(Public Hearing 9-1-22)

**Date:** July 7, 2022

**To:** Honorable Chairman Jose “Pepe” Diaz  
and Members, Board of County Commissioners

Agenda Item No. 5(H)

**From:** Daniella Levine Cava  
Mayor

A handwritten signature in blue ink that reads "Daniella Levine Cava".

**Subject:** Ordinance Creating the Pointe at Princeton Multipurpose Maintenance and Street Lighting  
Special Taxing District

---

## **Executive Summary**

The purpose of this item is to gain authorization by the Board of County Commissioners (Board) to create a special taxing district in unincorporated Miami-Dade County (County) for the installation of streetlights and/or the maintenance of landscaping in the public Rights-of-Way.

## **Recommendation**

It is recommended that the Board approve a petition submitted in accordance with Article 1, Chapter 18, of the Code of Miami-Dade County (Code) for the creation of the Pointe at Princeton Multipurpose Maintenance and Street Lighting Special Taxing District (Special Taxing District). The creation of this Special Taxing District is a subdivision requirement pursuant to Chapter 28 of the Code. The multipurpose maintenance program will remain dormant until any association or community development district (CDD) fails to provide the required maintenance services.

## **Scope**

This proposed Special Taxing District lies within Commission District 8, which is represented by County Commissioner Danielle Cohen Higgins, and will provide street lighting services and, if and when necessary, multipurpose maintenance services.

## **Fiscal Impact/Funding Source**

Creation of this Special Taxing District will result in no economic impact to the County’s budget and there will be no increase or decrease in County staffing. The developer, pursuant to Chapter 18 of the Code, is required to fund the Special Taxing District’s first year’s lease of the equipment and electricity costs to operate the street lighting system and all incidental costs incurred by the County for the creation and administration of the Special Taxing District. Maintenance services which cannot be equitably or conveniently provided by the property owners shall be provided by the Special Taxing District upon acceptance of the plat’s required services by the County, and such services will be funded by special assessments against benefited properties.

After the first year, there will be a perpetual annual special assessment for the cost of street lighting and multipurpose maintenance services to all property owners within the Special Taxing District. Florida Power and Light (FPL) is the owner of the system and will derive revenues from the creation of the Special Taxing District. FPL’s contractors and subcontractors may increase their staffing levels to provide the service requirements created by this Special Taxing District.

### **Social Equity Statement**

The proposed Ordinance creates the Special Taxing District, pursuant to Article I, section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the proposed Special Taxing District will pay special assessments appropriately apportioned according to the special benefit they receive from the Special Taxing District’s services, regardless of their demographics, and that the total estimated amount of the special assessments to be levied would not be in excess of such special benefit. The creation of this Special Taxing District, which was requested by 100% of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow higher intensity spotlighting at specific locations, and accommodate future County lighting standards. The creation of this Special Taxing District will also provide for maintenance services.

Pursuant to section 18-20.2 of the Code regarding notice to purchasers of new residential property, it shall be the obligation of a seller of new residential property to provide the purchaser thereof with notice either of the existence of a special taxing district created pursuant to this Chapter of the Code or of a pending petition to create such a special taxing district. The notice shall be provided in the manner set forth in section 18-20.2 of the Code.

### **Track Record/Monitor**

The Special Taxing District will be managed by the County’s Parks, Recreation and Open Spaces Department (PROS) and overseen by the Chief of the Special Assessment Districts Division (Division), Liset Romero-Lopez.

### **Delegation of Authority**

This item authorizes the County Mayor or County Mayor’s designee to execute lighting agreements, as required by FPL to provide street lighting, following approval by the County Attorney’s Office as to legal sufficiency. In the event any association or CDD fails to provide maintenance services, this item further authorizes the County Mayor or County Mayor’s designee, contingent upon Board adoption of a non-ad valorem assessment roll, to provide the Special Taxing District’s required maintenance services and cause implementation of special assessments for the costs of such services against the property owners within the Special Taxing District, as well as contract monitoring, compliance and enforcements, if and when necessary.

### **Background**

In accordance with the provisions of Chapter 18 of the Code, a petition to create the Special Taxing District, duly signed by 100% of the owners of property within the proposed Special Taxing District, was filed with the Clerk of the Board. A copy of the petition was sent to the County Mayor and the County Attorney to examine and to file a written report with the Clerk certifying that such petition was sufficient in form and substance and signed and properly presented in accordance with the requirements of Chapter 18 of the Code. PROS compiled and filed with the Clerk a memorandum, and accompanying written report and recommendations (Report), a copy of which is attached to the memorandum. The Report sets forth the boundaries of the Special Taxing District, an estimate of the cost of the improvements and/or services to be provided, the need for and desirability of the Special Taxing District, the ability of the affected properties to bear the special assessments, certifies that the

improvements and/or services to be provided conform to the master plan of Miami-Dade County, and recommends that the Special Taxing District be created to provide a special benefit to all property within the proposed Special Taxing District.

Contingent upon Board approval of the creation of this Special Taxing District, the street lighting services will be accomplished pursuant to an agreement between the County and FPL. The facilities provided will remain the property of FPL. FPL will be responsible for the maintenance, repairs, upgrades, and replacement of the light fixtures, lamps, poles, and all connecting service lines. The Division will administer FPL’s agreement, installation, and billing process. PROS and the Division will provide the Special Taxing District’s required maintenance services and cause implementation of special assessments for the costs of such services against the benefited properties, as well as contract monitoring, compliance and enforcements, if and when necessary. This Special Taxing District lies within the boundaries of, and is compliant with the regulations of the Princeton Community Urban Center District.

<b>Boundaries:</b>	On the North, SW 252 Street (Tahiti Drive); On the East, SW 142 Avenue; On the South, SW 256 Street; On the West, Theoretical SW 144 Avenue Road.
<b>Number of Parcels:</b>	1; (Tentative plat proposes two tracts, Tract A and Tract B).
<b>Number of Owners:</b>	1
<b>Number of Owners with Homestead Exemption Signing Petition:</b>	None –TMC Naranja 66 Holdings, LLC., the sole property owner and developer.

**Type of Services and Improvements**  
**Multipurpose Maintenance Services:**

The creation of this Special Taxing District is requested to maintain landscaped swales, medians, common areas, any entrance features, wetlands, lakes, and the exterior of any fencing or walls within the Special Taxing District’s boundaries abutting public rights-of-way, including maintenance of turf, trees, shrubs, irrigation, and utility payments, should any association or CDD fail to provide these services. The Special Taxing District will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to the County and recorded in the Public Records.

**Street Lighting Improvements:**

It is expected that the Special Taxing District will install, operate, and maintain twenty-eight (28) – 6,750 Lumens, 4000K, Traditional Post-Top LED streetlights mounted on fiberglass poles. At the discretion of the PROS Director, PROS reserves the right to adjust the quantity, style, and luminosity of the street lighting facilities, for reasons including, but not limited to, changes in field conditions, to address safety concerns, to provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future County lighting standards.

**Public Hearing Notification:**

The Clerk will certify the place, date, and hour for a public hearing on the petition and the Report at which all interested persons will be afforded the opportunity to present for this Board’s consideration their objections, if any, to the creation and establishment of the Special Taxing District. As pursuant to section 18-3(d), a public notice will be duly published in a newspaper of general circulation published in Miami-Dade County, Florida, and copies thereof will be mailed to all owners of taxable real property within the proposed Special Taxing District as their names and addresses appear on the latest Miami-Dade County Real Property Tax Roll.

**Preliminary Public Meeting:**

None necessary.

**Required Referendum:**

The creation of the Special Taxing District will be subject only to Board approval; no election will be necessary as 100% of the property owners signed the petition.

**Preliminary Assessment Roll:**

The street lighting assessment roll is submitted on the same agenda as a separate agenda item for consideration and adoption by the Board and contingent upon the approval of this Special Taxing District’s creating ordinance. In the event any association or CDD fails to provide the maintenance services shown below, a hearing to adopt the Special Taxing District’s maintenance assessment roll will be conducted. The implementation of the assessment

rolls will be in accordance with the procedures defined in Chapter 18 of the Code.

**Estimated Initial Billing:** Assessment billed annually as an itemized portion of the Real Property tax bill.

**Initial Start of Service**

Multipurpose Maintenance Services: October 1<sup>st</sup> following cessation of maintenance services by the developer and failures of any association or CDD to provide services.

Street Lighting Services: November 2024, following the provision of street lighting services by the developer for the first year.

The above annual costs and assessment information for multipurpose maintenance services are for informational purposes only and were calculated based on current costs assuming that maintenance services were to commence this year. Each subsequent year will be calculated based on actual costs. Actual costs for multipurpose maintenance services will be determined at the time of the assessment roll hearing. The above annual street lighting costs and assessment information are based on the expected lighting services to be provided by the Special Taxing District, and are subject to change in the event that the Special Taxing District’s services are adjusted by the PROS Director as provided herein. Each subsequent year will be calculated based on actual costs.

State or Federal grants are not applicable to this Special Taxing District.

Each special taxing district is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Creation of a new special taxing district to provide these services is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Chapter 28 of the Code to provide street lighting in new subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of section 18-3(c) of the Code, I have reviewed the facts submitted by PROS in its Report and Recommendations, a copy of which is attached and incorporated herein. I concur with their recommendation that this Special Taxing District be created pursuant to sections 18-2 and 18-22.1 of the Code. Also, I recommend the provisions of Resolution No. R-130-06 be waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

**REPORT AND RECOMMENDATIONS ON THE CREATION OF  
POINTE AT PRINCETON  
MULTIPURPOSE MAINTENANCE AND STREET LIGHTING  
SPECIAL TAXING DISTRICT  
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for special taxing district, the following facts are submitted by the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) Director concerning the creation of Pointe at Princeton Multipurpose Maintenance and Street Lighting Special Taxing District (Special Taxing District).

**1. BOUNDARIES OF THIS DISTRICT**

The proposed Special Taxing District is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

Parcel of land lying in Section 27, Township 56 South, Range 39 East, Miami-Dade County, Florida (a.k.a. Pointe at Princeton, Tentative Plat #T-24482); being more particularly described as follows:

A portion of Lots 17, 18, 29, 30, 31, and 32 of “Tropical Fruit Groves, Section 1” in Plat Book 40, Page 2 of the Public Records of Miami-Dade County, Florida, together with a portion of Tahiti Drive (now known as SW 252nd Street), all being more particularly describe as follows:

Begin at the center of Section 27, Township 56 South, Range 39 East; thence run S 89°37’04” W, along the south line of the NW 1/4 of said Section 27, for a distance of 1,209.79 feet to a point of intersection with the Miami-Dade County Urban Development Boundary Line; thence run N 40°54’34” E, along the said Urban Development Boundary Line, for a distance of 1,760.03 feet to a point of intersection with the north line of the SE 1/4 of the NW 1/4 of said Section 27, the same being the centerline of Tahiti Drive; thence run N 89°21’50” E, along the north line of the SE 1/4 of the NW 1/4 of said Section 27, for a distance of 35.00 feet to the NE corner of the SE 1/4 of the NW 1/4 of said Section 27; thence run S 00°57’38” E, along and the east line of the NW 1/4 of said Section 27, the same being the centerline of SW 142nd Avenue, for a distance of 1,322.64 feet to the Point-of-Beginning; less the South 35.00 feet and the East 35.00 feet thereof.

The Special Taxing District’s boundaries and geographical location are shown on the attached sketch entitled Pointe at Princeton Multipurpose Maintenance and Street Lighting Special Taxing District and hereinafter referred to as “Exhibit A”.

**2. LOCATION AND DESCRIPTION OF DISTRICT**

**A) Multipurpose Maintenance Services** – Maintenance of landscaped swales, medians, common areas, any entrance features, wetlands, lakes, and the exterior of any fencing or walls within the Special Taxing District’s boundaries abutting public rights-of-way, including maintenance of turf, trees, shrubs, irrigation, and utility payments, should any association or community development district (CDD) fail to provide these services. The Special Taxing District will also maintain the private road area

if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County (County) and recorded in the Public Records. Services will commence following failure of any association or CDD to provide these services, and upon adoption of the Special Taxing District's multipurpose maintenance preliminary assessment roll. Other maintenance services may be provided in the future as specified in the Special Taxing District's ordinance and amendments thereto.

**B) Street Lighting Services** – Installation, operation, and maintenance of public street lighting located within public rights-of-way.

**3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT**

**A) Multipurpose Maintenance Services** – This initial cost estimate has been developed by PROS based on previous estimates for similar maintenance special taxing districts. The Special Taxing District will provide multipurpose maintenance services as specified in Item 2 above.

The combined costs of the multipurpose maintenance programs and operation of the Special Taxing District including services, engineering, administration, billing, collecting, and processing for the first year will be provided by the petitioners, and these costs are estimated for report purposes at \$41,384.47 for the second year. The expense of the multipurpose maintenance programs will be continuous and service costs following implementation of the Special Taxing District are to be apportioned to individual properties within the Special Taxing District on the basis of lot or parcel square footage. The combined costs of the multipurpose maintenance program and administrative expenses as shown below are to be paid for by special assessments levied against all benefited properties. Actual multipurpose maintenance costs will then be adjusted annually each year thereafter based on actual expenses.

<u>Estimated Annual District Costs</u>	<u>First Year</u>	<u>Second Year</u>
Initial Annual Maintenance	Costs to be	\$28,614.22
	Provided by	
Engineering and Administrative Costs	Petitioner	\$5,722.84
Billing, Collecting and Processing Costs		\$150.00
Contingencies		<u>\$6,897.41</u>
Total Annual Maintenance Services Cost		\$41,384.47

<u>Estimated Annual District Assessments</u>	<u>First Year</u>	<u>Second Year</u>
Per Assessable Square Foot:	Costs to be	\$0.0599
For Tract A:	Provided by	\$29,921.50
For Tract B:	Petitioner	\$11,463.70

**B) Street Lighting Services** – The cost of streetlights in this Special Taxing District will be continual and is based on a preliminary estimate using Rate Schedule LT-1 prepared by the Florida Power and Light (FPL) and approved by the Florida Public Service Commission, a copy of which is attached. FPL will install the lights, poles, and service lines at its expense and the facilities will remain the property of FPL. FPL will also be responsible for the maintenance, repairs, upgrades, and replacement of the light

standards, fixtures, lamps, poles, and all connecting service lines. However, the developers, through the Special Taxing District, may be required to pay a differential cost if rapid construction techniques cannot be used on this Special Taxing District and this cost is shown in the Special Taxing District's cost estimate below. Actual costs for the second year and each year thereafter will then be adjusted annually based on actual expenses.

<b><u>Estimated Annual District Costs</u></b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
28 – 6,750 Lumens, 4000K LED Luminaires	\$2,830.88	\$2,830.88
28 – Fiberglass Poles	\$2,987.04	\$2,987.04
1,680 Ft. – Underground Wiring	\$1,037.84	\$1,037.84
Annual Fuel Adjustments (Based on 8,400 KWH at \$0.07443 per KWH)	\$625.21	\$625.21
Franchise Cost (Based on 9.297% of \$7,480.97)	<u>\$695.51</u>	<u>\$695.51</u>
Subtotal Street Lighting Services Costs	\$8,176.48	\$8,176.48
Engineering and Administrative Costs	\$9,138.28	\$138.28
Billing, Collecting and Processing Costs	\$1,207.05	\$0.00
FPL Restoration Costs	\$8,400.00	\$0.00
Contingencies	<u>\$4,038.27</u>	<u>\$748.33</u>
Street Lighting Costs Paid By Petitioner	\$30,960.08	
Total Annual Street Lighting Costs		\$9,063.09
<b><u>Estimated Annual District Assessments</u></b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
Per Assessable Front Foot:	Costs to be	\$3.8144
For Tract A:	Provided by	\$6,553.14
For Tract B:	Petitioner	\$2,509.88
<b><u>Estimated Combined Annual District Assessments</u></b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
For Tract A:	Costs to be	\$36,474.64
For Tract B:	Provided by Petitioner	\$13,973.58

#### 4. **CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY**

The proposed Special Taxing District conforms to and in no way conflicts with the master plan of development for the County (see attached memorandum from the Department of Regulatory and Economic Resources (RER)).

**5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT**

The need for multipurpose maintenance programs and street lighting in the County is apparent. Residents and property owners of the County continue to demonstrate their desire for the services which will be provided by this Special Taxing District through numerous petitions and personal requests. The ability of the affected properties to pay special assessments is evident since the costs of this Special Taxing District's services, including any bonds then outstanding, do not exceed 25% of the assessed valuation of all properties within the Special Taxing District's boundaries (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the proposed multipurpose maintenance and streetlight program will provide special benefits to properties within the Special Taxing District exceeding the amount of special assessments to be levied.

**6. PROCEDURE**

Following the creation of the Special Taxing District by the Board of County Commissioners (Board), the petitioner's plat shall not be placed on a Commission agenda for approval prior to receipt of the payment from the petitioners for the first year street lighting costs as specified above. Upon approval of the petitioner's plat by the Board, and at the time of service provision, the multipurpose maintenance lot or parcel square footage first year annual rate of the assessment shall be determined and will require the adoption of a multipurpose maintenance assessment roll by the Board and is predicated upon failure of any association or CDD to provide required maintenance services. The multipurpose maintenance square footage rate of the assessment for the second year and each year thereafter will then be adjusted annually based on actual expenses. The above annual costs and assessment information for multipurpose maintenance services are for report purposes only and were calculated based on current costs assuming that maintenance services were to commence this year.

Subsequently, and upon adoption of the petitioner's plat by the Board, the County may then enter into an agreement with FPL in substantially the form attached herein, wherein the County will pay to FPL any costs associated with the streetlight installation and ongoing costs of service. Based on front footage, each property owner within the proposed Special Taxing District will pay the County, through a special assessment, a proportionate share of the total annual costs for the second year and each year thereafter. In the event actual second year street lighting costs are lower than the costs estimated herein, the Director of PROS shall adjust and decrease the second year rate of the assessment. In the event actual second year street lighting costs are higher than estimated herein, the second year rate of the assessment shall not be increased prior to the Board adopting a revised street lighting assessment roll.

**A) Multipurpose Maintenance Services** – Contingent upon adoption of the petitioner's plat and multipurpose maintenance assessment roll by the Board, and prior to assumption of maintenance services by the County, all areas and facilities to be maintained by the Special Taxing District must be inspected and accepted by the County, and all instruments that convey title to, or provide ingress/egress over, any real property to be maintained by the County shall be submitted to the Special Assessment Districts Division of PROS. Maintenance of any lake, natural preservation area, archeological sites, and mitigation area within the Special Taxing District's boundaries to be maintained by the Special Taxing District will commence upon notice from RER that the developer has complied with any and all maintenance requirements imposed by RER.

Once any applicable provisions expressed above are met, implementation of maintenance services within or abutting the public rights-of-way may begin upon receipt of a written request from the developer no later than January 31<sup>st</sup> for services commencing October 1<sup>st</sup>, the beginning of the County's fiscal year, provided sufficient time to initiate the process of assessment and notice of collection to all property owners within the Special Taxing District.

Services within the private road area may commence upon failure of the developer or any association or CDD to maintain the landscaped areas and ingress/egress easements as defined in a “Grant of Perpetual Non-Exclusive Easement” and made a part herein by reference. Upon assumption of maintenance services by the Special Taxing District, the costs of which are estimated in the Special Taxing District’s cost estimate, any increase in future multipurpose maintenance functions within the scope of service for the Special Taxing District may be provided upon recommendation by a majority of the property owners for consideration by the County as administrator, provided that any expansion of the scope of service of the Special Taxing District may require adoption of an amending ordinance. The Special Taxing District shall provide a minimum level of service as determined by PROS and services may not be deleted entirely unless the Special Taxing District is abolished.

However, because costs and/or maintenance service levels may increase, the estimated annual expense, as indicated herein, can only be based on the initial maintenance program. After the first year, the costs of the multipurpose maintenance program will therefore require adjustment annually through the budget process performed by PROS as administrator of the Special Taxing District.

**B) Street Lighting Services** – As provided for under Chapter 18 of the Code, the property owners or developers within the proposed Special Taxing District shall guarantee payment of all costs and expenses incidental to the creation of the Special Taxing District and shall pay the entire cost of providing street lighting within the Special Taxing District for the first year. Upon adoption of the petitioner’s plat by the Board, FPL will install the lights, poles and service lines at its expense, with annual service/rental costs to be borne by the Special Taxing District’s property owners. The County may then enter into an agreement with FPL wherein the County will pay to FPL any costs associated with the streetlight installation, and for the annual costs of providing the streetlight services. These amounts will be charged during the first year’s operation against funds advanced by the petitioners. Based on front footage, each property owner within the proposed Special Taxing District will pay the County, through a special assessment, a proportionate share of the total annual street lighting costs each year thereafter.

## **7. RECOMMENDATION**

I recommend that Pointe at Princeton Multipurpose Maintenance and Street Lighting Special Taxing District be created pursuant to section 18-2 of the Code, which provides for the creation of special taxing districts for street lighting in new subdivisions and section 18-22.1 permitting a petition of all property owners for multipurpose maintenance services. The creation of this Special Taxing District will be subject to Board approval; no election will be necessary as 100% of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Pointe at Princeton Multipurpose Maintenance and Street Lighting Special Taxing District. Pursuant to Chapter 18 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this Special Taxing District, and thereafter may adopt such ordinance. Following adoption of the creating ordinance, it is further recommended that the Board adopt the Special Taxing District’s Preliminary Assessment Roll(s) Resolution. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the Special Taxing District, reimburse affected County Departments involved in the creation and establishment of the Special Taxing District, as well as provide funds for payment of the annual costs for the multipurpose maintenance services and the Special Taxing District’s monthly power bills for the second year and each year thereafter. The ordinance creating the Special Taxing District shall take effect ten days after the date of its adoption, unless vetoed by the Mayor, and if vetoed, it shall become effective only upon an override by the Board. My office will also be available to answer any questions from the public or your

office in regard to the financial and/or engineering facts of this Special Taxing District. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

PETITION FOR MULTIPURPOSE AND STREET LIGHTING SPECIAL TAXING DISTRICT

To the Board of County Commissioners of Miami-Dade County, Florida:

We, the undersigned property owners, do hereby petition Miami-Dade County, Florida, for the creation of the Special Taxing District(s) required by the respective plat(s) pursuant to Chapter 18 of the Code of Miami-Dade County, Florida, for any or all of the following: installation, operation and maintenance of sodium vapor street lights of an intensity of 16,000 up to 50,000 lumens, mounted on concrete, fiber glass or existing poles; landscape, lake, entrance features and wall maintenance services (requested landscape, lake, entrance features and wall maintenance services shall be more fully described on the attached Exhibit B). The petitioned for district lies within that portion of the unincorporated area of Miami-Dade County more fully described on the attached Exhibit A.

Tentative Plat(s) Name(s) Pointe At Princeton (T-24482)

It is understood and agreed that the boundaries of this district and the type and level of services to be provided by this district will be reviewed by the appropriate County authorities. It is also understood that the street lights and other improvements to be provided shall be in accordance with minimum standards and requirements set forth by the Miami-Dade County Parks, Recreation and Open Spaces Department.

LANDSCAPE ALONG SW 142 AVENUE AND SW 256 STREET

LED LIGHTING PILOTRATE SCHEDULE: LT-1AVAILABLE:

In specific territories served, upon request of the entity that has jurisdiction over the area being lighted. Contact FPL for available installation territories.

APPLICATION:

For the purpose of lighting streets whether public or private, roadways, and common areas, other than individual residential locations. This includes but is not limited to parking lots, homeowners association common areas, or parks.

TYPE OF INSTALLATION:

FPL-owned fixtures normally will be mounted on poles of FPL's existing distribution system and served from overhead wires. On request of the Customer, FPL will provide special poles or underground wires at the charges specified below. FPL, at its discretion, may offer the customer the option of FPL-owned fixtures attached to poles owned by the customer.

SERVICE:

Service includes energy from dusk each day until dawn the following day and maintenance of FPL-owned Lighting Systems. Maintenance includes replacement or repair of any circuit component to assure the facilities are operational and safe.

LIMITATION OF SERVICE:

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

- a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Lighting System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by FPL with a credit (not to exceed the total CIAC cost) for the value of this work as determined by FPL;
- b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by FPL. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

(Continued on Sheet No. 8.736)

(Continued from Sheet No. 8.735)

**REMOVAL OF FACILITIES:**

If FPL owned Lighting facilities are removed either by Customer request or termination or breach of the agreement, the customer will pay the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities. These charges do not apply to street light conversions from FPL owned facilities covered under SL-1 to FPL owned LED facilities under this tariff. In all cases, should the Customer request termination of the agreement, such termination will require written notice 90 days prior to the date of termination.

**Conversion of FPL Owned Streetlights (SL-1 facilities) to LED:**

For customers converting Street Lights as per FPL's SL-1 Street Lighting Tariff paying the LED Conversion Recovery charge, there will be no charges for the fixtures being removed. Any other charges for relocation or replacement of FPL owned facilities would still apply.

**CHANGE IN FIXTURE SIZE OR TYPE:**

At the Customer's request, the Company will upgrade to a higher level of illumination when the changes are consistent with good engineering practices. The customer will pay the original installed cost of the removed fixtures, less any salvage value and depreciation, plus removal costs and will receive a credit for 4 years additional revenue generated by the larger fixtures. If changes are required to the distribution system to support the larger lights, standard CIAC charges as described on sheet 8.735 will also apply. The Customer will pay the Company the net costs incurred in making other fixture changes. Customers converting HPSV fixtures to LED and paying the LED Conversion Recovery Charge will not be charged for the fixtures being removed, as noted in the preceding paragraph. In all cases where luminaires are replaced, the Customer will sign a new service agreement. Billing on the rate for the new luminaire or lamp size will begin as of the next regular billing date. A luminaire may be relocated at the Customer's request upon payment by the Customer of the full cost of removal and reinstallation.

**SPECIAL PROVISIONS:**

Where the Company provides poles other than those listed above, the monthly charges, as applicable shall be computed as follows:

Facilities Charge: 1.63% of the Company's average installed cost of the pole.

**BILLING**

During the initial installation period:

- Facilities in service for 15 days or less will not be billed;
- Facilities in service for 16 days or more will be billed for a full month.

**WILLFUL DAMAGE:**

Upon the second occurrence of willful damage to any FPL-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, FPL will:

- a) If a commercially available and FPL approved device exists, install a protective shield. The Customer shall pay \$280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed before the second occurrence, the Customer shall only pay the cost of the shield; or
- b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the estimated costs of the replacement fixture; or
- c) Terminate service to the fixture. In this case, the lighting facilities will be removed from the field and from billing; the customer will pay the lighting facilities charges for the remaining period of the currently active term of service plus the cost to remove the facilities.

Option selection shall be made by the Customer in writing and apply to all fixtures which FPL has installed on the Customer's behalf on the same account. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

(b) Modification to existing facilities other than described above (explain fully): \_\_\_\_\_

That, for and in consideration of the covenants set forth herein, the parties hereto covenant and agree as follows:

**FPL AGREES:**

1. To install or modify the lighting facilities described and identified above (hereinafter called the Lighting System), furnish to the Customer the electric energy necessary for the operation of the Lighting System, and furnish such other services as are specified in this Agreement, all in accordance with the terms of FPL's currently effective lighting rate schedule on file at the Florida Public Service Commission (FPSC) or any successive lighting rate schedule approved by the FPSC.

**THE CUSTOMER AGREES:**

2. To pay a contribution in the amount of \$\_\_\_\_\_ prior to FPL's initiating the requested installation or modification.
3. To purchase from FPL all of the electric energy used for the operation of the Lighting System.
4. To be responsible for paying, when due, all bills rendered by FPL pursuant to FPL's currently effective lighting rate schedule on file at the FPSC or any successive lighting rate schedule approved by the FPSC, for facilities and service provided in accordance with this agreement.
5. To provide access, final grading and, when requested, good and sufficient easements, suitable construction drawings showing the location of existing and proposed structures, identification of all non-FPL underground facilities within or near pole or trench locations, and appropriate plats necessary for planning the design and completing the construction of FPL facilities associated with the Lighting System.
6. To perform any clearing, compacting, removal of stumps or other obstructions that conflict with construction, and drainage of rights-of-way or easements required by FPL to accommodate the lighting facilities.

**IT IS MUTUALLY AGREED THAT:**

7. Modifications to the facilities provided by FPL under this agreement, other than for maintenance, may only be made through the execution of an additional lighting agreement delineating the modifications to be accomplished. Modification of FPL lighting facilities is defined as the following:
  - a. the addition of lighting facilities;
  - b. the removal of lighting facilities; and
  - c. the removal of lighting facilities and the replacement of such facilities with new facilities and/or additional facilities.

Modifications will be subject to the costs identified in FPL's currently effective lighting rate schedule on file at the FPSC, or any successive schedule approved by the FPSC.

8. Lighting facilities will only be installed in locations that meet all applicable clear zone right-of-way setback requirements.
9. FPL will, at the request of the Customer, relocate the lighting facilities covered by this agreement, if provided sufficient right-of-ways or easements to do so and locations requested are consistent with clear zone right-of-way setback requirements. The Customer shall be responsible for the payment of all costs associated with any such Customer- requested relocation of FPL lighting facilities. Payment shall be made by the Customer in advance of any relocation.
10. FPL may, at any time, substitute for any luminaire installed hereunder another luminaire which shall be of at least equal illuminating capacity and efficiency.
11. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and, except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial the (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. The written notice shall be by certified mail and shall be given not less than ninety (90) days before the expiration of the initial ten (10) year term, or any extension thereof.
12. In the event lighting facilities covered by this agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for paying to FPL an amount equal to the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities.

13. Should the Customer fail to pay any bills due and rendered pursuant to this agreement or otherwise fail to perform the obligations contained in this Agreement, said obligations being material and going to the essence of this Agreement, FPL may cease to supply electric energy or service until the Customer has paid the bills due and rendered or has fully cured such other breach of this Agreement. Any failure of FPL to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by FPL, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
14. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy, or by cause or causes not under the control of the party thus prevented from compliance, and FPL shall not have the obligation to furnish service if it is prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of FPL, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
15. **This Agreement supersedes all previous Agreements** or representations, either written, oral, or otherwise between the Customer and FPL, with respect to the facilities referenced herein and constitutes the entire Agreement between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by FPL to third parties.
16. In the event of the sale of the real property upon which the facilities are installed, upon the written consent of FPL, this Agreement may be assigned by the Customer to the Purchaser. No assignment shall relieve the Customer from its obligations hereunder until such obligations have been assumed by the assignee and agreed to by FPL.
17. This Agreement shall inure to the benefit of, and be binding upon the successors and assigns of the Customer and FPL.
18. The lighting facilities shall remain the property of FPL in perpetuity.
19. This Agreement is subject to FPL's Electric Tariff, including, but not limited to, the General Rules and Regulations for Electric Service and the Rules of the FPSC, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the FPL Electric Tariff or the FPSC Rules, the provisions of the Electric Tariff and FPSC Rules shall control, as they are now written, or as they may be hereafter revised, amended or supplemented.

**IN WITNESS WHEREOF**, the parties hereby caused this Agreement to be executed in triplicate by their duly authorized representatives to be effective as of the day and year first written above.

# Memorandum

**Date:** September 16, 2020

**To:** Maria Nardi, Director  
Department of Parks, Recreation and Open Spaces

**From:** Jack Osterholt, Deputy Mayor/Director  
Department of Regulatory and Economic Resources

**Subject:** Street lighting, Maintenance of Landscape, Walls Adjacent to Double Frontage Lots, Entrance Features and Lakes – Special Taxing Districts

---

All tentative plats in the unincorporated area of Miami-Dade County submitted to the Development Services Division (Land Development Section) of the Regulatory and Economic Resources Department (RER), must comply with the special taxing districts requirements of the Miami-Dade County Code (the Code) including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve, through September 30, 2021, as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2020-2030 Comprehensive Development Master Plan (CDMP). Capital Improvement Element Policy CIE-4A states: "Appropriate funding mechanisms will be adopted and applied by Miami-Dade County and the Miami-Dade County Public Schools in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms may include special taxing districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bonds, impact fees, special purpose authorities, and others as appropriate and feasible" (Adopted Components as Amended through January 23, 2020, page IX-9). The provision for services over and above minimum for neighborhoods and communities may be accomplished through the special taxing district as may be prescribed by the Code.

The RER has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the RER Development Services Division review all landscape maintenance districts and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.

The areas and geographical locations of this Special Taxing District are shown on the map or sketch, attached to the accompanying memorandum.

**Section 4.** The improvements and/or services to be provided in this Special Taxing District will consist of the following:

- A) Maintenance of landscaped swales, medians, common areas, any entrance features, wetlands, lakes, and the exterior faces of any fencing or walls within the Special Taxing District's boundaries abutting public rights-of-way, including maintenance of turf, trees, shrubs, irrigation, and utility payments should any association or community development district fail to provide these services. The Special Taxing District will also maintain the private road area if there is a failure to provide maintenance within the private road area as defined in a non-exclusive easement granted to Miami-Dade County and recorded in the Public Records.
- B) Street lighting services within public rights-of-way, as described in the Report.

**Section 5.** A) Multipurpose Maintenance – Initially, services will be provided by petitioner. The current estimate of combined costs for the multipurpose maintenance services and operations by the Special Taxing District if activated, including engineering, administration, billing, collecting and processing, is \$41,384.47 (\$0.0599 per assessable square foot). The assessments will be adjusted based on actual costs.

B) Street Lighting Services – The installation of such street lighting will be accomplished pursuant to an agreement between Miami-Dade County and Florida Power and Light. The expected costs of the installation and operation of the Special Taxing District's services, including maintenance, electricity, engineering, administration, billing, collection and processing, for the first year are provided by petitioners and estimated to be \$30,960.08. The expected costs of the Special Taxing District's services for the second year are estimated to be \$9,063.09. The expected estimated cost per assessable front foot of real property within the Special Taxing District for the second year is \$3.8144. The succeeding years' assessments will be adjusted based on actual costs.

**Section 6.** The entire cost of the Special Taxing District's improvements and/or services shall be specially assessed. It is hereby declared that said improvements and/or services will be a special benefit to all properties within the Special Taxing District and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

**Section 7.** A) Multipurpose Maintenance – If the multipurpose maintenance services are activated, Miami-Dade County, as administrator of this Special Taxing District's maintenance programs, is directed to provide service by the most effective and efficient means available on a yearly basis, as detailed in the Report, which is made a part hereof by reference. If there is a proposed significant change to the level of service to be provided, the Parks, Recreation and Open Spaces Department shall conduct a meeting in the community, inviting all affected Special Taxing District property owners for the purpose of reviewing the Special Taxing District's budget and level of service.

B) Street Lighting Services – The proposed street lighting agreement between Miami-Dade County and Florida Power and Light is hereby approved and made a part hereof by reference. The provisions of Resolution No. R-130-06 are hereby waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

**Section 8.** A) Multipurpose Maintenance – If the multipurpose maintenance services are activated, the County Mayor or County Mayor's designee is authorized and directed to cause to be made the maintenance and operation of various public improvements to be installed within the Special Taxing District in accordance with the provisions of this Ordinance.

B) Street Lighting Services – The County Mayor or County Mayor’s designee is hereby authorized and directed to execute at the appropriate time the incorporated street lighting agreement, in substantially the form attached to the accompanying memorandum, for and on behalf of Miami-Dade County.

**Section 9.** The County Mayor or County Mayor’s designee is authorized and directed to cause the installation of said streetlights to be accomplished within the Special Taxing District in accordance with the provisions of said agreement and the terms of this Ordinance.

**Section 10.** The County Mayor or County Mayor’s designee is further directed to cause to be prepared and filed with the Clerk one Preliminary Assessment Roll for the street lighting services in accordance with the provisions of sections 18-14 and 18-22.1 of the Code. In the event that the multipurpose maintenance services are activated, the County Mayor or County Mayor’s designee is further directed to cause to be prepared and filed with the Clerk one Preliminary Assessment Roll for those services in accordance with the provisions of section 18-14 of the Code. As authorized by section 197.3632, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of chapter 197, Florida Statutes, in the same manner and at the same time as ad valorem taxes. Unless paid when due, such special assessments shall be deemed delinquent and payment thereof may be enforced by means of the procedures provided by the provisions of chapter 197, Florida Statutes, and section 18-14 of the Code, including possible loss of title.

**Section 11.** A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.

**Section 12.** It is the intention of the Board, and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code.

**Section 13.** The provisions of this Ordinance shall become effective ten days after the date of its enactment, unless vetoed by the County Mayor, and if vetoed, shall become effective only upon an override by this Board.
