Memorandum

MIAMI-DADE COUNTY

Agenda Item No. 8(K)(1)(D)

Date: January 25, 2007

To: Honorable Chairman Bruno A. Barreiro
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Subject: FY 2007 Action Plan and Funding Recommendations for the CDBG, HOME, ADDI, HODAG, RR, and ESG Programs

---

This item reflects amendments approved by the Community Empowerment and Economic Revitalization Committee meeting of December 12, 2006, which include: 1) the correction of a scrivener's error to adjust the allocation from the CDBG Reserve for the Peninsula Edison Plaza Project to $400,000, 2) the allocation of $75,000 from the HOME CHDO Reserve for Centro Campesino's Florida City Villages Phase VI Housing Project, 3) the reduction of the HOME Reserve set-aside for the 2007 Action Plan by $210,000, and 4) incorporation of the County Manager's final funding recommendations as requested by the members of the Committee. The final adjustments and corresponding allocations are illustrated in Table 1 (CDBG Allocations) and Table 2 (HOME Allocations) of Attachment 1. This item also includes Attachment 2, which compares the Urban Economic Revitalization Task Force's recommendations with those of the County Manager.

RECOMMENDATION

It is recommended that the Board of County Commissioners (BCC) approve the FY 2007 Action Plan and funding recommendations for the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), The American Dream Downpayment Initiative (ADDI), Housing Development Assistance Grant (HODAG), Rental Rehabilitation (RR), and Emergency Shelter Grant (ESG) Programs as indicated in Exhibit 1.

It is also recommended that the Board authorize the submission of the FY 2007 Action Plan to the United States Department of Housing and Urban Development (U.S. HUD) and to execute all contracts, agreements, and amendments necessary to implement the FY 2007 Action Plan with the exclusion of State Housing Incentive Program (SHIP) and Documentary Stamp Surtax recommendations, with an effective date of January 1, 2007.

BACKGROUND

Compared with previous US HUD allocations, the FY 2007 allocation process has been faced with the greatest challenges. Throughout the last five years, US HUD has been facing budget cuts. Locally, those reductions have resulted in a CDBG program reduction of 26 percent from FY 2003 to FY 2007. Despite those cuts, it is estimated that the proposed FY 2007 Action Plan will result in the delivery of the following services exclusively through the CDBG and HOME funding sources:

- Creation of a minimum of 427 jobs;
- Rehabilitation of 437 rental units;
- Development of 423 new rental units;
- Development of 486 housing units for homeownership;
- Rehabilitation of 47 housing units for homeownership;
- Creation of 128 transitional housing units;
- Approval of 10 loans through the ADDI Program;

- Implementation of 13 infrastructure/street improvement projects;
- Modernization of Public Housing units, and;
- Implementation of Tenant Based Rental Assistance program for approximately 600 households.

The attached Exhibit 1 indicates the requested amount by each agency, in addition to the respective funding recommendations by the Office of Community and Economic Development's (OCED) staff, Task Force on Urban Economic Revitalization (UERTF), Community Advisory Committees (CACs), BCC, and my office.

The following details the sources of funds available for allocation through the FY 2007 Action Plan:

1 - Scheduled at the same time as this item
2 – The original amount of $4,823,517 was reduced by $210,000 as an allocation of reprogrammed funds was made to Model Housing Cooperative's Dr. Villa Godoy Condominiums Project, as reflected in this item

The CDBG program is an entitlement program in transition. The Federal government has raised questions about the manner in which grantees spend CDBG funds, the manner in which US HUD monitors grantees' spending, the adequacy of US HUD's monitoring and actions regarding programmatic non-compliance. These issues resulted in program reform measures. During FY 2006, US HUD implemented a new performance outcome measurement framework and made necessary improvements to the Integrated Disbursement and Information System (IDIS) - the mechanism for reporting and maintaining project information.

Measures designed to establish new performance benchmarks and strict oversight of the CDBG program has been accompanied by annual funding cuts. Nationally, the FY 2007 CDBG proposed funding is $3.032 billion - a 26 percent reduction from the FY 2006 CDBG allocation of $4.178 billion. The FY 2006 CDBG allocation represented an 11.1 percent reduction from the FY 2005 CDBG allocation of $4.702 billion.

The following table summaries the FY 2003 – 2007 CDBG funding allocations.

FY 2003-2007 Miami-Dade County CDBG Entitlement Grant Allocations

2003	2004	2005	2006	2007

FY 2003- 2007 CONSOLIDATED PLAN AND POLICIES

On December 17, 2002, the Board of County Commissioners approved the FY 2003-2007 Consolidated Plan, through the adoption of Resolution R-1482-02. The Plan was amended and updated on December 4, 2003 and on February 1, 2005. The Consolidated Plan requires that the County update the Action Plan for the funding available in each year through FY 2007.

Amendments to the FY 2003-2007 Consolidated Plan and Policies are recommended as follows:

1. Discontinue allocations for public service activities:
   Multiple-year funding commitments will be cancelled for all currently funded public service agencies for the period of FY 2006-2008. On June 6, 2006, Miami-Dade County received a formal notification from U.S. HUD of a violation in the County's expenditures on public service. Miami-Dade County exceeded the public service spending limits for FY 2005 by 10.58 percent or $2.404 million and was anticipated to overspend the FY 2006 cap as well. The Board of County Commissioners adopted staff's recommendations at the September budget hearings to replace CDBG funds with Countywide General Fund to address the County's over expenditure in the Public Service category. The amount expended in excess of the required 15 percent cap for FY 2005 will be corrected by reimbursing Miami Dade County's CDBG Line of Credit for non-public service activities.

   Based on total funds drawn for public service-related activities in IDIS for FY 2006, it appears that the County exceeded its public service cap by approximately 19.85 percent ($3.873 million). To address the over expenditure in FY 2006, it is being recommended that the estimated FY 2007 15 percent public service cap ($2.789 million) be utilized to reduce the over expenditure the FY 2006 and that a payment of $1.084 million be made to reimburse the Line of Credit from Countywide General Fund.

   Additional Countywide General Fund will be made available to replace CDBG funds for the remaining months in FY 2006 and CBOs will be directed to the Alliance for Human Services Notice of Funding Availability (NoFA) process in FY 2007, resulting in the elimination of public service-related activities in the FY 2007 Action Plan. Necessary amendments to the general fund will be presented to the Board for consideration as part of the FY 2005-06 year-end budget amendment and the FY 2006-07 mid-year budget amendment. These CDBG funds being replaced and made to the Line of Credit will be earmarked for housing-related activities through a plan amendment. It is recommended that the Board also amend the Commission District Funds and CAC funding policies to limit their allocations to non-Public Service activities.

2. Amend the funding policies:
   The Board should adopt a policy to appropriate CDBG funds within six months of the Action Plan year to ensure timely allocation and expenditure of funds if not appropriated at the time of adoption.

3. Adjustment of the BCC rule on 30 percent cap on funding to County Departments:
   The Action Plan includes funding recommendations of $2.304 million of CDBG funding for County departments which represents 13 percent of the FY 2007 CDBG entitlement. The $2.304 million does not account for any prior year funds being reprogrammed for housing-related activities. While we are currently within the BCC self-imposed rule of limiting such allocations to 30 percent, any future CDBG allocations to County departments may result in the County exceeding the cap. In the event future housing-related projects are identified within County agencies, I am recommending that the cap be adjusted to allow the departments to utilize these funds.

CITIZEN PARTICIPATION

US HUD regulations require that:

- The County holds a minimum of two (2) public hearings at different stages of the Planning Process. The first public hearing requires input from citizens on housing and community development needs. On May 16, 2006 the first required public hearing was held before the BCC to obtain public input on the FY 2007 Consolidated Planning Policies that formed the basis for the FY 2007 Action Plan recommendations. The second public hearing to obtain public comments on the FY 2007 Action Plan was held before the Community Empowerment and Economic Revitalization Committee (CEERC) on November 27, 2006 in the BCC Chambers at the Stephen P. Clark Center. Notification of this meeting was advertised in The Miami Herald on October 2, 2006 and on November 11, 2006. The second public hearing was held on December 12, 2006.
- The FY 2007 Action Plan was made available for public comments prior to the final adoption of the funding recommendations by the BCC.

OCED and Miami-Dade Community Action Agency (CAA) also held approximately 64 community public meetings to monitor the performance of ongoing activities and to identify priorities in Commission Districts, Neighborhood Revitalization Strategy Areas (NRSA), and eligible block groups. (A copy of the NRSA boundaries and maps are attached)

REQUESTS FOR APPLICATIONS (RFA) AND EVALUATIONS

Applications for funding were solicited and evaluated according to the RFA. Funding requests totaled $83.9 million including $32.3 million for the CDBG program, $50.7 million for the HOME program, and $1.144 million for the ESG program.

FY 2007 STAFF RECOMMENDATIONS

Staff recommendations are based on an evaluation and review process that incorporates technical review of the applications, consultation with County Departments, the stake holders in the community including CACs, and the applicants. The following process was utilized for making the staff recommendations:

CDBG Evaluation Process

Neighborhood revitalization activities recommended for funding were reviewed by staff and have been selected on the basis of the following criteria:

- **Organizational Capacity** - Fiscally sound agencies and organizations that have the skills and experience needed to carry out the proposed activity.
- **Priority Need** - Activities that meet a high priority need as identified by residents in the County's Consolidated and Strategic Plans.
- **Geographic Location** - Priority is given to activities located in NRSAs and eligible block groups with high poverty, overcrowding, and low-to-moderate income populations. Activities that are not located in the NRSAs will have to show that at least 51 percent of the clients served reside in the NRSAs.
- **Finishing What We Started** - Ongoing capital improvement and housing projects that were previously funded or are included in the County's Capital Budget.
- **Leveraging** - Activities with other funding sources such as private financing or from other funding sources, i.e. the Alliance for Human Services or the Children's Trust.

BCC District Reserve and CAC funding remain at current levels of $200,000 and $100,000, respectively. Because we must take corrective action with respect to our public service allocations, the Board is reminded that no public service allocations will be made from either of these funds. Recommendations for County

Department activities were based on community priorities consistent with the County's Strategic Plan and the FY 2006-07 Adopted Budget.

In preparing funding recommendations, careful attention was given to allocating the available funds to meet the diverse needs in the broad geographic districts of the County. Additionally, staff recommendations were developed through a process that included community input, OCED staff evaluation of applications, consultations with County Departments, post-evaluation consultations with the agencies, consultations with Commission District staff, the Office of Strategic Business Management and my Office. OCED remains challenged in making recommendations to maintain service levels despite reduced funds available for FY 2007. Staff recommendations include proposed funding for agencies with on-going activities, which have been identified as high priority needs during the Consolidated Planning process.

Consultation Process with CDBG Applicants
Agencies were notified in writing that they could obtain and discuss (with staff) evaluations related to their applications during a review process that began on September 21, 2006. During agency consultations, staff ensured that any questions regarding the evaluation of applications were addressed prior to the Board's consideration of the final funding recommendations. Applicants can address the Board during the required public hearing. Staff made funding recommendations based on the strength of the application and its responsiveness to NRSA's high priority needs. Additionally, staff's recommendations adhered to the Board-approved Consolidated Plan Policies. Staff also considered the following variables to determine the activity funding levels:

- Priority would be given to existing projects, particularly those that involve capital improvements and housing activities in order to "Finish What We Started" and continue to support other existing projects;
- Pending monitoring findings, which include the agency's ability to perform existing activities as scheduled and the agency's compliance with its current contractual stipulations with OCED;
- Length of time that the agency has been in operation and its achievements to date; and
- The amount of outside funding secured by the agency for the activity.

HOME Evaluation Process
Funding recommendations for the programs were made within the following parameters:

- An allocation of $1 million in HOME, HODAG and Rental Rehabilitation funds was made available for homeless housing projects.
- Maximum funding of $250,000 for small rental projects (30 units or less) or 40 percent of the total project cost, whichever is less.
- No single applicant is awarded more than 10 percent of the combined allocation of HOME.
- At the discretion of the County, up to 20 percent of rental units (per project) may be designated for Section 8 subsidy; either project-based or tenant-based.

OCED and MDHA reviewed applications for HOME Program funds. Evaluation criteria included factors such as commitment for financing from other sources, unit affordability, costs of construction, leveraging, economic feasibility, experience, capacity of the development team, and ability to proceed. The review of those applications by MDHA and the Homeless Trust was coordinated with OCED in an effort to avoid program duplication, to increase the County's decision-making efficiencies, and to enhance cross-departmental communications.

FY 2007 COUNTY MANAGER FINAL RECOMMENDATIONS

This version of the item includes, as directed by the members of the Community Empowerment and Economic Revitalization Committee, the County Manager's final recommendations as detailed in Exhibit 1. Staff recommendations were placed on a 30-day public comment period and a public hearing was held at

the December 12, 2006 Committee meeting. Members of the public, stakeholders, applicants, and Committee members provided input and further recommendations at the December committee meeting. As a result, the appropriate adjustments (including amendments by the Committee) have been incorporated as the County Manager's final recommendations. Attachment 1 lists the changes to staff's recommendations as amended by the Committee and finalized by the County Manager.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) PROGRAM

Estimated FY 2007 CDBG funding of $22.143 million consist of an entitlement grant of $17.794 million, $400,000 in program income, and $3.949 million in reprogrammed funds. Funding recommendations for activities, programs, and projects for NRSAs and eligible block groups have been prepared based on the needs identified by residents at meetings held at the neighborhood and Commission district levels. Neighborhood Revitalization Strategies are in the planning phase for the three new NRSAs in Sweetwater, Coral Terrace, and Kendall West. Neighborhood meetings are being held to identify needs and priorities for funding. The strategies include a demographic analysis, an assessment of economic conditions, the development of an economic empowerment plan and performance measures to quantify improvements in the NRSAs. A total of $2.304 million is recommended for County Departments as reflected in the County's FY 2006-07 Adopted Budget and $3.6 million for administration is in keeping with U.S. HUD regulations establishing the 20 percent cap/limit on administrative expenditures.

Capital Improvement	3,112,243
Economic Development	3,367,000

Total	$22,142,977

*CAC and CDF Reserve

a) Administration
The proposed allocation of administrative support funding totaling $3,639,000 or 16 percent of the total entitlement ($17,794,243 million plus program income $400,000) includes the following activities: the Office of Historic Preservation; Department of Planning and Zoning Environmental Review; Department of Human Services' Fair Housing and Social Service Master Plan; and HOPE, Inc. for the continuation of its Fair Housing Education and Outreach Program. This also includes OCED's program administration including: management, finance, community planning, contract development, and monitoring.

b) Capital Improvements
Total funding requests in this category amounted to $19.6 million. A total of $3.112 million is recommended for capital improvement projects in the FY 2007 Action Plan. This represents 14 percent of the total CDBG allocation. Funding strategies and funding recommendations in this category will assist participating municipalities and non-profits to "Finish What We Started." Six of the projects recommended for funding in this category are active projects in the County's FY 2006-07 Capital Budget. It is also recommended that $122,877 of CDBG funds be allocated to the Department of Human Services for repair and renovation of Human Services facilities. For those projects that are not fully funded or are not ready to start construction, it is recommended that capital improvement funding be made in phases depending on the development team's capacity and the feasibility of the project. Phase I (Pre-Development) includes planning, design, permitting and environmental review. Phase II (Construction) funds will be allocated depending on the agency's ability to reach milestones and expend funds in a timely and effective manner. This category also includes $307,143 for the Vista Verde infrastructure and development repair project and an additional $100,000 for the Opa-Locka Ali-Baba Avenue infrastructure project.

c) Economic Development
Total funding requests in this category totaled $6.6 million. FY 2007 funding recommendations for economic development activities total $3.367 million. This amount represents 15 percent of the total CDBG allocation. These programs are designed to meet the needs of small and minority business owners for long-term working capital and fixed asset financing to support the rehabilitation of commercial corridors and the growth and expansion of micro-businesses. These programs, as reflected in the funding recommendations, are consistent with the high priority needs for economic development in the NRSAs and eligible block groups as identified in the FY 2003-2007 Consolidated Plan, the FY 2006-07 Adopted Budget, and for the revitalization of Targeted Urban Areas (TUAs), consistent with the Task Force's Urban Economic Revitalization Plan. This category also includes an allocation of $400,000 for the Peninsula Edison Plaza project.

As required by Ordinance No. 97-33, which created the Task Force on Urban Economic Revitalization (UERTF), the FY 2007 CDBG Economic Development funding recommendations were presented to UERTF for review. To the extent that the Board expends County funds for economic development in TUAs, recommendations of UERTF shall be accepted and implemented by the BCC unless the recommendation is disapproved by a two-thirds (2/3) vote of the entire membership of the BCC. Attachment 2 illustrates the County Manager's recommendations for those economic development projects located in TUAs in comparison with that of UERTF:

d) Historic Preservation
The funding recommendations for Historic Preservation activities amount to $150,000 or less than one percent of all FY 2007 CDBG funding.

e) Housing
Requests for funding in this category total $2.2 million. Funding recommendations for housing total $8.174 million, $4.63 million for modernization of Public Housing (including $1.1 million for architectural barrier removals), $3.04 million for activities that further housing objectives, and $500,000 for Independent Development Accounts. Funding strategies in this category include completing projects that have been funded in previous years and recommending projects that only require CDBG funds for gap financing but are otherwise fully funded.

f) Funding for Activities in Entitlement Cities
Based on Metropolitan Significance Criteria in recommending funding for activities in Entitlement cities, staff was especially mindful of US HUD's Final Rule issued in November 1995, which stated that CDBG funds may assist an activity outside the jurisdiction of the Grantee only if the Grantee

determines that such activity is necessary to further the purposes of the Housing and Community Development Act, and the recipient's community development objectives, and that reasonable benefit from the activity will accrue to the residents of the jurisdiction of the Grantee. Simply stated, activities that serve NRSA clients will be strongly considered for funding.

OCED received 20 CDBG applications for activities located in the Entitlement City of Miami. Activities with Metropolitan Significance that are located in the Entitlement cities of Miami, Miami Beach, North Miami, Hialeah, and Miami Gardens are recommended for a total of $1.63 million of the FY 2007 total CDBG allocation with the understanding that at least 51 percent of those served must reside in Miami-Dade County's NRSAs. Similar to Entitlement cities, those cities that receive State of Florida Small Cities CDBG Program funds must also comply with Metropolitan Significance and fulfill high priority needs.

g) BCC District Fund, CAC and CDBG Reserves
The BCC ($2.6 million) and CAC ($1.1 million) reserves include funds that will be awarded by the BCC and CACs. Allocations from these reserves are subject to U.S. HUD requirements of eligibility, adequate public notice, and a public hearing for non-Public Service activities. As part of the County Manager's final recommendations, all CDBG reserves, other than the BCC District Fund and CAC Reserves, have been reallocated to address additional housing, capital improvement, and economic development needs.

HOME INVESTMENT PARTNERSHIP PROGRAM, HODAG, RENTAL REHABILITATION AND CHDO RECOMMENDATIONS

FY 2007 HOME Program funds of $11.885 million include $900,000 of program income, $84,000 of ADDI funds, $4.614 million in reprogrammed funds, $6.287 million in new entitlement funds. The HOME Program provides funds for permanent and construction loans, as well as first and second mortgage financing to assist very-low and low-to-moderate income families to purchase or rent affordable housing units.

ADDI was signed into law on December 6, 2003. It aims to increase the homeownership rate among lower income and minority households. It is recommended that $84,000 of ADDI funds be allocated for housing activities.

Below is a table on the distribution of HOME funds.

FY 2007 HOME Recommendations

Category	Amount
Administration	$719,000
Rental Housing	5,267,000
Homeownership	3,964,000
Homeless Housing	243,050
CHDO Operating Support	529,478
CHDO Set-aside	1,078,061
American Dream (ADDI)	84,000
HOME Reserve	0
Total	$11,884,589

As part of the County Manager's final recommendations, all HOME reserves have been reallocated to address additional housing needs.

EMERGENCY SHELTER GRANT (ESG) RECOMMENDATIONS

Estimated FY 2007 ESG funding is $867,000. It is recommended that these funds be awarded to Camillus House to continue its operation of the County's Beckham Hall facility. Single males comprise approximately 75 percent of the homeless population in Miami-Dade County. Beckham Hall will provide temporary shelter and services for 500 homeless males over the next year. It is also recommended that $277,123 of prior year ESG funds be utilized for renovation and improvement of Human Services Emergency Shelter facilities.

ADDITIONAL HOUSING RESOURCES

Other funding sources, such as the Housing Development Assistance Program Income (HODAG), Rental Rehabilitation Program Income (RR), and future program incomes will be used to further increase the impact of the County's affordable housing initiative. The remaining RR balance ($308,849) will be used to assist Miami-Dade Housing Agency with the rental rehabilitation of its existing housing stock in Miami-Dade County. Approximately $2.7 million in HODAG program income funds remains available to fund high priority new construction rental housing needs.

The County remains committed to serve the low- and moderate-income persons who reside within its boundaries. In spite of significant budget reductions from the Federal Government. OCED will continue working with its community development partners to improve the provision of services through the Federal funding sources identified in this document.
