Subject: Reinvestment Agreement Between Miami-Dade County and the School Board of Miami-Dade County (School Board) for the Reinvestment of $6,281,814.74 Previously Provided by the County from the Driver's Education Safety Trust Fund to the School Board for Driver's Education Services

---

EXECUTIVE SUMMARY

The purpose of this item is to approve the terms and conditions of a Reinvestment Agreement (Agreement) between Miami-Dade County (County) and the School Board of Miami-Dade County (School Board) for the Driver's Education Program. This Agreement stems from a 2021 Office of Inspector General (OIG) investigation of the Miami-Dade Public Schools Driver Education Program, which found that $6,281,814.74 provided by the County from the Driver's Education Safety Trust Fund (Trust Fund) had not been utilized by the School Board for eligible expenses. As a means of settlement, the School Board has agreed to utilize School Board funds equivalent to the aforementioned amount to provide an enhanced driver's education program across designated school locations in Miami-Dade County.

The Trust Fund was created by the Board of County Commissioners (Board) in 2002 pursuant to the Dori Slosberg Driver Education Safety Act to support and enhance driver's education programs, including behind-the-wheel instruction. Since FY 2003-04, the School Board has been the sole recipient of Trust Fund awards. Questions regarding compliance with Trust Fund requirements, including the required behind-the-wheel component and the eligibility of expenditures submitted for reimbursement, ultimately resulted in an OIG investigation of the School Board's Driver Education Program. On September 2, 2021, the OIG issued its Final Report of Investigation, which determined the School Board had submitted $6,281,814.74 of ineligible expenses to the County for reimbursement for FY 2011-12, FY 2012-13, and FY 2013-14 . Following the OIG report, the County, School Board, and OIG engaged in discussions to resolve the outstanding reinvestment while preserving and strengthening driver's education services for Miami-Dade County students.

Under the proposed Agreement, the School Board will satisfy the $6,281,814.74 obligation by reinvesting an equivalent amount of funds into an enhanced Driver's Education Program at designated school locations. The reinvestment must comply with applicable program requirements, including that a minimum of 30 percent of a student's program time consist of behind-the-wheel instruction and that the program be available to public and nonpublic school students. All designated programs must be fully operational by December 31, 2026, with reporting required through June 30, 2027.

RECOMMENDATION

It is recommended the Board:

1. Approve the attached Resolution relating to the reinvestment of $6,281,814.74 in Driver's Education Safety Trust Funds from fiscal years FY 2011-12, 2012-13, and 2013-14, including the terms and conditions of the Agreement.

2. Authorize the County Mayor or County Mayor's designee to execute the Agreement and exercise all other provisions contained therein, including, but not limited to, termination and amendment provisions, provided such amendments do not alter the purpose or term of the Agreement.

SCOPE
The scope of this item is countywide.

DELEGATION OF AUTHORITY
This item does not include any delegations of authority.

FISCAL IMPACT/FUNDING SOURCE
There is no fiscal impact to the County because of this Agreement. Funds in the Trust Fund are generated from collection of a portion of each civil traffic penalty and solely utilized to fund traffic education programs.

TRACK RECORD/MONITOR
Daniel T. Wall, Assistant Director, Office of Management and Budget, will be responsible for monitoring compliance with all programmatic, fiscal, and administrative terms and conditions contained in this Agreement.

BACKGROUND
On September 24, 2002, pursuant to the Dori Slosberg Driver Education Safety Act (Act), section 318.1215, Florida Statutes, the Board approved Ordinance No. 02-167, which is codified at Chapter 11, Article I, section 11-10 of the Code of Miami-Dade County (Code), creating the Trust Fund. The Ordinance required the Clerk of the Court to collect an additional $3.00 with each civil traffic penalty to be used to fund traffic education programs and directed the administration to develop selection procedures for adoption by the Board for the award of grants to driver's education programs.[1]

Since FY 2003-04, and pursuant to the process set forth in Resolution No. R-618-03, the County has only ever allocated funds from the Trust Fund to the School Board to support the School Board's Driver's Education Program. The OIG determined certain expenditures were ineligible under the Act and associated grant agreements for the following funding years:

- $2,519,619.35 in FY 2011-12 (Reso. No. R-741-13);
- $3,170,463 in FY 2012-13 (Reso. No. R-808-14); and
- $2,439,579.68 in FY 2013-14 (Reso. No. R-885-16)

On September 2, 2021, the Office of Inspector General (OIG) issued a Final Report of Investigation – Miami-Dade County Public Schools Driver Education Program; IG-17-0001-SI (Link included below). The OIG made several findings, including that the School Board submitted $6,281,814.74 of ineligible expenses to the County for reimbursement from the Trust Fund.

Since the issuance of the OIG Report, the County and the School Board, with assistance from the OIG, have worked to resolve this matter for the benefit of the students served by the driver's education program offered by the School Board. To resolve this matter, and as a form of settlement agreement, the School Board seeks to reinvest funds into the program in an amount equivalent to those determined to have been misused from the Trust Fund. These reinvested funds will be used to develop an enhanced driver's education program across designated school locations that complies with the requirements of the prior

[1] The Act, as amended in 2006, allows for the collection of $5.00 with each civil traffic penalty. However, the amount to be collected pursuant to section 11-10 of the Code remains $3.00.

years' interlocal grant agreements with the County, the Dori Slosberg Driver Education Safety Act (requiring programs receiving funds to have a minimum of 30 percent of a student's time in the program be behind-the-wheel and that the program be open to public and nonpublic school students), and the Federal Individuals with Disabilities Education Act and other federal laws.

Reinvestments are to be utilized to fund the enhanced Driver's Education Program in the following schools selected by Miami-Dade Public Schools:

Felix Varela Senior High School;
Hialeah Miami Lakes Senior High School;
John A. Ferguson Senior High School;
Miami Beach Senior High School;
Miami Edison Senior High School;
Miami Killian Senior High School;
Miami Northwestern Senior High School;
Miami Southridge Senior High School;
Miami Springs Senior High School;
North Miami Beach Senior High School;
South Dade Senior High School;
William Turner Tech Senior High School

Pursuant to the Agreement, attached as Exhibit 1 to the Resolution, all schools receiving the reinvestment funds must have a fully operational Driver's Education Program by December 31, 2026. Program reports shall be submitted to verify the continued operation and compliance of these programs and to support the ongoing use of the reinvested funds through the end of the effective term, June 30, 2027. Any extensions to this Agreement require approval of the Board. Failure to satisfy this debt will risk making the School Board ineligible from receiving any future funding from the Trust Fund.

NOW THEREFORE, in consideration of mutual covenants herein contained and other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree as follows:

I. The above recital clauses are incorporated herein by reference.

II. **NATURE OF AGREEMENT.**

This is not an agreement for services. It is a repayment agreement, in the nature of a settlement agreement. M-DCPS is required, pursuant to section 1003.48, Florida Statutes, to make available a course of study and instruction in the safe operation of a motor vehicle to all students in the secondary schools (hereinafter "Driver's Education Program" or "DEP"). As part of this Agreement, M-DCPS has already made, or agrees to make, enhancements to their DEP ("Program Enhancements") in the amount of $6,281,814.74 of M-DCPS funds ("Reinvested Funds") in order to provide a DEP that complies with the requirements of the prior years' grant agreements and the Dori Slosberg Driver Education Safety Act, section 318.1215, Florida Statutes, the Federal Individuals with Disabilities Education Act, and other federal laws. The Program Enhancements are reflected in the Scope of Reinvestment, Attachment A.

M-DCPS shall provide proof of Reinvested Funds for the Program Enhancements in a form satisfactory to the County. Program Enhancements and proof of Reinvested Funds are subject to approval of the County. If accepted, it will serve as a means of repayment of the Trust Fund monies that the County provided to M-DCPS in the prior years' grant agreements and that were determined to be spent on ineligible uses.

M-DCPS will implement the Scope of Reinvestment (Attachment A) in a manner deemed reasonably satisfactory to the County. No revision or amendment to this Agreement shall be effective until approved in the form of a written amendment to this Agreement executed by the County Mayor or County Mayor's Designee and M-DCPS. Overall implementation and monitoring of this Agreement shall be carried out through cooperative efforts of the Parties' administrative staffs.

III. BUDGET SUMMARY.

M-DCPS agrees to invest $6,281,814.74 of M-DCPS funding ("Reinvested Funds" or "Reinvestment Funding") into the DEP offered to M-DCPS students as Program Enhancements. M-DCPS agrees that all expenditures or costs shall be made in accordance with the Budget, which is incorporated herein and attached hereto as Attachment B.

PROHIBITED USE OF FUNDS. Any re-investments under this Agreement must not be used for DEP administrative or overhead expenses or to supplant MDCPS' DEP program and funds. Re-investment Funding shall be used to enhance, and not replace, M-DCPS' DEP program and funds.

IV. EFFECTIVE TERM.

The Parties agree that this Agreement shall commence on the effective date of a resolution adopted by the School Board of Miami-Dade Public Schools and the Miami-Dade County Board of County Commissioners that authorizes the Agreement ("commencement date"), through June 30, 2027 ("Effective Term"). **All Program Enhancements with Reinvested funds outlined in this Agreement must be completed by December 31, 2026 ("Reinvestment Completion Date"). All schools receiving Reinvested funds must have a fully operational DEP meeting all contractual and statutory requirements by the Reinvestment Completion Date.** Failure to satisfy this debt will risk making M-DCPS ineligible from receiving any future funding from the Trust Fund.

Any extension to the Effective Term will be subject to approval by the Miami-Dade County Board of County Commissioners.

A modification to this Agreement shall only be effective after the modification is approved in writing by the County.

E. For any salary payments proposed as Reinvested Funds, proof of background screening in compliance with applicable federal, state and/or local laws, regulations and ordinances is required, as well as any necessary certifications to provide Driver's Education Safety instruction, including: The required Florida Department of Education (FLDOE) certification with a Driver Education endorsement and the Department of Highway Safety and Motor Vehicles (DHSMC), Driver Education Licensing Assistance Program (DELAP) certification, required to teach the course and administer the examinations for the issuance of a Learner's or Class E drivers license.

2. By the Reinvestment Completion Date (December 31, 2026), M-DCPS shall demonstrate how the Enhanced Program will be maintained in future school years by preparing an operation plan. The operation plan should outline the program's objectives and long-term goals, specifying how the program will continue to meet its educational and safety standards. This includes detailing the curriculum structure, which should encompass both classroom instruction and practical driving experiences meeting the 30 percent behind the wheel requirements. The operation plan must also include provisions for updating the curriculum regularly to incorporate any changes in driving laws, technology advancements, and best practices.

VI. AUTONOMY AND THIRD PARTIES.

M-DCPS does not have the power or authority to bind the County in any promise, agreement or representation other than specifically provided for in this Agreement.

F. Monitoring: Management Evaluation and Performance Review.

At any time, OMB will have the right to inspect original documentation regarding administrative, fiscal, and programmatic matters and may retain copies of such documentation for verification purposes. Documentation includes but is not limited to employee time records that document work hours spent on direct duties within the County funded program, and documentation to show consistency and adherence in implementing the County funded program in accordance with the line item budget pursuant to Attachment B of this Agreement.

The OMB shall monitor fiscal, administrative, and programmatic compliance with all the terms and conditions of the Agreement. The Provider shall permit the OMB to conduct site visits, client assessment surveys, and other techniques deemed reasonably necessary to fulfill the monitoring function. During their review, the OMB may request detailed information including, but not limited to, invoices for costs and/or expenses attributed to the reinvestment of the Enhanced Program funds and proof of payment for any and all construction expenses necessary to the buildout of

driving ranges for the Program. Proper documentation includes, but is not limited to, itemized vendor invoices showing the service date or order date coinciding with the fiscal period (note, itemized list of items purchased must be related to the approved budget and scope of work), proof of payment to include a copy of the cancelled check, or ACH confirmation and a copy of the related bank statement, payroll register and summary for staff budgeted.

The County, at its sole discretion, may request additional supporting documentation for any expenditures that require further validation.

A report of OMB's findings will be provided to the Provider, who must correct all cited deficiencies within the timeframe specified. Failure to do so may result in the County requesting repayment of previously awarded funds and/or terminating the Agreement. OMB may conduct one or more formal management and performance reviews, and continuation of this Agreement or any future funding is contingent upon satisfactory completion of all required corrective actions.

If, after monitoring, the County determines that M-DCPS has reinvested funds in a manner inconsistent with the Agreement, the County will issue a notice of disallowance. M-DCPS will have 30 calendar days to respond and submit supporting documentation for any disallowed expenditures. The County, in its sole discretion, will determine whether M-DCPS is entitled to those funds, and its decision will be final.
