Substitute
Agenda Item No. 5(H)

TO: Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners

DATE: April 21, 2026

FROM: Geri Bonzon-Keenan
County Attorney

SUBJECT: Ordinance granting petition of Miami Freedom Park, LLC., for establishment of a Community Development District generally bounded on the north by Tamiami Canal (C-4 canal), on the east by NW 37 Avenue, on the south by NW 14 Street, and on the west by NW 42 Avenue (NW LeJeune Road); creating and establishing Le Jeune Gardens Community Development District; providing for name, powers and duties; providing description and boundaries; providing initial members of Board of Supervisors; directing the County Mayor to collaborate with the District for the provision of periodic reports by the District and for the provision of the District 6 County Commissioner to act as a liaison between the District and the County, and to execute an interlocal agreement with the District, as necessary

This substitute differs from the original version as stated in the Mayor's memorandum.

The accompanying ordinance was prepared by the Parks, Recreation and Open Spaces Department and placed on the agenda at the request of Prime Sponsor Commissioner Natalie Milian Orbis.

Memorandum

Date: April 21, 2026

To: Honorable Chairman Anthony Rodriguez
and Members, Board of County Commissioners

From: Daniella Levine Cava *Daniella Levine Cava*
Mayor

Subject: Ordinance Creating the Le Jeune Gardens Community Development District

The substitute differs from the original item in that it adds Jennifer Tubul as one of the initial members of the District's Board of Supervisors, as designated by the District 6 County Commissioner and agreed to by the Petitioner; replaces Graham Oxley with Kaitlyn Stolzenberg as one of the initial members of the District's Board of Supervisors; makes conforming changes to the whereas recitals; and includes an updated petition reflecting such changes.

Executive Summary

The purpose of this item is to gain authorization from the Board of County Commissioners (Board) to create a Community Development District (CDD) in the City of Miami (City) in Miami-Dade County (County), Florida. CDDs are a local unit of special-purpose government created according to Chapter 190 of the Florida Statutes.

Recommendation

It is recommended that the Board adopt the attached Ordinance creating the Le Jeune Gardens Community Development District (District) in the City, pursuant to the authority granted by the Miami-Dade County Home Rule Charter for the purposes set forth in Chapter 190 of the Florida Statutes.

Scope

This District is located within Commission District 6, which is represented by County Commissioner Natalie Milian Orbis, and will provide funding for capital improvements, as well as multipurpose maintenance functions, within the CDD. In accordance with Rule 5.06(k) of the Board's Rules of Procedure, Commissioner Milian Orbis has been notified in writing that the department received a petition to create the District within the boundaries of Commission District 6.

Fiscal Impact/Funding Source

The creation of the District will have no fiscal impact on the County. CDD funding is derived from assessments levied against the properties within the CDD, which are secured by a lien against the properties and collected directly by the CDD or through the annual Combined Real Property tax bill pursuant to an interlocal agreement with the City of Miami.

Social Equity Statement

The proposed Ordinance grants a petition for the creation of the District, pursuant to the procedures and factors set forth in section 190.005, Florida Statutes.

If approved, pursuant to Chapter 190, Florida Statutes, the District will have the power to levy taxes and special assessments and charge, collect, and enforce fees and other user charges affecting property owners within the proposed District, regardless of their demographics. The CDD is a timely, efficient, effective,

responsive, and economic way to deliver and finance basic community development services.

Track Record/Monitor

This development has private roads that are to be maintained by a Property Owners' Association (POA) or the District. A Special Taxing District will be created to maintain the development's infrastructure, such as private roadways, private area storm drainage, and landscaping, should the District be dissolved or fail to fulfill its maintenance obligations. This Special Taxing District will remain dormant until such time as the County determines to implement the Special Taxing District.

Delegation of Authority

The Ordinance directs the County Mayor or County Mayor's designee to (a) collaborate with the District for the provision of periodic reports by the District to the County containing full disclosure of information relating to the public financing and maintenance of capital improvements undertaken by the District and for the provision of the District 6 County Commissioner to act as a liaison between the County and the District regarding matters undertaken by the District, and (b) negotiate and execute, as necessary, an interlocal agreement with the District providing for such reporting, following approval by the County Attorney's Office for form and legal sufficiency.

Background

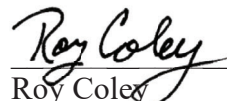

Miami Freedom Park, LLC. ("Petitioner") and leaseholder of the Le Jeune Gardens development (Development), which is owned by the City of Miami, has filed an application to create the District in connection with said Development. The Development is a proposed 128.265-acre mixed-use development lying wholly within the municipal limits of the City of Miami, in an area bounded by NW 37 Avenue on the east, NW 14 Street on the south, NW 42 Avenue (NW LeJeune Road) on the west, and Tamiami Canal (C-4 Canal) on the north. The District is designed to provide a financing mechanism for community infrastructure, facilities, and services along with certain ongoing operations and maintenance for the Development. The development plan for the land within the proposed District includes construction of a stadium with approximately 25,000 seats, 600,000 square feet of retail space, 400,000 square feet of office space, 750 hotel rooms, 5,100 parking spaces, and 58 +/- acres of park space with associated roadway improvements, stormwater management system, water and sewer systems, power distribution improvements, telecommunication improvements, open spaces and landscape for roadways, which are estimated to cost approximately \$129.480 million. This development has private roads that are to be maintained by a POA or the District. A detailed summary of District elements, as well as the cost and anticipated lack of fiscal impacts to government agencies, are presented in the attached application submitted by the Petitioner. In accordance with Chapter 190, Florida Statutes, the Petitioner has paid a filing fee of \$15,000.00 and an additional \$9,000.00 for advertising costs to the County.

A Declaration of Restrictive Covenants has not been submitted consistent with the requirements of Resolution R-413-05 adopted by the Board on April 5, 2005, and as amended by Resolution No. R-883-06, which was adopted on July 18, 2006, to add language regarding the option to pay capital assessments in full at the time of closing.

This Board is authorized by the Florida Constitution and the County Home Rule Charter to establish governmental units, such as this CDD, within the County and to prescribe such government's jurisdiction and powers.

ORDINANCE NO. _____

ORDINANCE GRANTING PETITION OF MIAMI FREEDOM PARK, LLC., FOR ESTABLISHMENT OF A COMMUNITY DEVELOPMENT DISTRICT GENERALLY BOUNDED ON THE NORTH BY TAMIAMI CANAL (C-4 CANAL), ON THE EAST BY NW 37 AVENUE, ON THE SOUTH BY NW 14 STREET, AND ON THE WEST BY NW 42 AVENUE (NW LEJEUNE ROAD); CREATING AND ESTABLISHING LE JEUNE GARDENS COMMUNITY DEVELOPMENT DISTRICT; PROVIDING FOR NAME, POWERS AND DUTIES; PROVIDING DESCRIPTION AND BOUNDARIES; PROVIDING INITIAL MEMBERS OF BOARD OF SUPERVISORS; DIRECTING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO COLLABORATE WITH THE DISTRICT FOR THE PROVISION OF PERIODIC REPORTS BY THE DISTRICT AND FOR THE PROVISION OF THE DISTRICT 6 COUNTY COMMISSIONER TO ACT AS A LIAISON BETWEEN THE DISTRICT AND THE COUNTY, AND TO EXECUTE AN INTERLOCAL AGREEMENT WITH THE DISTRICT, AS NECESSARY; AND PROVIDING SEVERABILITY, EXCLUSION FROM THE CODE AND AN EFFECTIVE DATE

WHEREAS, the Florida Legislature created and amended chapter 190, Florida Statutes, to provide an alternative method to finance and manage basic services for community development; and

WHEREAS, section 1.01(A)(21) of the Miami-Dade County Home Rule Charter grants the Board of County Commissioners the authority to exercise all powers and privileges granted to municipalities and counties by the laws of this State; and

WHEREAS, Article VIII, section 6(e) of the Florida Constitution provides for exclusive County Charter authority to establish all governmental units within Miami-Dade County and to provide for their government and prescribe their jurisdiction and powers; and

WHEREAS, Miami Freedom Park, LLC. (“Petitioner”), a Florida limited liability company, has petitioned for the establishment of the Le Jeune Gardens Community Development District (“District”); and

WHEREAS, a public hearing has been conducted by the Board of County Commissioners in accordance with the requirements and procedures of section 190.005(2)(b), Florida Statutes, and the applicable requirements and procedures of the Miami-Dade County Home Rule Charter and Code; and

WHEREAS, the District will constitute a timely, efficient, effective, responsive and economic way to deliver community development services in the area, thereby providing a solution to the County’s planning, management and financing needs for delivery of capital infrastructure therein without overburdening the County and its taxpayers; and

WHEREAS, ~~[[subject to the Board of County Commissioners' receipt prior to the public hearing in this matter of a corrected Petition replacing Hernan M. Organvidez with a person designated by the District 6 County Commissioner and agreed to by the Petitioner as one of the initial members of the District's Board of Supervisors,]]~~¹ the Board of County Commissioners finds that the statements contained in the Petition are true and correct; and

WHEREAS, the creation of the District is not inconsistent with any applicable element or portion of the State comprehensive plan or the Miami-Dade County Comprehensive Development Master Plan; and

WHEREAS, the area of land within the District is of sufficient size, is sufficiently compact, and is sufficiently contiguous to be developable as one functional interrelated community; and

¹ The differences between the substitute and the original item are indicated as follows: Words double stricken through and/or [[double bracketed]] are deleted, words double underlined and/or >>double arrowed<< are added.

WHEREAS, the creation of the District is the best alternative available for delivering the community development services and facilities to the area that will be served by the District; and

WHEREAS, the proposed services and facilities to be provided by the District will be compatible with the capacity and uses of existing local and regional community development services and facilities; and

WHEREAS, the area that will be served by the District is amenable to separate special-district government; and

WHEREAS, the leaseholder of the properties that are to be developed and served by the community development services and facilities to be provided by the District was not required to submit a Declaration of Restrictive Covenants, as typically required by Miami-Dade County per Resolution R-413-05, because the District does not contain any residential housing within its boundaries; and

WHEREAS, having made the foregoing findings, after a public hearing, the Board of County Commissioners wishes to exercise the powers bestowed upon it by section 1.01(A)(21) of the Miami-Dade County Home Rule Charter in the manner provided by chapter 190, Florida Statutes; and

WHEREAS, the Board of County Commissioners finds that the District shall have those general and special powers authorized by sections 190.011 and 190.012, Florida Statutes, and set forth herein, and that it is in the public interest of all of the citizens of Miami-Dade County that the District have such powers,

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA:

Section 1. The foregoing findings, which are expressly set forth herein, are hereby adopted and made a part hereof.

Section 2. The Petition to establish the District over the real property described in the Petition attached hereto, which was filed by the petitioner on January 30, 2026, and which Petition is on file at the Office of the Clerk of the Board, is hereby granted. A copy of the Petition is attached and incorporated herein as Exhibit A.

Section 3. The external boundaries of the District shall be as depicted in the certified metes and bounds legal description attached hereto and incorporated herein as Exhibit B to the Ordinance. The external boundaries of the District shall be as depicted on the location map attached hereto and incorporated as Exhibit C.

Section 4. The initial members of the Board of Supervisors shall be as follows:

Section 5. The name of the District shall be the “Le Jeune Gardens Community Development District.”

Section 6. The District is created for the purposes set forth in chapter 190, Florida Statutes, pursuant to the authority granted by section 1.01(A)(21) of the Miami-Dade County Home Rule Charter.

Section 7. Pursuant to section 190.005(2)(d), Florida Statutes, the charter for the Le Jeune Gardens Community Development District shall be sections 190.006 through 190.041, Florida Statutes.

Section 8. The Board of County Commissioners hereby grants to the District all general powers authorized pursuant to section 190.011, Florida Statutes, and hereby finds that it is in the public interest of all citizens of Miami-Dade County to grant such general powers.

Section 9. The Board of County Commissioners hereby grants to the District the special powers authorized pursuant to section 190.012(1), Florida Statutes, and sections 190.012(2)(a), (d) and (f) (except for powers regarding waste disposal), Florida Statutes, and section 190.012(3), Florida Statutes, and hereby finds that it is in the public interest of all citizens of Miami-Dade County to grant such special powers; provided that the District's exercise of power under section 190.012(1)(b), Florida Statutes, pertaining to water, wastewater and reuse water services, as per the Petition submitted.

Section 10. All bonds issued by the District pursuant to the powers granted by this Ordinance shall be validated pursuant to chapter 75, Florida Statutes.

Section 11. No bond, debt or other obligation of the District, nor any default thereon, shall constitute a debt or obligation of Miami-Dade County, except upon the express approval and agreement of the Board of County Commissioners.

Section 12. Notwithstanding any power granted to the District pursuant to this Ordinance, neither the District nor any real or personal property or revenue in the District shall, solely by reason of the District's creation and existence, be exempted from any requirement for the payment of any and all rates, fees, charges, permitting fees, impact fees, connection fees, or similar County rates, fees or charges, special taxing districts special assessments which are required by law, ordinance or County rule or regulation to be imposed within or upon any local government within the County.

Section 13. Notwithstanding any power granted to the District pursuant to this Ordinance, the District may exercise the power of eminent domain outside the District's existing boundaries only with the prior specific and express approval of the Board of County Commissioners.

Section 14. This Board directs the County Mayor or County Mayor's designee to (a) collaborate with the District for the provision of periodic reports by the District to the County containing full disclosure of information relating to the public financing and maintenance of capital improvements undertaken by the District and for the provision of the District 6 County Commissioner to act as a liaison between the County and the District regarding matters undertaken by the District, and (b) negotiate and execute, as necessary, an interlocal agreement with the District providing for same, following approval by the County Attorney's Office for form and legal sufficiency.

Section 15. If any section, subsection, sentence, clause or provision of this Ordinance is held invalid, the remainder of this Ordinance shall not be affected by such invalidity.

Section 16. It is the intention of the Board of County Commissioners, and it is hereby ordained that the provisions of this Ordinance shall be excluded from the Code of Miami-Dade County.

Section 17. This Ordinance shall become effective ten (10) days after the date of enactment unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

Attorney for the Petitioner

**BEFORE THE BOARD OF COUNTY COMMISSIONERS OF
MIAMI-DADE COUNTY, FLORIDA**

PETITION TO ESTABLISH A COMMUNITY DEVELOPMENT DISTRICT

Petitioner, Miami Freedom Park, LLC (“Petitioner”), hereby petitions the Board of County Commissioners of Miami-Dade County, Florida (“County”), pursuant to the “Uniform Community Development District Act of 1980,” Chapter 190, *Florida Statutes*, and the Miami-Dade County Home Rule Charter, to establish a Community Development District (“District”) with respect to the land described herein. In support of this petition, Petitioner states:

1. Location and Size. The proposed District is located both within the City of Miami and unincorporated Miami-Dade County and covers approximately 128.265 acres of land, more or less. **Exhibit 1** depicts the general location of the project. The site is generally located south of the C-4 Canal (Tamiami Canal), west of N.W. 37th Avenue, north of N.W. 14th Street, and east of N.W. 42nd Avenue. The sketch and metes and bounds descriptions of the external boundaries of the proposed District is set forth in **Exhibit 2**.

2. Excluded Parcels. There are parcels within the external boundaries of the proposed District which are to be excluded from the District (the “**Excluded Parcels**”). The names and addresses of the property owners, as well as the legal descriptions for the Excluded Parcels, are provided in **Composite Exhibit 3**. Establishment of the District will have no adverse impact on the Excluded Parcels.

3. Landowner Consent. The City of Miami (the “City”) has entered into that certain (i) *Ground Lease for Soccer Stadium*, dated February 9, 2023, and (ii) *Ground Lease for Commercial Development*, dated February 9, 2023, in favor of the Petitioner (the “Ground Leases”) providing for the lease of a portion of the real property intended to be included within the District to the Petitioner. Concurrent with the filing of this Petition, the Petitioner has requested that the City consent to the amendment of the Ground Lease such that the outstanding term of such lease shall be extended to at least fifty (50) years (the “Ground Lease Amendment”). Upon the effective date of the Ground Lease Amendment, the Petitioner shall thereafter qualify as a “Landowner” entitled to consent to the establishment of the proposed District pursuant to Section 190.005(1)(a)2., *Florida Statutes*.¹ In furtherance thereof, the Petitioner has executed a consent to the establishment of the proposed District, enclosed as **Exhibit 4**, which upon the effective date of the Ground Lease Amendment constitutes the consent of the landowners relative one hundred

¹ Section 190.003(14), *Florida Statutes*, defines a “Landowner” of the District as “the owner of a freehold estate as appears by the deed record, including a trustee, a private corporation, and an owner of a condominium unit; it does not include a reversioner, remainderman, mortgagee, or any governmental entity, who shall not be counted and need not be notified of proceedings under this act. **Landowner shall also mean the owner of a ground lease from a governmental entity, which leasehold interest has a remaining term, excluding all renewal options, in excess of 50 years.**” (emphasis added)

percent (100%) of the real property located within the proposed District in accordance with Section 190.005, *Florida Statutes*.²

4. Initial Board Members. The five (5) persons designated to serve as initial members of the Board of Supervisors of the proposed District are Kaitlyn Stolzenberg, Jennifer Tubul, Cristina Canales, Camila Jocelyn-Holt, and Jason R. Castro. They are residents of the state of Florida and citizens of the United States of America. They shall serve in that office until replaced, as provided in Section 190.006, *Florida Statutes*. Board members resumes are included as **Exhibit 5**.

5. Name. The proposed name of the District is the Le Jeune Gardens Community Development District.

6. Major Water and Wastewater Facilities. **Composite Exhibit 6** shows the existing and proposed major trunk water mains and sewer connections serving the lands within and around the proposed District.

7. District Facilities and Services. **Exhibit 7** describes the type of facilities Petitioner presently expects the proposed District to finance, fund, construct, acquire and install, as well as the estimated costs of construction. At present, these improvements are estimated to be made, acquired, constructed and installed in phase(s) over an estimated four (4) year period from 2025 to 2029. Actual construction timetables and expenditures will likely vary, due in part to the effects of future changes in the economic conditions upon costs such as labor, services, materials, interest rates and market conditions.

8. Existing and Future Land Uses. The existing use of the lands within the proposed District is vacant land. The current zoning of the lands within the proposed District includes portions zoned Civic Space, Civic Institutional, and T6-8-O and the City has approved a Special Area Plan for portion of the land. The future general distribution, location and extent of the public and private land uses within and adjacent to the proposed District by land use plan element are shown in **Exhibit 8**. These proposed land uses are consistent with the City of Miami's Comprehensive Neighborhood Plan and Miami-Dade County's Comprehensive Development Master Plan.

9. Statement of Estimated Regulatory Costs. **Exhibit 9** is the statement of estimated regulatory costs ("SERC") prepared in accordance with the requirements of Section 120.541, *Florida Statutes*. The SERC is based upon presently available data. The data and methodology used in preparing the SERC accompany it.

² For the avoidance of doubt, note that while the City owns a portion of the lands within the proposed District, the City is not defined as a "Landowner" pursuant to Section 190.003(14), *Florida Statutes*, and is accordingly not required to provide its consent to the establishment of the proposed District. Nevertheless, the City has in fact consented to the establishment of the District as discussed in more detail herein.

11. Authorized Agents. The Petitioner is authorized to do business in the State of Florida. The Petitioner has designated Lindsay Whelan as its authorized agent. See **Exhibit 10 - Authorization of Agent.** Copies of all correspondence and official notices should be sent to:

Lindsay Whelan, Esq.
Florida Bar No. 99356
Lindsay.Whelan@KutakRock.com
KUTAK ROCK LLP
107 West College Avenue
Tallahassee, Florida 32301
(850) 692-7300

12. Disclosure Requirements. Petitioner undertakes on behalf of the proposed District that the Petitioner and the proposed District will provide full disclosure of information relating to the public financing of the improvements to be made to the proposed District and the maintenance of such improvements to be undertaken by the proposed District as required by Section 190.009, *Florida Statutes*, as amended, as required as a condition of the creation of the proposed District by the Board of County Commissioners of Miami-Dade County, Florida.

13. Resolution of Support from the City of Miami. A Resolution of the City Commission of the City of Miami, Florida, adopted January 9, 2025, supporting the establishment of the proposed District is attached to this petition as **Exhibit 11.**

14. Opinion of Title. A current title opinion for the lands that comprise the proposed District is attached to this petition as **Exhibit 12.**

15. Request for Additional Powers. If the District is approved by the County, the District will be duly and legally authorized to exist and exercise all of its powers as set forth in Section 190.012(1) and (3), *Florida Statutes*, and as otherwise provided by law. The powers and functions of the District are more fully described in Chapter 190, *Florida Statutes*. Petitioner further requests that the District be granted consent to exercise of certain additional powers to finance, plan, establish, acquire, construct, reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for: (1) parks and facilities for indoor and outdoor recreational, cultural and educational uses; (2) security, including but not limited to, guardhouses, fences and gates, electronic intrusion detection systems, and patrol cars; and (3) waste collection and disposal, each as authorized and described by Section 190.012(2), *Florida Statutes*, respectively.

16. Consent to Special Taxing District. Petitioner also acknowledges and consents to the establishment of a dormant multipurpose maintenance special taxing district to be activated in the event that the District is dissolved or becomes defunct and fails to provide maintenance services within the public rights-of-way. The maintenance of improved swales and medians in the public rights-of-way excluding swale maintenance by owners of property as defined by Chapter 19 of the Code of Miami-Dade County shall be provided by the District, including but not limited to, irrigation, landscape lighting, payment of related utility bills, turf, trees, shrubs and any other

landscaping improvements provided or caused by this development, covenants associated with landscaping permitting in the public rights-of-way notwithstanding.

17. This petition to establish the Le Jeune Gardens Community Development District should be granted for the following reasons:

a. Establishment of the proposed District and all land uses and services planned within the proposed District are not inconsistent with applicable elements or portions of the effective State Comprehensive Plan, City of Miami's Comprehensive Neighborhood Plan, or Miami-Dade County's Comprehensive Development Master Plan.

b. The area of land within the proposed District is part of a planned community. It is of sufficient size and is sufficiently compact and contiguous to be developed as one functional and interrelated community.

c. The establishment of the proposed District will prevent the general body of taxpayers in the City of Miami and Miami-Dade County from bearing the burden for installation of the infrastructure and the maintenance of certain facilities within the development encompassed by the proposed District. The proposed District is the best alternative for delivering community development services and facilities to the proposed community without imposing an additional burden on the general population of the local general-purpose government. Establishment of the proposed District in conjunction with a comprehensively planned community, as proposed, allows for a more efficient use of resources.

d. The community development services and facilities of the proposed District will not be incompatible with the capacity and use of existing local and regional community development services and facilities. In addition, the establishment of the proposed District will provide a perpetual entity capable of making reasonable provisions for the operation and maintenance of the proposed District's services and facilities.

e. The area to be served by the proposed District is amenable to separate special-district government.

WHEREFORE, Petitioner respectfully requests Miami-Dade County, Florida, to:

a. schedule a public hearing in accordance with the requirements of Sections 190.005(2)(b) and (d), *Florida Statutes*;

b. grant the petition and adopt an ordinance establishing the District pursuant to Chapter 190, *Florida Statutes*;

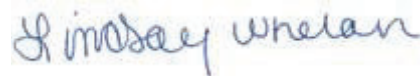

c. consent to the District exercise of certain additional powers to finance, plan, establish, acquire, construct, reconstruct, enlarge or extend, equip, operate and maintain systems and facilities for: (1) parks and facilities for indoor and outdoor recreational, cultural and

educational uses; (2) security, including but not limited to, guardhouses, fences and gates, electronic intrusion detection systems, and patrol cars; and (3) waste collection and disposal, each as authorized and described by Section 190.012(2), *Florida Statutes*, respectively.

d. grant such other relief as may be necessary or appropriate.

RESPECTFULLY SUBMITTED, this 31st day of October, 2025.

EXHIBIT 4
AFFIDAVIT OF OWNERSHIP AND CONSENT

**CONSENT AND JOINDER OF LANDOWNER
TO THE ESTABLISHMENT OF A COMMUNITY DEVELOPMENT DISTRICT**

LE JEUNE GARDENS COMMUNITY DEVELOPMENT DISTRICT

The City of Miami (the “City”) has entered into that certain (i) *Ground Lease for Soccer Stadium*, dated February 9, 2023, and (ii) *Ground Lease for Commercial Development*, dated February 9, 2023 in favor of the undersigned (the “Ground Leases”) providing for the lease of the real property more fully described on **Exhibit A** attached hereto and made a part hereof (“Property”) that is intended by the undersigned to be included within the proposed Le Jeune Gardens Community Development District (the “District”).

Concurrent with the filing of the petition to establish the District, the undersigned has requested that the City consent to the amendment of the Ground Lease such that the outstanding term of such lease shall be extended to at least fifty (50) years (the “Ground Lease Amendment”). Upon the effective date of the Ground Lease Amendment, the undersigned shall thereafter qualify as a “Landowner” entitled to consent to the establishment of the proposed District pursuant to Section 190.005(1)(a)2., *Florida Statutes*.¹

Accordingly, as the owner of the Ground Leases relative to lands that are intended to constitute all or a part of the District, the undersigned understands and acknowledges that pursuant to the provisions of Section 190.005, *Florida Statutes*, the Petitioner is required to include the written consent to the establishment of the District of one hundred percent (100%) of the landowners relative to the lands to be included within such district.²

The undersigned hereby consents to the establishment of the District that will include the Property within the lands to be a part of such district and agrees to further execute any documentation necessary or convenient to evidence this consent and joinder during the application process for the establishment of the District.

¹ Section 190.003(14), *Florida Statutes*, defines a “Landowner” of the District as “the owner of a freehold estate as appears by the deed record, including a trustee, a private corporation, and an owner of a condominium unit; it does not include a reversioner, remainderman, mortgagee, or any governmental entity, who shall not be counted and need not be notified of proceedings under this act. **Landowner shall also mean the owner of a ground lease from a governmental entity, which leasehold interest has a remaining term, excluding all renewal options, in excess of 50 years.**” (emphasis added)

² For the avoidance of doubt, note that while the City owns a portion of the lands within the proposed District, the City is not defined as a “Landowner” pursuant to Section 190.003(14), *Florida Statutes*, and is accordingly not required to provide its consent to the establishment of the proposed District. Nevertheless, the City has in fact consented to the establishment of the District pursuant to its adoption of Resolution R-25-0039.

The undersigned acknowledges that the consent will remain in full force and effect until the District is established or three (3) years from the date hereof, whichever shall first occur. The undersigned further agrees that this consent shall be binding upon the owner and its successors and assigns as to the Property, or portions thereof, for the entirety of such three (3) year term. Notwithstanding the foregoing, the undersigned conditions the effectiveness of this consent and joinder upon the approval and full execution of the Ground Lease Amendment by the parties thereto.

The undersigned hereby represents and warrants that it has taken all actions and obtained all consents necessary to duly authorize the execution of this consent and joinder by the officer executing this instrument.

Executed this 16 day of May, 2025.

STATEMENT OF ESTIMATED REGULATORY COSTS

1.0 Introduction

1.1 Purpose and Scope

This Statement of Estimated Regulatory Costs ("SERC") supports the petition to establish the Le Jeune Gardens Community Development District (the "District") in accordance with the "Uniform Community Development District Act of 1980," Chapter 190, Florida Statutes (the "Act"). The proposed District will comprise approximately 128.265 +/- acres of land located within Miami-Dade County, Florida (the "County") and is projected to contain a stadium with approximately 25,000 seats, 600,000 square feet of retail space, 400,000 square feet of office space, 750 hotel rooms, 5,100 parking spaces, and 58 +/- acres of park space, which will make up the Le Jeune Gardens development ("Project"). The limitations on the scope of this SERC are explicitly set forth in Section 190.002(2)(d), Florida Statutes ("F.S.") (governing the District establishment) as follows:

“That the process of establishing such a district pursuant to uniform general law be fair and based only on factors material to managing and financing the service delivery function of the district, so that any matter concerning permitting or planning of the development is not material or relevant (emphasis added).”

1.2 Overview of the Le Jeune Gardens Community Development District

The District is designed to provide public infrastructure, services, and facilities, along with operation and maintenance of the same, to a master-planned commercial development currently anticipated to contain a stadium with approximately 25,000 seats, 600,000 square feet of retail space, 400,000 square feet of office space, 750 hotel rooms, 5,100 parking spaces, and 58 +/- acres of park space. Tables 1 and 2 under Section 5.0 detail the improvements and ownership/maintenance responsibilities the proposed District is anticipated to construct, operate and maintain.

A community development district (“CDD”) is an independent unit of special-purpose local government authorized by the Act to plan, finance, construct, operate and maintain community-wide infrastructure in planned community developments. CDDs provide a "solution to the state's planning, management and financing needs for delivery of capital infrastructure in order to service projected growth without overburdening other governments and their taxpayers." Section 190.002(1)(a), F.S.

A CDD is not a substitute for the local, general-purpose government unit, i.e., the city or county in which the CDD lies. A CDD does not have the permitting, zoning or policing powers possessed by general-purpose governments. A CDD is an alternative means of financing, constructing, operating and maintaining public infrastructure for developments, such as Le Jeune Gardens.

1.3 Requirements for Statement of Estimated Regulatory Costs

Section 120.541(2), F.S., defines the elements a statement of estimated regulatory costs must contain:

- (a) An economic analysis showing whether the rule directly or indirectly:
 - 1. Is likely to have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule;
 - 2. Is likely to have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; or
 - 3. Is likely to increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

- (b) A good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a general description of the types of individuals likely to be affected by the rule.

- (c) A good faith estimate of the cost to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues.

- (d) A good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local government entities, required to comply with the requirements of the rule. As used in this section, "transactional costs" are direct costs that are readily ascertainable based upon standard business practices, and include filing fees, the cost of obtaining a license, the cost of equipment required to be installed or used or procedures required to be employed in complying with the rule, additional operating costs incurred, the cost of monitoring and reporting, and any other costs necessary to comply with the rule.

- (e) An analysis of the impact on small businesses as defined by s. 288.703, and an analysis of the impact on small counties and small cities as defined in s. 120.52. The impact analysis for small businesses must include the basis for the agency's decision not to implement alternatives that would reduce adverse impacts on small businesses. (Miami-Dade County, according to the 2020 Census, has a population of 2,701,767; therefore, it is not defined as a small county for the purposes of this requirement. The City of Miami, according to the 2020 Census, has a population of 442,241; therefore, it is not defined as a small city for the purposes of this requirement.)

- (f) Any additional information that the agency determines may be useful.

- (g) In the statement or revised statement, whichever applies, a description of any regulatory alternatives submitted under paragraph (1)(a) and a statement adopting the alternative or a

statement of the reasons for rejecting the alternative in favor of the proposed rule.

Note: the references to "rule" in the statutory requirements for the Statement of Estimated Regulatory Costs also apply to an "ordinance" under section 190.005(2)(a), F.S.

2.0 An economic analysis showing whether the rule directly or indirectly:

- 1. Is likely to have an adverse impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule;**
- 2. Is likely to have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after the implementation of the rule; or**
- 3. Is likely to increase regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.**

The rule establishing the District is not anticipated to have any direct or indirect adverse impact on economic growth, private sector job creation or employment, private sector investment, business competitiveness, ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation. Any increases in regulatory costs, principally the anticipated increases in transactional costs as a result of imposition of special assessments or fees by the District will be the direct result of facilities and services provided by the District to the landowners and non-residential tenants within the District. However, as property ownership in the District is voluntary and all additional costs will be disclosed to prospective buyers prior to sale, such increases should be considered voluntary, self-imposed and offset by benefits received from the infrastructure and services provided by the District.

2.1 Impact on economic growth, private sector job creation or employment, or private sector investment in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

The purpose for establishment of the District is to provide public facilities and services to support the development of a new, master-planned commercial development. The development of the approximately 128.265 +/- acres anticipated to be within the District will promote local economic activity, create local value, lead to local private sector investment and is likely to result in local private sector employment and/or local job creation.

Establishment of the District will allow a systematic method to plan, fund, implement, operate and maintain, for the benefit of the landowners and non-residential tenants within the District, various public facilities and services. Such facilities and services, as further described in Section 5, will allow for the development of the land within the District. The provision of District's infrastructure and the subsequent development of land will generate private economic activity, economic growth, investment and employment, and job creation. The District intends to use proceeds of indebtedness to fund construction of public infrastructure, which will be constructed

by private firms, and once constructed, is likely to use private firms to operate and maintain such infrastructure and provide services to the landowners and non-residential tenants of the District. The private developer of the land in the District will use its private funds to conduct the private land development and anticipated construction of a stadium with approximately 25,000 seats, 600,000 square feet of retail space, 400,000 square feet of office space, 750 hotel rooms, 5,100 parking spaces, and 58 +/- acres of park space, the construction, sale, and continued use/maintenance of which will involve private firms. While similar economic growth, private sector job creation or employment, or private sector investment could be achieved in absence of the District by the private sector alone, the fact that the establishment of the District is initiated by the private developer means that the private developer considers the establishment and continued operation of the District as beneficial to the process of land development and the future economic activity taking place within the District, which in turn will lead directly or indirectly to economic growth, likely private sector job growth and/or support private sector employment, and private sector investments.

2.2 Impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

When assessing the question of whether the establishment of the District is likely to directly or indirectly have an adverse impact on business competitiveness, including the ability of persons doing business in the state to compete with persons doing business in other states or domestic markets, productivity, or innovation, one has to compare these factors in the presence and in the absence of the District in the development. When the question is phrased in this manner, it can be surmised that the establishment of the District is likely to not have a direct or indirect adverse impact on business competitiveness, productivity, or innovation versus that same development without the District. Similar to a purely private solution, District contracts will be bid competitively as to achieve the lowest cost/best value for the particular infrastructure or services desired by the landowners, which will ensure that contractors wishing to bid for such contracts will have to demonstrate to the District the most optimal mix of cost, productivity and innovation. Additionally, the establishment of the District for the development is not likely to cause the award of the contracts to favor non-local providers any more than if there was no District. The District, in its purchasing decisions, will not vary from the same principles of cost, productivity and innovation that guide private enterprise.

2.3 Likelihood of an increase in regulatory costs, including any transactional costs, in excess of \$1 million in the aggregate within 5 years after the implementation of the rule.

The establishment of the District will not increase any regulatory costs of the State by virtue that the District will be one of many already-existing similar districts within the State. As described in more detail in Section 4, the proposed District will pay a one-time filing fee to the County to offset any expenses that the County may incur in holding a local public hearing on the petition. Similarly, the proposed District will pay annually the required Special District Filing Fee, which

fee is meant to offset any State costs related to its oversight of all special districts in the State.

The establishment of the District will, however, directly increase regulatory costs to the landowners and non-residential tenants within the District. Such increases in regulatory costs, principally the anticipated increases in transactional costs as a result of likely imposition of special assessments and use fees by the District, will be the direct result of facilities and services provided by the District to the landowners and non-residential tenants within the District. However, as property ownership in the District is completely voluntary, all current property owners must consent to the establishment of the District and all initial prospective buyers will have such additional transaction costs disclosed to them prior to sale, as required by State law. Such costs, however, should be considered voluntary, self-imposed, and as a tradeoff for the enhanced services and facilities provided by the District.

The District will incur overall operational costs related to services for infrastructure maintenance, landscaping, amenity operation and similar items. In the initial stages of development, the costs will likely be minimized. These operating costs will be funded by the landowners and non-residential tenants through direct funding agreements, special assessments or fees levied by the District. Similarly, the District may incur costs associated with the issuance and repayment of revenue bonds. While these costs in the aggregate may approach the stated threshold over a five-year period, this would not be unusual for a Project of this nature and the infrastructure and services proposed to be provided by the District will be needed to serve the Project regardless of the existence of the District. Thus, the District-related costs are not additional development costs. Due to the relatively low cost of financing available to CDDs, due to the tax-exempt nature of CDD debt, certain improvements can be provided more efficiently by the District than by alternative entities. Furthermore, it is important to remember that such costs would be funded through special assessments paid by landowners and non-residential tenants or fees paid by users within the District, and would not be a burden on the taxpayers outside the District nor can the District debt be a debt of the County or the State.

3.0 A good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a general description of the types of individuals likely to be affected by the rule.

The individuals and entities likely to be required to comply with the rule or affected by the proposed action (i.e., adoption of the rule) can be categorized, as follows: 1) The State of Florida and its residents, 2) Miami-Dade County and its residents, 3) current property owners, and 4) future property owners.

a. The State of Florida

The State of Florida and its residents and general population will not incur any compliance costs related to the establishment and on-going administration of the District, and will only be affected to the extent that the State incurs those nominal administrative costs outlined herein. The cost of any additional administrative services provided by the State as a result of this project will be incurred whether the infrastructure is financed through a CDD or any alternative financing

method.

b. Miami-Dade County, Florida

The County and its residents not residing within the boundaries of the District will not incur any compliance costs related to the establishment and on-going administration of the District other than any one-time administrative costs outlined herein, which will be offset by the filing fee submitted to the County. Once the District is established, these residents will not be affected by adoption of the rule. The cost of any additional administrative services provided by the County as a result of this development will be incurred whether the infrastructure is financed through the District or any alternative financing method.

c. Current Property Owners

The current property owners of the lands within the proposed District boundaries will be affected to the extent that the District allocates debt for the construction of infrastructure and undertakes operation and maintenance responsibility for that infrastructure.

d. Future Property Owners

The future property owners are those who will own property in the proposed District. These future property owners will be affected to the extent that the District allocates debt for the construction of infrastructure and undertakes operations and maintenance responsibility for that infrastructure.

The proposed District will serve land that comprises an approximately 128.265 +/- acre master-planned commercial development currently anticipated to contain a stadium with approximately 25,000 seats, 600,000 square feet of retail space, 400,000 square feet of office space, 750 hotel rooms, 5,100 parking spaces, and 58 +/- acres of park space, although the development plan can change. As the proposed development plan of the land within the District currently anticipates only non-residential land uses, it is reasonable that there would only be a small number of property owners within the District affected by the proposed rule. The County, the proposed District and certain state agencies will also be affected by or required to comply with the rule as more fully discussed hereafter.

4.0 A good faith estimate of the cost to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues.

The County is establishing the District by rule in accordance with the Act and, therefore, there is no anticipated effect on state or local revenues.

4.1 Costs to Governmental Agencies of Implementing and Enforcing Rule.

Because the result of adopting the rule is the establishment of an independent local special purpose government, there will be no significant enforcing responsibilities of any other government entity, but there will be various implementing responsibilities which are identified with their costs herein.

State Governmental Entities

The cost to state entities to review or enforce the proposed rule will be very modest. The District comprises less than 2,500 acres and is located within the boundaries of the City of Miami and unincorporated Miami-Dade County. Therefore, the County (and not the Florida Land and Water Adjudicatory Commission) will review and act upon the Petition to establish the District, in accordance with Section 190.005(2), F.S. There are minimal additional ongoing costs to various state entities to implement and enforce the proposed rule . The costs to various state entities to implement and enforce the proposed rule relate strictly to the receipt and processing of various reports that the District is required to file with the State and its various entities. Appendix A lists the reporting requirements. The costs to those state agencies that will receive and process the District's reports are minimal because the District is only one of many governmental units that are required to submit the various reports. Therefore, the marginal cost of processing one additional set of reports is inconsequential. Additionally, pursuant to section 189.064, F.S., the District must pay an annual fee to the State of Florida Department of Economic Opportunity which offsets such costs.

Miami-Dade County, Florida

The proposed land for the District is located within Miami-Dade County, Florida, and consists of less than 2,500 acres. The County and its staff may process, analyze, conduct a public hearing, and vote upon the petition to establish the District. These activities will absorb some resources; however, these costs incurred by the County will be modest for a number of reasons. First, review of the petition to establish the District does not include analysis of the project itself. Second, the petition itself provides most, if not all, of the information needed for a staff review. Third, the County already possesses the staff needed to conduct the review without the need for new staff. Fourth, there is no capital required to review the petition. Fifth, the potential costs are offset by a filing fee included with the petition to offset any expenses the County may incur in the processing of this petition. Finally, the County already processes similar petitions, though for entirely different subjects, for land uses and zoning changes that are far more complex than the petition to establish a community development district.

The annual costs to the County, because of the establishment of the District, are also very small. The District is an independent unit of local government. The only annual costs the County faces are the minimal costs of receiving and reviewing the reports that the District is required to provide to the County, or any monitoring expenses the County may incur if it establishes a monitoring program for governmental entities.

4.2 Impact on State and Local Revenues.

Adoption of the proposed rule will have no negative impact on state or local revenues. A CDD is an independent unit of local government. It is designed to provide infrastructure facilities and services to serve the development project and it has its own sources of revenue. No state or local subsidies are required or expected.

Any non-ad valorem assessments levied by the District will not count against any millage caps imposed on other taxing authorities providing services to the lands within the District. It is also important to note that any debt obligations the District may incur are not debts of the State of Florida or any other unit of local government, including the County. By Florida law, debts of the District are strictly its own responsibility.

5.0 A good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local government entities, required to comply with the requirements of the rule.

Table 1 provides an outline of the various facilities and services the proposed District may provide. Financing for these facilities is projected to be provided by the District.

Table 2 illustrates the estimated costs of construction of the capital facilities, outlined in Table 1. Total costs of construction for those facilities that may be provided are estimated to be approximately \$129,480,000.00. The District may levy non-ad valorem special assessments (by a variety of names) or fees and may issue revenue bonds to fund the costs of these facilities. These bonds would be repaid through non-ad valorem special assessments and/or fees levied on all developable properties in the District that may benefit from the District's infrastructure program as outlined in Table 2, or other revenue sources.

Prospective future landowners and non-residential tenants in the proposed District may be required to pay non-ad valorem special assessments or fees levied by the District to provide for facilities and secure any debt incurred through bond issuance. In addition to the levy of non-ad valorem special assessments or fees which may be used for debt service, the District may also levy a non-ad valorem assessment or fees to fund the operations and maintenance of the District and its facilities and services. However, purchasing a property within the District or locating in the District by new landowners or non-residential tenants is completely voluntary, so, ultimately, all landowners and non-residential tenants of the affected property choose to accept the non-ad valorem assessments or fees as a tradeoff for the services and facilities that the District will provide. In addition, state law requires all assessments levied by the District to be disclosed by the initial seller to all prospective purchasers of property within the District.

A CDD provides the property owners with an alternative mechanism of providing public services; however, special assessments, fees, and other impositions levied by the District and collected by law represent the transactional costs incurred by landowners as a result of the establishment of the District. Such transactional costs should be considered in terms of costs likely to be incurred under alternative public and private mechanisms of service provision, such as other independent special districts, the County or its dependent districts, or county management but financing with municipal service benefit units and municipal service taxing units, or private entities, all of which can be grouped into three major categories: public district, public other, and private.

With regard to the public services delivery, dependent and other independent special districts can be used to manage the provision of infrastructure and services, however, they are limited in the types of services they can provide, and likely it would be necessary to employ more than one district to provide all services needed by the development.

Other public entities, such as counties, are also capable of providing services, however, their costs in connection with the new services and infrastructure required by the new development and, transaction costs, would be borne by all taxpayers, unduly burdening existing taxpayers. Additionally, other public entities providing services would also be inconsistent with the State's policy of "growth paying for growth".

Lastly, services and improvements could be provided by private entities. However, their interests are primarily to earn short-term profits and there is no public accountability. The benefits of tax-exempt financing utilizing CDDs would cause the CDD to utilize its lower transactional costs to enhance the quality of infrastructure and services.

In considering transactional costs of CDDs, it shall be noted that occupants of the lands to be included within the District will receive three major classes of benefits.

First, those landowners and non-residential tenants in the District will receive a higher level of public services which in most instances will be sustained over longer periods of time than would otherwise be the case.

Second, a CDD is a mechanism for assuring that the public services will be completed concurrently with development of lands within the development. This satisfies the revised growth management legislation, and it assures that growth pays for itself without undue burden on other consumers. Establishment of the District will ensure that these landowners pay for the provision of facilities, services and improvements to these lands.

Third, a CDD is the sole form of local governance which is specifically established to provide CDD landowners and non-residential tenants with planning, construction, implementation and short and long-term maintenance of public infrastructure at sustained levels of service.

The cost impact on the ultimate landowners in the development is not the total cost for the District to provide infrastructure services and facilities. Instead, it is the incremental costs above, if applicable, what the landowners would have paid to install infrastructure via an alternative financing mechanism.

Consequently, a CDD provides property owners with the option of having higher levels of facilities and services financed through self-imposed revenue. The District is an alternative means to manage necessary development of infrastructure and services with related financing powers. District management is no more expensive, and often less expensive, than the alternatives of various public and private sources.

6.0 An analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined in Section 120.52, F.S.

There will be little impact on small businesses because of the establishment of the District. If anything, the impact may be positive because the District must competitively bid all of its contracts and competitively negotiate all of its contracts with consultants over statutory thresholds. This affords small businesses the opportunity to bid on District work.

Miami-Dade County has a population of 2,701,767 according to the 2020 Census conducted by the United States Census Bureau and is therefore not defined as a "small" county according to Section 120.52, F.S. The City of Miami has a population of 442,241 according to the 2020 Census conducted by the United States Census Bureau and is therefore not defined as a "small" city according to Section 120.52, F.S. It can be reasonably expected that the establishment of a community development district for the Le Jeune Gardens development will not produce any marginal effects that would be different from those that would have occurred if the Le Jeune Gardens development was developed without a community development district established by the County.

7.0 Any additional useful information.

The analysis provided above is based on a straightforward application of economic theory, especially as it relates to tracking the incidence of regulatory costs and benefits. Inputs were received from the Petitioner's Engineer and other professionals associated with the Petitioner.

In relation to the question of whether the proposed Le Jeune Gardens Community Development District is the best possible alternative to provide public facilities and services to the project, there are several additional factors which bear importance. As an alternative to an independent district, the County could establish a dependent district for the area or establish a Municipal Services Benefit Unit (MSBU) or a Municipal Services Taxing Unit (MSTU). Either of these alternatives could finance the improvements contemplated in Tables 1 and 2 in a fashion similar to the proposed District.

There are a number of reasons why a dependent district is not the best alternative for providing public facilities and services to the Le Jeune Gardens development. First, unlike a CDD, this alternative would require the County to administer the project and its facilities and services. As a result, the costs for these services and facilities would not be directly and wholly attributed to the land directly benefiting from them, as the case would be with a CDD. Administering a project of the size and complexity of the development program anticipated for the Le Jeune Gardens development is a significant and expensive undertaking.

Second, a CDD is preferable from a government accountability perspective. With a CDD, non-residential tenants and landowners in the District would have a focused unit of government ultimately under their direct control. The CDD can then be more responsive to resident needs without disrupting other County responsibilities. By contrast, if the County were to establish and administer a dependent special district, then the non-residential tenants and landowners of the Le Jeune Gardens development would take their grievances and desires to the County Commission meetings.

Third, any debt of an independent CDD is strictly that CDD's responsibility. While it may be technically true that the debt of a County-established, dependent special district is not strictly the County's responsibility, any financial problems that a dependent special district may have may reflect on the County. This will not be the case if a CDD is established.

Another alternative to a CDD would be for a Property Owners' Association (POA) to provide the infrastructure as well as operations and maintenance of public facilities and services. A CDD is superior to a POA for a variety of reasons. First, unlike a POA, a CDD can obtain low-cost financing from the municipal capital market. Second, as a government entity a CDD can impose and collect its assessments along with other property taxes on the County's real estate tax bill. Therefore, the District is far more assured of obtaining its needed funds than is a POA. Third, the proposed District is a unit of local government. This provides a higher level of transparency, oversight and accountability and the CDD has the ability to enter into interlocal agreements with other units of government.

8.0 A description of any regulatory alternatives submitted under section 120.541(1)(a), F.S., and a statement adopting the alternative or a statement of the reasons for rejecting the alternative in favor of the proposed rule.

No written proposal, statement adopting an alternative or statement of the reasons for rejecting an alternative have been submitted.

Based upon the information provided herein, this Statement of Estimated Regulatory Costs supports the petition to establish the Le Jeune Gardens Community Development District.

A RESOLUTION OF THE MIAMI CITY COMMISSION SUPPORTING THE CREATION OF THE LEJEUNE GARDENS COMMUNITY DEVELOPMENT DISTRICT ("LEJEUNE GARDENS CDD") AND AUTHORIZING MIAMI FREEDOM PARK, LLC, A DELAWARE LIMITED LIABILITY COMPANY, AND ITS AFFILIATES AND SUBSIDIARIES (COLLECTIVELY, "DEVELOPER") TO FILE A PETITION FOR THE CREATION THEREOF WITH MIAMI-DADE COUNTY, FLORIDA, FOR THE 130 +/- ACRE SITE LOCATED AT APPROXIMATELY 4000 NORTHWEST 14 STREET, (FOLIO NO. 01-3132-000-0105), 1900 NORTHWEST 37 AVENUE (FOLIO NO. 01-3132-000-0095), 1950 NORTHWEST 37 AVENUE (FOLIO NO. 01-3132-000-0100), AND 1550 NORTHWEST 37 AVENUE (FOLIO NO. 01-3132-000-0090), ALL LOCATED IN THE CITY OF MIAMI, FLORIDA, AND GENERALLY BOUND ON THE EAST BY NORTHWEST 37 AVENUE, ON THE WEST BY NORTHWEST 42 AVENUE, ON THE SOUTH BY NORTHWEST 14 STREET, AND ON THE NORTH BY THE MUNICIPAL BOUNDARY, EXCLUDING THE FOOTPRINT OF THE CITY'S NEW ADMINISTRATIVE BUILDING SITE; ENCOURAGING THE MIAMI-DADE BOARD OF COUNTY COMMISSIONERS ("COUNTY COMMISSION") TO APPROVE THE PETITION SUBMITTED BY THE DEVELOPER TO CREATE THE LEJEUNE GARDENS CDD ALL IN A FORM AND MANNER CONSISTENT WITH THE PROJECT, LEASE AGREEMENT, ALL OTHER APPLICABLE AGREEMENTS AND INSTRUMENTS, AND THIS RESOLUTION; STATING THAT THE ADOPTION OF THIS RESOLUTION SHALL NOT BE CONSTRUED TO BE AN AMENDMENT OR MODIFICATION OF THE PROJECT OR THE TERMS, DUTIES, COVENANTS, OR OBLIGATIONS OF THE PARTIES TO THE LEASE AGREEMENT OR ANY OTHER APPLICABLE AGREEMENTS OR INSTRUMENTS; PROVIDING FOR AN EFFECTIVE DATE.

SPONSOR(S): Mayor Francis X. Suarez, Commissioner Miguel Angel Gabela

WHEREAS, the City of Miami ("City") is the fee simple owner of approximately 130 +/- acres of land located in District 1 located at approximately 4000 Northwest 14 Street, (Folio No. 01-3132-000-0105), 1900 Northwest 37 Avenue (Folio No. 01-3132-000-0095), 1950 Northwest 37 Avenue (Folio No. 01-3132-000-0100), and 1550 Northwest 37 Avenue (Folio No. 01-3132-000-0090), all located in the City of Miami, Florida, and generally bound on the East by Northwest 37 Avenue, on the West by Northwest 42 Avenue, on the South by Northwest 14 Street, and on the North by the municipal boundary ("Site"); and

WHEREAS, in November of 2018, the electorate of the City approved a referendum to approve the negotiation of a ground lease and development agreement for the development of approximately seventy-three (73) acres of the Site as a soccer stadium, offices, entertainment, retail, hotel and conference center, public facilities, and other ancillary commercial development ("Leased Premises"); and

WHEREAS, the referendum also approved the creation of a fifty-eight (58) acre world class park adjacent to the Leased Premises ("Public Park"); and

WHEREAS, pursuant to Resolution Nos. R-22-0156 and R-22-0157, adopted April 28, 2022, Miami Freedom Park, LLC, a Delaware Limited Liability Company (the "Developer") entered into that certain Ground Lease for Soccer Stadium, that certain Ground Lease for Miami Freedom Park Commercial Development, and certain related easement agreements with the City, all dated as of February 9, 2023, governing the Developer's use of the Leased Property (collectively, "Lease Agreement"); and

WHEREAS, pursuant to Ordinance No. 14093 adopted on September 13, 2022 by the City Commission, the City approved the development of the Miami Freedom Park Special Area Plan ("Project"); and

WHEREAS, once constructed, the Project will consist of not less than a twenty-five thousand (25,000) seat soccer stadium, seven hundred fifty (750) hotel rooms and conference space, four hundred thousand (400,000) square feet of office, and six hundred thousand (600,000) square feet of commercial uses, and a Public Park; and

WHEREAS, as part of its commitment to public benefits, the Developer committed to a Twenty Million and 00/100 Dollars (\$20,000,000.00) park fund contribution ("Park Contribution"); and

WHEREAS, the City supports the creation by Miami-Dade County of the LeJeune Gardens Community Development District for the Site, excluding the footprint of the City's new administrative building site ("LeJeune Gardens CDD"), which will, among other matters, assist and support the public purpose of funding and the construction of various onsite and offsite infrastructure and related public improvements for the Public Park in addition to the allocation of the Park Contribution;

NOW, THEREFORE, BE IT RESOLVED BY THE COMMISSION OF THE CITY OF MIAMI, FLORIDA:

Section 1. The recitals and findings contained in the Preamble to this Resolution are adopted and incorporated as if fully set forth in this section.

Section 2. The City Commission supports the creation of the LeJeune Gardens CDD by Miami-Dade County, a political subdivision of the State of Florida ("County"), and, in the City's proprietary capacity, authorizes the Developer, its affiliates, and subsidiaries, to file a petition with the County and execute such documents as necessary for the creation of the LeJeune Gardens CDD, all in a form and manner consistent with the Project, the Lease Agreement, any other applicable agreements or instruments, and this Resolution.

Section 3. The City Commission encourages the County Commission to approve a petition submitted by the Developer to create the LeJeune Gardens CDD.

Section 4. The adoption of this Resolution shall not be construed to be an amendment or modification of the Project or the terms, duties, covenants, or obligations of the parties to the Lease Agreement or any other applicable agreements or instruments.

Section 5. This Resolution shall become effective immediately upon its adoption.

APPROVED AS TO FORM AND CORRECTNESS:

George K. Wysocki III, City Attorney 2/4/2025

EXHIBIT 12

OPINION OF TITLE

To: MIAMI-DADE COUNTY, a political subdivision of the State of Florida

With the understanding that this opinion of title is furnished to Miami-Dade County, Florida, as an inducement for creation of (i) a proposed community development district covering the real property, hereinafter described, in compliance with Chapter 190, Florida Statutes, and (ii) a proposed special taxing district covering the real property, hereinafter described, in compliance with Chapters 18 and 28 of the Code of Miami-Dade County, it is hereby certified that I have examined Title Search Report No. 25041869 issued by Old Republic National Title Insurance Company covering the period from the BEGINNING through August 31, 2025 at 8:00 AM, (the “**Title Evidence**”), inclusive, of the real property more particularly described on **Exhibit “A”** attached hereto and by this reference incorporated herein (the “**Property**”). I know of no reason that this Title Evidence is inaccurate or incomplete.

Basing our opinion solely on the aforesaid Title Evidence covering said period referenced above, we are of the opinion that on the date last mentioned above, the fee simple title to the Property was vested in:

The City of Miami, a municipal corporation of the State of Florida

(the “**Property Owner**”)

With a (Ground) Leasehold Interest vested in:

Miami Freedom Park, LLC, a Delaware limited liability company

Note 1: The City of Miami, a municipal corporation of the State of Florida, as Landlord, and Miami Freedom Park, LLC, a Delaware limited liability company, as Tenant entered into that certain Ground Lease for Miami Freedom Park Commercial Development dated February 9, 2023 (“**Commercial Ground Lease**”) demising and leasing a portion of the Property known as the “**Development Parcel**”.

Note 2: The City of Miami, a municipal corporation of the State of Florida, as Landlord, and Miami Freedom Park, LLC, a Delaware limited liability company, as Tenant entered into that certain Ground Lease for Soccer Stadium dated February 9, 2023 (“**Stadium Ground Lease**”) demising and leasing a portion of the Property known as the “**Stadium Parcel**”.

Note 3: Miami Freedom Park, LLC, a Delaware limited liability company, as Sub-Landlord, and Inter Miami Stadium, LLC, a Delaware limited liability company, as Subtenant entered into that certain Stadium Sublease dated as of April 22, 2025 (“**Stadium Sublease**”) demising and sub-leasing the Stadium Parcel.

Note 4: Miami Freedom Park, LLC, a Delaware limited liability company, as Sub-Landlord, and MFP Infrastructure LLC, a Delaware limited liability company, as Subtenant entered into that certain Commercial Sublease dated as of August 5, 2025 (“**Commercial Sublease**”) demising and sub-leasing the Development Parcel.

As of the date hereof, each of Cristina Canales and Pablo Alvarez, each as Manager of Miami Freedom Park, LLC, a Delaware limited liability company, has the authority to sign on behalf of the limited liability company.

As of the date hereof, Pablo Alvarez, as Vice-President of Inter Miami Stadium, LLC, a Delaware limited liability company, has the authority to sign on behalf of the limited liability company.

As of the date hereof, each of Graham Oxley and Pablo Alvarez, each as Authorized Signatory of MFP Infrastructure LLC, a Delaware limited liability company, has the authority to sign on behalf of the limited liability company.
