Subject: Request for Additional Time and Expenditure Authority to Contract for Propworks System Software

Executive Summary

This item is for additional time of three years and expenditure authority to continue purchasing support and maintenance for PROPworks® System (Propworks) software for the Miami-Dade Aviation Department (MDAD). Propworks is a revenue and property management software used by MDAD to support key business functions such as carrier activity tracking, billing and invoicing, concession sales management, and aviation statistics at Miami International Airport (MIA). It is embedded in the department's business ecosystem, including but not limited to the following key sub-systems: Shared Tenant Services, Automated Vehicle Identification System, Airfield Operations Area Decals, Security Badge System, and Concession Statistics. The purpose of this proprietary system is to serve as a critical junction between many subsystems and PeopleSoft, the Enterprise Resource Planning System (ERP), which supports several critical financial activities.

Propworks is an integrated revenue and property management software deeply embedded in MDAD's complex operational framework via real-time and batch interfaces with MIA's primary airfield, terminal, and mapping infrastructure. MDAD's currently relies heavily on this proprietary system and integrated services as it centralizes and automates contract tracking, tenant billing, and revenue management. The system is deeply integrated into the daily operations of MIA and supports numerous critical business functions. Replacing Propworks is neither practical nor cost-effective due to the significant investment, technical complexity, and operational risks involved. Continuing to utilize the system is the most reliable and operationally sound course of action, preserving the stability of MDAD's business environment while avoiding the financial, operational, and organizational disruptions that could result from implementing an alternative solution.

Recommendation

It is recommended that the Board of County Commissioners (Board) approve a non-competitive designated purchase (legacy) pursuant to Section 2-8.1(b)(3) of the Miami-Dade County Code (Code), by a two-thirds vote of the Board members present, under *Contract No. L-10159, Propworks System Software*, to extend the contract for two years and one, one-year option to renew (OTR) with additional expenditure authority in the cumulative amount of \$420,091 for MDAD.

Background

This legacy contract was awarded by the Board on October 21, 2021, via Resolution No. R-1156-21 in the amount of \$650,067 for a five-year term. Propworks is one of five systems comprising MDAD's sophisticated airport technology environment and is deeply embedded in MDAD's business operations.

Propworks collects and translates operational aviation data into invoices for MIA commercial customers. Such data includes airlines and aircraft landings airside operations, air and ground cargo activity, passenger counts, concession sales, and commercial vehicle tolls associated with vehicles entering and exiting MIA property. It also supports carrier activity tracking, management of contact information, billing and invoicing, concession sales management, and aviation statistics.

Additional allocation is requested to support MDAD's needs for an extended contract term. Supplemental Agreement No. 1 amends the contract to extend the current term, incorporates updated Federal Aviation

Administration (FAA) provisions in accordance with Resolution No. R-1056-25, deletes or changes other articles to conform to the latest County requirements, and includes pricing that aligns with standard industry escalations for proprietary airport software.

Approval of a designated purchase in lieu of a competitive process is recommended because Amadeus Airport IT Americas, Inc. is the sole proprietor and licensor of the Propworks software utilized by MDAD. Analysis conducted by MDAD staff revealed that an alternative solution is estimated to cost \$3.2 million over ten years and would require an estimated 18-month implementation cycle. Accordingly, it is in the County's best interest to extend this contract pursuant to Section 2-8.1(b)(3) of the Code to continue purchasing support and maintenance for Propworks.

Scope

MIA is located within District 6, which is represented by Commissioner Natalie Milian Orbis; however, the impact of this item is countywide in nature.

Delegated Authority

The County Mayor or County Mayor's designee will have the authority to execute Supplemental Agreement No. 1 and exercise all provisions contained therein, including any cancellation, renewal, or extensions, pursuant to Section 2-8.1 of the Code and Implementing Order 3-38.

Fiscal Impact/Funding Source

The contract term expires on December 31, 2026, and has an existing allocation of \$650,067. If this request is approved and the OTR is exercised, the contract will expire on December 31, 2029, and will have a modified cumulative allocation of \$1,070,158. The requested increase in expenditure authority is based on MDAD's anticipated needs at \$140,030 per year, as negotiated.

Department	Existing Allocation	Additional Allocation Requested	Modified Cumulative Allocation	Funding Source	Budgeted
MDAD	\$650,067	\$420,091	\$1,070,158	Proprietary Funds	FY 2025-26 Adopted Budget, Volume 3, Page 203, Contractual Services

I am requesting that the below item be processed for agenda placement on the October Committee Cycle:

RESOLUTION AUTHORIZING A NON-COMPETITIVE DESIGNATED PURCHASE PURSUANT TO SECTION 2-8.1(B)(3) OF THE COUNTY CODE BY A TWO-THIRDS VOTE OF THE BOARD MEMBERS PRESENT, UNDER CONTRACT NO. L-10159, PROPWORKS SYSTEM SOFTWARE; AUTHORIZING ADDITIONAL TIME OF TWO YEARS AND ONE, ONE-YEAR OPTION TO RENEW AND EXPENDITURE AUTHORITY OF \$420,091.00 FOR A TOTAL MODIFIED CONTRACT AMOUNT OF \$1,070,158.00 FOR THE MIAMI-DADE AVIATION DEPARTMENT; AND AUTHORIZING THE COUNTY MAYOR TO EXECUTE THE SUPPLEMENTAL AGREEMENT AND EXERCISE ALL PROVISIONS CONTAINED THEREIN, INCLUDING ANY CANCELLATION, RENEWAL, OR EXTENSIONS, PURSUANT TO SECTION 2-8.1 OF THE CODE OF MIAMI-DADE COUNTY, FLORIDA AND IMPLEMENTING ORDER 3-38

Although this item has not met the noticed deadline and has been provided to the Agenda Coordination Office late, this item is critical for ensuring continued license, maintenance, and support of Propworks® (Propworks) proprietary software systems for MDAD. Propworks software encompasses a wide range of key business functions such as carrier activity tracking, billing and invoicing, concession sales management, and aviation statistics. Any disruption of these services would adversely impact operations across the County's five airports (MIA, OPF, TMB, TNT, and X51). The Propworks system serves as MDAD's core platform for capturing and translating all airport revenue-related data into digestible information so that MDAD can effectively manage tenant and concession invoicing. Expedient approval of this item is important to ensure continuity of these essential services to support daily operations and revenue management, especially as the peak holiday travel season approaches.

Therefore, please process the item notwithstanding that the 3-day rule may be applicable to it. I am aware that this item is subject to approval for placement on the agenda by the appropriate committee chairperson as well as the BCC Chairperson, and review by the Office of the County Attorney.
