Subject: Resolution Ratifying Vendors Added to Prequalification Pools During the Period Covering January 1, 2026 through June 30, 2026

Summary

This item is a bi-annual report presented for ratification pursuant to Resolution No. R-395-12, which was adopted on May 12, 2012, by the Board of County Commissioners (Board). The report identifies 132 vendors added to prequalification pools from January 1, 2026 through June 30, 2026, including 74 with local offices, of which 41 are certified Small Business Enterprise (SBE) firms.

Open prequalification pools are established to allow qualified vendors to participate in future spot market competitions for specified goods and services, as needs are identified by County departments. Open pools are advantageous in that additional vendors meeting the minimum qualification requirements, as specified in a solicitation, can be added at any time during the pool term. This provides ongoing opportunities to vendors interested in participating in the County's competitive procurement process. It is also an efficient and cost-effective means of contracting that reduces administrative work for staff and vendors wishing to participate in County contracts. Prequalification pools can provide enhanced competition and improved pricing for the County, as well as reduce the time needed for the procurement of goods and services, allowing the County to operate at the speed of business. To encourage participation, outreach events are held on an ongoing basis to inform vendors about pool opportunities and the benefits of becoming prequalified.

Recommendation

It is recommended that the Board ratify the actions of the County Mayor or County Mayor's designee in the addition of vendors to various active open prequalification pools. This item is being presented to the Board in accordance with Resolution No. R-395-12, which requires that a report of vendors added to open pools be provided to the Board for bi-annual ratification.

The attachment to this item shows that 132 vendors were added to various prequalification pools during the referenced timeframe. Additionally, as was requested by various Board members, the attachment includes the pool number and title, the Small Business certification where applicable, vendor name, local office validation, and date the vendor was added to the pool during the reporting period. The purchase orders issued to pool vendors can be viewed on the [Pools Dashboard](#).

Scope

The scope of this item is countywide.

Fiscal Impact/Funding Source

There is no fiscal impact associated with this item.

Track Record/Monitor

Strategic Procurement Department (SPD) staff monitor prequalification pools.

Delegated Authority

There is no additional delegated authority requested for this item.

Due Diligence

Pursuant to Resolution No. R-187-12, due diligence was conducted in accordance with SPD's Procurement Guidelines to determine vendor responsibility, including verifying corporate status and that there are no performance and compliance issues through various vendor responsibility lists and a keyword internet search. The lists that were referenced included convicted vendors, debarred vendors, delinquent contractors, suspended vendors, and federal excluded parties. There were no adverse findings relating to vendor responsibility.
