Subject: Status Report on FEMA Reimbursements for Hurricane Irma – Directive No. 182307

Summary

Pursuant to a Board directive, attached as Exhibit I, Status of Federal Emergency Management Agency (FEMA) Reimbursements, is the April 2022 monthly report regarding the status of FEMA reimbursements of County expenditures incurred in response to the 2017 Hurricane Irma. In summary, the County submitted 223 projects with an estimated total cost of \$272 million. The County projected to be reimbursed \$260 million with a cost share of \$12 million. Of this, \$248 million has been obligated to date and \$206 million collected.

Background

On September 10, 2017, Hurricane Irma made landfall in South Florida. In anticipation of landfall, the President of the United States declared a Federal Emergency on September 4, 2017, which allowed Miami-Dade to seek Federal and State grants for reimbursement of actual hurricane-related expenditures. The County anticipates that it will incur about \$272 million of Hurricane Irma expenditures overall. These projected expenditures constitute 223 distinct projects as of April 30, 2022. As FEMA continues its review process, estimate and cost share allocations may change.

As of April 30, 2022, FEMA has obligated \$237 million in federal funding with \$11 million in state funding. FEMA and the State of Florida have paid \$206 million to the County.

Pursuant to Ordinance No. 14-65, this report will be placed on the next available Board Meeting agenda. Should you require additional information, please contact Controller Madelin Rizzo at 305-375-5096 or Chief Financial Officer/Finance Director Edward Marquez at 305-375-1451.

⁽¹⁾ The projected expenditures consist of 223 distinct projects as of 04/30/22. As FEMA continues to review and estimate, cost share allocations may change.

⁽²⁾ 14 projects have a Federal cost share of 92% because they participated in the Public Assistance Alternative Procedures Pilot Program for Debris Removal.

⁽³⁾ As per **Amendment No. 18 to Notice of a Major Disaster Declaration** issued by FEMA on August 23, 2019, all projects for all categories were authorized to be amended to 90 percent of total eligible costs, except assistance previously approved at 100%.

^(4a) The \$150,999 (includes local match) and \$143,449 (excludes local match) consist of 2 projects - 35457 and 80941 - that have been submitted to FEMA and the State but that have not been obligated.

^(4b) 5 projects - 5204, 28919, 32888, 33197, and 84275 - were previously obligated by FEMA, but are undergoing additional rework so their status changed to 'Pending Obligation'. However, the State keeps them as 'Obligated' until FEMA makes a final determination.

⁽⁵⁾ Obligated funds for 221 projects as of 04/30/22. The \$248,534,665 is comprised of \$237,101,433.97 in federal funding with \$11,433,233.22 in state funding.

⁽⁶⁾ Payments received for 201 projects through 04/30/2022

⁽⁷⁾ Project 5204 had a successful appeal/arbitration. FEMA estimates the new obligated amount to be \$10,723,119.60 but the State has not increased the obligated amount from \$5,606,247.71.

Project 28919, which is obligated, has expenses being transferred to 164028, a Category C project that has been obligated

⁽⁸⁾ Project 33197 is being re-worked due to successful appeal and Amendment Request of 406 HMP Items. FEMA estimates the new obligated amount to be \$7,781,497.53 (with \$7,392,422.65 in Federal and State funding) but the State has not increased the obligated amount from \$1,283,774.57 (\$1,219,585.84 in Federal and State funding) until FEMA makes its final determination.
