

Date:	(Public Hearing: 11-7-23) September 6, 2023	
То:	Honorable Chairman Oliver G. Gilbert, III and Members, Board of County Commissioners	Agenda Item No. 5(D)
From:	Daniella Levine Cava Daniella Lerine Cava Mayor	
Subject:	Ordinance Creating the Parker Pointe Community Dev	velopment District

### **Executive Summary**

The purpose of this item is to gain authorization from the Board of County Commissioners (Board) to create a Community Development District (CDD) in the City of Homestead (City) in Miami-Dade County (County), Florida. CDDs are a local unit of special-purpose government created according to Chapter 190 of the Florida Statutes.

### **Recommendation**

It is recommended that the Board adopt the attached Ordinance creating the Parker Pointe Community Development District (District) in the City, pursuant to the authority granted by the Miami-Dade County Home Rule Charter for the purposes set forth in Chapter 190 of the Florida Statutes, subject to the acceptance of the Declaration of Restrictive Covenants running with the lands within the jurisdiction of the CDD.

### **Scope**

This District is located within Commission District 8, which is represented by County Commissioner Danielle Cohen Higgins, and will provide funding for capital improvements, as well as multipurpose maintenance functions, within the CDD.

### **Fiscal Impact/Funding Source**

The creation of the District will have no fiscal impact to the County. CDD funding is derived from assessments levied against the properties within the CDD, which are secured by a lien against the properties and collected directly by the CDD or through the annual Combined Real Property tax bill pursuant to an interlocal agreement with the County.

### **Social Equity Statement**

The proposed Ordinance grants a petition for the creation of the District, pursuant to the procedures and factors set forth in section 190.005, Florida Statutes.

If approved, pursuant to Chapter 190, Florida Statutes, the District will have the power to levy taxes and special assessments and charge, collect, and enforce fees and other user charges affecting property owners within the proposed District, regardless of their demographics. The CDD is a timely, efficient, effective, responsive, and economic way to deliver and finance basic community development services.

### **Track Record/Monitor**

This development has private roads that are to be maintained by a Homeowners' Association (HOA) or the District. A Special Taxing District will be created to maintain the development's infrastructure, such as private roadways, private area storm drainage, and landscaping, should the District be dissolved or fail to fulfill its maintenance obligations. This Special Taxing District will remain dormant until such time as

Honorable Chairman Oliver G. Gilbert, III and Members, Board of County Commissioners Page 2

the County determines to implement the Special Taxing District.

### **Delegation of Authority**

This Ordinance does not delegate any authority to the County Mayor or designee.

### **Background**

SK Parker Pointe, LLC. ("Petitioner"), the owner of the Parker Pointe Development, has filed an application to create the District in connection with said development. The Parker Pointe Development is a proposed 41.81-acre residential development lying wholly within the municipal limits of the City of Homestead, in an area bounded by SW 162 Avenue (NE 18 Avenue/Farm Life School Road) on the east, SW 320 Street (East Mowry Drive/Parker Pointe Drive) on the south, Canal C-103 Right-of-Way on the west, and Canal C-103 Right-of-Way on the north. The District is designed to provide a financing mechanism for community infrastructure, facilities, and services along with certain ongoing operations and maintenance for the development. The development plan for the lands within the proposed District includes construction of 371 residential units (274 townhome units and 97 single-family units) with associated roadway improvements, stormwater management system, wastewater collection system, and water distribution system, which are estimated to cost approximately \$11.74 million. This development has private roads that are to be maintained by an HOA or the District. A detailed summary of District elements, as well as the cost and anticipated lack of fiscal impacts to government agencies, are presented in the attached application submitted by the Petitioner. In accordance with Chapter 190, Florida Statutes, the Petitioner has paid a filing fee of \$15,000.00 and an additional \$15,000.00 for advertising costs to the County.

A Declaration of Restrictive Covenants has been submitted consistent with the requirements of Resolution R-413-05 adopted by the Board on April 5, 2005, and as amended by Resolution No. R-883-06, which was adopted on July 18, 2006, to add language regarding the option to pay capital assessments in full at the time of closing. The Declaration of Restrictive Covenants provides for: (1) notice in the public records of the projected taxes and assessments to be levied by the District; (2) individual prior notice to the initial purchaser of a residential lot or unit within the development; and (3) provisions for remedial options to initial purchasers whose contract for sale did not include timely notice of the existence and extent of CDD liens and special assessments.

This Board is authorized by the Florida Constitution and the County Home Rule Charter to establish governmental units, such as this CDD, within the County and to prescribe such government's jurisdiction and powers.

### BEFORE THE CITY COUNCIL OF THE CITY OF HOMESTEAD AND THE BOARD OF COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA

### PETITION TO ESTABLISH A COMMUNITY DEVELOPMENT DISTRICT

Petitioner, SK Parker Pointe LLC ("Petitioner"), hereby petitions the City Council of the City of Homestead, Florida, and the Board of County Commissioners of Miami-Dade County, Florida ("County"), pursuant to the "Uniform Community Development District Act of 1980," Chapter 190, Florida Statutes, and the Miami-Dade County Home Rule Charter, to establish a Community Development District ("District") with respect to the land described herein. In support of this petition, Petitioner states:

<u>1.</u> Location and Size. The proposed District is located entirely within the City of Homestead, Florida, and covers approximately 41.81 acres of land, more or less. **Exhibit 1** depicts the general location of the project. The site is generally located south of S.W. 312<sup>th</sup> Street (N.E. 8<sup>th</sup> Street), west of S.W. 162<sup>nd</sup> Avenue (N.E. 18<sup>th</sup> Avenue)/Farm Life Road, north of S.W. 320<sup>th</sup> Street (East Mowry Drive) and east of S.W. 167<sup>th</sup> Avenue (N.E. 12<sup>th</sup> Avenue). The sketch and metes and bounds descriptions of the external boundaries of the proposed District is set forth in **Exhibit 2**.

2. <u>Excluded Parcels.</u> There are no parcels within the external boundaries of the proposed District which are to be excluded from the District.

<u>3.</u> <u>Landowner Consents.</u> Petitioner has obtained written consent to establish the proposed District from the owners of one hundred percent (100%) of the real property located within the proposed District in accordance with Section 190.005, Florida Statutes. Consent to the establishment of the District is contained in **Exhibit 3**. They shall serve in that office until replaced, as provided in Section 190.006, Florida Statutes.

<u>4.</u> <u>Initial Board Members.</u> The five (5) persons designated to serve as initial members of the Board of Supervisors of the proposed District are Michael Caputo, Timothy Smith, Greg Meath, Candice Smith and Jon Seifel. They are residents of the state of Florida and citizens of the United States of America. Further information on the Board Members can be found in **Exhibit 11**.

<u>6.</u> <u>Name.</u> The proposed name of the District is the Parker Pointe Community Development District.

7. <u>Major Water and Wastewater Facilities.</u> **Exhibit 4** shows the existing and proposed major trunk water mains and sewer connections serving the lands within and around the proposed District.

8. District Facilities and Services. **Exhibit 5** describes the type of facilities Petitioner presently expects the proposed District to finance, fund, construct, acquire and install, as well as the estimated costs of construction. At present, these improvements are estimated to be made, acquired, constructed and installed in two (2) phase(s) over an estimated two (2) year period

from 2022 to 2024. Actual construction timetables and expenditures will likely vary, due in part to the effects of future changes in the economic conditions upon costs such as labor, services, materials, interest rates and market conditions.

<u>9.</u> Existing and Future Land Uses. The existing use of the lands within the proposed District is vacant land. The current zoning of the lands within the proposed District is "General/General Use." The future general distribution, location and extent of the public and private land uses within and adjacent to the proposed District by land use plan element are shown in **Exhibit 6**. These proposed land uses are consistent with the City of Homestead's Comprehensive Plan and Miami-Dade County's Comprehensive Development Master Plan.

<u>10.</u> <u>Statement of Estimated Regulatory Costs.</u> **Exhibit 7** is the statement of estimated regulatory costs ("SERC") prepared in accordance with the requirements of Section 120.541, Florida Statutes. The SERC is based upon presently available data. The data and methodology used in preparing the SERC accompany it.

<u>11.</u> <u>Authorized Agents.</u> The Petitioner is authorized to do business in the State of Florida. The Petitioner has designated Jere Earlywine as its authorized agent. See **Exhibit 8** - Authorization of Agent. Copies of all correspondence and official notices should be sent to:

<u>12.</u> <u>Disclosure Requirements.</u> Petitioner undertakes on behalf of the proposed District that the Petitioner and the proposed District will provide full disclosure of information relating to the public financing of the improvements to be made to the proposed District and the maintenance of such improvements to be undertaken by the proposed District as required by Section 190.009, Florida Statutes, as amended, as required as a condition of the creation of the proposed District by the Board of County Commissioners of Miami-Dade County, Florida.

<u>13.</u> <u>Resolution of Support from the City of Homestead.</u> A Resolution of the City Council of the City of Homestead, Florida, supporting the establishment of the proposed District is attached to this petition as **Exhibit 9**.

<u>14.</u> <u>Declaration of Restrictive Covenants.</u> Landowner agrees to the restrictive covenants on the lands that comprise the proposed District as set forth in **Exhibit 10**.

<u>15.</u> <u>Request for Additional Powers.</u> If the District is approved by the County, the District will be duly and legally authorized to exist and exercise all of its powers as set forth in

Section 190.012(1) and (3), Florida Statutes, and as otherwise provided by law. The powers and functions of the District are more fully described in Chapter 190, Florida Statutes. Petitioner further requests that the District be granted consent to exercise of certain additional powers to finance, plan, establish, acquire, construct, reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for: (1) parks and facilities for indoor and outdoor recreational, cultural and educational uses; and (2)security, including but not limited to, guardhouses, fences and gates, electronic intrusion detection systems, and patrol cars, each as authorized and described by Sections 190.012(2)(a) and (d),Florida Statutes, respectively.

<u>16.</u> <u>Consent to Special Taxing District.</u> Petitioner also acknowledges and consents to the establishment of a dormant multipurpose maintenance special taxing district to be activated in the event that the District is dissolved or becomes defunct and fails to provide maintenance services within the public rights-of-way. The maintenance of improved swales and medians in the public rights-of-way excluding swale maintenance by owners of property as defined by Chapter 19 of the Code of Miami-Dade County shall be provided by the District, including but not limited to, irrigation, landscape lighting, payment of related utility bills, turf, trees, shrubs and any other landscaping improvements provided or caused by this development, covenants associated with landscaping permitting in the public rights-of-way notwithstanding.

17. This petition to establish the Parker Pointe Community Development District should be granted for the following reasons:

a. Establishment of the proposed District and all land uses and services planned within the proposed District are not inconsistent with applicable elements or portions of the effective State Comprehensive Plan, City of Homestead's Comprehensive Plan or the Miami-Dade County's Comprehensive Development Master Plan.

b. The area of land within the proposed District is part of a planned community. It is of sufficient size and is sufficiently compact and contiguous to be developed as one functional and interrelated community.

c. The establishment of the proposed District will prevent the general body of taxpayers in the City of Homestead and Miami-Dade County from bearing the burden for installation of the infrastructure and the maintenance of certain facilities within the development encompassed by the proposed District. The proposed District is the best alternative for delivering community development services and facilities to the proposed community without imposing an additional burden on the general population of the local general-purpose government. Establishment of the proposed District in conjunction with a comprehensively planned community, as proposed, allows for a more efficient use of resources.

d. The community development services and facilities of the proposed District will not be incompatible with the capacity and use of existing local and regional community development services and facilities. In addition, the establishment of the proposed District will

provide a perpetual entity capable of making reasonable provisions for the operation and maintenance of the proposed District's services and facilities.

e. The area to be served by the proposed District is amenable to separate specialdistrict government.

WHEREFORE, Petitioner respectfully requests Miami-Dade County, Florida, to:

a. schedule a public hearing in accordance with the requirements of Section 190.005(2)(b), Florida Statutes;

b. grant the petition and adopt an ordinance establishing the District pursuant to Chapter 190, Florida Statutes;

c. consent to the District exercise of certain additional powers to finance, plan, establish, acquire, construct, reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for: (1) parks and facilities for indoor and outdoor recreational, cultural and educational uses; and, (2) security, including but not limited to, guardhouses, fences and gates, electronic intrusion-detection systems, and patrol cars, each as authorized and described by Section 190.012(2)(a) and (d), Florida Statutes.

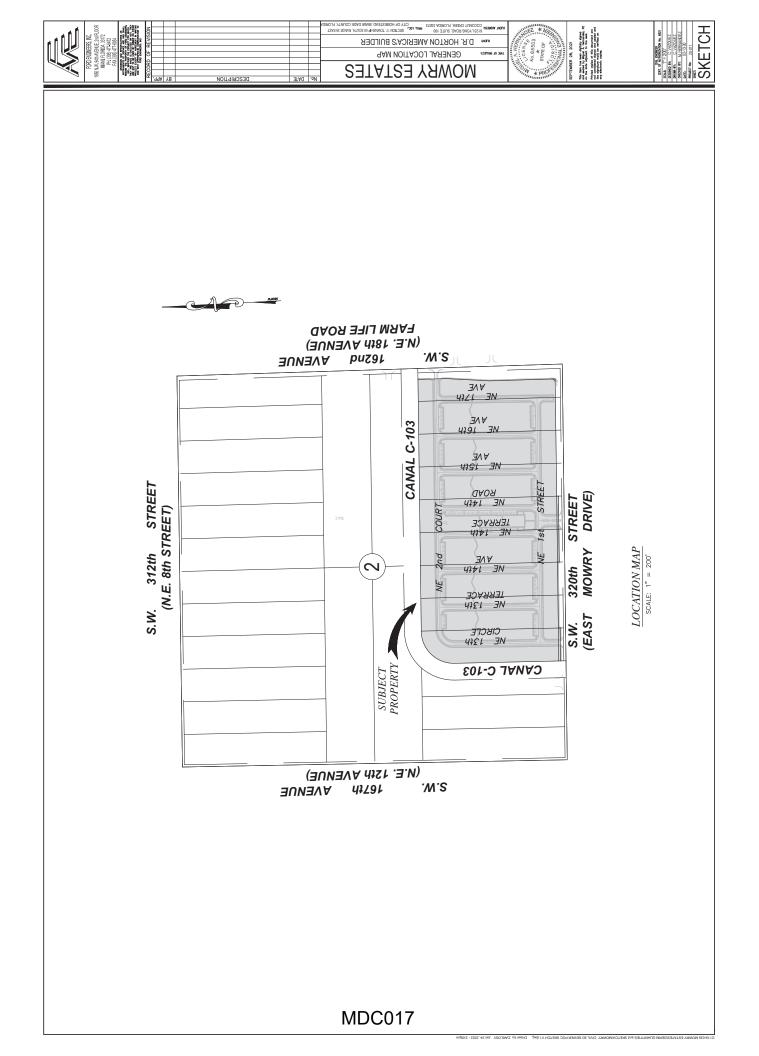

d. grant such other relief as may be necessary or appropriate.

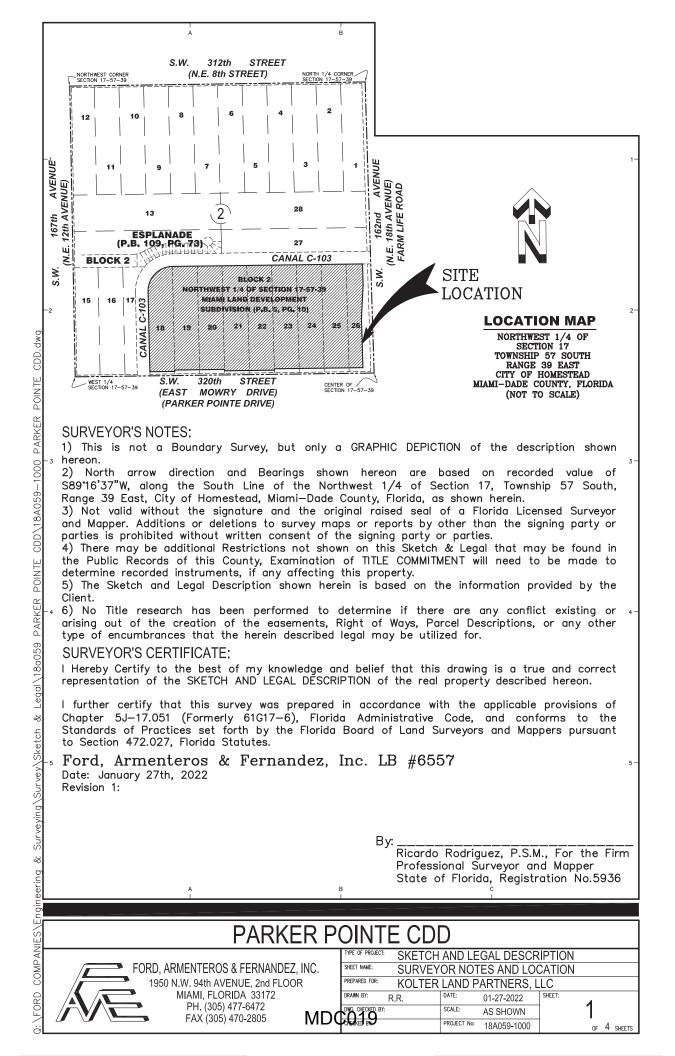

RESPECTFULLY SUBMITTED, this 30<sup>th</sup> day of March, 2023.

### PARKER POINTE COMMUNITY DEVELOPMENT DISTRICT

### **Statement of Estimated Regulatory Costs**

February 10, 2022

Prepared by

Special District Services, Inc. 2501A Burns Road Palm Beach Gardens, Florida 33410 (561) 630-4922

#### 1.0 Introduction

#### **1.1 Purpose and Scope**

This Statement of Estimated Regulatory Costs ("SERC") supports the petition to establish the Parker Pointe Community Development District ("District"). The District comprises approximately 41.81 acres of land located in the incorporated area of the City of Homestead (the "City") in Miami-Dade County, Florida (the "County"). The limitations on the scope of this SERC are explicitly set out in Section 190.002(2)(d), F.S. (governing District establishment) as follows:

"That the process of establishing such a district pursuant to uniform general law be fair and based only on factors material to managing and financing the service delivery function of the district, so that any matter concerning permitting or planning of the development is not material or relevant (emphasis added)."

The District will provide community infrastructure that will serve all the land in the proposed District. The District plans to provide community infrastructure including, but not necessarily limited to, stormwater management improvements, roadway improvements, water & wastewater systems, undergrounding of conduit, hardscaping, landscape, irrigation, amenities, conservation areas, offsite improvements. The District plans to finance these improvements by issuing bonds secured by, among other things, proceeds of non-ad valorem special assessments levied on land within the District that will specially benefit from the improvements all as discussed more fully below.

#### 1.2 Overview of Parker Pointe Community Development District

The District is designed to provide district infrastructure, services, and facilities along with their operations and maintenance to a master-planned development containing approximately 41.81 acres within the boundaries of the District.

#### **1.3** Requirements for Statement of Estimated Regulatory Costs

Section 120.541(2), F.S. (2022), defines the elements a statement of estimated regulatory costs must contain:

(a) An economic analysis showing whether the rule directly or indirectly (1) is likely to have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; (2) is likely to have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after implementation of the rule; or (3) is likely to increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; or

(b) A good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a general description of the types of individuals likely to be affected by the rule.

(c) A good faith estimate of the cost to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues.

(d) A good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule. As used in this section, "transactional costs" are direct costs that are readily ascertainable based upon standard business practices, and include filing fees, the cost of obtaining a license, the cost of equipment required to be installed or used or procedures required to be employed in complying with the rule, additional operating costs incurred, the cost of monitoring and reporting, and any other costs necessary to comply with the rule.

(e) An analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S. The impact analysis for small businesses must include the basis for the agency's decision not to implement alternatives that would reduce adverse impacts on small businesses.

(f) Any additional information that the agency determines may be useful.

(g) In the statement or revised statement, whichever applies, a description of any regulatory alternatives submitted under paragraph (1) (a) and a statement adopting the alternative or a statement of the reasons for rejecting the alternative in favor of the proposed rule.

"Note: the references to "rule" in the statutory requirements for the Statement of Estimated Regulatory Costs also apply to an "ordinance" under section 190.005(2) (a), Florida Statutes."

2.0 (a) An economic analysis showing whether the rule directly or indirectly is likely to: (1) have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after implementation of the rule; (2) have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after implementation of the rule; or (3) increase regulatory costs, including any transactional costs, in the excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

It is unlikely the establishment/creation of the District will meet any of the adverse triggers referenced in Section 120.541(2)(a), Florida Statutes. The basis for this determination is that this Petition to establish/create the District is for the sole purpose of providing public

infrastructure for the Project, which has already been vetted by the City and County during the review process and subsequently approved by the City and/or County Commission. Additional support of this determination is provided in the discussions in Section 3.0 through Section 6.0 herein.

# **3.0** A good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a general description of the types of individuals likely to be affected by the rule.

The District serves land that comprises a 41.81 acre residential development to be made up of an estimated 371 residential dwelling units (274 townhome units and 97 single-family units). The estimated population of the District is 1,113 (3 per household). The property owners in the District will be individuals that may operate industrial, manufacturing and other retail and non-retail related businesses outside the boundaries of the District.

# 4.0 A good faith estimate of the cost to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues.

There is no state agency promulgating any rule relating to this project that is anticipated to affect state or local revenues.

#### 4.1 Costs to Governmental Agencies of Implementing and Enforcing Rule

Because the results of adopting the ordinance is establishment of a local special-purpose government, there will be no enforcing responsibilities of any other government entity, but there will be various implementing responsibilities which are identified with their costs herein.

#### State Governmental Entities

There will be only modest costs to various State governmental entities to implement and enforce the proposed establishment of the District. The District as established on the proposed land, will encompass under 2,500 acres, therefore, the County is the establishing entity under Section 190.005(2), F.S. The modest costs to various State entities to implement and enforce the proposed rule relate strictly to the receipt and processing of various reports that the District is required to file with the State and its various entities. Appendix A lists the reporting requirements. The costs to those State agencies that will receive and process the District's reports are very small, because the District is only one of many governmental units that are required to submit the various reports. Therefore, the marginal cost of processing one additional set of reports is inconsequential. Additionally, pursuant to section 189.412, F.S., the District must pay an annual fee to the State of Florida Department of Economic Development, which offsets such costs.

#### Miami-Dade County and the City of Homestead

This petition to establish the District will require the City and County to review the petition and its supporting exhibits. In addition, the City and County will hold public hearings to discuss the petition and to take public input. These activities will absorb City and County staff time and time of the City and County Commissions. However, the costs of these activities are very modest at most for a number of reasons. First, review of the petition to establish the District does not include analysis of the Project itself. Second, the petition itself provides much of the information needed for a staff review. Third, the City and County already possess the staff needed to conduct the review without the need for new staff. Fourth, there is no capital costs required to review the petition. Finally, the City and County routinely process similar petitions though for entirely different subjects, for land uses and zoning changes that are far more complex than is the petition to establish a community development district.

The annual costs to the City and County, because of the establishment of the District, are also very small. The District is an independent unit of local government. The only annual costs the County faces are the minimal costs of receiving and reviewing the various reports that the District is required to provide to the County, or any monitoring expenses the County may incur if it establishes a monitoring program for this District. However, the Petitioner has included a payment of \$15,000 to offset any expenses the County may incur in the processing of this Petition, or in the monitoring of this District.

#### 4.2 Impact on State or Local Revenues

Adoption of the proposed rule will have no negative impact on state or local revenues. The District is an independent unit of local government. It is designed to provide infrastructure facilities and services to serve the development project and it has its own sources of revenue. No state or local subsidies are required or expected.

In this regard it is important to note that any debt obligations incurred by the District to construct its infrastructure, or for any other reason, are not debts of the State of Florida or any other units of local government. In accordance with State law, debts of the District are strictly its own responsibility.

## 5.0 A good faith estimate of the transactional costs likely to be incurred by individuals and entities required to comply with the requirements of the rule.

The District will provide Infrastructure and related services to the land in the District, as outlined in **Table 1** below. It is anticipated that the District will fund, own, operate and maintain the stormwater management improvements, roadway improvements, hardscaping, landscaping and irrigation. The District will also fund the water distribution system and the wastewater collection system all of which will be owned by the County (WASD) and maintained by the County (WASD).

#### Table 1

#### PROPOSED FACILITIES AND SERVICES

CDD = Community Development District HOA = Homeowners Association WASD = Miami-Dade Water and Sewer Department UTILITY = Corresponding Utility

The Petitioner has estimated the costs for providing the capital facilities (the "Facilities") outlined above in **Table 1**, and such costs are shown herein below on **Table 2**. Total costs for those Facilities, which may be provided, are estimated to be approximately \$11,739,245. The District may issue Bonds to fund all of the costs or a portion of the costs of these Facilities located in the District. The proposed Bonds would be repaid through non-ad valorem assessments levied on all lands in the District that may benefit from the District's Infrastructure and related services as outlined on **Table 2** below. **Table 3** below provides an approximate timetable for commencement and completion of the Facilities.

Prospective future landowners in the District may be required to pay non-ad valorem assessments levied by the District to secure the debt incurred through Bond issuance. In addition to the levy of non-ad valorem assessments for debt service (principal and interest payments), the District may also impose a non-ad valorem assessment to fund the operations and maintenance of the District and its facilities and services.

It is important to note that the various costs outlined below in **Table 2** are typical for developments of the type contemplated here. In other words, there is nothing peculiar about the District's financing that requires additional infrastructure over and above what would normally be needed or required. Therefore, these costs are not in addition to normal development costs. Instead, the proposed facilities and services provided by the District are substituting in part for developer-provided infrastructure and facilities. Along these same lines, District-imposed assessments for operations and maintenance costs are similar

to what would be charged in any event by a property owners' association common to most planned developments.

Real estate markets are quite efficient, because buyers (and renters) evaluate all of the costs and benefits associated with various alternative locations. Therefore, market forces preclude developers/builders from marking up the prices of their product(s) beyond what the competition allows. To remain competitive the operations and maintenance charges must also be in line with the competition.

Furthermore, locating in the District by new property owners is completely voluntary. So, ultimately, all owners and users of the affected property choose to accept the non-ad valorem assessments and District's costs in tradeoff for the benefits, facilities and services that the District provides.

A Community Development District ("CDD" and/or "District") provides property owners with the option of having higher levels of facilities and services financed through selfimposed assessments. The District is an alternative means to manage necessary development services with related financing powers. District management is no more expensive, and often less expensive, than the alternatives of a municipal service taxing unit (MSTU), a property association, County provision, or through developer equity and/or bank loans.

In considering these costs it shall be noted that owners of the lands to be included within the CDD will receive three (3) major classes of benefits.

First, landowners in the CDD will receive a higher long-term sustained level of public services and amenities sooner than would otherwise be the case.

Second, a CDD is a mechanism for assuring that the community services and amenities will be completed concurrently with development of lands within the District. This satisfies the revised growth management legislation, and it assures that growth pays for itself without undue burden on other consumers. Establishment of the District will ensure that these landowners pay for the provision of facilities, services and improvements to these lands.

Third, a CDD is the sole form of governance which allows District landowners, through landowner voting, to determine the type, quality and expense of District services they receive, provided they meet the County's overall requirements.

The cost impact on the ultimate landowners in the District is not the total cost for the District to provide infrastructure services and facilities. Instead, it is the incremental costs above what the landowners would have paid to install infrastructure via an alternative management mechanism. Given the low cost of capital for a CDD, the cost impact to landowners is negligible. This incremental cost of the high quality infrastructure provided by the District is likely to be fairly low.

## 6.0 An analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.

Approval of the District will have positive impacts on small business as defined in Section 288.703 (1), F. S. These positive impacts will result because the additional population in the District will require goods and services from small businesses. These services can be provided by the small businesses that currently serve the general area. Additional opportunities will also be created for new businesses to be formed or relocate to the area. No negative impacts have been identified for small businesses as defined.

The City has an estimated population in 2020 that is greater than 10,000; therefore the City is not defined as a *"small"* City according to Section 120.52, F.S, and there will accordingly be no impact on a small City because of the formation of the District.

The County has an estimated population in 2020 that is greater than 10,000; therefore the County is not defined as a *"small" County* according to Section 120.52, F.S, and there will accordingly be no impact on a small County because of the formation of the District.

#### 7.0 Any additional useful information.

The analysis provided above is based on a straightforward application of economic theory, especially as it relates to tracking the incidence of regulatory costs and benefits. Inputs were received from the Petitioner's Engineer and other professionals associated with the Petitioner.

#### **1.3** <u>Relief to Prospective Initial Purchaser for Owner Default.</u>

1.3.1 Owner shall provide relief, in the manner provided by this Section

1.3 to any Prospective Initial Purchaser who has not yet closed on a Dwelling Unit if any one of the following events shall occur (an "<u>Owner Default</u>"):

1.3.1.1. Owner fails to provide a timely CDD Notice or Purchase Contract Notice as required; and/or

1.3.1.2. Owner provides a timely CDD Notice; however, such CDD

Notice underestimates the aggregate or monthly actual Administrative Assessments for the District's first three (3) fiscal years by more than five percent (5%); and/or

1.3.1.3. Owner provides a timely CDD Notice and/or Purchase Contract Notice; however, such CDD Notice and/or Purchase Contract Notice underestimates the actual Capital Assessment, if paid in full at closing, by more than five percent (5%) and/or monthly actual Annual Capital Assessments by more than five percent (5%). 1.3.2 In the event of any Owner Default that is not cured by a timely Late Notice (as hereinafter defined), a Prospective Initial Purchaser may, in writing (a "<u>Termination Notice</u>"), elect to rescind the Purchase Contract at any time prior to closing. Upon such election, Owner shall return all monies paid by the Prospective Initial Purchaser regarding the purchase of the real property identified in the Purchase Contract within ten (10) calendar days after receiving written notice from the Prospective Initial Purchaser that such Prospective Initial Purchaser has elected to rescind the Purchase Contract. No other remedies provided in Section 1.4 shall be available to a Prospective Initial Purchaser who terminates a Purchase Contract pursuant to this provision.

1.3.3 Prior to the receipt of a Termination Notice from a Prospective Initial Purchaser affected by an Owner Default, Owner shall have an opportunity to cure any Owner Default by providing a written notice (a "<u>Late Notice</u>") to such affected Prospective Initial Purchaser (i) prior to closing and (ii) within the later of ninety (90) days from (x) the date of execution of the Purchase Contract or (y) the effective date of the Ordinance (the "<u>Cure</u> <u>Period</u>"). If the Owner Default set forth in Section 1.3.1.3 is due solely to a fluctuation of interest rates on the bonds once the pricing of the bonds is completed, Owner shall have the opportunity to cure such Owner Default by providing a written notice setting forth the new annual Capital Assessments to such affected Prospective Initial Purchaser (the "<u>Extended Late</u> <u>Notice</u>") no later than the earlier of (i) the closing date of the Dwelling Unit or (ii) ninety (90) days from the pricing of the bonds (the "<u>Extended Cure Period</u>"). An Owner Default <u>cannot</u> be cured as to an affected Prospective Initial Purchaser after the expiration of the applicable Cure Period or applicable Extended Cure Period. If Owner provides (i) a Late Notice to a Prospective Initial Purchaser during the applicable Cure Period or (ii) an Extended Late Notice during the applicable Extended Cure Period, then such Prospective Initial Purchaser may still elect to rescind the Purchase Contract at anytime for a period of thirty (30) days following receipt of Late Notice or Extended Late Notice. Upon such election, Owner shall return all monies paid by the Prospective Initial Purchaser regarding the purchase of the real property identified in the Purchase Contract within ten (10) calendar days after receiving written notice from the Prospective Initial Purchaser that such Prospective Initial Purchaser has elected to rescind the Purchase Contract. No other remedies provided in Section 1.4 shall be available to a Prospective Initial Purchaser who receives an accurate Late Notice or Extended Late Notice during the Cure Period or Extended Cure Period, as applicable, regardless of whether the Prospective Initial Purchaser the Purchase Contract.

1.3.4 Every Late Notice or Extended Late Notice sent by Owner to a

Prospective Initial Purchaser must include the following in bold type in a font at least as large as the largest font in such Late Notice or Extended Late Notice (*with correct type of notice indicated*):

THE DWELLING UNIT YOU ARE PURCHASING IS SUBJECT TO A DEVELOPMENT COMMUNITY DISTRICT AND A RELATED DECLARATION OF RESTRICTIVE COVENANTS WHICH REQUIRES THAT CERTAIN NOTICES BE GIVEN TO PURCHASERS BY OWNER. THIS IS A *[LATE NOTICE* or *EXTENDED LATE NOTICE]* UNDER SUCH DECLARATION. IF OWNER PROVIDES YOU WITH THIS [LATE NOTICE or EXTENDED LATE NOTICE] DURING THE APPLICABLE CURE PERIOD, THEN YOU AS A PROSPECTIVE INITIAL PURCHASER MAY STILL ELECT TO RESCIND THE PURCHASE CONTRACT FOR A PERIOD OF THIRTY (30) DAYS FOLLOWING RECEIPT OF THIS [LATE NOTICE or EXTENDED LATE NOTICE]. UPON SUCH ELECTION. OWNER SHALL RETURN ALL MONIES PAID BY YOU AS THE PROSPECTIVE INITIAL PURCHASER REGARDING THE PURCHASE OF THE REAL PROPERTY IDENTIFIED IN THE PURCHASE CONTRACT WITHIN TEN (10) CALENDAR DAYS AFTER RECEIVING YOUR WRITTEN NOTICE YOU HAVE ELECTED TO RESCIND THE PURCHASE CONTRACT, AND ALL OTHER PROVISIONS OF THE DECLARATION OF RESTRICTIVE COVENANTS NOT INCONSISTENT WITH THE REMEDIES SET FORTH HEREIN SHALL GOVERN. NO OTHER REMEDIES PROVIDED IN SECTION 1.4 OF THE DECLARATION SHALL BE AVAILABLE TO YOU AS A PROSPECTIVE INITIAL PURCHASER IF YOU RECEIVE THIS [LATE NOTICE or EXTENDED LATE NOTICE] DURING THE APPLICABLE CURE PERIOD, REGARDLESS OF WHETHER YOU AS A PROSPECTIVE INITIAL PURCHASER ELECT TO RESCIND THE PURCHASE CONTRACT.

1.3.5 If the Owner Default involves the failure to provide a Purchase

Contract Notice or Owner provided a Purchase Contract Notice in substantially the correct form

and location; however, such Purchase Contract Notice underestimated the actual Capital

Assessment, if paid in full at closing, by more than five percent (5%) and/or the annual Capital

Assessments by more than five percent (5%), then the Late Notice or Extended Late Notice shall

also contain the following:

YOUR PURCHASE CONTRACT PROVIDES THAT THE PURCHASE PRICE FOR YOUR DWELLING UNIT IS AS FOLLOWS: [INSERT PURCHASE PRICE INFORMATION]. THIS DWELLING UNIT IS OR WILL BE WITHIN A COMMUNITY DEVELOPMENT DISTRICT ("DISTRICT"). THE DISTRICT PLANS TO ISSUE OR HAS ISSUED BONDS THAT WILL HAVE PRINCIPAL AND INTEREST PAYMENTS APPLICABLE TO THIS DWELLING UNIT OVER A PERIOD OF UP TO THIRTY (30) YEARS TO FUND CONSTRUCTION OF INFRASTRUCTURE SERVING THE PROPERTY IN THE ESTIMATED AGGREGATE AMOUNT OF \$46,500.00 FOR A TOWNHOME UNIT AND \$55,500.00 FOR A SINGLE-FAMILY UNIT. THIS DWELLING UNIT SHALL BE ASSESSED AN ESTIMATED CAPITAL ASSESSMENT OF \$26,803.00 FOR A TOWNHOME UNIT AND \$31,990.00 FOR A SINGLE-FAMILY UNIT, IF PAID IN FULL AT CLOSING, OR AN ESTIMATED ANNUAL CAPITAL ASSESSMENT OF \$1,550.00 FOR A TOWNHOME UNIT AND \$1,850.00 FOR A SINGLE-FAMILY UNIT FOR ITS PROPORTIONATE SHARE OF DEBT SERVICE ON THE BONDS UNTIL SUCH BONDS ARE PAID IN FULL. WHETHER THE CAPITAL ASSESSMENT IS PAID IN FULL AT CLOSING OR IN ANNUAL INSTALLMENTS IS AT THE OPTION OF THE PURCHASER TO BE EXERCISED AT THE TIME OF CLOSING. THESE AMOUNTS ARE DUE OVER THE TERM OF THE BONDS IN ADDITION TO THE PURCHASE PRICE. PURCHASER ALSO UNDERSTANDS THAT IF THE ACTUAL ANNUAL CAPITAL ASSESSMENTS ON THE DWELLING UNIT ARE MORE THAN FIVE PERCENT (5%) HIGHER THAN THE ESTIMATED AMOUNT PROVIDED HEREIN, PURCHASER SHALL HAVE THE RIGHT TO RESCIND THIS AGREEMENT AT ANY TIME PRIOR TO CLOSING. PURCHASER FURTHER ACKNOWLEDGES AND AGREES THAT THE ESTIMATED AMOUNT OF CAPITAL ASSESSMENTS DOES NOT **INCLUDE** ADMINISTRATIVE ASSESSMENTS WHICH SHALL BE LEVIED BY THE DISTRICT FOR OPERATIONS AND INFRASTRUCTURE MAINTENANCE AND MAY VARY FROM YEAR TO YEAR AND FROM TIME TO TIME. IN THE EVENT OF ANY CONFLICT BETWEEN THE DISCLOSURES IN THIS PROVISION AND THE ATTACHED CDD NOTICE, THE CDD NOTICE SHALL CONTROL.

1.3.6 If the Owner Default involves the failure to provide a CDD Notice or Owner provided a timely CDD Notice; however, such CDD Notice underestimated (i) the actual aggregate Administrative Assessments for each of the District's first three (3) fiscal years by more than five percent (5%) and/or (ii) the actual Capital Assessment, if paid in full at closing, by more than five percent (5%) and/or (iii) the actual annual Capital Assessment by more than five percent (5%), then the Late Notice or Extended Late Notice must also include a CDD Notice, if the Owner Default involves a failure to provide a CDD Notice or an accurate revised CDD Notice, if the Owner Default involves a timely but inaccurate CDD Notice.

 1.4
 Relief to a Prospective Initial Purchaser Who Actually Closes on a

 Dwelling Unit After an Uncorrected Owner Default.

1.4.1 In the event Owner fails to give a Prospective Initial Purchaser a timely CDD Notice, and such failure is not corrected by a timely and accurate Late Notice, then a Prospective Initial Purchaser that closes on the Dwelling Unit ("<u>Actual Initial Purchaser</u>") may demand, in writing, that Owner pay such Actual Initial Purchaser (i) the amount necessary to prepay all Capital Assessments principal and interest on such Capital Assessments principal due through the next applicable bond payment date respecting the Dwelling Unit *plus* (ii) an amount equal to the sum of the share of the actual Administrative Assessments levied by the District on such Dwelling Unit for the District's first three (3) fiscal years immediately following the closing respecting the Dwelling Unit.

1.4.2 In the event that Owner gave to an Actual Initial Purchaser (i) both a timely CDD Notice and Purchase Contract Notice and either underestimated the actual Capital Assessment, if paid in full at closing, by more than five percent (5%) and/or the actual annual Capital Assessments (as set forth in Table 1 of the CDD Notice) by more than five percent (5%) and such underestimate was not corrected by a timely and accurate Late Notice or Extended Late Notice or (ii) a timely CDD Notice and no Purchase Contract Notice, if applicable, and the CDD Notice underestimated the actual Capital Assessment, if paid in full at closing, by more than five percent (5%) and/or the actual annual Capital Assessments by more than five percent (5%) and such underestimate was not corrected by a timely and accurate Late Notice or Extended Late Notice, then such Actual Initial Purchaser may demand, in writing, that Owner (a) pay such Actual Initial Purchaser, in the event he or she elects to pay the Capital Assessment in full at closing, an amount equal to the difference between the actual Capital Assessment due at closing and the estimated Capital Assessment due at closing disclosed in the CDD Notice to the Actual Initial Purchaser or pay such Actual Initial Purchaser, in the event he or she elects to pay an annual Capital Assessment, an amount equal to the difference between the actual aggregate amount of annual Capital Assessments, calculated over the term of the bonds, levied and imposed by the District on such Dwelling Unit and the aggregate amount of estimated annual Capital Assessments, calculated over the term of the bonds, actually disclosed in the CDD Notice to the Actual Initial Purchaser or, (b) if less, the amount necessary to prepay all Capital Assessments principal and interest on such Capital Assessments principal through the next applicable bond payment date with respect to the Dwelling Unit.

1.4.3 In the event that Owner gave an Actual Initial Purchaser a timely CDD Notice and such CDD Notice underestimated the actual annual Administrative Assessments by more than five percent (5%) and such underestimate was not corrected by a timely and accurate Late Notice, then such Actual Initial Purchaser may demand, in writing, that Owner pay such Actual Initial Purchaser an amount equal to the difference between the actual amount of the Administrative Assessments levied and imposed by the District on such Dwelling

Unit and the amount of estimated Administrative Assessments disclosed to the Actual Initial Purchaser in the CDD Notice calculated for the District's first three (3) fiscal years immediately following the closing based on the initial actual annual Administrative Assessments.

1.4.4 Upon such demand by an Actual Initial Purchaser under this Section 1.4, Owner shall deliver the applicable amount to the Actual Initial Purchaser within ten (10) calendar days after: (1) receipt of written demand, or (2) after the date Capital Assessments and Administrative Assessments first become payable, whichever is later, unless Owner and Actual Initial Purchaser agree to another manner or time of payment. An Actual Initial Purchaser shall provide to Owner written notice of election of remedy in this Section on or before one (1) year after the earlier of (1) the date that Capital Assessments and Administrative Assessments first appear on the Actual Initial Purchaser's Combined Real Property tax bill for the affected Dwelling Unit or (2) if such assessments are directly billed by the District and do not appear on the Actual Initial Purchaser's Combined Real Property tax bill, then the date that such Capital Assessments and Administrative Assessments first appear on any bill sent to the Actual Initial Purchaser by the District for the affected Dwelling Unit. After the expiration of that year, Owner shall not be obligated to provide any relief to such Actual Initial Purchaser under this Declaration.

1.4.5 Nothing in this Section 1.4 shall be construed to relieve any Actual Initial Purchaser of the individual Dwelling Unit of liability for all lawful taxes and assessments including, but not limited to, any tax liability resulting from Owner's payments to such Actual Initial Purchaser under Section 1.4.

#### 1.5 Additional Disclosure through District Sign

Owner shall display at every entrance to a sales office or area, in a conspicuous location readily available for viewing by Prospective Initial Purchasers of Dwelling Units, a sign with information about the District. The remedy provisions discussed in Section 1.4 shall not apply to this Section. Such sign(s) shall be no smaller than twenty-four inches by thirty-six inches (24" x 36"), and shall contain the following language in substantially similar form in large, boldface type:

#### 1.6 Inspection of District Records by County Representatives

Owner shall allow or provide for the District to allow County representatives to review

all pertinent records in order to assess the overall performance of Owner in providing timely and

accurate disclosure of estimated Capital Assessments and Administrative Assessments on Dwelling Units within the District. Prompt access shall be provided without prior notice of inspection by the County representatives, but only during normal business hours and without disruption of sales operations. The purpose of such inspection is only to determine Owner's overall compliance with the aforementioned notice requirements and such inspection shall not authorize the County to seek any relief provided under Section 1.4, either on behalf of itself or on behalf of any Prospective Initial Purchaser or Actual Initial Purchaser.

#### 1.7 <u>Sole Provider of Water, Wastewater, and Reuse Service</u>

Owner acknowledges and agrees that the Miami-Dade County Water and Sewer Department ("<u>WASD</u>"), or its successor agency or department, shall be the exclusive provider of water, wastewater, and reuse service to all lands within the Property. In order to assure that such maintenance is performed, however, before the recording of a final plat on any portion of the Property, Owner shall submit to the Board a complete application for the creation of a multi-purpose special taxing district to maintain the infrastructure serving the Property including, but not limited to, roadways, drainage, walls, and landscaping, as applicable. Upon approval of the multi-purpose special taxing district by the Board, such taxing district may remain dormant until, in the sole and exclusive opinion of the Board, both the District and any

homeowners' or similar association shall have failed to maintain the infrastructure serving the Property, as such failure is defined in any easement and/or covenant recorded in the Public Records and governing the infrastructure or similar agreement provided by Owner, or in the absence of such easement, covenant or agreement, as determined by the Board. Upon such determination, the Board shall authorize the activation of the multi-purpose special taxing district and cause the infrastructure to be maintained at the expense of such taxing district. By this provision, Owner hereby authorizes the Board and its officials, employees, and agents to enter upon the Property if the special taxing district is activated for the purpose of maintaining the infrastructure serving the Property. Owner further agrees to apply, at the time of plat, replat, or waiver of plat, as applicable, to provide for an easement for the benefit of the County and providing that at any and all times during which the infrastructure or any portion thereof is maintained by the County, the public shall have a right of perpetual access and use in those portions of the Property on which the infrastructure is located including, but not limited to, the roadways serving the Property.

2.1 The covenants set forth in Sections 1.2, 1.3 and 1.4 shall run and be in favor of and to the benefit of Prospective Initial Purchasers and Actual Initial Purchasers of individual Dwelling Units within the Property, and their heirs, successors, and assigns, and shall be enforceable exclusively by such persons. These restrictions during their lifetime shall be for the benefit of, and litigation upon, all present and future owners of the Property and for the public welfare. This Declaration is to run with the land and shall be binding on all parties and all persons claiming under it for a period of thirty (30) years from the date this Declaration is recorded, after which time it shall be extended automatically for successive periods of ten (10) years each, unless an instrument signed by the then owner(s) of the Property has been recorded agreeing to change the covenant in whole, or in part, provided that the Declaration has first been modified or released by the County.

#### 5. <u>MODIFICATION, AMENDMENT, OR RELEASE</u>.

This Declaration may be modified, amended, or released as to the land herein described, or any portion thereof, by a written instrument executed by the then owner(s) of all of the Property, or of such portion as will be affected by the modification, amendment, or release, including joinders of any and all mortgagees, provided that the same is also approved by the Board, after public hearing.

#### **6.** <u>ELECTION OF REMEDIES.</u>

PURCHASER'S INITIALS

1. <u>The District</u>. All of the residential dwelling units ("<u>Dwelling Units</u>") in Parker Pointe (the "<u>Development</u>") are also located within the boundaries of the Parker Pointe Community Development District (the "<u>District</u>"). The District is a local unit of special-purpose government organized and existing under the laws of the State of Florida and the Home Rule Charter of Miami-Dade County, Florida and located in Miami-Dade County ("<u>County</u>"). The primary purpose of the District is to finance the cost of the public infrastructure of the Development which may include, without limitation, water and sewer facilities, environmental mitigation, roadways, the surface water management system, utility plants and lines, land acquisition, miscellaneous utilities for the Development, as applicable, and other infrastructure projects and services necessitated by the development of land within the Development (collectively, the "<u>Public Infrastructure</u>").

\_\_\_\_ PURCHASER'S INITIALS

2. <u>The District Board</u>. The Board of Supervisors of the District (the "<u>District</u> <u>Board</u>") is initially elected by the landowner in the District. The District Board is required to advertise its meetings in advance and all District Board meetings are required to be open to the public. The District Board is required to prepare a budget each fiscal year and adopt the same in an open, public meeting. All owners of property within the District are invited to attend District Board meetings and participate in the public process.

PURCHASER'S INITIALS

3. <u>District Finance and Assessments</u>. The current plan is for the District to issue bonds to acquire, construct, reconstruct, and equip all or a portion of the Public Infrastructure identified in Section 1. Currently, it is estimated that the Dwelling Units in the Development will be assessed based on the Capital Assessments and Administrative Assessments listed in Table 1 above and in Sections 3.1 and 3.4 below (if paid in November) to retire the debt of the District, to pay for operations of the District and maintenance of the Public Infrastructure. District assessments will either appear on the County real estate tax bill of each property located within the District and will be paid at the same time as County taxes are paid, or will be directly billed by the District. Capital assessments to repay the principal portion of the bond debt could be levied by the District for a period of up to thirty (30) years.

\_\_\_\_\_ PURCHASER'S INITIALS

**3.1** <u>District Capital Assessments</u>. The District expects to issue bonds (the "<u>Bonds</u>"), the principal of and interest on which will be payable from non-ad valorem assessments ("<u>District Capital Assessments</u>") levied by the District on the property within the Development, which property is found to be specially benefited by the Public Infrastructure. Each Dwelling Unit is subject to a District Capital Assessment to repay the Bonds.

**PURCHASER'S INITIALS** 

**3.2** <u>Amount</u>. The <u>estimated</u> amount of annual District Capital Assessments including principal and interest levied on each Dwelling Unit is expected to be approximately \$1,550.00 for a Townhome Unit and \$1,850.00 for a Single-Family unit (approximately \$130.00 for a Townhome Unit and \$155.00 for a Single-Family unit per month), which sum shall be

payable annually for the term of the Bonds (the principal repayment period may not exceed thirty (30) years). The aggregate amount of District Capital Assessments including principal and interest expected to be levied and imposed on each Dwelling Unit over the term of the Bonds is approximately \$46,500.00 for a Townhome Unit and \$55,500.00 for a Single-Family unit.

\_\_\_\_\_ PURCHASER'S INITIALS

**3.3** <u>Prepay Option</u>. Each owner of a Dwelling Unit has the option of prepaying the aggregate amount of District Capital Assessments levied on the owner's Dwelling Unit. The prepayment amount at any time will be equal to the remaining outstanding pro rata share of principal and interest due through the next applicable payment date due on the Bonds for each Dwelling Unit. Such prepayment amount will decline each year as the District Capital Assessments are paid.

\_\_\_\_\_ PURCHASER'S INITIALS

**3.4** <u>District Administrative Assessments</u>. In addition to District Capital Assessments, the District will impose an annual non-ad valorem assessment to fund District operations and maintenance of its Public Infrastructure (collectively, "<u>District Administrative Assessments</u>"). Each Dwelling Unit shall be subject to District Administrative Assessments. The budget from which District Administrative Assessments are derived is subject to change each year and may vary from year to year and from time to time. During each of the first three (3) fiscal years of the District, it is anticipated that District Administrative Assessments for the Dwelling Unit will be approximately \$900.00 per year per Dwelling Unit, after which time such assessments may vary from year to year and from time to time.

\_\_\_\_\_ PURCHASER'S INITIALS

**3.5** <u>District Assessments</u>. District Administrative Assessments together with District Capital Assessments shall comprise the "<u>District Assessments</u>." While the District Assessments are not taxes under Florida law, the District Assessments will constitute a lien coequal with the lien of State, County, Municipal, and School Board taxes, and are expected to appear on the ad valorem tax bill sent each year by the Miami-Dade County Tax Collector. The Homestead Exemption is not applicable to the District Assessments. Because a tax bill cannot be paid in part, failure to pay the District Assessments or any other portion of the tax bill will result in the sale of tax certificates and could ultimately result in the loss of title to the Dwelling Unit of the delinquent taxpayer through the issuance of a tax deed. If billed directly by the District, nonpayment could result in foreclosure on and loss of title to the Dwelling Unit.
