BACKGROUND

The current offset printing press was acquired by GSA in August 1990. The life expectancy of the press, when purchased, was seven years. GSA has utilized the equipment for eighteen years and it is functioning significantly past its life expectancy. The press has processed over 70 million impressions. GSA plans to sell the existing equipment after installation of the new lithographic press is completed. The press will be used to print paper ballots required for all Miami-Dade County municipal, state and federal elections, as well as the 4-color process work ordered by the County.

A Request for Proposals was solicited under full and open competition. There were 19 solicitations downloaded from the County's e-procurement site.
