Agenda Item No. 12(A)(3)

01-25-07

RESOLUTION NO. R-114-07

RESOLUTION RATIFYING THE COUNTY MANAGER'S ACTIONS, AS AUTHORIZED BY SECTION 2-8.2.7 OF THE CODE OF MIAMI-DADE COUNTY IN APPROVING ACTIVITIES LISTED ON THE ATTACHED SCHEDULES FOR CAPITAL IMPROVEMENT PROJECTS

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board ratifies the actions of the County Manager, as authorized by Section 2-8.2.7 of the Code of Miami-Dade County, in approving the recommendations listed on Exhibits "A" and "B" attached hereto and made a part hereof.

The foregoing resolution was offered by Commissioner Sally A. Heyman who moved its adoption. The motion was seconded by Commissioner Dennis C. Moss and upon being put to a vote, the vote was as follows:

Bruno A. Barreiro, Chairman	aye		
Barbara J. Jordan, Vice-Chairwoman	aye		
Jose "Pepe" Diaz	aye	Audrey M. Edmonson	aye
Carlos A. Gimenez	aye	Sally A. Heyman	aye
Joe A. Martinez	aye	Dennis C. Moss	aye
Dorrin D. Rolle	aye	Natacha Seijas	absent
Katy Sorenson	aye	Rebeca Sosa	aye
Sen. Javier D. Souto	absent		

The Chairperson thereupon declared the resolution duly passed and adopted this 25th day of January, 2007. This resolution shall become effective ten (10) days after the date of its adoption unless vetoed by the Mayor, and if vetoed, shall become effective only upon an override by this Board.

MIAMI-DADE COUNTY, FLORIDA

Memorandum

MIAMI-DADE COUNTY

Date: January 25, 2007

Agenda Item No. 12(A)(3)

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Resolution Ratifying the County Manager's Action in Authorizing Capital Improvement Contracts Pursuant to Section 2-8.2.7 of the Code of Miami-Dade County (the "Expedite Ordinance")

RECOMMENDATION

It is recommended that the Board adopt the attached resolution ratifying the County Manager's actions taken through November 14, 2006 in expediting the capital improvement projects identified on the attached schedules (Exhibits "A" and "B").

BACKGROUND

Section 2-8.2.7 of the Code of Miami-Dade County, known as the "Expedite Ordinance", provides for expeditious treatment of professional service agreements and construction contracts associated with funded capital improvement projects identified in the approved annual capital budget (Proposed Capital Budget and Multi-Year Capital Plan) or projects subsequently included by a Board of County Commissioners resolution.

The Office of Capital Improvements (OCI) processed the 11 qualifying capital improvement project awards and change orders of construction and professional service agreements listed in Exhibits "A" and "B". Exhibit "C" is a summary of the Community Small Business Enterprise (CSBE), Community Business Enterprise (CBE), Disadvantaged Business Enterprise (DBE) and Community Workforce Program (CWF) participation for Exhibit "A" projects. Exhibit "D" is a listing of descriptions for the abbreviations utilized on Exhibits "A" and "B". The expedite process has greatly reduced the timeline to advertise solicitations and competitive bids, award qualifying projects, design and construction contracts, and process change orders and amendments/modifications to professional service agreements, resulting in significant efficiencies in the implementation of those projects.

Assistant County Manager

11/28/06
Date

MEMORANDUM

(Revised)

TO: Honorable Chairman Bruno A. Barreiro and Members, Board of County Commissioners

DATE: January 25, 2007

FROM: Murray A. Greenberg, County Attorney

SUBJECT: Agenda Item No. 12(A)(3)

Please note any items checked.

_____ **"4-Day Rule" ("3-Day Rule" for committees) applicable if raised**

_____ **6 weeks required between first reading and public hearing**

_____ **4 weeks notification to municipal officials required prior to public hearing**

_____ **Decreases revenues or increases expenditures without balancing budget**

_____ **Budget required**

_____ **Statement of fiscal impact required**

_____ **Bid waiver requiring County Manager's written recommendation**

_____ **Ordinance creating a new board requires detailed County Manager's report for public hearing**

_____ **Housekeeping item (no policy decision required)**

_____ **No committee review**

Comments:

Professional services agreement for a qualified firm to provide one licensed Professional Engineer for structural plans processing services and one licensed Professional Engineer, or Registered Architect for building plans processing services for the Miami-Dade Building Department to service the Miami-Dade Aviation Department for projects at Miami International Airport. This scope of services cover Plans Processing Services as outlined in the applicable Building Code. All Building Code references made on the contract, including the scope of services and the attached job descriptions of the job classification, shall mean the latest adopted Building Code edition in Miami-Dade County. There are no specific projects to be designated under the Professional Services Agreement. The consultant shall be issued Service Orders as the need for services arises. The Service Order shall cover in detail the scope, time for completion, and the compensation for the work to be accomplished. No services shall be performed by the Consultant without a Service Order executed in writing by the County and the Consultant.

Comments:

The original contract award filed with the Clerk of the Board on October 12, 2006 was revised. This project represents professional services agreement for full Architectural and Engineering Services necessary to prepare the Architectural Program, prepare and complete Construction Plans and Specifications, and Bid Documents as well as to provide for Construction Supervision Services for a New Animal Shelter. The services will include Project Management as well as procure surveys, geotechnical studies, and coordinate design with all authorities having jurisdiction. (i.e., Local Building and Zoning Department, County Environmental and Health Departments, etc.). The original estimate of $819,720 was based on approximately a 20,000-25,000 square foot facility. The scope was increased to a 68,000 square foot facility with a construction cost estimate of $18 million and the fee was negotiated at less than 8%. The PSA agreement is work order based not to exceed the award amount.

Comments:

The consultant will provide planning, design and construction phase services for water mains, gravity sewers, pump stations and force mains for the project. Portions of the area are presently in the City of Hialeah water and sewer service areas and outside of the City limits. The location is a commercial area that lacks adequate fire flow protection and sanitary sewage facilities. The consultant will assist WASD in planning and developing the best plan for providing water mains, gravity sewer mains, force mains and pump stations to provide sufficient water and sanitary sewer facilities to encourage revitalization of the area.

						Time:	**180**	**0**	**267**	**447**

Comments:

C/O # 1 - Increase the contract amount by $350,700, and extend the contract time by 267 days. The contractor submitted a change order for an additional $299,484.24 for the unforeseen condition justified as follows: The contract scope of work included the use of the existing sewer lines in the Sector I re-development site; however during excavation, it was discovered that approximately 1,250 lineal feet of sewer lines, five (5) sanitary sewer manholes, four (4) sewer lateral connections, and backfilling needed to be installed due to the deteriorated condition of the existing sewer lines, and the fact that WASD required compliance with the proper gravity sewer line slope. In addition, $51,215.76 needed to be recovered from the expended Contingency Allowance. Furthermore, 135 days of non-compensable time extension are needed to complete and perform the work which affected the critical path schedule of the project. Due to the lead time required to obtain the materials, and the removal of the existing deteriorated sewer lines and manholes, the contractor requires a non-compensable time extension of 60 days to complete the work and a non-compensable time extension of 72 days to complete and perform the work which affected the critical path schedule of the project.

Comments:						**Time:**	**180**	**0**	**0**	**180**

C/O # 1 - Increase the contract capacity by $179,008.95. This change order converts the contract from a line item contract to a lump sum contract. The Department (WASD) has negotiated with the Contractor to change the construction method from open cut (a digging machine on a barge in the river) to a directional drill (tunneling under the river with a boring machine from the river bank). The reason for this change is to minimize the impact to the river traffic, reduce the amount of contaminated material excavated from the river and minimize the impact to the private property where the easement was granted. The contractor agreed to the method change contingent on converting it to a lump sum, as based on his bid. The increase ensures the County keeps its contingency account intact while adhering to the contractor's request.

Memorandum

MIAMI-DADE COUNTY

Date: January 25, 2007

Supplement to
Agenda Item No. 12(A)3

To: Honorable Chairman Bruno A. Barreiro and
Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: Supplemental Information for Change Order No.1 to the Site Work for Sector I of Scott Homes as a part of the Scott/Carver Homes HOPE VI Revitalization Program - Contract No. USHUD ID # FL 5-004 (H6-03)

This Supplemental information is presented based on the discussion at the Infrastructure and Land Use Committee meeting of December 12, 2006. Commissioner Rolle requested information from the Miami-Dade Housing Agency (MDHA) regarding Change Order No. 1 awarded to Florida Construction & Engineering, Inc. for the Site Work for Sector I of Scott Homes as a part of the Scott/Carver Homes HOPE VI Revitalization Program - Contract No. USHUD ID # FL 5-004 (H6-03). The requested information is presented as follows:

Section 3 Regulation Applicable to Project

Section 3, the federal regulation under 24 CFR Part 135, is applicable to the Sector I Site work contract with Florida Construction and Engineer, Inc. (FCE), and any change orders relating to that contract.

Section 3 regulation states that, to the greatest extent feasible, a contractor shall make his/her best efforts to provide job training and employment opportunities to low and very low income people, to direct sub-contracting opportunities to businesses that are owned by, or that substantially employ, low or very low income people. The employment opportunities established by the regulation apply to 30% of new hires, and does not oblige contracting entities to displace their current employees with Section 3 personnel. If the contractor does not meet the goals established by the regulation, substantiating documentation shall be provided by the contractor indicating the efforts undertaken to reach and hire low and very low income people. The contractor undergoes periodic compliance reviews by MDHA's Section 3 program.

Community Members Working on Project

Florida Construction and Engineering (FCE) is the Prime contractor. Cooper Contracting, Inc. is the underground utilities sub-contractor and Star Paving Corporation is the paving sub-contractor. R and G Engineering, Inc. was sub-contracted by FCE to perform the time sensitive Change Order No. 1 underground utilities work due to Cooper Contracting, Inc.'s inability to undertake additional work.

There have been five Section 3 new hires reported by Cooper Contracting, Inc. during the course of this contract. These individuals are Velma Buller, Guendalen Lester, Ancle Rogers, Troy Smith and Charles Williams.

Cynthia W. Curry
Senior Advisor to the County Manager
