Subject: Significant Modification to Building Better Communities General Obligation Bond Program Project No. 340 – “Bond Issuance Cost”, Establishing a New Project and Reallocating Surplus Funding

Executive Summary

The purpose of this item is to significantly modify the Building Better Communities General Obligation Bond (BBC-GOB) Program Project No. 340 by reducing its \$5 million allocation by \$2 million and reallocating the surplus funds to a newly created project titled BBC-GOB Program Project No. 389 – “Homeless Trust Services Facilities”. The item further seeks to amend Resolution No. R-994-22 (Attachment 1) to provide that the \$2 million of Project No. 389 be used towards the \$6.5 million need identified by the resolution.

Recommendation

It is recommended the Board of County Commissioners (Board) approve, following a public hearing, as set forth in Appendix A to Resolution R-917-04, a significant modification to the BBC-GOB Program’s Project No. 340 – “Bond Issuance Cost to Construct and Improve Public Services Outreach Facilities”, to reduce its approximate \$5 million allocation by \$2 million and reallocate surplus funds to a new project titled Bond Program Project No. 389 – “Homeless Trust Service Facilities”. The reallocated BBC-GOB Program funds will be used to support the Miami-Dade County Homeless Trust’s (Homeless Trust) efforts to repurpose and build-out the County-owned property located at 18055 SW 12 Street, Miami, FL 33194 (Folio: 30-4812-000-0022) (Property) with specialized units for unsheltered single adult men with special needs and facilities to provide services for this population, to include but not be limited to, services for their physical health, their mental health, and substance abuse.

Additionally, this item seeks to amend Resolution No. R-994-22 approved by this Board on October 18, 2022, regarding the acquisition of a deed covenant restriction and right of reversion for the Property to provide that of the \$6.5 million identified as needed for the improvement of the Property, \$2 million shall be funded from the new BBC-GOB Program Project No. 389 created by this item.

Scope

While the Property is located at 18055 SW 12 Street, Miami, FL 33194 in Commission District 11, BCC-GOB Project No. 389 is countywide in nature.

Delegation of Authority

There are no delegated authorities for this item.

Fiscal Impact/Funding Source

The funds transferred from Project No. 340 to newly created Project No. 389 total \$2 million. This item allocates the funding to the newly created BCC-GOB Program Project No. 389. Therefore, there is no fiscal impact associated with this item.

Track Record/Monitor

The Office of Management and Budget oversees the BBC-GOB Program. David Galvez is the Program Coordinator tasked with managing the expenditure of funds in accordance with the BBC-GOB Program requirements. The necessary renovations for the Property are managed by the Homeless Trust and the project manager is Victoria Mallette.

Background

On November 2, 2004, voters approved the referendum to fund more than 300 capital improvement projects throughout Miami-Dade County through the BBC-GOB Program. Appendix "A" to the authorizing Resolution No. R-917-04 list projects eligible for funding from the BBC-GOB Program by number, name, and project description. All additions, deletions and significant modifications to individual projects require a majority vote of the Board following a public hearing. Funding may only be reallocated within each referendum question.

When the BBC-GOB Program was first outlined, twenty percent of the total allocation was allocated in each question to cover the financing costs. The Public Service Outreach Resolution included a \$13,077,000 allocation under BBC-GOB Program Project No. 340 to cover the cost for bond issuance. Subsequent to the approval of the BBC-GOB Program, a financing structure was developed which enabled the program to be funded at a much lower financing cost. On September 1, 2020, the Board approved Resolution No. R-830-20 modifying the BBC-GOB Program project, reducing its allocation by \$8 million for a new total project allocation of \$5,077,000. The \$8 million of surplus funds were reallocated to existing and new projects within the question. Currently, an additional \$2 million of the \$5,077,000 from the bond issuance costs are deemed surplus and may be reallocated to projects for other County needs.

As part of the FY 2022-2023 Adopted Budget, the Homeless Trust was provided \$10 million through the HOMES Plan and \$6 million from the Miami Dade Rescue Plan Infrastructure Project Programs category. The \$16 million allocation was intended to fund the department's efforts to increase the number of housing units available, provide much needed services and strive to end homelessness within Miami-Dade County. However, the department further identified a \$4 million funding gap which the \$2 million dollars from Project No. 389 will alleviate.

This item was presented to the BBC-GOB Program Citizen's Advisory Committee on October 28, 2022, and received a favorable recommendation.

Subject: Resolution Authorizing the Execution of an Offer to Abrogate and Release Correctional Use Deed Covenant and Right of Reversion related to approximately 5,000,731 Square Feet (115 Acres) of County-owned improved land located at 18201 SW 12th Street, Miami, FL 33194 (Folio No.: 30-4812-000-0022); Authorizing the County Mayor or County Mayor’s designee to expend an amount up to \$4,590,000 for the release of the restrictions as provided in the Offer to Abrogate and Release Correctional Use Deed Covenant and Right of Reversion and Abrogation and Release of Restrictions Agreement and up to \$6.5 million for improvements to provide for housing and services benefitting persons experiencing homelessness, for a total amount of \$11,104,000

Summary

The Internal Services Department (ISD) is seeking approval of this item to purchase the release of a deed covenant restriction and right of reversion held by the United States of America on County-owned property located at 18201 SW 12th Street, Miami, FL 33194. The property was conveyed to the County by the United States of America with a deed restriction and reverter that restricted the use to correctional purposes. The property is not needed for correctional purposes and the Homeless Trust seeks to use the property to house persons experiencing homelessness. In order to use the property for such purposes, the deed restriction requiring that the property be used only for correctional purposes must be released. The United States of America has agreed to release the covenant and waive its reversionary rights, for a cost of \$4,590,000, representing the appraised value of the unimproved land at the time of the initial conveyance in 1989. Release of the covenant will allow the County to use the property without any restrictions. The Homeless Trust is also requesting authorization to expend an additional \$6.5 million for improvements to the current structure located on the property in order to provide housing and services benefitting persons experiencing homelessness.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution authorizing execution of an Offer to Abrogate and Release Correctional Use Deed Covenant and Right of Reversion related to 5,000,731 Square Feet (115 Acres) of County-owned improved land (Property) located at 18201 SW 12th Street, Miami, FL 33194, between Miami-Dade County (Purchaser), and the United States of America, acting by and through the Administrator of General Services (GSA) (Seller), along with an Abrogation and Release of Restrictions Agreement. More specifically, the resolution does the following:

- Approves and Authorizes the County Mayor or County Mayor’s designee to execute an Offer to Abrogate and Release Correctional Use Deed Covenant and Right of Reversion in consideration for payment to GSA in the amount of \$4,590,000 (Attachment 1 to the Resolution), and an Abrogation and Release of Restrictions Agreement (Attachment 2 to the Resolution), related to the Property;
- Authorizes the County Mayor or County Mayor’s designee to expend \$4,590,000 for the release of the restrictions as provided in the Offer to Abrogate and Release Correctional Use Deed Covenant and Right of Reversion and Abrogation and Release of Restrictions Agreement; and
- Authorizes the County Mayor or the County Mayor’s designee to expend up to \$6.5 million for improvements to the on-site facility and surrounding areas formerly known as the South Florida Evaluation and Treatment Center Annex (SFETC).

Scope

The Property is located in Commission District 11, and the item is sponsored by Commissioner Monestime.

Fiscal Impact/Funding Source

The estimated total cost to release the deed covenant and right of reversion and complete the rehabilitation of the current structure on property is approximately \$11,104,000, which includes \$4,590,000 for the purchase of the Abrogation and Release of the Correctional Use Deed Covenant and Right of Reversion of the Property, approximately \$6.5 million to improvement current facility, and approximately \$14,000 for closing costs. The purchase, closing costs, and structure rehabilitation will be funded from general funds and budgeted from the HOMES Investment Partnerships Funds and the ARPA Infrastructure Programs.

In accordance with the requirements in Section 125.355, Florida Statutes, two independent appraisals were procured by the Miami-Dade County Internal Services Department. As agreed by GSA, the appraisers were instructed to estimate the market value of the fee simple estate under the hypothetical assumption that the Property was unimproved and in the condition that existed at the time of the initial conveyance to the County, which was essentially unfilled, prairie wetland which had not yet been demucked. One appraisal, dated August 03, 2021, valued the Property at \$4,590,000 (Exhibit “A” to the Memorandum). The second appraisal, dated August 03, 2021, valued the Property at \$4,300,000 (Exhibit “B” to the Memorandum). The current market value of the Property as set forth in the Miami-Dade County Property Appraisers website is \$17,388,786. The Homeless Trust (Trust) and GSA agreed to the purchase amount of \$4,590,000, which represents the higher of the two appraisals based upon the hypothetical assumption. The average of the two appraised values is \$4,445,000, and therefore, pursuant to Section 125.355, since the agreed purchase price exceeds the average of the two appraisals, a two-thirds vote of the Board is required.

The estimated total cost for improvement to the facility is approximately \$6.5 million, as outlined in Exhibit “C” to the Memorandum.

Track Record/Monitoring

The Internal Services Department (ISD) will be responsible for carrying out the purchase of the release of deed covenant and right of reversion, recordation, and closing of all the documents in conjunction with this item. Compliance thereto will be monitored by Jessica Gutierrez, Real Estate Officer. The Homeless Trust (Trust) will be the administering department responsible for the monitoring of the capital projects for the rehabilitation of current facility, housing and service provider, which shall be tracked by Victoria Mallette, Executive Director. The provider’s grant agreements will be monitored through the Homeless Trust’s existing monitoring processes that consists of site visits, desk reviews, the review of monthly, quarterly and annual progress reports, as well as the analysis of utilization rates.

Delegation of Authority

Authorizes the County Mayor or County Mayor’s designee to (1) execute the Offer to Abrogate (2) execute the Release Correctional Use Deed Covenant and Right of Reversion and Abrogation and Release of Restrictions Agreement and to exercise any and all other rights conferred therein (3) take all other actions necessary to effectuate said abrogation and release and (4) expend an amount not to exceed \$11,104,000.

Background

The Internal Services Department (ISD) is seeking the release and abrogation of land use deed restrictions and reversionary rights held by the United States of America, related to the Property. On October 5, 1989, the United States of America, acting by and through the Administrator of General Services, remised,

Honorable Chairman Jose "Pepe" Diaz
and Members, Board of County Commissioners

released, and quitclaimed (O.R. Book 14605 Pg. 3570) the Property to Miami-Dade County under the authority of the Comprehensive Crime Control Act of 1984, P.L. 98-473, 40 USC 484 (p), to be used for correctional purposes. The Property is under the jurisdiction of the Miami-Dade Department of Corrections and Rehabilitation (MDCR).

An application was submitted by MDCR, to the United States Department of Justice (USDOJ), to create the Dade County Krome Avenue Criminal Justice Center. The Criminal Justice Center was not developed, and alternative proposals were considered by MDCR, but none progressed to development. MDCR's Criminal Justice Plan analysis has found the Krome Avenue site to be the least suitable among all sites evaluated for future correctional facilities.

In 1998, MDCR entered into a lease agreement with the State of Florida Department of Children and Families Agency (DCF) which subsequently built a 112-bed facility for youth at a cost of approximately \$20 million. The property was known as South Florida Evaluation and Treatment Center Annex (SFETC). The SFETC ceased its operations, and DCF has now returned the Property to the County.

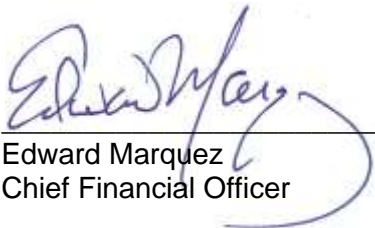

Considerable improvements have been made to the Property including de-mucking, the installation of a wastewater lift station and other utilities, road improvements, fencing, and the construction of the SFETC.

The Miami-Dade County Homeless Trust first learned of this facility in May 2019 and expressed interest in utilizing it to provide housing for persons experiencing homelessness. As a result, the County approached GSA, regarding the current correctional use restriction, and GSA proposed a buyout of the deed restriction based upon the Property value and existing condition at the time of the original conveyance, in 1989, prior to the County's improvement of the Property. On January 25, 2022, GSA notified the County that the buyout amount to release the correction use deed restriction would be \$4,590,000. GSA has also required, as part of their proposed buyout, that the County bring this agenda item before the Board no later than November 1, 2022.

Approval of a Governmental Facility Hearing by the Board pursuant to Section 33.303 (b) of the Code of Miami-Dade County is not required.

As part of the due diligence process, the County engaged an environmental review that consisted of a Phase I environmental site assessment. No harmful substances were found and a Phase II was deemed unnecessary.

The Internal Services Department (ISD) also prepared an estimate for improvements to the SFETC, to allow for floorplan remodeling, to facilitate additional living spaces to provide housing and services for persons experiencing homelessness (Exhibit "D" to the Memorandum).

Re: Krome Detention Center Land
17800 SW 12 Street
Miami, FL 33194

Dear Ms. Gutierrez:

As requested, we have prepared an appraisal of the property referenced above presented in the attached Appraisal Report. The purpose of the appraisal is to develop an opinion of the following values:

Value	Date of Value	Interest Appraised	Value Type
"Current"	8/3/21	Fee Simple Estate	Fair Market Value

The subject's site consists of approximately 5,000,732 SF or approximately 114.80 acres of land. The site is irregular and portions of the site are level and at street grade and other portions are below grade, and/or are water retention ponds. We are appraising the property under the hypothetical condition that the subject is in the same condition as on the date of transfer in 1989 (the subject property was undeveloped vacant land). Therefore, we have not included the value associated with any improvements made to the site since that date.

The appraisal and the attached Appraisal Report have been prepared in conformity with and are subject to the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute and the Uniform Standards of Professional Appraisal Practice of the Appraisal Foundation (USPAP). In preparing this appraisal, we considered the use of the three most widely recognized approaches to value: the Cost, Income Capitalization and Sales Comparison Approaches. The appraisal is subject to the attached Assumptions and Limiting Conditions and Definition of Market Value.

Based on the analysis of pertinent physical and economic factors, we have arrived at the following value opinions:

Value	Date of Value	Interest Appraised	Value Opinion
"Current"	8/3/21	Fee Simple Estate	\$4,300,000

This appraisal is not based on any extraordinary assumptions.

The property is valued as if unencumbered with the PBC-related use restriction specified in the deed and is available to be put to its highest and best use. This appraisal excludes the cost of, and any value increase resulting from, improvements made by the grantee and other parties. The property is appraised under the hypothetical condition that the subject is in the same condition as on the date of transfer in 1989 (the subject property was undeveloped vacant land). The date of value is a current date based on current market conditions. This is not a retrospective date of value. This appraisal is not based on any other hypothetical conditions.

The opinion(s) of value are based on exposure times of 6 to 12 months, assuming the property was properly priced and actively marketed.

The attached Appraisal Report summarizes the documentation and analysis in support of our opinions. If you have any questions, please contact the undersigned. We thank you for retaining the services of our firm.
