SUMMARY

Transforming Miami International Airport (MIA) and bringing much needed capital and customer service updates to our County's biggest economic engine is one of my Administration's top priorities. Over the next 5-7-years, the \$2 billion Modernization in Action Program will continue to renovate and repair parking garages, passenger boarding bridges, public bathrooms, and moving conveyance units. This effort combined with a \$7 billion robust capital portfolio that funds the design and construction of new terminals, concourses, ramps, runways, parking facilities, restrooms, hotels, and more will ultimately transform MIA into a future-ready, world-class, state-of-the-art airport. These programs and other infrastructure investments will ensure MIA meets rising customer demands and retains its status among the top ranked airports in the country and as the Gateway to Latin America and the Caribbean. Another factor that is key to the success of MIA's transformation is the upkeep of its assets, including its buildings. This is critical to extending the lifespan of the airport, ensuring safety and compliance, and promoting operational efficiencies. As such, the Miami-Dade Aviation Department (MDAD or the Aviation Department) issued a competitive solicitation for professional services to assist with the 30-year recertification of MIA's buildings including those buildings in the General Aviation Airports (GAA), as described in more detail below.

This item recommends the County enter into a Professional Services Agreement (PSA) with T.Y. Lin International for the provision of architectural, engineering and contract administrative services. The professional services include but are not limited to the design, inspection and repair of structural and electrical components at all MDAD owned and operated buildings including MIA and the GAA per Section 8-11(f) of the Miami-Dade County Code (Code).

Contract No. E24AV01 provides the Aviation Department with a pool of three architectural and engineering consultants to assist MDAD staff with the County's 30-year Recertification Program. As such, this PSA is one of three award recommendations, the other two award recommendations to DDA Engineers, P.A. (Contract No. E24AV01B) and E Plus Engineering and Construction, LLC (Contract No. E24AV01C) are on today's agenda as companion items. All three PSAs have a combined maximum award amount of \$57,321,799.00; each PSA has a total term of 10 years with no renewal options.

This item was presented at the July 9, 2025 Airport Committee (AC) meeting as agenda item 3A (Legistar No. 251235). The AC deferred item 3A to allow the Administration to reconvene the Competitive Selection Committee (CSC) and proceed to the Second-Tier evaluation process as set forth in the Notice to Professional Consultants for Project No. E24AV01. Subsequently, the Mayor issued a memorandum on July 16, 2025, rescinding the three award recommendations for Contract No. E24AV01. (See Attachment G: Rescind Memo)

The CSC reconvened on July 31, 2025 and, by a majority vote, invited the six (6) highest ranked proposers to advance to the Second-Tier phase for oral presentations and question and answer sessions. The Second-Tier meeting was held on August 12, 2025, with the final ranking of the top three firms originally recommended remaining the same. (See Attachment H: Report of Competitive Selection Committee – Revision to include Second Tier Proceedings)

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve a competitive award of a PSA to T.Y. Lin International entitled: “Professional Services Agreement for MDAD Building Recertification Program, Contract No. E24AV01A” in the maximum amount of \$57,321,799.00 inclusive of a 10 percent contingency of \$5,198,077.40 and \$142,947.13 for the Office of the Miami-Dade County Office of the Inspector General (OIG) for work to be assigned amongst three (3) PSAs. The 10-year term shall remain effective until all services are completed or until those service orders in force at the end of the term have been completed or accepted, whichever may be later.

SCOPE

The scope of services to be provided by the selected firm includes but is not limited to: inspections, engineering/architectural design, permitting assistance, contract management support, preparation of reports and other related contract documents, as well as bidding assistance related to achieving the successful recertification of all applicable building structures. Some existing structures are considered as threshold buildings, and as such, special licensing for the structural engineer shall be required.

All work shall be conducted to meet or exceed professional standards and the requirements of all authorities having jurisdiction; comply with MDAD security requirements as needed and conform to Miami-Dade County’s Sustainable Buildings Program, Implementing Order No. I.O. 8-8.

The impact of this agenda item is countywide as it involves the County’s airport system. Services will be provided to the following County airport facilities: Miami-Opa Locka Executive Airport (OPF) in District 1 represented by Commissioner Oliver G. Gilbert, III; Miami International Airport (MIA) in District 6 represented by Commissioner Natalie Milian Orbis; Miami Homestead General Aviation Airport (X51) in District 9 represented by Vice Chairman Kionne L. McGhee; Miami Executive Airport (TMB) in District 11 represented by Commissioner Roberto J. Gonzalez; and Dade Collier Training and Transition Airport (TNT) in District 12 represented by Commissioner Juan Carlos Bermudez.

DELEGATED AUTHORITY

This Board authorizes the County Mayor or County Mayor’s designee to exercise the provisions thereof, including the authority to execute Contract No. E24AV01A and the authority to exercise the termination provisions, and to exercise all relevant authority granted the County Mayor or County Mayor's designee pursuant to Sections 2-285 and 2-285.2 of the Code.

BACKGROUND

Section 8-11(f) of the Code requires buildings over 30 years old and over 2,000 square feet (SF) with more than 10 occupants to be certified every 10 years after they reach 30 years in age for the purpose of

determining the general structural condition of the building and the general condition of its electrical systems. Currently, the Aviation Department has 110 buildings of which 34 are undergoing the recertification process. The remaining 76 buildings will be recertified under this PSA including the MIA terminal and its concourses and any additional buildings that reach the 30-year threshold in the next few years.

A written recertification report must be prepared by a Florida licensed professional engineer or architect, certifying that the building or structure is structurally and electrically safe for the specified use for continued occupancy and submitted to the County's Building Official. If there is more than one building on the property, a site plan or copy of a survey showing the location of each building will be required in addition to separate reports for each building being recertified. All MDAD owned and operated facilities (including the MIA terminal, its auxiliary buildings and the GAA), which cover approximately 16 million square feet throughout several airport properties will require building recertification over the next several years and thereafter. This PSA will provide MDAD with the professional services needed to comply with the County's 30-year Recertification Program.

The County will assign work to each firm on a rotational basis based on schedules, workload, capabilities, familiarity with the building(s) and infrastructure, and conflicts of interest mitigation. No minimum amount of work or compensation has been committed to any one firm.

The work authorized by this PSA will begin only after a service order is issued to T.Y. Lin International by the Aviation Department. Work will continue based upon the issuance of subsequent service orders. Each service order shall specify the scope of work including the deliverables, the time of completion and the total compensation amount for the services authorized.

All firms were evaluated in accordance with Section 2-10.4 of the Miami-Dade County Code, Implementing Order 3-34, and Implementing Order 3-39. In accordance with the legislation, T.Y. Lin International, is the recommended firm.

PROCUREMENT HISTORY

The Request to Advertise was filed with the Clerk of the Board on September 11, 2024. A total of thirteen (13) proposals were received by the submittal deadline of October 23, 2024. On November 25, 2024, the County’s Small Business Development (SBD) Division reviewed and deemed all firms were compliant with the 20 percent Small Business Enterprise A&E (SBE-A&E) contract measure established for this project including: O’Donnell & Naccarato, Inc.; DDA Engineers, P.A.; T.Y. Lin International; Garver Engineers, LLC; Cueto Engineering, Inc.; EXP US Services, Inc.; Bard Rao & Athanas Consulting Engineers, LLC; BCC Engineering, LLC; Conemco Engineering, Inc.; TLC Engineering Solutions, Inc.; E Plus Engineering and Construction, LLC; Graef-USA, Inc.; & SGM Engineering, Inc.). The proposals received were evaluated by the Competitive Selection Committee (CSC). (See Attachment B: Project Worksheet and Compliance Review)

On January 22, 2025, at the First-Tier meeting, the CSC evaluated all responsive and responsible proposals and deemed the information sufficient to determine the qualifications of the teams. The CSC was tasked with evaluating the experience and qualifications of the Proposers and scored and ranked the proposals in accordance with the evaluation criteria outlined in the solicitation.

By majority vote, the CSC decided to forego Second-Tier proceedings and recommended the highest-ranked firm, T. Y. Lin International to join the pool of three architectural and engineering consultants for negotiation of this PSA. See Table A below.

Table A.

Firm	Total Adjusted Qualitative Points	Total Adjusted Ordinal Score	Final Ranking

The Negotiation Committee negotiated with the highest ranked firm, T.Y. Lin International, on March 25, 2025.

Following the AC meeting on July 9, 2025, the CSC reconvened on July 31, 2025, and, by a majority vote, invited the six (6) highest ranked proposers to advance to the Second-Tier phase for oral presentations and question and answer sessions. The Second-Tier meeting was held on August 12, 2025, the final ranking of the top three firms originally recommended remaining the same. However, the fifth and sixth firms' rankings switched place. The CSC scored the firms as follows:

Note: The CSC may waive the Second Tier selection process by a majority vote and base their selection on the results of the First Tier ranking only.

First Tier Results: The First Tier meeting was held on January 22, 2025. The CSC was tasked with evaluating the experience and qualifications of the Proposers, and scoring and ranking the proposals in accordance with the evaluation criteria outlined in the solicitation. The CSC scored all responsive proposals. During the evaluation process, all ties were broken using the standard tie-breaking procedure, as described in Section 3.3, Proposal Evaluation, of the NTPC. Please refer to the attached First Tier Tabulation Sheet.

- 3.3 **ASSIGNMENT:** The CONSULTANT shall not assign, transfer or convey this Agreement to any other person, firm, association, or corporation, in whole or in part. However, the CONSULTANT will be permitted to cause portions of the services to be performed by sub-CONSULTANTS, as authorized elsewhere herein.
- 3.4 **PROVISION OF ITEMS NECESSARY TO COMPLETE SERVICES:** In the performance of the Services prescribed herein, it shall be the responsibility of the CONSULTANT to provide all salaries, wages, materials, equipment, sub-CONSULTANTS and other purchased services, etc., necessary to complete said Services.
- 3.5 **SUBCONSULTANTS:** All Services provided by the SUBCONSULTANTS shall be consistent with those commitments made by the CONSULTANT during the selection process and interview. Such Services shall be pursuant to appropriate agreements between the CONSULTANT and the SUBCONSULTANTS, which shall contain provisions that preserve and protect the rights of the Owner under this Agreement. Nothing contained in this Agreement shall create any contractual relationship between the Owner and the SUBCONSULTANTS.

The CONSULTANT shall not change any SUBCONSULTANT without prior approval by the Director in response to a written request from the CONSULTANT stating the reasons for any proposed substitution. Any approval of a SUBCONSULTANT by the Owner shall not in any way shift the responsibility for the quality and acceptability by the Owner of the services performed by the SUBCONSULTANT from the CONSULTANT to the Owner. The CONSULTANT shall cause the names of SUBCONSULTANTS responsible for significant portions of the Services to be inserted on the Plans and Specifications, subject to the approval of the Owner.

The CONSULTANT may employ SUBCONSULTANTS to assist the CONSULTANT in performing specialized Services. Payment of such SUBCONSULTANTS employed at the option of the CONSULTANT shall be the responsibility of the CONSULTANT and shall not be cause for any increase in compensation to the CONSULTANT for the performance of the Basic Services. The quality of services and acceptability to the Owner of the services performed by such SUBCONSULTANTS shall be the sole responsibility of the CONSULTANT.

- 3.6 **TERM OF AGREEMENT:** This term of this Agreement shall be for ten (10) years and shall begin upon execution of the Agreement by the parties and shall be in effect until all Services are completed or until those Services Orders in force at the end of the stated period of time have been completed and the Services accepted, whichever may be later.

Nothing in this Article shall prevent the Owner from exercising its rights to terminate the Agreement as provided elsewhere herein.

- 3.7 **TERMINATION OF AGREEMENT:** This Agreement may be terminated upon prior written notice by either party as described herein. The Owner may terminate this Agreement or any Service Order for cause or for convenience. The CONSULTANT may terminate this Agreement for cause in the event that the Owner willfully violates any provisions of the Agreement. The CONSULTANT shall have no right to terminate this Agreement for the convenience of the CONSULTANT, without cause.

- 3.7.1 **Owner's Termination for Cause:** The Owner may terminate this Agreement or any Service Order upon seven (7) days written notice for cause in the event that the CONSULTANT violates any provisions of this Agreement, or performs the same in bad faith, or unreasonably delays the performance of the Services. Such written notice to the CONSULTANT shall spell out the cause and provide reasonable time in the notification to remedy the cause.

The Owner may terminate this Agreement if the CONSULTANT is found to have submitted a false certification or to have been, or is subsequently during the term of this Agreement, placed on the Scrutinized Companies for Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List. The Owner may also terminate this Agreement as directed by the Federal Aviation Administration (FAA).

Notwithstanding any other penalties for firms that have discriminated in violation of Article VII of Chapter 11A of the Code, the Owner may terminate the Agreement or require the termination or cancellation of a SUBCONSULTANT contract. In addition, a violation by the CONSULTANT or a SUBCONSULTANT to it, or failure to comply with the Administrative Order (A.O.) 3-39 may result in the imposition of one or more of the sanctions listed in the A.O. (See www.miamidade.gov/ao/home.asp).

In the event the Owner terminates this Agreement for cause, the Owner will take over any and all documents and electronic files resulting from Services rendered up to the termination and may complete them, by contracting with other CONSULTANT(s) or otherwise, and in such event, the CONSULTANT shall be liable to the Owner for any additional cost incurred by the Owner due to such termination. "Additional Cost" is defined as the difference between the actual cost of completion of such incomplete Services by another entity and the cost of completion of such Services which would have resulted from payments to the CONSULTANT hereunder had the Agreement not been terminated. Upon receipt of written Notice of Termination, the CONSULTANT shall, when directed by the Owner, promptly assemble and submit as provided herein or as required in any Service Order issued hereunder, all documents including drawings, calculations, specifications, reports, correspondence, and all other relevant materials affected by such termination. No payments shall be made: 1) for Services not satisfactorily performed; and 2) for the cost of assembly and submittal of documents for services performed satisfactorily or unsatisfactorily.

- 3.7.2 Owner's Termination for Convenience: The Owner, in addition to the rights and options to terminate for cause, or any other provisions set forth in this Agreement, retains the right to terminate this Agreement or any Service Order upon thirty (30) days written notice at its sole option at any time for convenience, without cause, when in its sole discretion it deems such termination is in the best interest of the Owner.
- 3.7.3 CONSULTANT's Termination for Cause: The CONSULTANT may terminate this Agreement upon thirty (30) days written notice for cause in the event that the Owner violates any provisions of this Agreement. Such written notice to the Owner shall spell out the cause and provide reasonable time in the notification to remedy the cause. In the event the CONSULTANT exercises its right to terminate this Agreement for cause, payment for Services satisfactorily performed prior to the date of termination shall be made in accordance with the article "Compensation for Services".
- 3.7.4 Implementation of Termination: In the event of termination, either for cause or for convenience, the CONSULTANT, upon receipt of the Notice of Termination, shall:
1. Stop the performance of Services under this Agreement on the date and to the extent specified in the Notice of Termination;
 2. Place no further orders or subcontracts except as may be necessary for completion of any portion(s) of the Services not terminated, and as authorized by Service Order(s);

 6. Complete performance of any Services not terminated by the Notice of Termination.
- 3.7.5 Compensation for Terminated Work: Compensation for terminated work will be made based on the applicable provisions of the Article 5 “Compensation for Services”.
- 3.7.6 The Owner reserves the right to have any employee of the CONSULTANT or any employee of the SUBCONSULTANT removed from the Project if in the Owner’s sole judgement that employee is not performing their work properly or if such removal is in the best interest of the Project.
- 3.8 **SANCTIONS FOR CONTRACTUAL VIOLATIONS:** Without limiting any other right granted the County herein or at law, The County may terminate this Contract or require the termination or cancellation of any SUBCONSULTANT contract, if the CONSULTANT or any SUBCONSULTANT(s) violates Article VII of Chapter 11A of the Code. In addition, a violation by the CONSULTANT, or SUBCONSULTANT to the CONSULTANT, or failure to comply with Section 2-10.4.01(5) of the Code, and Administrative Order (A.O.) 3-39 may result in the imposition of one or more of the sanctions listed in the Code and the A.O. respectively.
- 3.9 **INTENT OF AGREEMENT:**
- 3.9.1 The intent of the Agreement is for the CONSULTANT to provide Services as further specified in Article 8.1. - 3.9.4 No acceptance, order, payment, or certificate of or by the Owner, or its employees or agents shall either stop the Owner from asserting any rights or operate as a waiver of any provisions hereof or of any power or right herein reserved to the Owner or of any rights to damages herein provided.
- 3.9.5 FAA Provisions: Exhibit 5, attached hereto and incorporated by reference, outlines the provisions currently required under applicable Federal Aviation Administration (FAA) guidelines. The Consultant shall comply with the terms of Exhibit 5 as amended from time to time. The Mayor or the Mayor's designee shall have the authority to administratively update Exhibit 5 to reflect revisions, additions, or removals of required FAA provisions as issued through official FAA guidance, without the need for formal amendment to this agreement. Any such administrative updates shall be provided in writing to the Consultant through an updated version of Exhibit 5. Such updated version of Exhibit 5 shall be identified as Exhibit 5.A, with each updated Exhibit 5 thereafter being identified by successive alphabetical identification (i.e., Exhibit 5.B, Exhibit 5. C, and so on) with the latest alphabetical version of Exhibit 5 governing unless otherwise specified.
- 3.10 **SOLICITATION:** The CONSULTANT warrants that: 1) it has not employed or retained any company or person, other than a bona fide employee working solely for the CONSULTANT, to solicit or secure this Agreement; and 2) that it has not paid, nor agreed to pay any person, company, corporation, joint venture, individual, or firm, other than a bona fide employee working solely for the CONSULTANT any fee, commission, percentage, gift, or another consideration contingent upon or resulting from the award or making of this Agreement. It is further agreed that said

compensation provided for in this Agreement shall be adjusted to exclude any significant costs where the Owner determines that the payment for Services was increased due to inaccurate, incomplete, or non-current wage rates or other factual unit costs. All such adjustments in compensation paid or payable to CONSULTANT under this Agreement shall be made within three (3) years from the date of final billing or acceptance of the Services by the Owner, whichever is later.

Any person denied access to the Secured/AOA/SIDA/Sterile areas or other restricted areas of the Airport or whose prior authorization has been revoked or suspended on such grounds shall be entitled to a review hearing before the Director or their authorized designee within a reasonable time. Prior to such hearing, the person denied access to the Secured/AOA/SIDA/Sterile Areas or other restricted areas of the airport shall be advised, in writing, of the reasons for such denial.
- 3.18.8.1 The CONSULTANT acknowledges and understands that these provisions are for the protection of all users of the Secured/AOA/SIDA/Sterile Areas and are intended to reduce the incidence of terrorism, thefts, cargo tampering, aircraft sabotage, and other unlawful activities at the Airport and to maximize compliance with TSA, DHS, CBP, FAA, and MDAD access control policies and procedures.
- 3.18.9 The CONSULTANT understands and agrees that vehicle and equipment shall not be parked/stored on the Secured/AOA/SIDA in areas not designated or authorized

by MDAD nor in any manner contrary to any posted regulatory signs, traffic control devices, or pavement markings.

- 3.18.13 The CONSULTANT agrees that it will include in all contracts and subcontracts with its MIA SUBCONSULTANTS, service providers, and suppliers an obligation by such parties to comply with all security requirements applicable to their operations at the Airport. The CONSULTANT agrees that in addition to all remedies, penalties, and sanctions that may be imposed by TSA, DHS, CBP, FAA, or the MDAD upon the CONSULTANT's SUBCONSULTANTS, suppliers, and their individual employees for a violation of applicable security provisions, the CONSULTANT shall be responsible to the Owner for all such violations and shall indemnify and hold the Owner harmless for all costs, fines and penalties arising there from, such costs to include reasonable attorneys' fees.

the scale and relationship of the design concept to surrounding facilities and other Project Elements plus a narrative report, setting forth in appropriate detail, the criteria to be used in preparing the Contract Documents for the Project Elements and identifying all major equipment and systems required, including alternative items as appropriate, and Work Sequencing Schedules. Design areas and elements beneficial to attaining the required LEED certification category shall be identified and quantified.

These Schematic Design studies are preliminary in nature and scope. They shall be further defined, and amplifying details shall be developed, by the CONSULTANT during subsequent Phases of the Basic Services.

The Owner will make a determination, based on the Schematic Design studies and narrative report, of what equipment and systems will be used. In addition, the Owner will, based on the investigations and recommendations developed by the CONSULTANT, determine which equipment and other items the Owner will purchase outside the Contract for this Project. Should the Owner decide to purchase equipment and materials separately and furnish them to the Contractor, the CONSULTANT shall, as part of the Basic Services, provide detailed programming and scheduling, perform follow-on liaison with vendors with respect to availability and delivery, and provide any other such Services with respect to such separately purchased and furnished equipment as would otherwise be required had said equipment not been separately purchased and furnished.

It shall delineate the nature, extent, and location of site access, required temporary barricading, signing, marking, and lighting for the Aircraft Operation Areas and Landside work areas for the Project. The safety plan shall also be coordinated with appropriate Owner staff.
- 4.3.2.5 Work Sequence and Staging Plan: The CONSULTANT shall develop a Work Staging Plan to avoid adverse impacts on existing airport and

aircraft operations and shall advise the Owner in writing of the remaining adverse impacts, if any, and estimated increase in Project costs that would result from such staging plan. The CONSULTANT shall develop a Work Sequencing Schedule showing the sequence of the construction and the relative time frame within the overall construction period. Alternative plan(s) and associated cost(s) shall also be developed and submitted, along with an analysis by the CONSULTANT of pertinent factors and relative merits of each plan, even if such alternative plan(s) would adversely impact airport and aircraft operations. The decision as to which plan to use will be made by the Owner, and the CONSULTANT will be informed of such decision in writing.

- 4.3.2.6 Probable Construction Cost: The CONSULTANT shall submit a Probable Construction Cost of the Project. The Probable Construction Cost shall include the estimated costs of constructed or acquired facilities and improvements in such detail as required by the Owner including each class of equipment, operational systems, and any other direct costs that may be included in the Project by the Owner pursuant to this Agreement. The CONSULTANT shall prepare this estimate and submit to the Owner for review and approval. No further progress payment shall be made should the Probable Construction Cost in any phase exceed the Budget, until an alternate design is provided at no additional compensation, to bring the cost within the Project Budget limitations.
- 4.3.2.7 Project LEED point estimate: The CONSULTANT shall submit the Project LEED point estimate corresponding to the Phase 1B submittal documents. The LEED Certification Plan shall be updated for each successive Phase and kept current. Successive submittals shall show progress level of each step and directly correspond to the design decisions of each Phase.
- 4.3.3 During Phase 1B the Owner may direct the CONSULTANT, by Service Order, to combine specified portions of the Phase 1B and Phase 2 Basic Services and eliminate or change certain portions of the Services in order to provide Contract Documents more efficiently or cost-effectively. If so directed by the Owner, fees

for these two Phases shall be the same as if the two Phases were performed in their entirety. The durations for the individual Phases 1B and 2 will be combined to establish the total duration for the combined phase 1B/2, which will equal the sum of the durations for the individual Phases.

- 4.3.4 The CONSULTANT shall not proceed with the following Phase 2 - Design Development until appropriate written approvals and comments on the deliverables for Phase 1B and a Service Order for the Phase 2 Basic Services are received from the Owner. All comments shall be addressed, in writing, and reflected in the Phase 2 documents. The CONSULTANT understands that such approvals, comments, and Service Order may be received individually and at different times.

4.4 PHASE 2 - DESIGN DEVELOPMENT

COMPENSATION FOR SERVICES

Owner agrees to pay to the CONSULTANT and the CONSULTANT agrees to accept for all Services rendered pursuant to this Agreement, the amounts determined in accordance with this article. All allocations of money are for budgetary purposes only. The County, in issuing service orders, may transfer monies between such service categories without restraint, subject to the overall contract allocation for this Agreement. No payment will be made to the CONSULTANT for work performed without a Service Order. The CONSULTANT agrees that all such Services can be provided within the awarded amount of this Agreement.

5.1 COMPENSATION FOR SERVICES:

Unless otherwise authorized by Amendment to this Agreement, aggregate payments to the CONSULTANT for Basic Services, Work Site, Work-Related and Additional Services and Reimbursable Expenses performed shall not exceed **FIFTY-ONE MILLION NINE HUNDRED AND EIGHTY THOUSAND AND SEVEN HUNDRED AND SEVENTY-FOUR DOLLARS (\$51,980,774.00)** for three (3) PSA's and shall be disbursed as reflected herein, unless additional payments up to the limits of the Allowance Account have been authorized.

The County shall assign work on a rotational basis, with new work being assigned the next firm in the rotation (for example, if Firm A is assigned the first work, Firm B will be assigned the second work assignment, Firm C will be assigned the third work assignment, and this process shall continue until such time as all firms in the pool have been assigned work, at which point Firm A will return to the head of the rotation for assignment). Notwithstanding, the County reserves the right to deviate from the rotation method where rotation will impact airport operations, create a risk to human health or property, or where conflicts of interest exist which cannot be mitigated; without limiting the preceding, factors that will be evaluated by the staff and presented to the Director or Director's designee for their approval in determining whether a deviation from the rotation method will be approved may include:

- Workload
- Capabilities of the team
- Schedule
- Familiarity with the location and infrastructure
- Conflict of Interest mitigation

No minimum amount of work or compensation will be assured to the retained consultants. In the event that the County assigns work outside the rotation, the rotation sequence will not alter or change once rotation is resumed. A firm that rejects work assigned to it pursuant to the rotation shall not be entitled to any additional work assignments until such time as the rotation resets and all other firms have been assigned work.

The County reserves the right to re-use the work products of the retained consultant and to retain other consultants outside of this pool to provide the same or similar services at its sole discretion. The Consultant is not entitled to any minimum amount of work, or any minimum amount of compensation.

The Miami-Dade Aviation Department shall determine the volume of work and monetary value amount awarded to each Firm/Consultant on an as needed basis.

5.1.1 Compensation to the CONSULTANT for Services shall be based as follows:

Any other classifications that may be used during the course of performing the Services and the hourly rate for such classifications shall only be authorized by Service Order.

5.1.1.2 Multiple of Direct Salaries: Under this compensation basis, the CONSULTANT is compensated for the time of personnel engaged directly in performing Services under this Agreement. The compensation to be paid shall consist of the Direct Salaries of such personnel, as reported to the Director of the United States Internal Revenue Services, times a multiple of such Direct Salaries. A not-to-exceed cap for the total fee for assignments given under this compensation basis shall be established prior to the issuance of the initial Services Order.

Upon mutual agreement between the Owner and the CONSULTANT, the Principals identified in **Exhibit 2 - “Principals of the CONSULTANT”**, may be substituted, provided the total number of Principals does not exceed the number of Principals originally listed.

- 5.1.2.2 Compensation for all personnel shall either be a direct labor multiplier of **2.85** times the direct salaries for all home office support personnel or a direct labor multiplier of **2.30** times the direct salaries for field office personnel unless otherwise changed as provided for hereinafter, the maximum rate of compensation for personnel (excluding the multiple of direct salary) shall be in accordance with the table below, Job Classifications and Maximum Raw Rates. If the Consultant elects to pay more than the rates listed below, the County is only liable to pay the rates below.

The CPI adjustment is based on the percentage change of the CPI for the most recent month to the CPI of the 12 previous months but cannot exceed 5% for each rate.

- 5.1.3 Compensation for authorized overtime services must be approved in writing by Owner prior to incurring overtime charges. For Employees that are salaried and are not required to be paid time and one-half for work over forty (40) hours in one week:

Forty (40) hours multiplied by the base pay rate (\$) multiplied by the appropriate multiple (M) based on whether the Services are Additional or Work Site; plus Hours Worked Beyond Forty (40) Hours During Week (Hrs.) multiplied by the pay rate (\$) multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40 * \$ * M) + (Hrs * \$ * 1.1)$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$$(40 * 30 * 2.65) + (10 * 30 * 1.1) = 3180 + 330 = \$3510 \text{ or}$$

For Employees that are on an hourly basis and are required to be paid at a time and one-half overtime rate for work over 40 hours in one week:

Hours Worked Beyond Forty (40) Hours During Week (Hrs.) multiplied by the premium pay rate (\$*1.5) and then multiplied by 1.1. Using conventions contained in Microsoft Excel, the equation for this would be:

$$(40*\$*M) + (Hrs*\$*1.5*1.1)$$

EXAMPLE

Hours worked during week = 50

Pay rate = \$30/hr.

Multiplier = 2.65

$$(40*30*2.65) + (10*30*1.5*1.1) = 3180+495 = \$3675$$

- 5.1.4 **NON-COMPENSABLE CHARGES:** CONSULTANT shall not invoice Owner for charges for office, rent or overhead expenses of any kind including but not limited to, insurance, local telephone and utility charges, office/drafting supplies, depreciation of equipment, professional dues, subscriptions, reproduction of drawings and/or specifications, mailing, stenographic, nor shall it invoice for other employee time or travel and substance not directly related to the project. The above Compensation shall cover all such costs pertinent to the Project.

5.1.4.1 When Services are authorized as a Multiple of Direct Salaries, the CONSULTANT shall submit the names, classification, salary rate per hour, applicable multiple, hours worked, and total charge for all personnel directly engaged on the Project.

- 5.1.7 Payments of the Phase 5 Work-Related Services through Final Acceptance of the Project Fee, shall be made in monthly installments. The amount of each monthly installment payment shall be determined by increasing the Construction Contract Time for completion of all work for the project, as stated in the Service Order in calendar days by 20% then dividing the calculated number of days by thirty (30) days/month and rounding up to the next integer. This integer will be the number of months over which the Work Related Services Fee will be paid. If the Work is completed on time or ahead of schedule, all remaining Work-Related Services through Final Acceptance of the Project monies shall be paid to the

CONSULTANT in a lump sum.

5.1.7.1 In the event that Prolonged Period of Work-Related Services, Phase 5, of Basic Services becomes necessary, payment for the Prolonged Period of Construction Contract Administration shall be the same amount as the monthly installment payment for Work Related Services through Final Acceptance of Project. Payments for prolonged Period of Work Related Services, shall begin once the original contract time has been exceeded by 20% if such extended time is due to no fault of the CONSULTANT. For Prolonged Periods of Work Related Services which do not exceed the original Contract time by 20%, the CONSULTANT shall not be entitled to additional compensation and shall provide such services in such period pursuant to payments authorized in Section 5.1.7 above. If the Owner rejects only a part of the invoice, the Owner shall pay the undisputed portion of the invoice on a timely basis. Rejected or partially rejected invoices shall be corrected by the CONSULTANT and resubmitted to the Project Manager for payment. Resubmitted partially rejected invoices shall separately indicate the previously undisputed amount of the invoice.

5.3 **PAYMENTS TO SUBCONSULTANT:** All payments to SUBCONSULTANT(s) employed hereunder shall be the sole responsibility of the CONSULTANT unless otherwise provided for herein or within a Service Order. The CONSULTANT shall, upon receipt of progress and/or final billing(s) from such SUBCONSULTANT(s) for Services satisfactorily performed incorporate such billing(s) in the manner and to the extent appropriate to the applicable payment basis(es), in the next following invoice submitted by the CONSULTANT to the Owner. The CONSULTANT shall not submit invoices which include charges for Services by SUBCONSULTANT(s), unless such Services have been performed satisfactorily and the charges are payable to such SUBCONSULTANT(s) pursuant to this Agreement. The CONSULTANT shall make all payments to such SUBCONSULTANT(s) promptly following receipt by CONSULTANT of corresponding payment from the Owner. Prior to any payments to SUBCONSULTANT(s), the CONSULTANT shall, if requested by the Project Manager, furnish to the Owner a copy

8.9 **ORGANIZATIONAL CONFLICT OF INTEREST:**

1. Policy

It is the policy of the County, implemented through this section, to identify, analyze and address organizational conflicts of interest that might otherwise exist in order to maintain the public's trust in the integrity and fairness of the County's contracting for the Capital Improvement Program CIP ("the Program") and to protect the business interests of the County, thereby safeguarding public dollars. This policy shall be supplemental to and not in derogation of any other requirements of law relating to conflicts of interest including, but not limited to, the County's Code of Ethics.

2. Definitions

Organizational conflict of interest situation in which the CONSULTANT : (a) under this Agreement, or any part thereof, including a particular work order or defined task, is required to exercise judgment to assist the County in a matter such as in drafting specifications or assessing another CONSULTANT's or CONSULTANT's proposal or performance and the CONSULTANT has a direct or indirect financial or other interest at stake in the matter, so that a reasonable person might have concern that when performing work under the contract, the CONSULTANT may be improperly influenced by its own interests rather than the best interest of the County, or (b) would have an unfair competitive advantage in a County competitive solicitation as a result of having performed work on this Agreement that puts the CONSULTANT in a position to influence the result of the solicitation.

Affiliates: business concerns are affiliates of each other when either directly or indirectly one concern or individual controls or has the power to control another, or when a third-party controls or has the power to control both.

Sub-CONSULTANTS: firms under contract with the CONSULTANT under this Agreement.

3. Certification of no organizational conflict of interest

The CONSULTANT: (a) execution of this Agreement or any work order and/or (b) making a claim for payment under this Agreement, constitutes the CONSULTANT's certification to the County that the CONSULTANT or its SUBCONSULTANTS do not have knowledge of any organizational conflicts of interest that exists in performing the work under this Agreement. False certifications may be considered a material breach of the Agreement, and the CONSULTANT may be liable to the County for a false claim under the County's false claim ordinance. At any time during the performance of the Agreement, the County may require the CONSULTANT to execute an express written certification that after diligent inquiry the CONSULTANT does not have knowledge of any organizational conflict of interest. The County may also require the CONSULTANT to set forth in writing the scope of the inquiry conducted to make the express certification. Failure to make diligent inquiry, to disclose a known conflict or potential conflict, or to execute the documents required to be produced may be considered a material breach of the contract and may disqualify the CONSULTANT or its SUBCONSULTANTS from award of other County professional service agreements.

4. Identification of organizational conflict of interest

The CONSULTANT and its SUBCONSULTANTS shall be obligated to disclose to the County any organizational conflict of interest which may exist or arise during the performance of this Agreement, or the potential for such conflicts to occur, immediately upon the discovery of such actual or potential conflict. The disclosure shall be in writing, addressed to the Director or their designee. The disclosure shall identify the organizational conflict of interest with sufficient detail for the County's analysis and shall propose a method to address the same. Such disclosure shall be simultaneously reported to the Office of the Inspector General (OIG) and the Commission on Ethics and Public Trust (COE). The CONSULTANT /SUBCONSULTANT's failure to identify an organizational conflict of interest, or to disclose the same to the County in the manner set forth in this Section, may be considered a material breach of the Agreement. In addition, in any subsequent solicitation for professional services for which the CONSULTANT or its SUBCONSULTANTS compete for award, the CONSULTANT and/or its SUBCONSULTANTS shall identify and address any potential organizational conflict of interest as between that solicitation and this Agreement or the work hereunder, particularly in those instances where the CONSULTANT offers to use the same SUBCONSULTANTS which may be primes or SUBCONSULTANTS in other Program contracts where such use is not specifically prohibited by the advance restrictions set forth in this policy. The potential for organizational

conflicts of interest, and the methodology offered to prevent organizational conflicts of interest, may be evaluated by the County as a criterion for selection as set forth in the applicable competitive solicitation documents.

5. Addressing organizational conflicts of interest

The County will analyze and address organizational conflicts of interest on a case-by-case basis, because such conflicts arise in various, and often unique, factual settings. The Director of MDAD, subject to the approval of the Executive Director of the Commission on Ethics or their designee, shall make the decision of how to address an organizational conflict of interest. The Executive Director of the Commission on Ethics or their designee shall render its determination promptly to avoid impacting the Program. The County shall consider the specific facts and circumstances of the situation and the nature and potential extent of the risks associated with an organizational conflict of interest when determining what method or methods of addressing the conflict will be appropriate. When an organizational conflict of interest is such that it risks impairing the integrity of the Program, then the County must take action to substantially reduce or eliminate those risks. If the only risk created by an organizational conflict of interest is a performance risk relating to the County's business interests, then the County shall have broader discretion in accepting some or all of the performance risk, but only when the potential harm to the County's interest is outweighed by the expected benefit from having the conflicted CONSULTANT perform the Agreement. The County shall balance risks created by any organization conflict of interest against potential impacts to the Community Business Enterprise community in analyzing the appropriate method of addressing any organizational conflict of interest. Notwithstanding the preceding, the County's decision as to the existence of, and/or remedy for, any organizational conflict of interest shall be wholly binding on the CONSULTANT and shall be made in the County's sole and complete discretion.

6. Measures to address organizational conflicts of interest

The measure, or combination of measures, which may be appropriate to address an organizational conflict of interest, if any, shall be decided by the Director of MDAD and include, but are not limited to: (a) avoidance of risk through reduction of subjectivity in the analysis or by defining work tasks and deliverables with specificity, (b) requiring the CONSULTANT and/or its SUBCONSULTANTS to implement structural barriers (firewalls) and internal corporate controls, (c) limiting the CONSULTANTS or SUBCONSULTANT or the specific personnel to be involved in a work assignment, (d) employing specific hourly limits on defined tasks, (e) limiting or prohibiting certain pass through fees and markups, (f) executing a mitigation plan which will define specific CONSULTANT and SUBCONSULTANT duties to mitigate organizational conflicts of interest, (g) requiring SUBCONSULTANTS who are conflict free to perform identified areas of work, (h) requiring the CONSULTANT or its SUBCONSULTANTS to adopt, disseminate and instruct staff on conflict of interest identification and remediation procedures and (i) relying on more than one source or on objective or verifiable data or information.

7. Documentation and evaluation

The Director of MDAD will set forth in the Agreement file a written explanation of the methodology used to address an identified organizational conflict of interest. The County shall periodically evaluate the effectiveness of the methodology in the protection of the Program. Upon the rendering of a decision regarding the resolution of a reported conflict of interest, a copy of such finding shall be forwarded to the OIG and the COE.

8. Organizational conflicts of interest which are not remedied

If in the sole discretion of the County there is no measure or combination of measures which protect the County against the organizational conflict of interest, the County may require that the CONSULTANT cease the activity which creates a conflict with this Agreement. Failure to abide by this requirement shall result in the CONSULTANT being in breach of this Agreement. In addition, the County may without penalty decline to award future professional service agreements or other contracts to the CONSULTANT or its SUBCONSULTANTS if the award of such agreement or conflict with result in a conflict which cannot be remedied.

9. Conflicts Which Cannot Be Mitigated

For work funded in whole or part by the Federal government, a consultant that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements as either the Architect/Engineer, the CONSULTANT, or member of a Design-Build Team or entity, as applicable.

Where the CONSULTANT's rights or obligations under this Agreement are in conflict with the County's obligations under the Airport Agreement, and upon notice by the County to CONSULTANT, the terms of this Agreement shall be deemed conformed to the County's obligations under the Airport Agreement. Where such conformance would cause a material change in this Agreement, CONSULTANT shall have the right, upon written notice to the County within five (5) days of receipt of notice of such a conflict, to terminate

this Agreement for convenience; in such termination, the CONSULTANT shall have no cause of action for money damages of any kind, including but not limited to direct damages, unamortized costs or debt, stored or ordered materials, indirect damages, lost profits, loss of opportunity, loss of goodwill, or otherwise. Individual change orders or amendments shall not exceed ten (10) percent of the base Contract price in cumulative percentage amount; provided however, that the foregoing limitation shall not apply to any change order or amendment related to emergency actions impacting remediation, public safety, health requirements or recovery from natural disaster and the foregoing change orders and amendments shall require ratification by the Board; provided further that the County Mayor or their designee may reduce in any amount the scope and compensation payable under this Agreement and grant compensable and non-compensable time extensions thereunder. Pursuant to Section 2-285.2 (6), the County Mayor or the County Mayor's designee's award and execution of this Contract is subject to ratification by the Board of County Commissioners. If the County Mayor or the County Mayor's designee's action is not ratified, and such legislative action becomes final, this Agreement shall be deemed terminated without further notice. In such event, the CONSULTANT shall not be entitled to recovery of any lost profits or other consequential or indirect damages. However, the CONSULTANT is eligible for payment for any Work done prior to failure of the ratification, in accordance with the **Article 5** of this Agreement.

In the event the County has modified the terms and conditions of this Agreement, including any adjustment of the rentals, fees and charges required to be paid to the County pursuant to this provision, this Agreement shall be amended to incorporate such modification of the terms and conditions including the adjustment of rentals, fees and charges upon the issuance of written notice from the Department to the Lessee.

Rescind Memo

Memorandum

Date:

To: Proposers and Competitive Selection Committee

From: Daniella Levine Cava
Mayor

Subject: Rescinding Three Award Recommendations for Professional Architectural and Engineering Services for the Building Recertification Program; Miami-Dade Aviation Department, Contract No. E24AV01

Following the July 9, 2026, Airport Committee (AC) meeting, I hereby rescind the three (3) award recommendations noted below, which were recommended as part of an architectural and engineering consultant pool to assist Miami-Dade Aviation Department staff with the County's 30-year Recertification Program. This action is being taken to give the Competitive Selection Committee (CSC) the opportunity to proceed to the Second-Tier evaluation process set forth in the Notice to Professional Consultants issued for Contract No. E24AV01 ("Solicitation") to re-evaluate the proposals submitted in response to the Solicitation and hold oral presentations as contemplated by the Second-Tier evaluation process. As such, in accordance with the direction issued by the AC Committee and by way of this memorandum, the three (3) award recommendations on the AC Official Agenda as Items 2A, 2B and 2C are rescinded and the CSC's recommendation to approve the selection of these three (3) firms submitted on February 18, 2025, is rejected.

Contract No. E24AV01

- Legistar No. 251235, AC Item 2A - T.Y. Lin International
- Legistar No. 251238, AC Item 2B - DDA Engineers, PA
- Legistar No. 251240, AC Item 3D - E Plus Engineering and Construction, LLC

History

The architectural and engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms. The CSC may recommend waiving the Second-Tier selection process by a majority vote and base their recommendation on the results of the First Tier ranking only.

The CSC held First Tier meeting on January 22, 2025. During the evaluation process, the CSC scored all responsive proposals and decided by majority vote to forgo Second Tier proceedings. The Report of Competitive Selection Committee recommending approval to negotiate three (3) non-exclusive agreements with the top 3 ranked firms was approved on February 18, 2025.

Memorandum

Date:

To: Proposers and Competitive Selection Committee

From: Daniella Levine Cava
Mayor

Subject: Rescinding Three Award Recommendations for Professional Architectural and Engineering Services for the Building Recertification Program; Miami-Dade Aviation Department, Contract No. E24AV01

Following the July 9, 2026, Airport Committee (AC) meeting, I hereby rescind the three (3) award recommendations noted below, which were recommended as part of an architectural and engineering consultant pool to assist Miami-Dade Aviation Department staff with the County's 30-year Recertification Program. This action is being taken to give the Competitive Selection Committee (CSC) the opportunity to proceed to the Second-Tier evaluation process set forth in the Notice to Professional Consultants issued for Contract No. E24AV01 ("Solicitation") to re-evaluate the proposals submitted in response to the Solicitation and hold oral presentations as contemplated by the Second-Tier evaluation process. As such, in accordance with the direction issued by the AC Committee and by way of this memorandum, the three (3) award recommendations on the AC Official Agenda as Items 2A, 2B and 2C are rescinded and the CSC's recommendation to approve the selection of these three (3) firms submitted on February 18, 2025, is rejected.

Contract No. E24AV01

- Legistar No. 251235, AC Item 2A - T.Y. Lin International
- Legistar No. 251238, AC Item 2B - DDA Engineers, PA
- Legistar No. 251240, AC Item 3D - E Plus Engineering and Construction, LLC

History

The architectural and engineering professional services solicitation process is a two-tiered selection process; First Tier is the Evaluation of Experience and Qualifications, and Second Tier is the statements of experience, qualifications, and performance data. The Second Tier is the evaluation of the shortlisted project, and ability to provide the required services within schedule and budget, as demonstrated through an oral presentation from firms. The CSC may recommend waiving the Second-Tier selection process by a majority vote and base their recommendation on the results of the First Tier ranking only.

The CSC held First Tier meeting on January 22, 2025. During the evaluation process, the CSC scored all responsive proposals and decided by majority vote to forgo Second Tier proceedings. The Report of Competitive Selection Committee recommending approval to negotiate three (3) non-exclusive agreements with the top 3 ranked firms was approved on February 18, 2025.
