Subject: Sunset Review of County Boards for 2025 -- Tourist Development Council

Pursuant to Section 2-11.40 of the Code of Miami-Dade County, I am submitting the 2025 Sunset Review of County Boards Report for the Tourist Development Council for transmittal to the Board of County Commissioners (BCC). The Board approved the attached report at its meeting of June 13, 2025

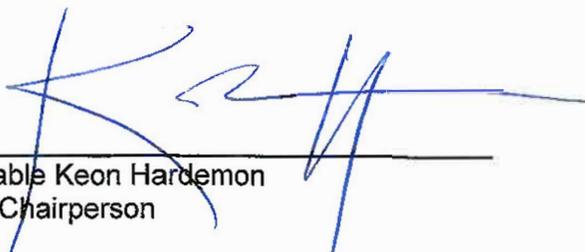

It is recommended that the BCC approve the continuation of the Tourist Development Council.

BACKGROUND

On April 4, 1978, the Board of County Commissioners adopted Ordinance No. 78-28 establishing the Tourist Development Council. The mission of the TDC is to develop and promote Miami-Dade County's appeal as a tourist destination, primarily by supporting tourism-related activities and programs. To accomplish this mission, the TDC invests its resources in tourist-oriented, cultural and special events such as visual and performing arts, including theater, concerts, operas, dance, festivals, art exhibitions and recitals; sports events; broadcast and electronic media origination projects.

Since its inception, the TDC has invested its annual appropriations in support of programs and projects, which promote Miami-Dade County tourism. These investments have contributed significantly to Miami-Dade's attractiveness as a distinctive tourist destination, one which possesses an active, year-round calendar of interesting and unique activities, with world class venues and cultural institutions, and a caliber of programmatic offerings characterized by artistic excellence and popular appeal. The importance of supporting and promoting these assets and their positive impact on Miami-Dade's image as a premiere tourist destination is demonstrated by the steady annual growth in Miami-Dade's tourism figures and the international reputation the County has earned as a culturally rich, dynamic and exciting place to visit.

It is recommended that the Board approve the continuation of the Tourist Development Council because Miami-Dade County is the direct beneficiary of the invaluable and incalculable contributions made by Council members in the form of their time, expertise and voluntary contributions made in support of advancing Miami-Dade County's tourist development, investments, and policies.

Honorable Keon Hardemon
Board Chairperson

These investments have contributed significantly to Miami-Dade's attractiveness as a distinctive tourist destination, one which possesses an active, year-round calendar of interesting and unique activities, with world class venues and cultural institutions, and a caliber of programmatic offerings characterized by artistic excellence and popular appeal. The importance of supporting and promoting these assets and their positive impact on Miami-Dade's image as a premiere tourist destination is demonstrated by the steady annual growth in Miami-Dade's tourism figures and the international reputation the County has earned as a culturally rich, dynamic and exciting place to visit.

The Department of Cultural Affairs staff serves the TDC in developing and implementing County cultural tourism and special events policy. The County is the direct beneficiary of the invaluable, incalculable contributions made by Council members in the form of their time, expertise and voluntary contributions made in support of advancing Miami-Dade County's tourist development, investments and policies.

8. Describe the Board's performance measures developed to determine its own effectiveness in achieving its stated goals.

The TDC evaluates all requests for support presented to it on the basis of the impact of the event in promoting Miami-Dade County as a visitor destination, including the amount of anticipated media coverage, nationally and internationally, the effectiveness of the proposed marketing strategy, and the financial viability of the events' presenter(s). Each grant contract entered into by the TDC stipulates concrete reporting requirements, eligible uses of TDC/County funds, and clear objectives for promoting and marketing Miami-Dade County as an attractive destination to visit. The submission of reports and paid invoices required to substantiate grant payments thus provides tangible evidence as to the promotion and advertising being accomplished on behalf of the County, the broad reach of programs locally, nationally, and internationally, and the impact of funded activities on the local tourism industry.
