate their desire for street lighting through numerous petitions and personal requests. The ability of the affected properties to pay special assessments is evident since the costs of the Special Taxing District's amended services, including any bonds then outstanding, do not exceed 25% of the assessed valuation of all properties within the Special Taxing District's amended boundaries (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the streetlights installed pursuant to this amendment will provide special benefits to properties within the Special Taxing District's amended boundaries exceeding the amount of special assessments to be levied.

6. PROCEDURE

As provided for under Chapter 18 of the Code, the petitioner of the amended Special Taxing District shall guarantee payment of all costs and expenses incidental to the amendment of the Special Taxing District. Based on front footage, each property owner within the amended Special Taxing District

will pay the County, through a special assessment, a proportionate share of the total ongoing annual costs of the street lighting services.

In the event actual ongoing costs are lower than estimated herein, the Director of PROS shall adjust and decrease the front foot rate of assessment. In the event ongoing costs are higher than estimated herein, the front foot rate of the assessment shall not be increased prior to the Board of County Commissioners (Board) adopting a revised assessment roll.

Following the amendment of the Special Taxing District by the Board, the petitioner's plat shall not be placed on a Commission agenda for approval prior to receipt of the payment from the developers for the initial cost incidental to the amendment. Upon adoption of the petitioner's plat by the Board, the County may then enter into an agreement with FPL, in substantially the form attached herein, wherein the County will continue to pay to FPL all costs associated with the ongoing costs of service.

7. RECOMMENDATION

It is recommended that Princetonian Street Lighting Improvement Special Taxing District be amended. The amendment of this Special Taxing District will be subject to Board approval only; no election will be necessary. I also recommend that the County Attorney cause to be prepared an amending ordinance authorizing the amendment of the Princetonian Street Lighting Improvement Special Taxing District. Pursuant to Chapter 18 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this Special Taxing District, and thereafter may adopt such amending ordinance. Following adoption of the amending ordinance, it is further recommended that the Board adopt the Special Taxing District's Revised Assessment Roll resolution to continue to fund the Special Taxing District's services. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the Special Taxing District, reimburse affected County Departments involved in amending the Special Taxing District, as well as provide funds for payment of the Special Taxing District's ongoing monthly power bills. The ordinance amending the Special Taxing District shall take effect 10 days after the date of its adoption, unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this Special Taxing District. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

STREET LIGHTING SPECIAL TAXING DISTRICT

To the Board of County Commissioners of Miami-Dade County, Florida:

We, the undersigned property owners, do hereby petition Miami-Dade County, Florida, to amend Ordinance No, 78-37 pursuant to Chapter 18 of the Code of Miami-Dade County, Florida, expanding the boundaries of the "Princetonian" Street Lighting Special Taxing District to include and provide special taxing district services to that property lying generally between SW 247th Street and theoretical SW 247th Terrace and theoretical SW 128th Path and SW 129th Avenue for any or all of the following: installation, operation and maintenance of LED streetlighting intensity of 16,000 up to 50,000 lumens, mounted on concrete, fiber glass or existing poles. The petitioned for district lies within that portion of the unincorporated area of Miami-Dade County more fully described on the attached Exhibit A. Improvement

Tentative Plat(s) Name(s) T-24408 Ikon Homes

It is understood and agreed that the boundaries of this district and the type and level of services to be provided by this district will be reviewed by the appropriate County authorities. It is also understood that the streetlights and other improvements to be provided shall be in accordance with minimum standards and requirements set forth by the Miami-Dade County Parks, Recreation and Open Spaces Department.

LED LIGHTING PILOTRATE SCHEDULE: LT-1AVAILABLE:

In specific territories served, upon request of the entity that has jurisdiction over the area being lighted. Contact FPL for available installation territories.

APPLICATION:

For the purpose of lighting streets whether public or private, roadways, and common areas, other than individual residential locations. This includes but is not limited to parking lots, homeowners association common areas, or parks.

TYPE OF INSTALLATION:

FPL-owned fixtures normally will be mounted on poles of FPL's existing distribution system and served from overhead wires. On request of the Customer, FPL will provide special poles or underground wires at the charges specified below. FPL, at its discretion, may offer the customer the option of FPL-owned fixtures attached to poles owned by the customer.

SERVICE:

Service includes energy from dusk each day until dawn the following day and maintenance of FPL-owned Lighting Systems. Maintenance includes replacement or repair of any circuit component to assure the facilities are operational and safe.

LIMITATION OF SERVICE:

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

- a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Lighting System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by FPL with a credit (not to exceed the total CIAC cost) for the value of this work as determined by FPL;
- b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by FPL. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

(Continued on Sheet No. 8.736)

(Continued from Sheet No. 8.735)

REMOVAL OF FACILITIES:

If FPL owned Lighting facilities are removed either by Customer request or termination or breach of the agreement, the customer will pay the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities. These charges do not apply to street light conversions from FPL owned facilities covered under SL-1 to FPL owned LED facilities under this tariff. In all cases, should the Customer request termination of the agreement, such termination will require written notice 90 days prior to the date of termination.

Conversion of FPL Owned Streetlights (SL-1 facilities) to LED:

For customers converting Street Lights as per FPL's SL-1 Street Lighting Tariff paying the LED Conversion Recovery charge, there will be no charges for the fixtures being removed. Any other charges for relocation or replacement of FPL owned facilities would still apply.

CHANGE IN FIXTURE SIZE OR TYPE:

At the Customer's request, the Company will upgrade to a higher level of illumination when the changes are consistent with good engineering practices. The customer will pay the original installed cost of the removed fixtures, less any salvage value and depreciation, plus removal costs and will receive a credit for 4 years additional revenue generated by the larger fixtures. If changes are required to the distribution system to support the larger lights, standard CIAC charges as described on sheet 8.735 will also apply. The Customer will pay the Company the net costs incurred in making other fixture changes. Customers converting HPSV fixtures to LED and paying the LED Conversion Recovery Charge will not be charged for the fixtures being removed, as noted in the preceding paragraph. In all cases where luminaires are replaced, the Customer will sign a new service agreement. Billing on the rate for the new luminaire or lamp size will begin as of the next regular billing date. A luminaire may be relocated at the Customer's request upon payment by the Customer of the full cost of removal and reinstallation.

SPECIAL PROVISIONS:

Where the Company provides poles other than those listed above, the monthly charges, as applicable shall be computed as follows:

Facilities Charge: 1.63% of the Company's average installed cost of the pole.

BILLING

During the initial installation period:

- Facilities in service for 15 days or less will not be billed;
- Facilities in service for 16 days or more will be billed for a full month.

WILLFUL DAMAGE:

Upon the second occurrence of willful damage to any FPL-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, FPL will:

- a) If a commercially available and FPL approved device exists, install a protective shield. The Customer shall pay \$280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed before the second occurrence, the Customer shall only pay the cost of the shield; or
- b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the estimated costs of the replacement fixture; or
- c) Terminate service to the fixture. In this case, the lighting facilities will be removed from the field and from billing; the customer will pay the lighting facilities charges for the remaining period of the currently active term of service plus the cost to remove the facilities.

Option selection shall be made by the Customer in writing and apply to all fixtures which FPL has installed on the Customer's behalf on the same account. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

(b) Modification to existing facilities other than described above (explain fully): _____

That, for and in consideration of the covenants set forth herein, the parties hereto covenant and agree as follows:

FPL AGREES:

1. To install or modify the lighting facilities described and identified above (hereinafter called the Lighting System), furnish to the Customer the electric energy necessary for the operation of the Lighting System, and furnish such other services as are specified in this Agreement, all in accordance with the terms of FPL's currently effective lighting rate schedule on file at the Florida Public Service Commission (FPSC) or any successive lighting rate schedule approved by the FPSC.

THE CUSTOMER AGREES:

2. To pay a contribution in the amount of \$_____ prior to FPL's initiating the requested installation or modification.
3. To purchase from FPL all of the electric energy used for the operation of the Lighting System.
4. To be responsible for paying, when due, all bills rendered by FPL pursuant to FPL's currently effective lighting rate schedule on file at the FPSC or any successive lighting rate schedule approved by the FPSC, for facilities and service provided in accordance with this agreement.
5. To provide access, final grading and, when requested, good and sufficient easements, suitable construction drawings showing the location of existing and proposed structures, identification of all non-FPL underground facilities within or near pole or trench locations, and appropriate plats necessary for planning the design and completing the construction of FPL facilities associated with the Lighting System.
6. To perform any clearing, compacting, removal of stumps or other obstructions that conflict with construction, and drainage of rights-of-way or easements required by FPL to accommodate the lighting facilities.

IT IS MUTUALLY AGREED THAT:

7. Modifications to the facilities provided by FPL under this agreement, other than for maintenance, may only be made through the execution of an additional lighting agreement delineating the modifications to be accomplished. Modification of FPL lighting facilities is defined as the following:
 - a. the addition of lighting facilities;
 - b. the removal of lighting facilities; and
 - c. the removal of lighting facilities and the replacement of such facilities with new facilities and/or additional facilities.

Modifications will be subject to the costs identified in FPL's currently effective lighting rate schedule on file at the FPSC, or any successive schedule approved by the FPSC.

8. Lighting facilities will only be installed in locations that meet all applicable clear zone right-of-way setback requirements.
9. FPL will, at the request of the Customer, relocate the lighting facilities covered by this agreement, if provided sufficient right-of-ways or easements to do so and locations requested are consistent with clear zone right-of-way setback requirements. The Customer shall be responsible for the payment of all costs associated with any such Customer- requested relocation of FPL lighting facilities. Payment shall be made by the Customer in advance of any relocation.
10. FPL may, at any time, substitute for any luminaire installed hereunder another luminaire which shall be of at least equal illuminating capacity and efficiency.
11. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and, except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial the (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. The written notice shall be by certified mail and shall be given not less than ninety (90) days before the expiration of the initial ten (10) year term, or any extension thereof.
12. In the event lighting facilities covered by this agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for paying to FPL an amount equal to the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities.

13. Should the Customer fail to pay any bills due and rendered pursuant to this agreement or otherwise fail to perform the obligations contained in this Agreement, said obligations being material and going to the essence of this Agreement, FPL may cease to supply electric energy or service until the Customer has paid the bills due and rendered or has fully cured such other breach of this Agreement. Any failure of FPL to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by FPL, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
14. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy, or by cause or causes not under the control of the party thus prevented from compliance, and FPL shall not have the obligation to furnish service if it is prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of FPL, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
15. **This Agreement supersedes all previous Agreements** or representations, either written, oral, or otherwise between the Customer and FPL, with respect to the facilities referenced herein and constitutes the entire Agreement between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by FPL to third parties.
16. In the event of the sale of the real property upon which the facilities are installed, upon the written consent of FPL, this Agreement may be assigned by the Customer to the Purchaser. No assignment shall relieve the Customer from its obligations hereunder until such obligations have been assumed by the assignee and agreed to by FPL.
17. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the Customer and FPL.
18. The lighting facilities shall remain the property of FPL in perpetuity.
19. This Agreement is subject to FPL's Electric Tariff, including, but not limited to, the General Rules and Regulations for Electric Service and the Rules of the FPSC, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the FPL Electric Tariff or the FPSC Rules, the provisions of the Electric Tariff and FPSC Rules shall control, as they are now written, or as they may be hereafter revised, amended or supplemented.

IN WITNESS WHEREOF, the parties hereby caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective as of the day and year first written above.

Memorandum

Date: September 16, 2020

To: Maria Nardi, Director
Department of Parks, Recreation and Open Spaces

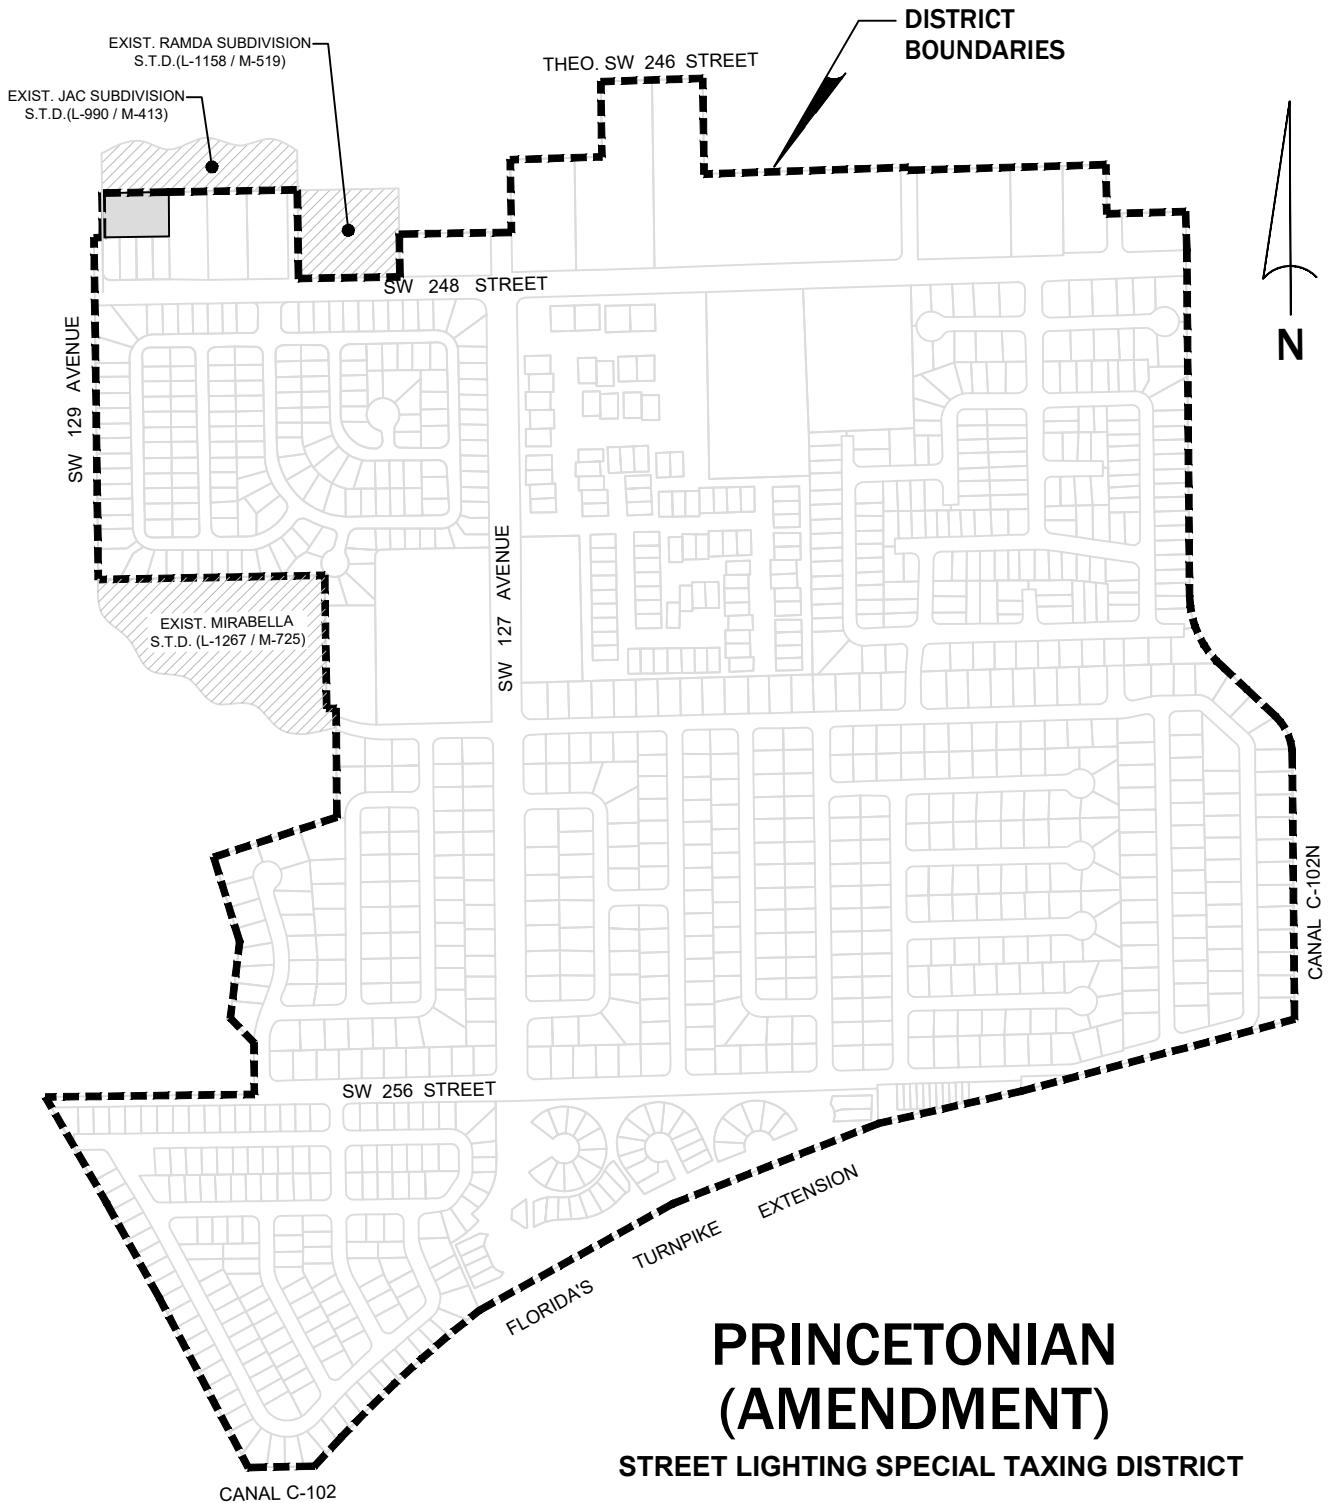

From: Jack Osterholt, Deputy Mayor/Director
Department of Regulatory and Economic Resources

Subject: Street lighting, Maintenance of Landscape, Walls Adjacent to Double Frontage Lots, Entrance Features and Lakes – Special Taxing Districts

All tentative plats in the unincorporated area of Miami-Dade County submitted to the Development Services Division (Land Development Section) of the Regulatory and Economic Resources Department (RER), must comply with the special taxing districts requirements of the Miami-Dade County Code (the Code) including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve, through September 30, 2021, as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2020-2030 Comprehensive Development Master Plan (CDMP). Capital Improvement Element Policy CIE-4A states: "Appropriate funding mechanisms will be adopted and applied by Miami-Dade County and the Miami-Dade County Public Schools in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms may include special taxing districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bonds, impact fees, special purpose authorities, and others as appropriate and feasible" (Adopted Components as Amended through January 23, 2020, page IX-9). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the Code.

The RER has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the RER Development Services Division review all landscape maintenance districts and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.

Thence run east along the north Right-of-Way line of Canal C-102 to the intersection of the northwest Right-of-Way line of the Homestead Extension of Florida's Turnpike (State Road 821), to the intersection of the west Right-of-Way line of Canal C-102N. Thence run northerly and northwesterly, along the west Right-of-Way line of Canal C-102N to the intersection of the centerline of SW 248th Street, also being the Point-of-Beginning.

>>And

A portion of Section 23, Township 56 South, Range 39 East of Miami-Dade County, Florida; being more particularly described as follows:

¹ Words stricken through and/or [[double bracketed]] shall be deleted. Words underscored and/or >>double arrowed<< constitute the amendment proposed. Remaining provisions are now in effect and remain unchanged.

The North 147.50 feet of the South 330.00 feet of the SE ¼ of the SE ¼, less the East 1,105.57 feet, less the West 25.00 feet of Section 23, Township 56 South, Range 39 East, lying and being in Miami-Dade County, Florida (a.k.a. Ikon Homes, Tentative Plat #T-24408).<<

The areas and geographical locations of this Special Taxing District are shown on the map or sketch, attached to the accompanying memorandum.

Section 3. Improvements and/or services to be provided in this Special Taxing District will consist of street lighting services within public rights-of-way, as described in the Report.

Section 4. The installation of such street lighting within the expanded area will be accomplished pursuant to an agreement between Miami-Dade County and Florida Power and Light. The expected costs of the installation and operation of the Special Taxing District's services, including maintenance, electricity, engineering, administration, billing, collection and processing, for the additional properties for the initial year are provided by the petitioner and are estimated to be \$17,459.04. The expected ongoing costs for the overall Special Taxing District's services are estimated to be \$56,600.63. The expected estimated cost per assessable front foot of real property within the Special Taxing District is \$0.8795. The succeeding years' assessments will be adjusted based on actual costs.

Section 5. The entire cost of the Special Taxing District's improvements and/or services shall be specially assessed. It is hereby declared that said services will be a special benefit to all properties within the Special Taxing District and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

Section 6. The proposed street lighting agreement between Miami-Dade County and Florida Power and Light is hereby approved and made a part hereof by reference. The provisions of

Resolution No. R-130-06 are waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

Section 7. The County Mayor or County Mayor's designee is hereby authorized and directed to execute at the appropriate time the incorporated street lighting agreement, in substantially the form attached to the accompanying memorandum, for and on behalf of Miami-Dade County.

Section 8. The County Mayor or County Mayor's designee is hereby authorized and directed to cause the installation of said streetlights to be accomplished within the Special Taxing District in accordance with the provisions of said agreement and the terms of this Ordinance.

Section 9. The County Mayor or County Mayor's designee is further directed to cause to be prepared and filed with the Clerk one Revised Assessment Roll for the street lighting services, in accordance with the provisions of sections 18-14 and 18-22.1 of the Code. As authorized by section 197.3632, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. Unless paid when due, such assessments shall be deemed delinquent and payment thereof may be enforced by means of the procedures provided by the provisions of chapter 197, Florida Statutes, and section 18-14 of the Code, including possible loss of title.

Section 10. A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami Dade County, Florida, and recorded in the appropriate book of records.

Section 11. It is the intention of this Board and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code.

Section 12. The provisions of this Ordinance shall become effective 10 days after the date of enactment, unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.
