**Date:** (Public Hearing: 7-1-25)  
June 3, 2025

**To:** Honorable Chairman Anthony Rodriguez  
and Members, Board of County Commissioners

**From:** Daniella Levine Cava *Daniella Levine Cava*  
Mayor

Agenda Item No. 5(H)

**Subject:** Ordinance Creating the Tregor Estates Street Lighting Special Taxing District

## **Executive Summary**

The purpose of this item is to gain authorization from the Board of County Commissioners (Board) to create a special taxing district in unincorporated Miami-Dade County (County) for the installation of streetlights in the public Rights-of-Way.

## **Recommendation**

It is recommended that the Board approve a petition submitted in accordance with Article 1, Chapter 18, of the Code of Miami-Dade County (Code) for the creation of the Tregor Estates Street Lighting Special Taxing District (Special Taxing District). The creation of this Special Taxing District is a subdivision requirement pursuant to Chapter 28 of the Code.

## **Scope**

This proposed Special Taxing District lies within Commission District 8, which is represented by County Commissioner Danielle Cohen Higgins, and will provide street lighting services.

## **Fiscal Impact/Funding Source**

Creation of this Special Taxing District will result in no economic impact to the County budget, and there will be no increase or decrease in County staffing. The developer, pursuant to Chapter 18 of the Code, is required to fund the Special Taxing District's first year's lease of the equipment and electricity costs to operate the street lighting system and all incidental costs incurred by the County for the creation and administration of the Special Taxing District.

After the first year, there will be a perpetual annual special assessment for the cost of street lighting to all property owners within the Special Taxing District. Florida Power and Light (FPL) is the owner of the system and will derive revenues from the creation of the Special Taxing District. FPL's contractors and subcontractors may increase their staffing levels to provide the service requirements created by this Special Taxing District.

## **Social Equity Statement**

The proposed Ordinance creates the Special Taxing District, pursuant to Article I, section 1.01(A)(11) of the Miami-Dade County Home Rule Charter and Chapter 18 of the Code. If approved, property owners within the proposed Special Taxing District will pay special assessments appropriately apportioned according to the special benefit they receive from the Special Taxing District's service, regardless of their demographics, and that the total estimated amount of the special assessment to be levied would not be in excess of such special benefit. The creation of this Special Taxing District, which was requested by 100% of the property owners, will provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, allow for higher intensity spotlighting at specific locations, and accommodate future County lighting standards.

Pursuant to section 18-20.2 of the Code regarding notice to purchasers of new residential property, it shall be the obligation of a seller of new residential property to provide the purchaser thereof with notice either of the existence of a special taxing district created pursuant to this Chapter of the Code or of a pending petition to create such a special taxing district. The notice shall be provided in the manner set forth in section 18-20.2 of the Code.

**Track Record/Monitor**

The Special Taxing District will be managed by the Parks, Recreation and Open Spaces Department (PROS) and overseen by the Chief of the Special Assessment Districts Division (Division), Liset Romero-Lopez.

**Delegation of Authority**

This item authorizes the County Mayor or County Mayor's designee to execute lighting agreements, as required by FPL to provide street lighting, following approval by the County Attorney's Office as to legal sufficiency.

**Background**

In accordance with the provisions of Chapter 18 of the Code, a petition to create the Special Taxing District, duly signed by 100% of the owners of property within the proposed Special Taxing District, was filed with the Clerk of the Board (Clerk). A copy of the petition was sent to the County Mayor and the County Attorney to examine and to file a written report with the Clerk certifying that such petition was sufficient in form and substance and signed and properly presented in accordance with the requirements of Chapter 18 of the Code. PROS compiled and filed with the Clerk a memorandum and accompanying written report and recommendations (Report), a copy of which is attached to this memorandum. The Report sets forth the boundaries of the Special Taxing District, an estimate of the cost of the improvements and/or services to be provided, the need for and desirability of the Special Taxing District, the ability of the affected properties to bear the special assessments, certifies that the improvements and/or services to be provided conform to the master plan of Miami-Dade County, and recommends that the Special Taxing District be created to provide a special benefit to all property within the proposed Special Taxing District.

Contingent upon Board approval of the creation of this Special Taxing District, the street lighting services will be accomplished pursuant to an agreement between the County and FPL. The facilities provided will remain the property of FPL. FPL will be responsible for the maintenance, repairs, upgrades, and replacement of the light fixtures, lamps, poles, and all connecting service lines. The Division will administer FPL's agreement, installation, and billing process.

**Boundaries:**

On the North, Theoretical SW 190 Street  
On the East, SW 132 Avenue  
On the South, Theoretical SW 190 Lane  
On the West, Theoretical SW 132 Path.

**Number of Parcels:**

2 (Tentative plat proposes 14 Single-Family Homes).

**Number of Owners:**

2

**Number of Owners with Homestead  
Exemption Signing Petition:**

None - The petition was submitted by Millrose Properties Florida, LLC., and Rogert Deleon R.E, LLC., the property owners and developers.

**Type of Services and Improvements**

It is expected that the Special Taxing District will install, operate, and maintain six (6) – 12,000 Lumens, 3000K bracket-arm LED streetlights mounted on concrete poles. At the discretion of the PROS Director, PROS reserves the right to adjust the quantity, style, and luminosity of the street lighting facilities, for reasons including, but not limited to, changes in field conditions, to address safety concerns, to provide for lighting continuity between contiguous Street Lighting Special Taxing Districts on connecting roadways, to allow higher intensity spotlighting at specific locations, and to accommodate future County lighting standards.

**Public Hearing Notification:**

The Clerk will certify the place, date, and hour for a public hearing on the petition and the Report at which all interested persons will be afforded the opportunity to present for this Board's consideration their objections, if any, to the creation and establishment of the Special Taxing District. As pursuant to section 18-3(d) of the Code, a public notice will be duly published in a newspaper of general circulation published in Miami-Dade County, Florida, and copies thereof will be mailed to all owners of taxable real property within the proposed Special Taxing District as their names and addresses appear on the latest Miami-Dade County Real Property Tax Roll.

**Preliminary Public Meeting:**

None necessary.

**Required Referendum:**

The creation of the Special Taxing District will be subject only to Board approval; no election will be necessary as 100% of the property owners signed the petition.

**Preliminary Assessment Roll:**

Submitted on the same agenda as a separate agenda item for consideration and adoption by the Board and contingent upon the approval of this Special Taxing District's creating ordinance. The implementation of the assessment roll will be in accordance with the procedures defined in Chapter 18 of the Code.

**Estimated Initial Billing:** Assessment billed annually as an itemized portion of the Real Property tax bill.

**Initial Start of Services** November 2027, following the provision of street lighting services by the developer for the first year.

**Method of Apportionment** Front Footage

<b>Estimated Annual Total District Costs</b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
Street Lighting Services	\$21,352.94	\$2,522.25

<b>Estimated Annual District Rates</b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
Per Assessable Front Footage:	Costs to be	\$1.8271
For a Typical Interior Lot:	Provided by	\$164.44
For a Typical Corner Lot:	Petitioner	\$272.24

The above annual street lighting costs and assessment information are based on the expected lighting services to be provided by the Special Taxing District and are subject to change in the event that the Special Taxing District's services are adjusted by the PROS Director as provided herein. Each subsequent year will be calculated based on actual costs.

State or federal grants are not applicable to this Special Taxing District.

Each Special Taxing District is unique due to its geographical boundaries, affected property owners, and level of service to be provided. Creation of a new Special Taxing District to provide this service is the best and most cost-effective method to achieve this benefit.

In accordance with the requirements of Chapter 28 of the Code to provide street lighting in new subdivisions through the creation of Street Lighting Special Taxing Districts, and in compliance with the provisions of section 18-3(c) of the Code, I have reviewed the facts submitted by PROS in its Report and Recommendations, a copy of which is attached and incorporated herein. I concur with their recommendation that this Special Taxing District be created pursuant to section 18-2 of the Code. Also, I recommend the provisions of Resolution No. R-130-06 be waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

ORDINANCE NO. \_\_\_\_\_

ORDINANCE CREATING AND ESTABLISHING A SPECIAL TAXING DISTRICT IN MIAMI-DADE COUNTY, FLORIDA, GENERALLY BOUNDED ON THE NORTH BY THEORETICAL SW 190 STREET, ON THE EAST BY SW 132 AVENUE, ON THE SOUTH BY THEORETICAL SW 190 LANE, AND ON THE WEST BY THEORETICAL SW 132 PATH, KNOWN AND DESCRIBED AS TREGOR ESTATES STREET LIGHTING SPECIAL TAXING DISTRICT; IDENTIFYING SERVICES TO BE PROVIDED; AUTHORIZING AND DIRECTING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO PROVIDE FOR THE INSTALLATION OF STREETLIGHTS; APPROVING A STREET LIGHTING AGREEMENT WITH FLORIDA POWER AND LIGHT AND AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO EXECUTE THE AGREEMENT; WAIVING PROVISIONS OF RESOLUTION NO. R-130-06; AND PROVIDING FOR EXCLUSION FROM THE CODE AND AN EFFECTIVE DATE

**WHEREAS**, this Board desires to accomplish the purposes outlined in the accompanying memorandum, which is incorporated herein by reference; and

**WHEREAS**, a public hearing has been conducted by the Board of County Commissioners in accordance with the requirements and procedures of chapter 18 of the Code of Miami-Dade County,

**BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:**

**Section 1.** This Board incorporates and approves the foregoing recitals as if fully set forth herein.

**Section 2.** In accordance with the provisions of chapter 18 of the Code, a special taxing district, to be known and designated as the Tregor Estates Street Lighting Special Taxing District in Miami-Dade County, Florida, is hereby created and established in the unincorporated area of Miami-Dade County.

**Section 3.** The area or boundaries of this Special Taxing District, generally bounded on the north by Theoretical SW 190 Street, on the east by SW 132 Avenue, on the south by Theoretical SW 190 Lane, and on the west by Theoretical SW 132 Path, and located entirely within Commission District 8, are as follows:

A portion of Section 2, Township 56 South, Range 39 East, Miami Dade County, Florida (a.k.a. Tregor Estates, Tentative Plat # T-24935); being more particularly described as follows:

The North 1/2 of the East 1/2 of Tract 14 of “Tropico”, in the Northwest 1/4 of Section 2, Township 56 South, Range 39 East, according to the plat thereof as recorded in Plat Book 2, Page 57, of the Public Records of Miami-Dade County, Florida less the East 20.00 feet thereof,

And

The South 1/2 of the East 1/2 of Tract 14 of “Tropico”, in the Northwest 1/4 of Section 2, Township 56 South, Range 39 East, according to the plat thereof, as recorded in Plat Book 2, Page 57, of the Public Records of Miami-Dade County, Florida.

The areas and geographical locations of this Special Taxing District are shown on the map or sketch, attached to the accompanying memorandum.

**Section 4.** The improvements and/or services to be provided in this Special Taxing District will consist of street lighting services within public rights-of-way, as described in the Report.

**Section 5.** The installation of such street lighting will be accomplished pursuant to an agreement between Miami-Dade County and Florida Power and Light. The expected costs of the installation and operation of the Special Taxing District’s services, including maintenance, electricity, engineering, administration, billing, collection, and processing, for the first year are provided by petitioners and estimated to be \$21,352.94. The expected costs of the Special Taxing District’s services for the second year are estimated to be \$2,522.25. The expected estimated cost

per assessable front foot of real property within the Special Taxing District for the second year is \$1.8271.00 The succeeding years' assessments will be adjusted based on actual costs.

**Section 6.** The entire cost of the Special Taxing District's improvements and/or services shall be specially assessed. It is hereby declared that said services will be a special benefit to all properties within the Special Taxing District and the total amount of special assessments to be levied as aforesaid will not be in excess of such special benefit.

**Section 7.** The proposed street lighting agreement between Miami-Dade County and Florida Power and Light is hereby approved and made a part hereof by reference. The provisions of Resolution No. R-130-06 are hereby waived because adoption of this Ordinance is a precursor to the future execution of said agreement, which will not occur until development within the Special Taxing District occurs.

**Section 8.** The County Mayor or County Mayor's designee is hereby authorized and directed to execute at the appropriate time the incorporated street lighting agreement, in substantially the form attached to the accompanying County Mayor's memorandum, for and on behalf of Miami-Dade County.

**Section 9.** The County Mayor or County Mayor's designee is authorized and directed to cause the installation of said streetlights to be accomplished within the Special Taxing District in accordance with the provisions of said agreement and the terms of this Ordinance.

**Section 10.** The County Mayor or County Mayor's designee is further directed to cause to be prepared and filed with the Clerk one Preliminary Assessment Roll for the street lighting services, in accordance with the provisions of sections 18-14 and 18-22.1 of the Code. As authorized by section 197.3632, Florida Statutes, all special assessments levied and imposed under the provisions of this Ordinance shall be collected, subject to the provisions of chapter 197, Florida

Statutes, in the same manner and at the same time as ad valorem taxes. Unless paid when due, such assessments shall be deemed delinquent and payment thereof may be enforced by means of the procedures provided by the provisions of chapter 197, Florida Statutes, and section 18-14 of the Code, including possible loss of title.

**Section 11.** A duly certified copy of this Ordinance shall be filed in the Office of the Clerk of the Circuit Court of Miami-Dade County, Florida, and recorded in the appropriate book of records.

**Section 12.** It is the intention of this Board and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code.

**Section 13.** The provisions of this Ordinance shall become effective 10 days after the date of enactment, unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

**REPORT AND RECOMMENDATIONS  
ON THE CREATION OF TREGOR ESTATES  
STREET LIGHTING SPECIAL TAXING DISTRICT  
MIAMI-DADE COUNTY, FLORIDA**

Pursuant to Chapter 18 of the Code of Miami-Dade County (Code), and as a result of a detailed investigation of a duly petitioned for Special Taxing District, the following facts are submitted by the Miami-Dade County Parks, Recreation and Open Spaces Department (PROS) Director concerning the creation of Tregor Estates Street Lighting Special Taxing District (Special Taxing District).

**1. BOUNDARIES OF THIS DISTRICT**

The proposed Special Taxing District is located entirely within a portion of unincorporated Miami-Dade County, and the boundaries, as set forth in the petition, are as follows:

A portion of Section 2, Township 56 South, Range 39 East, Miami-Dade County, Florida (a.k.a. Tregor Estates, Tentative Plat # T-24935); being more particularly described as follows:

The North 1/2 of the East 1/2 of Tract 14 of "Tropico", in the Northwest 1/4 of Section 2, Township 56 South, Range 39 East, according to the plat thereof as recorded in Plat Book 2, Page 57, of the Public Records of Miami-Dade County, Florida, less the East 20.00 feet thereof.

And

The South 1/2 of the East 1/2 of Tract 14 of "Tropico", in the Northwest 1/4 of Section 2, Township 56 South, Range 39 East, according to the plat thereof, as recorded in Plat Book 2, Page 57, of the Public Records of Miami-Dade County, Florida.

The Special Taxing District's boundaries and geographical location are shown on the attached sketch entitled Tregor Estates Street Lighting Special Taxing District and hereinafter referred to as Exhibit A.

**2. LOCATION OF THE INSTALLATIONS TO BE CONSTRUCTED**

Services to be provided under the Special Taxing District will consist of public street lighting located within public rights-of-way.

**3. ESTIMATED COSTS AND ANNUAL EXPENSE FOR MAINTENANCE, REPAIR AND OPERATION OF THIS DISTRICT**

The cost of the streetlights in this Special Taxing District will be continual and is based on a preliminary estimate using Rate Schedule No. LT-1 prepared by Florida Power and Light (FPL) and approved by the Florida Public Service Commission, copies of which are attached. FPL will install the lights, poles, and service lines at its expense and the facilities will remain the property of FPL. FPL will be responsible for the maintenance, repairs, upgrades, and replacement of the light standards, fixtures, lamps, and all connecting service lines. However, the developers, through the Special Taxing District, may be required to pay a differential cost if rapid construction techniques cannot be used on this Special Taxing District and this cost is shown in the Special Taxing District's cost estimate below.

<b><u>Estimated Annual District Costs</u></b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
6 - 12,000 Lumens, 3000K Luminaires	\$651.60	\$651.60
6 - Concrete Poles	\$594.00	\$594.00
1,080 Ft. - Underground Wiring	\$731.84	\$731.84
Annual Fuel Adjustments (Based on 2,376 KWH at \$0.03459 per KWH)	\$82.19	\$82.19
Franchise Cost (Based on 6.00% of \$2,059.63)	\$123.58	\$123.58
FPL Restoration Costs	\$1,800.00	\$0.00
FPL Additional Lighting Charge (ALC) Costs	\$54.00	\$54.00
FPL Boring Costs	\$4,860.00	\$0.00
Contingencies	<u>\$1,779.44</u>	<u>\$201.35</u>
Subtotal Street Lighting Services Costs	\$10,676.65	\$2,438.56
Engineering and Administrative Costs	\$6,083.69	\$83.69
Billing, Collecting and Processing Costs	<u>\$4,592.60</u>	<u>\$0.00</u>
Street Lighting Costs Paid by Petitioner	\$21,352.94	
Total Annual Street Lighting Costs		\$2,522.25
<b><u>Estimated Annual District Assessments</u></b>	<b><u>First Year</u></b>	<b><u>Second Year</u></b>
Per Assessable Front Foot:	Costs to be	\$1.8271
For Typical Interior Lot:	Provided by	\$164.44
For Typical Corner Lot:	Petitioner	\$272.24

The above annual costs and assessment information are based on the expected lighting services to be provided by the Special Taxing District and are subject to change in the event the Special Taxing District's services are adjusted by the Department Director. Total costs and assessments will be adjusted, if necessary, to meet actual costs.

#### **4. CONFORMITY TO THE MASTER PLAN OF MIAMI-DADE COUNTY**

The proposed Special Taxing District conforms to and in no way conflicts with the master plan of development for Miami-Dade County (County) (see attached memorandum from the Department of Regulatory and Economic Resources (RER)).

**5. RECOMMENDATION CONCERNING THE DESIRABILITY OF THIS DISTRICT**

The need for street lighting in the County is apparent. Residents and property owners of the County continue to demonstrate their desire for street lighting through numerous petitions and personal requests. The ability of the affected properties to pay special assessments is evident since the costs of the Special Taxing District's services, including any bonds then outstanding, do not exceed 25% of the assessed valuation of all properties within the Special Taxing District's boundaries (including homesteads) as shown by the last preceding assessment roll of the County. In my opinion, the streetlights installed pursuant to the creation of this Special Taxing District will provide special benefits to properties within the Special Taxing District's boundaries exceeding the amount of special assessments to be levied.

**6. PROCEDURE**

As provided for under Chapter 18 of the Code, the property owners, the developers, within the proposed Special Taxing District shall guarantee payment of all costs and expenses incidental to the creation of such Special Taxing District and shall pay the entire cost of providing street lighting within the Special Taxing District for the first year. Based on front footage, each property owner within the proposed Special Taxing District will pay the County, through a special assessment, a proportionate share of the total annual costs for the second year and each year thereafter.

In the event actual second year costs are lower than the costs estimated herein, the Director of PROS shall adjust and decrease the front foot rate of assessment. In the event actual second year costs are higher than estimated herein, the front foot rate of the assessment shall not be increased prior to the Board of County Commissioners (Board) adopting a revised assessment roll.

Following the creation of the Special Taxing District by the Board, the petitioner's plat shall not be placed on a Commission agenda for approval prior to receipt of the payment from the developers for the first-year costs as specified in Item 3 above. Upon adoption of the petitioner's plat by the Board, the County may then enter into an agreement with FPL, in substantially the form attached herein, wherein the County will pay to FPL any costs associated with the streetlight installation and ongoing costs of service.

**7. RECOMMENDATION**

It is recommended that Tregor Estates Street Lighting Special Taxing District be created pursuant to section 18-2 of the Code, which provides for the creation of special taxing districts for street lighting in new subdivisions. The creation of this Special Taxing District will be subject to Board approval only; no election will be necessary as 100% of the property owners signed the petition. I also recommend that the County Attorney cause to be prepared an ordinance authorizing the creation of the Tregor Estates Street Lighting Special Taxing District. Pursuant to Chapter 18 of the Code, the Board shall receive and hear, at a public hearing, remarks by interested persons on this Special Taxing District, and thereafter may adopt such ordinance. Following adoption of the creating ordinance, it is further recommended that the Board adopt the Special Taxing District's Preliminary Assessment Roll resolution to fund the Special Taxing District's services. Adoption of this resolution will enable the Miami-Dade County Tax Collector to collect the funds necessary to administer the Special Taxing District, reimburse affected County Departments involved in the creation and establishment of the Special Taxing District, as well as provide funds for payment of the Special Taxing District's monthly power bills for the second year and each year thereafter. The ordinance creating the Special Taxing District shall take effect 10 days after the date of its adoption, unless vetoed by the Mayor, and if vetoed, it shall become effective only

upon an override by the Board. My office will also be available to answer any questions from the public or your office in regard to the financial and/or engineering facts of this Special Taxing District. We further recommend that the County Mayor or County Mayor's designee forward the attached report to the Board after review and concurrence with our findings.

LIGHTINGRATE SCHEDULE: LT-1AVAILABLE:

In all areas served.

APPLICATION:

For the purpose of lighting streets and roadways, area lighting including parking lots and common areas, whether public or privately owned, and outdoor lighting.

TYPE OF INSTALLATION:

All new installations will be light emitting diodes (LED). Company-owned fixtures normally will be mounted on poles of the Company's existing distribution system and served from overhead wires. For roadway and area lighting, excluding outdoor lighting, the Company may provide special poles or underground wires at the charges specified below. In addition, the Company, at its discretion, may offer the Customer the option of Company-owned fixtures attached to poles owned by the Customer. For these installations, the customer owned poles require pre-approval by a Company representative.

Outdoor lights can only be mounted on accessible existing distribution poles facing the customer's property.

The location and the type of the facilities are, and will continue to be, easily and economically accessible to the Company equipment and personnel for both construction and maintenance.

SERVICE:

Service includes energy from dusk each day until dawn the following day and maintenance of Company-owned lighting systems. Maintenance includes replacement or repair of any circuit component to assure the facilities are operational and safe. The Company will maintain its facilities during regular daytime working hours as soon as practicable following notification by the Customer that such work is necessary. The Company shall be permitted to enter the Customer's premises at all reasonable times for the purpose of inspecting, maintaining, installing and removing any or all of its equipment and facilities.

The Company, while exercising reasonable diligence at all times to furnish service hereunder, does not guarantee continuous lighting and will not be liable for damages for any interruption, deficiency or failure of service, and reserves the right to interrupt service at any time for necessary repairs to lines or equipment.

LIMITATION OF SERVICE:

Installation shall be made only when, in the judgement of the Company, the location and the type of the facilities are, and will continue to be, easily and economically accessible to the Company equipment and personnel for both construction and maintenance. Overhead conductors will not be installed in any area designated as an underground distribution area, or any area, premises or location served from an underground source.

For outdoor lights, customer must have an active house or premise account associated with this service.

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

- a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Lighting System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by the Company with a credit (not to exceed the total CIAC cost) for the value of this work as determined by the Company;
- b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by the Company. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

REMOVAL OR RELOCATION OF FACILITIES:

If Company owned lighting facilities are removed by Customer request, breach of the Agreement or non-payment, the Customer may be responsible to pay the net book value for the fixtures, poles, and additional lighting facility charges plus the cost to remove the facilities. These charges do not apply to conversions of Company owned non-LED to Company owned LED lights.

When the Company relocates or removes its facilities to comply with governmental requirements, either the Company or the Customer shall have the right, upon written notice, to discontinue service hereunder without obligation or liability.

Facility relocations are treated as removals of facilities from the old location and installation of the new facilities in the new location. Facilities will not be transferred and reused at a new location.

In all cases, should the Customer request termination of the Agreement, such termination will require written notice 90 days prior to the date of termination.

CONVERSION OF COMPANY OWNED NON-LED LIGHTS TO COMPANY OWNED LED LIGHTS:

For customers converting, Company owned non-LED to Company owned LED Lights, the LED Conversion Recovery Charge will apply and there will be no charge for the fixtures being removed. Any other charges for relocation or replacement of Company owned facilities would still apply.

CHANGE IN FIXTURE SIZE OR TYPE:

At the Customer's request, the Company will change to a lower or higher level of illumination when the changes are consistent with good engineering practices. A LED fixture will be the only modification from an LED or non-LED fixture request. The Customer will pay the net book value of the existing fixture, plus removal costs and will receive a credit for 4 years additional revenue generated by the larger fixtures, if applicable. If changes are required to the distribution system to support the larger lights, standard CIAC charges as described on sheet 8.736 will also apply. The Customer will pay the Company the net costs incurred in making other fixture changes.

The non-fuel energy charge is 3.459¢ per kWh; where the kWh is calculated as (wattage x 353.3 hours per month)/ 1000

**Issued by: Tiffany Cohen, VP Financial Planning and Rate Strategy**  
**Effective: February 1, 2025**

**MDC021**

SPECIAL PROVISIONS:

Where the Company provides fixtures or poles other than those referenced above, the monthly charges, as applicable shall be computed as follows:

Charge: 1.28% of the Company's average installed cost of the pole, light fixture, or both.

Standard maintenance fees to apply

Standard non-fuel Energy Charge to apply

ADDITIONAL LIGHTING CHARGE:

Any special or additional lighting charges, which are required by the Company, will be billed in addition to the above rates.

Charge: 1.28% of the Company's average installed cost of the additional lighting facilities.

As of January 1, 2022, the factor pertaining to Underground Conductor will be closed to new customers.

Underground Conductor 4.935¢ per foot

BILLING

During the initial installation period:

Facilities in service for 15 days or less will not be billed;

Facilities in service for 16 days or more will be billed for a full month.

For outdoor lights only, the Company has the right at any time to remove the light for non-payment and decline new request to customers with prior non-payment activity.

WILLFUL DAMAGE:

Upon the second occurrence of willful damage to any Company-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, the Company will:

- a) If a commercially available and Company approved device exists, install a protective shield. The Customer shall pay \$280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed before the second occurrence, the Customer shall only pay the cost of the shield; or
- b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the estimated costs of the replacement fixture; or
- c) Terminate service to the fixture. In this case, the lighting facilities will be removed from the field and from billing; the Customer will pay the lighting facilities charges for the remaining period of the currently active term of service plus the cost to remove the facilities.

Option selection shall be made by the Customer in writing and apply to all fixtures which the Company has installed on the Customer's behalf on the same account. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

(Continued on Sheet No. 8.738)

(Continued from Sheet No. 8.737)

OTHER CHARGES

See Billing Adjustments section, Sheet No. 8.030, for additional applicable charges.

SPECIAL CONDITIONS:

Customers whose lights are turned off during sea turtle nesting season will receive a credit equal to the non-fuel charges associated with the fixtures that are turned off.

TERM OF SERVICE:

Service for outdoor lighting will be established for a minimum of one (1) year unless terminated by either the Company or the Customer.

All other services, besides outdoor lighting mentioned above, will require a Lighting Agreement.

Lighting agreements will have an initial term of ten (10) years with automatic, successive five (5) year extensions unless renegotiated or terminated in writing by either the Company or the Customer at least ninety (90) days prior to the current term's expiration. In the event of the sale of the real estate property upon which the facilities are installed, upon the written consent of the Company, the contract may be assigned by the Customer to the Purchaser. No assignment shall not relieve the Customer from its obligations hereunder until such obligations have been assumed by the assignee and agreed to by the Company.

Term of service begins upon execution of the Lighting Agreement.

All governmental or commercial / industrial customer contracts to be executed by property owner or governing body.

All existing contract terms prior to January 1, 2022 will be honored.

RULES AND REGULATIONS:

Service under this schedule is subject to orders of governmental bodies having jurisdiction and to the currently effective "General Rules and Regulations for Electric Service" on file with the Florida Public Service Commission. In case of conflict between any provision of this schedule and said, "General Rules and Regulations for Electric Service", the provision of this schedule shall apply.

(Continue on Sheet No. 9.142)

(Continue from Sheet No.9.141)

That, for and in consideration of the covenants set forth herein, the parties hereto covenant and agree as follows:

**FPL AGREES:**

1. To install or modify the lighting facilities described and identified above (hereinafter called the Lighting System), furnish to the Customer the electric energy necessary for the operation of the Lighting System, and furnish such other services as are specified in this Agreement, all in accordance with the terms of FPL's currently effective lighting rate schedule on file at the Florida Public Service Commission (FPSC) or any successive lighting rate schedule approved by the FPSC.

**THE CUSTOMER AGREES:**

2. To pay a monthly fee for fixtures and poles in accordance to the Lighting tariff, and additional lighting charge in the amount of \$ \_\_\_\_\_. These charges may be adjusted subject to review and approval by the FPSC.
3. To pay Contribution in Aid of Construction (CIAC) in the amount of \$ \_\_\_\_\_ prior to FPL's initiating the requested installation or modification.
4. To pay the monthly maintenance and energy charges in accordance to the Lighting tariff. These charges may be adjusted subject to review and approval by the FPSC.
5. To purchase from FPL all the electric energy used for the operation of the Lighting System.
6. To be responsible for paying, when due, all bills rendered by FPL pursuant to FPL's currently effective lighting rate schedule on file at the FPSC or any successive lighting rate schedule approved by the FPSC, for facilities and service provided in accordance with this agreement.
7. To provide access, suitable construction drawings showing the location of existing and proposed structures, and appropriate plats necessary for planning the design and completing the construction of FPL facilities associated with the Lighting System.
8. To have sole responsibility to ensure lighting, poles, luminaires and fixtures are in compliance with any applicable municipal or county ordinances governing the size, wattage, lumens or general aesthetics.
9. For new FPL-owned lighting systems, to provide final grading to specifications, perform any clearing if needed, compacting, removal of stumps or other obstructions that conflict with construction, identification of all non-FPL underground facilities within or near pole or trench locations, drainage of rights-of-way or good and sufficient easements required by FPL to accommodate the lighting facilities.
10. For FPL-owned fixtures on customer-owned systems:
  - a. To perform repairs or correct code violations on their existing lighting infrastructure. Notification to FPL is required once site is ready.
  - b. To repair or replace their electrical infrastructure in order to provide service to the Lighting System for daily operations or in a catastrophic event.
  - c. In the event the light is not operating correctly, Customer agrees to check voltage at the service point feeding the lighting circuit prior to submitting the request for FPL to repair the fixture.

**IT IS MUTUALLY AGREED THAT:**

11. Modifications to the facilities provided by FPL under this agreement, other than for maintenance, may only be made through the execution of an additional lighting agreement delineating the modifications to be accomplished. Modification of FPL lighting facilities is defined as the following:
  - a. the addition of lighting facilities;
  - b. the removal of lighting facilities; and
  - c. the removal of lighting facilities and the replacement of such facilities with new facilities and/or additional facilities.

Modifications will be subject to the costs identified in FPL's currently effective lighting rate schedule on file at the FPSC, or any successive schedule approved by the FPSC.

(Continue on Sheet No. 9.143)

(Continue on Sheet No. 9.142)

12. FPL will, at the request of the Customer, relocate the lighting facilities covered by this agreement, if provided sufficient rights-of-way or easements to do so and locations requested are consistent with clear zone right-of-way setback requirements. The Customer shall be responsible for the payment of all costs associated with any such Customer- requested relocation of FPL lighting facilities. Payment shall be made by the Customer in advance of any relocation.  
Lighting facilities will only be installed in locations that meet all applicable clear zone right-of-way setback requirements.
13. FPL may, at any time, substitute for any fixture installed hereunder another equivalent fixture which shall be of similar illuminating capacity and efficiency.
14. This Agreement shall be for a term of ten (10) years from the date of initiation of service, and, except as provided below, shall extend thereafter for further successive periods of five (5) years from the expiration of the initial ten (10) year term or from the expiration of any extension thereof. The date of initiation of service shall be defined as the date the first lights are energized and billing begins, not the date of this Agreement. This Agreement shall be extended automatically beyond the initial the (10) year term or any extension thereof, unless either party shall have given written notice to the other of its desire to terminate this Agreement. The written notice shall be by certified mail and shall be given not less than ninety (90) days before the expiration of the initial ten (10) year term, or any extension thereof.
15. In the event lighting facilities covered by this agreement are removed, either at the request of the Customer or through termination or breach of this Agreement, the Customer shall be responsible for paying to FPL an amount equal to the original installed cost of the facilities provided by FPL under this agreement less any salvage value and any depreciation (based on current depreciation rates approved by the FPSC) plus removal cost.
16. Should the Customer fail to pay any bills due and rendered pursuant to this agreement or otherwise fail to perform the obligations contained in this Agreement, said obligations being material and going to the essence of this Agreement, FPL may cease to supply electric energy or service until the Customer has paid the bills due and rendered or has fully cured such other breach of this Agreement. Any failure of FPL to exercise its rights hereunder shall not be a waiver of its rights. It is understood, however, that such discontinuance of the supplying of electric energy or service shall not constitute a breach of this Agreement by FPL, nor shall it relieve the Customer of the obligation to perform any of the terms and conditions of this Agreement.
17. The obligation to furnish or purchase service shall be excused at any time that either party is prevented from complying with this Agreement by strikes, lockouts, fires, riots, acts of God, the public enemy, or by cause or causes not under the control of the party thus prevented from compliance, and FPL shall not have the obligation to furnish service if it is prevented from complying with this Agreement by reason of any partial, temporary or entire shut-down of service which, in the sole opinion of FPL, is reasonably necessary for the purpose of repairing or making more efficient all or any part of its generating or other electrical equipment.
18. This **Agreement supersedes all previous Agreements** or representations, either written, oral, or otherwise between the Customer and FPL, with respect to the facilities referenced herein and constitutes the entire Agreement between the parties. This Agreement does not create any rights or provide any remedies to third parties or create any additional duty, obligation or undertakings by FPL to third parties.
19. In the event of the sale of the real property upon which the facilities are installed, upon the written consent of FPL, this Agreement may be assigned by the Customer to the Purchaser. No assignment shall relieve the Customer from its obligations hereunder until such obligations have been assumed by the assignee and agreed to by FPL.
20. This Agreement shall inure to the benefit of and be binding upon the successors and assigns of the Customer and FPL.
21. The lighting facilities shall remain the property of FPL in perpetuity.
22. This Agreement is subject to FPL's Electric Tariff, including, but not limited to, the General Rules and Regulations for Electric Service and the Rules of the FPSC, as they are now written, or as they may be hereafter revised, amended or supplemented. In the event of any conflict between the terms of this Agreement and the provisions of the FPL Electric Tariff or the FPSC Rules, the provisions of the Electric Tariff and FPSC Rules shall control, as they are now written, or as they may be hereafter revised, amended or supplemented.

# Memorandum

**Date:** October 18, 2024

**To:** Maria Nardi, Director  
Department of Parks, Recreation and Open Spaces

**From:** *Jerry Bell*  
Jerry Bell, AICP, Assistant Director for Planning  
Department of Regulatory and Economic Resources

**Subject:** Street lighting, Maintenance of Landscape, Walls Adjacent to Double Frontage Lots, Entrance Features and Lakes – Special Taxing Districts

---

All tentative plats in the unincorporated area of Miami-Dade County submitted to the Development Services Division (Land Development Section) of the Regulatory and Economic Resources Department (RER), must comply with the special taxing districts requirements of the Miami-Dade County Code (the Code) including, but not limited to street lights, maintenance of landscape, walls adjacent to double frontage lots, entrance features and lakes. Final Plats will not be presented to the Board of County Commissioners for consideration until the applicable special taxing districts are created, and all fees have been paid. In that regard, to ensure expeditious processing, this Memorandum may serve, through September 30, 2025, as approval for certain future special taxing district application requests as being consistent with the intent and purpose of the adopted 2030-2040 Comprehensive Development Master Plan (CDMP). Capital Improvement Element Policy CIE-4A states: "Appropriate funding mechanisms will be adopted and applied by Miami-Dade County and the Miami-Dade County Public Schools in order to assure the fiscal resources to maintain acceptable levels of service. Such funding mechanisms may include special taxing districts, municipal taxing service units, local option taxes, user fees, local gas tax, general obligation bonds, impact fees, special purpose authorities, and others as appropriate and feasible" (Adopted Components as Amended through January 19, 2023, page IX-9). The provision for services over and above minimum standards required for neighborhoods and communities may be accomplished through special taxing districts as may be prescribed by the Code.

The RER has no objection to a blanket approval with condition to establish future special taxing districts as limited to requests for street lighting, landscape maintenance, walls adjacent to double frontage lots and lake maintenance districts. The previously noted special taxing districts may be established on the condition that the RER Development Services Division review all landscape maintenance districts and lake maintenance districts for consistency with Landscape Code (Chapter 18A) Section 18A-6(L) Storm Water Retention/Detention Areas.
