OF COUNTY COMMISSIONERS
MIAMI-DADE COUNTY, FLORIDA

Memorandum

MIAMI-DADE COUNTY

Date: June 3, 2010

Agenda Item No. 8(J)(1)(B)

To: Honorable Chairman Dennis C. Moss
and Members, Board of County Commissioners

From: George M. Burgess
County Manager

Resolution No. R-601-10

Subject: Execution of the Transportation Disadvantaged Trip & Equipment Grant Application and Agreement in the Amount of $6,733,628

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the filing and execution of the Transportation Disadvantaged Trip & Equipment Grant Application and Agreement for Fiscal Year (FY) 2010-11 with the State of Florida, Commission for the Transportation Disadvantaged, in the amount of $6,733,628. It is further recommended that the Board authorize the receipt and expenditure of funds in accordance with the Agreement. The total project amount is $7,481,809. The required 10% local match is $748,181 and is included in Miami-Dade Transit's (MDT) FY 2010-11 Operating Budget.

SCOPE

The grant application with the State of Florida Commission for the Transportation Disadvantaged (CTD) benefits the Special Transportation Services (STS) program and others who are disadvantaged with monthly transit passes to targeted groups through social service agencies. Therefore, the impact of this grant is countywide.

FISCAL IMPACT

The State Transportation Disadvantaged Trust Fund has allocated $6,733,628 in grant funding to Miami-Dade County for FY 2010-2011. A local match in the amount of $748,181 is required for a total project amount of $7,481,809 and is included in MDT's FY 2010-11 Operating Budget.

TRACK RECORD/MONITOR

MDT has entered into numerous funding agreements with the CTD over the course of more than 12 years. The project manager responsible for monitoring this grant is Harry A. Rackard, Manager, Transit Mobility Planning.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Miami-Dade County Code related to indentifying delegation of Board authority, there are no authorities beyond that specified in the resolution which include authority for the Mayor, or his designee, to execute the agreement and receive and expend these and any additional funds should they become available.

BACKGROUND

During the 1989 State Legislative Session, the State established the Commission for the Transportation Disadvantaged (CTD) to fund and oversee the expansion of transportation services for the disabled, elderly, children-at-risk, and economically disadvantaged residents. The legislation established a Transportation Disadvantaged Trust Fund, which receives monies from vehicle registration fees and gasoline sales taxes. The CTD administers and distributes the funds to local transportation agencies according to an established formula, with a ten percent local match. Funds have been distributed each year since 1990 and Miami-Dade County has received funding ever since.

MDT uses Transportation Disadvantaged Trust funds primarily to support Special Transportation Services (STS), door-to-door transportation for individuals who are unable to use conventional transportation services (approximately $5 million). STS' cost to the County is approximately $40 million this fiscal year. In FY 1992, MDT expanded its use of transportation disadvantaged funds to meet State requirements to include service to other classes of transportation disadvantaged individuals such as the elderly, economically disadvantaged and children-at-risk who have no alternate transportation services available. Those programs include the distribution of monthly transit passes to targeted groups through social service agencies. In addition, transportation disadvantaged recipients receive pre-loaded EASY Tickets which provide the equivalent of one of the following: one trip, daily, weekly, and/or a monthly pass (approximately $1.7 million).

The Transportation Disadvantaged Local Coordinating Board (LCB) reviews all existing and proposed Transportation Disadvantaged Programs and prioritizes monies received from the Transportation Disadvantaged Trust Fund. The LCB membership is composed of representatives from public and private agencies that provide assistance to the transportation disadvantaged. The LCB represents the State Board in duties, responsibilities, State statues, and policies. Voting members, appointed by the Metropolitan Planning Organization (MPO), include local staff from the State Departments of Transportation, Veterans Affairs, Agency for Health Care Administration, Children and Families and Veteran Affairs; representatives of the Miami-Dade Public Schools and local private, for-profit transportation industry; and advocates for the transportation disadvantaged. For FY 2010-11, the members of the LCB voted to continue funding successful programs from prior years and existing programs to maximize the use of existing transportation resources.

INTRODUCTION

This manual contains information regarding the Transportation Disadvantaged Trip/Equipment Grant Program and is to be used when applying for funds and when using money from the Transportation Disadvantaged Trust Fund. This manual is intended by the Commission for the Transportation Disadvantaged (Commission) to provide guidance to Community Transportation Coordinators (CTCs) when planning and implementing services under the Transportation Disadvantaged Trust Fund program.

The Transportation Disadvantaged Trust Fund is administered by the Commission, pursuant to Section 427.0159, Florida Statutes. The purpose of the Transportation Disadvantaged Trust Fund is to provide a dedicated funding source for the operational and planning expenses of the Commission in carrying out its legislative responsibilities, and to provide transportation opportunities for non-sponsored transportation disadvantaged citizens. One process by which the Commission provides non-sponsored opportunities is the Transportation Disadvantaged Trip/Equipment Grant Program, which this manual concerns. The purpose of this grant is specifically to provide opportunities for non-sponsored transportation disadvantaged citizens to obtain access to transportation for daily living needs when they are not sponsored for that need by any other available federal, state or local funding source.

This manual is divided into four parts: Program Requirements, Application Instructions, Application Forms, and Trust Fund Allocations. For the purpose of clarifying terms, the forms contained in this manual are referred to as the "grant application" and the contract that will be returned for execution by successful applicants is known as the "grant agreement."

PART I
TRIP/EQUIPMENT GRANT PROGRAM REQUIREMENTS

This part of the manual contains requirements of the trip/equipment grant program.

1. PROJECT ELIGIBILITY

A. Eligible Expenditures

The grant funds allocated from the Transportation Disadvantaged Trust Fund are for the specific purpose of purchasing passenger trips for non-sponsored transportation disadvantaged individuals, or for equipment to be utilized by a CTC. The trip/equipment grant funds are to be expended and utilized in accordance with Chapter 427, Florida Statutes, Rule 41-2, Florida Administrative Code, Commission policies, the grant agreement, and this grant manual.

Most specifically, the legislation requires that the non-sponsored dollars are to be used to purchase transportation of last resort per Section 427.0159(3), Florida Statutes (1999). The grant funds are <u>not</u> to be utilized as a system subsidy to cover other

operating costs or deficits. Grant funds may be used only for non-sponsored transportation services and capital equipment and shall be applied only after all other potential funding sources have been used and eliminated. Recipients may not use grant funds to supplant or replace funding of transportation disadvantaged services which are currently funded to a recipient by any federal, state, or local governmental agency. This is a reimbursement type grant, which means recipients must provide or procure the service/equipment before invoicing the Commission for reimbursement. The CTC must provide supporting documentation for reimbursement identifying the specific trips designated as eligible for the Transportation Disadvantaged Trust Fund. The Grantee shall provide sufficient detailed documentation for each cost or claim for reimbursement to allow an audit trail to ensure that the services rendered or costs incurred were to those that were promised. The documentation must be sufficiently detailed to comply with the laws and policies of the Department of Financial Services.

In addition to other restrictions set out in this Trip and Equipment Grant agreement, the Grantee must also adhere to the following limitations on the use of Transportation Disadvantaged Trust Funds. A Grantee in a non-multi-county designated service area, may not borrow, loan or otherwise transfer Transportation Disadvantaged Trust Funds from one designated service area to another without the express written approval of the Commission.

The following is a detailed description of the two areas for which these grant funds may be utilized.

(1) **Non-sponsored trips**: A non-sponsored trip is a one-way trip for an individual who meets the definition of transportation disadvantaged, and is not subsidized by any funds which originate from any other federal, state, or local government program. These trips can be provided by van, bus, rail, or other conveyance, either publicly or privately owned, that are under written contract with the CTC and such trip is arranged by the CTC.

The Legislature, which has appropriated the Transportation Disadvantaged Trust Fund dollars, expects each CTC with guidance from the local Coordinating Board (LCB) to establish trip priorities among the many demands placed upon each local system. The CTC will provide the trip priorities in their service plan to the Commission. The purpose of these trips can be for health care, shopping, education, employment, recreation, or other life sustaining activities for non-sponsored transportation disadvantaged individuals.

Trips purchased by this grant shall be provided in a fair and equitable manner which does not intentionally exclude any non-sponsored transportation disadvantaged individual, except possibly by reasons pertaining to the provision of cost effective, efficient, unfragmented, or unduplicated services and in accordance with the Transportation Disadvantaged Service Plan (TDSP) approved by the LCB. An eligible non-sponsored trip is one that originates or ends in the CTC's service area. Commission funds for non-sponsored trips shall be expended through a CTC that is operating under a current Memorandum of Agreement (MOA), and will be expended at the fare

structure contained in the approved Transportation Disadvantaged Service Plan for the particular type or mode of service. The lack of an executed MOA and approved Transportation Disadvantaged Service Plan will prevent the expenditure of any of these non-sponsored trip/equipment funds unless otherwise approved in writing by the Commission or the Commission's Designee. **Money from the voluntary dollar contribution generated from the annual vehicle registration forms can only be used to purchase non-sponsored trips.**

(2) **Capital Equipment**: Capital equipment is any equipment used to maintain or provide improved or expanded transportation services to the transportation disadvantaged and is exclusively utilized by the CTC. The LCB shall review any grant application that includes the purchase of capital equipment. The Commission must approve all capital equipment purchases made with Transportation Disadvantaged Trust Fund money. Money from the voluntary dollar contribution generated from the annual vehicle registration forms cannot be used to purchase capital equipment. Capital equipment does not include the acquisition, construction, or improvement of facilities. If the Grantee wishes to purchase or otherwise acquire vehicles or other equipment after the date of this Agreement, the Grantee will first obtain written approval of such acquisition from the Commission and then execute an amended Exhibit "A." Eligible capital equipment may include:

a. small medium buses, cutaway vans (van body on truck chassis), etc.;
b. station wagons or vans;
c. wheelchair lifts, ramps, and restraints;
d. two-way radios and communications equipment (TDD -Telecommunications Device for the Deaf), cell phones, excluding annual service contracts;
e. computer hardware/software;
f. support equipment, other than items specifically identified in this section, above $500 per piece;
g. vehicle procurement, testing, inspection acceptance, and vehicle rehabilitation when the rehabilitation extends the life of the vehicle one year beyond the original expectancy; and
h. initial installation or set-up costs of any of the above items.

Equipment purchased will meet or exceed any applicable Commission accepted minimum specifications. The Commission accepts any specifications by any local, state, or federal government department.

In accordance with the Americans with Disabilities Act, all vehicles purchased through this grant, which are to be utilized on a fixed route/fixed schedule service, must be lift equipped. Applicants who intend to utilize project vehicles for demand response services shall certify that their demand response service offered to individuals with disabilities, including individuals who use wheelchairs, is equivalent to the level and quality of service offered to individuals without disabilities.

All vehicles purchased with Transportation Disadvantaged Funds shall be titled to the applying agency with a lien to the Florida Commission for the Transportation

Disadvantaged. Equipment purchased with this grant shall be for exclusive use by the CTC and shall not be leased or assigned for operational responsibility to third parties, unless approved in writing by the Commission. The Commission may, after consultation with the Grantee and LCB, transfer all equipment purchased under this grant at such time that it deems the equipment to be underutilized or that it is not being operated for its intended purpose. The Grantee may only purchase vehicles with Transportation Disadvantaged Trust Funds that the Grantee actually uses to transport eligible transportation disadvantaged passengers in the coordinated system. The Commission shall retain a majority of the interest in all capital equipment until the useful life of such equipment has been expended. At that time, the grantee may dispose of such equipment with the written permission of the Commission in accordance with the Commission's Capital Equipment Procedures. The CTC may allocate up to 25 percent of the total project budget for capital expenditures excluding voluntary dollar contributions.

Each vehicle or other capital equipment purchase must be covered for liability and property insurance. The Commission must be made an additional insured for liability policies and the loss payee for property insurance coverage.

B. **Eligible Service Areas**

This is the area as defined in the Memorandum of Agreement and Transportation Disadvantaged Service Plan. As long as the non-sponsored trip is arranged by the CTC and originates or ends within the defined service area, it is an eligible trip.

C. **Eligible Applicants**

For this grant cycle an eligible applicant is any current Commission approved CTC who has an executed MOA and Transportation Disadvantaged Service Plan unless otherwise approved by the Commission or the Commission's Designee.

2. LOCAL MATCH REQUIREMENT

This trip/equipment grant program requires a local match. In defining local match, Rule 41-2.014(3), Florida Administrative Code, requires that eligible grant recipients must provide at least 10 percent of the total project cost as the local share. The 10 percent match for the 2010/2011 funding allocation must be cash generated from local sources; no state or federal government revenues are acceptable as local match. A 10 percent match is required for the money from the voluntary dollar contribution generated from the annual vehicle registration forms. However, the 10 percent match for the voluntary dollar contributions must be in-kind match. All matches for the 2010/2011 allocations and the voluntary dollars must be documented, reasonable, necessary, and related to this project.

Examples of cash generated from local sources include local appropriations, dedicated tax revenues, private donations; net income generated from advertising and

concessions, contract revenues, and farebox revenues. No federal or state revenues are acceptable as local generated cash.

The following is a list of in-kind match for the voluntary dollar that is acceptable to the Commission provided the value of each is documented, reasonable and necessary for the arrangement or provision of transportation disadvantaged services:

a. non-cash donations
b. volunteered services
c. salaries and fringe benefits

Any service provided with State or Federal government revenues is not accepted as in-kind match.

FUNDING PARTICIPATION FORMULA

Federal	0%
State	90%
Local match	10%
	100%

Voluntary dollar contribution for Non-sponsored Trips

Federal	0%
State	90%

	100%

3. TRUST FUND ALLOCATION

Attached in Part IV of this manual is a table containing each service area's anticipated eligible allocation, contingent on appropriations by the 2010 Legislature.

4. UNOBLIGATED ALLOCATIONS

Trip/Equipment funds initially allocated to CTCs for which a grant application has not been received by **October 1, 2010** will no longer be available to that service area, unless otherwise approved by the Commission or its designee. Money from the voluntary dollar contributions generated from the annual vehicle registration forms can only be requested at the time of grant application unless otherwise approved by the Executive Director.

5. TRANSFER OF PLANNING ALLOCATION

Transportation Disadvantaged Trust Funds allocated for planning grants to Designated Official Planning Agencies or Metropolitan Planning Organizations, that are not needed

and are not obligated by a grant agreement, may be applied for by each respective CTC's non-sponsored trip/equipment grant application. Prior to completing this application, contact your Designated Official Planning Agency or Metropolitan Planning Organization to determine if there is any unneeded planning allocation. If so, you may apply for the unneeded portion of the planning grant allocation in this grant, provided the local match is available. These arrangements are expected to occur prior to the execution of either grant agreement within the same grant cycle.

6. GRANT APPROVAL

All grant applications are subject to approval by the Commission or its designee. Once the grant application has been approved, a grant agreement will be forwarded to the applicant for execution.

Costs incurred prior to grant agreement execution cannot be charged to the project, nor will the Commission give retroactive grant agreement execution. Costs incurred by an applicant to prepare and file this application are not eligible project costs for this project.

A grant agreement must be executed promptly in accordance with its accompanying instructions upon grant approval. The grantee should advise the Commission immediately if the grant agreement cannot be executed within 90 days after receipt of the agreement.

Invoices for Transportation Disadvantaged Trust Funds will not be honored until the grant agreement has been executed by both the Commission and the grantee, and is on file at the Commission office. Additionally, required invoice summary forms must be used.

7. PROGRAM MANAGEMENT

General: Grantees must administer grants following the guidelines and procedures identified in the Federal Common Grant Rule except where specifically stated otherwise. This document contains information concerning audits, allowable costs, accounting procedures, records retention, cost allocation plans, and other financial management requirements.

Third party contracts: Third party contracts are contracts between a grantee and any subgrantee, or pass-through funding recipient, consultants, or others in the private sector for work needed to carry out a project. Unless otherwise authorized in writing by the Commission, the Grantee may not execute any contract or obligate itself in any manner requiring the disbursement of Transportation Disadvantaged Trust Fund money, including transportation operator and consultant contracts or amendments thereto, with any third party with respect to the project without being able to provide a written certification (upon the Commission's request) by the Grantee that the contract or obligation was executed in accordance with the competitive procurement

requirements of Chapter 287, Florida Statutes, Chapter 427, Florida Statutes, and the rules promulgated by the Department of Management Services. The procurement, execution, audit, and closing of third-party contracts are basic grantee responsibilities and must be carried out using the same guidelines and procedures as described in Chapter 287, Florida Statutes. Inter-agency agreements or contracts passing through grant funds to other public bodies (including public transit operators) or transportation operators as defined in Chapter 427, Florida Statutes, are not third-party contracts. However, the pass-through recipient must comply with Chapter 287, Florida Statutes, if it enters into any subsequent third-party contract using Transportation Disadvantaged Trust Funds.

Furthermore, the State of Florida has determined that public contracts must be awarded in a fair and open manner, free from collusion and unfair influence. Therefore, the Commission, as with other state agencies, has adopted Prohibited Interests provisions in Article 13.0 of the grant agreement that must be strictly followed by the grant recipient.

Audits/Monitoring

The administration of resources awarded by the Commission may be subject to audits and/or monitoring by the Commission, as described in this section.

Monitoring

In addition to reviews of audits conducted in accordance with Section 215.97, F.S., as revised (see "Audits" below), monitoring procedures may include, but not be limited to, on-site visits by Commission staff. The recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Commission. In the event the Commission determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Commission staff regarding such audit. The CTC further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Florida Department of Transportation's Office of Inspector General (OIG) and Florida's Chief Financial Officer (CFO) or Auditor General.

Audits

Recipients of state funds (i.e. a nonstate entity as defined by Section 215.97(2)(l), Florida Statutes) are to have audits done annually using the following criteria:

1. In the event that the recipient expends a total amount of state financial assistance equal to or in excess of $500,000 in any fiscal year, the recipient must have a State single or project-specific audit for such fiscal year in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services and the CFO; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. In determining the state financial assistance expended in its fiscal year,

the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Commission, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

2. The Recipient shall ensure that the audit complies with the requirements of Section 215.97(7), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2)(d), Florida Statutes, and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General.

3. If the recipient expends less than $500,000 in state financial assistance in its fiscal year, an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. However, if the recipient elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the recipient's resources obtained from other than State entities).

4. State awards are to be identified using the Catalog of State Financial Assistance (CSFA) title and number, award number and year, and name of the state agency awarding it.

Other Audit Requirements

The Recipient shall follow up and take corrective action on audit findings. Preparation of a summary schedule of prior year audit findings, including corrective action and current status of the audit findings is required. Current year audit findings require corrective action and status of findings.

Records related to unresolved audit findings, appeals, or litigation shall be retained until the action is completed or the dispute is resolved. Access to project records and audit work papers shall be given to the Commission, the Department of Financial Services, and the Auditor General. This section does not limit the authority of the Commission to conduct or arrange for the conduct of additional audits or evaluations of state financial assistance or limit the authority of any other state official.

Audit Reporting Requirements

Copies of financial reporting packages shall be submitted by or on behalf of the recipient directly to each of the following:

Project Manager
Florida Commission for the Transportation Disadvantaged
605 Suwannee Street, MS 49
Tallahassee, Florida 32399-0450

And

Auditor General's Office
Room 401, Pepper Building
111 West Madison Street
Tallahassee, Florida 32399-1450

Copies of reports or the management letter required by audit findings shall be submitted by or on behalf of the recipient directly to:

Project Manager
Florida Commission for the Transportation Disadvantaged
605 Suwannee Street, MS 49
Tallahassee, Florida 32399-0450

Record Retention

The recipient shall retain sufficient records demonstrating its compliance with the terms of the Trip and Equipment Grant agreement for a period of at least five years from the date the audit report is issued, and shall allow the Commission, or its designee, CFO, or Auditor General access to such records upon request. The recipient shall ensure that audit working papers are made available to the Commission, or its designee, CFO, or Auditor General upon request for a period of at least five years from the date the audit report is issued, unless extended in writing by the Commission.

Reporting: The law provides that each LCB annually evaluates the performance of the Grantee using evaluation criteria approved by the Commission. The Grantee must fully cooperate with the LCB in the performance of its duties. The Grantee shall submit to the LCB such data, reports, records, contracts, certifications and other financial or operational documents or products relating to the Project as provided by law, rule or under this agreement. Failure by the Grantee to cooperate, or to provide such documents or other products to the LCB may, at the Commission's discretion, result in permissible sanctions against the Grantee, including termination.

Invoicing: Invoices for goods or services or expenses provided or incurred pursuant to the grant agreement must be submitted in detail sufficient for a proper preaudit and postaudit thereof. Failure to submit to the Commission detailed supporting documentation with the invoice or request for project funds will be cause for the Commission to refuse to pay the amount claimed by the Grantee until the Commission is satisfied that the criteria set out in Chapters 287 and 427, Florida Statutes and Rules 3A-24, 41-2, and 60A-1, Florida Administrative Code is met. Keep in mind that the Commission's invoicing procedures require invoicing at least once every two months. Additionally, required invoicing forms must be used. Invoices may not be reimbursed at an amount which is greater than the cumulative cash-flow schedule to date, according to the grant agreement cash flow plan.

Reimbursements: In order to obtain any Transportation Disadvantaged Trust Funds, the grant recipient must file with the Commission a requisition form as prescribed by the Commission and such other detailed supporting documentation pertaining to the project account and the project as the Commission may require, to justify and support the payment requisition as prescribed in Article 7.0 and Exhibit "C" of the grant agreement. The documentation will include information relating to the date the Grantee incurred project costs for services or equipment, a statement from the Grantee certifying that the Grantee has acquired the property or services in compliance with the competitive procurement, documentation of the actual consideration paid for the property, and an attestation from the Grantee that the Grantee has complied with the provisions of the Grant Agreement.

Vendors and Subcontractors Rights: The Grantee providing goods and services to the Commission will receive payments in accordance with Section 215.422, Florida Statutes. The parties hereto acknowledge Section 215.422, Florida Statutes, and hereby agree that the time in which the Commission is required to approve and inspect goods and services shall be for a period not to exceed eleven (11) working days upon receipt of a proper invoice. The Florida Department of Transportation has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected, and approved. Payment by the Grantee to all vendors with approved third party contracts shall be in compliance with Section 287.0585, Florida Statutes. Each third party contract from the Grantee to a vendor for services to be performed in whole or in part with Transportation Disadvantaged Trust Fund money, must contain the following statement: When a contractor receives from a state agency any payment for contractual services, commodities, supplies, or construction contracts, except those construction contracts subject to the provisions of chapter 339, the contractor shall pay such money received to each subcontractor and supplier in proportion to the percentage of work completed by each subcontractor and supplier at the time of receipt of the payment. If the contractor receives less than full payment, then the contractor shall be required to disburse only the funds received on a pro rata basis with the contractor, subcontractors, and suppliers, each receiving a prorated portion based on the amount due on the payment. If the contractor without reasonable cause fails to make payments required by this section to subcontractors and suppliers within 7 working days after the receipt by the contractor of full or partial payment, the contractor shall pay to the subcontractors and suppliers a penalty in the amount of one-half of 1 percent of the amount due, per day, from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed 15 percent of the outstanding balance due. In addition to other fines or penalties, a person found not in compliance with any provision of this subsection may be ordered by the court to make restitution for attorney's fees and all related costs to the aggrieved party or the Department of Legal Affairs when it provides legal assistance pursuant to this section. The Department of Legal Affairs may provide legal assistance to subcontractors or vendors in proceedings brought against contractors under the provisions of this section.

A Vendor Ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from the Commission. The Vendor Ombudsman may be contacted at (850) 413-5516 or toll free (877) 693-5236.

PART II
APPLICATION INSTRUCTIONS

GENERAL INSTRUCTIONS

Presented in this part are specific instructions on the preparation of the grant application forms. To be considered complete, the application should contain 2010/11 Transportation Disadvantaged Trust Fund Grant Acknowledgement Form, Service Rates, Authorizing Resolution and Standard Assurances as described herein.

NOTE: Please remember that it is the CTC's responsibility to complete and submit the grant application in a timely manner. Local Coordinating Board review is not required unless you are requesting capital equipment as part of the total project budget.

A. Although specific instructions on the preparation of the grant application are provided, additional assistance may be obtained by contacting the Project Manager for the Commission at (850) 410-5700.

B. The application prepared by each CTC must be securely stapled and submitted to the:

Commission for the Transportation Disadvantaged
605 Suwannee Street, Mail Station 49
Tallahassee, Florida 32399-0450

Note: Binders are unnecessary and will be discarded in the processing of the grant. **Only one (1) original copy is necessary.**

C. All certificates, letters, forms, assurances, resolutions, and other documents included in the grant application must have original signatures or be certified copies.

D. **TIMETABLE**

MARCH 19, 2010	Final date to advise Commission staff of Planning Agency fund transfers.
APRIL 30, 2010	Deadline to receive grant applications. Meeting this deadline will help to ensure that grants are provided in time to present to appropriate Boards. This deadline can be changed to accommodate later scheduled Board meetings, if necessary.
JULY 2010	Earliest month that grant agreements can be effective for these grant funds. The Commission's 2010/2011 fiscal year begins on July 1. Contracts not executed prior to July 1 will begin on the date of execution.
JUNE 30, 2011	All 2010/2011 Grant Agreements will terminate.

2010/2011 TRANSPORTATION DISADVANTAGED TRUST FUND GRANT ACKNOWLEDGEMENT FORM INSTRUCTIONS

Except for the following notes, the applicant information form is essentially self-explanatory. If questions arise, please contact the Commission.

GRANT RECIPIENT LEGAL NAME: The full legal name of the applicant's organization, not an individual. Name must match the Federal ID number and the information that is registered with MyFloridaMarketPlace.

FEDERAL IDENTIFICATION NUMBER: The number used by all employers within the United States to identify their payroll and federal income tax. Name must match Federal ID number and the information that is registered with MyFloridaMarketPlace.

REGISTERED ADDRESS: This should be the applicant's mailing address as registered in MyFloridaMarketPlace and will be the address on the grant agreement. This address shall also be consistent with the address associated with your Federal Employer Identification (FEI) Number. **The applicant shall notify the Commission and MyFloridaMarketPlace when an address change occurs.**

PHONE NUMBERS AND E-MAIL ADDRESS: To facilitate faster communications, the applicant should also include telephone, fax numbers and any e-mail addresses used by the applicant. Inclusion of an e-mail address is **mandatory** for approval of the grant application.

PROJECT LOCATION: This is the service area [county(ies)] that the applicant operates in identified in the Memorandum of Agreement and the Transportation Disadvantaged Service Plan. CTCs who serve several different service areas should complete separate forms for each county.

PROPOSED PROJECT START DATE: The start date shall be July 1, 2010 or date of grant agreement execution if later than July 1, 2010.

ANTICIPATED CAPITAL EQUIPMENT REQUEST: **LCB review is only required if the CTC is using project funds for capital equipment.** CTCs who serve several different service areas will need to submit a certification by **each** LCB. This can be submitted on separate pages utilizing the same language used in the section titled "Only Required if Capital Equipment is Purchased" of the Transportation Disadvantaged Trust Fund Grant Acknowledgement Form.

REQUESTING PLANNING GRANT MONEY

Transportation Disadvantaged Trust Funds allocated for planning grants to Designated Official Planning Agencies or Metropolitan Planning Organizations, that are not needed and are not obligated by a grant agreement, may be applied for by each respective CTC's non-sponsored trip/equipment grant application. Prior to completing this application, contact your Designated Official Planning Agency or Metropolitan Planning Organization to determine if there is any unneeded planning allocation. If so, you may apply for the unneeded portion of the planning

grant allocation in this grant, provided the local match is available. These arrangements are expected to occur prior to the execution of either grant agreement within the same grant cycle.

TRANSPORTATION DISADVANTAGED TRUST FUND SERVICE RATES INTRUCTIONS

This form must be completed reflecting the system's current rates for Transportation Disadvantaged Trust Fund trips. The terminology and rates must be exactly the same as that being used when invoicing the Commission for trips. This may require a change to current invoice formats or current rate page terminology only. Invoices that are submitted without the correct terminology and/or rates are subject to non-payment and will be returned. Changes do not include increases. All rates submitted with the grant application will be developed utilizing the Rate Calculation Model. The Rate Calculation Model is reviewed, adjusted (if needed), and submitted to the Commission as part of the Transportation Disadvantaged Service Plan Update.

COMMUNITY TRANSPORTATION COORDINATOR: Legal name of coordinator.

EFFECTIVE DATE: Indicate the date the rates are effective.

TYPE OF SERVICES TO BE PROVIDED: Enter type of service (i.e. ambulatory, wheelchair, stretcher, group, bus pass.)

UNIT: Enter type of unit (Passenger Mile or Trip)

COST PER UNIT$: Enter the amount per type of unit.

AUTHORIZING RESOLUTION INSTRUCTIONS

A resolution authorizing an individual and/or position to sign this application and subsequent agreements, invoices, assurances, etc., must be completed by the applicant's board of directors. A sample resolution is provided for your consideration. It is not required that you use the sample resolution, as long as the same basic information is provided. The resolution must include original signatures and must be attested to and sealed (corporate or notary seal) by a corporate officer. Remember that the resolution can be good for an extended period of time or for multiple contracts if worded in such a fashion.

STANDARD ASSURANCES INSTRUCTIONS

The standard assurances form should be signed and dated by the person or position identified in the authorizing resolution.

STANDARD ASSURANCES

The recipient hereby assures and certifies that:

(1) The recipient will comply with the federal, state, and local statutes, regulations, executive orders, and administrative requirements which relate to discrimination on the basis of race, color, creed, religion, sex, age, and handicap with respect to employment, service provision, and procurement.

(2) Public and private for-profit, transit and paratransit operators have been or will be afforded a fair and timely opportunity by the local recipient to participate to the maximum extent feasible in the planning and provision of the proposed transportation services.

(3) The recipient has the requisite fiscal, managerial, and legal capacity to carry out the Transportation Disadvantaged Program and to receive and disburse State funds.

(4) The recipient intends to accomplish all tasks as identified in this grant application.

(5) Transportation Disadvantaged Trust Funds will not be used to supplant or replace existing federal, state, or local government funds.

(6) Capital equipment purchased through this grant meets or exceeds the criteria set forth in the Florida Department of Transportation's Guidelines for Acquiring Vehicles on file with the Commission on July 1, 2001 or criteria set forth by any other federal, state, or local government agency.

(7) Capital equipment or consultant services purchased through this grant comply with the competitive procurement requirements of Chapter 287 and Chapter 427, Florida Statutes.

(8) If capital equipment is purchased through this grant, the demand responsive service offered to individuals with disabilities, including individuals who use wheelchairs, is equivalent to the level and quality of service offered to individuals without disabilities. Such service, when viewed in its entirety, is provided in the most integrated setting feasible and is equivalent with respect to:

(a) response time;
(b) fares;
(c) geographic service area;
(d) hours and days of service;
(e) restrictions on trip purpose;
(f) availability of information and reservation capability; and
(g) contracts on capacity or service availability.

In accordance with 49 CFR Part 37, public entities operating demand responsive systems for the general public which receive financial assistance under Sections 5310 or 5311 of the Federal Transit Administration (FTA) have filed a certification with the appropriate state program office before procuring any inaccessible vehicle. Such public entities not receiving FTA funds have also filed a certification with the appropriate program office. Such public entities receiving FTA funds under any other section of the FTA have filed a certification with the appropriate FTA regional office.

This certification is valid for no longer than the contract period for which the grant application is filed.
