Subject: Resolution Declaring the Acquisition of Designated Property Known as Parcel 27 for Right-of-Way Needed for Project Entitled Improvements to SW 328, from US 1 (SR-5) to Redland Road (SW 187 Ave.) to be a Public Necessity and Authorizing the Use of Road Impact Fee Funds from District 6

Recommendation

It is recommended that the Board of County Commissioners (Board) approve the attached resolution declaring the acquisition of Parcel 27 for right-of-way improvements along SW 328 Street from SW 187 Avenue to US-1 (Project) to be a public necessity. The resolution authorizes the County Mayor or the County Mayor's Designee and the County Attorney to employ appraisers, expert witnesses, obtain environmental audits, and to take appropriate action to acquire the subject parcel in fee simple either by negotiation, donation, right-of-way designation or purchase at values established by appraisals or tax assessed values, whichever is higher of the two, together with business damages and reasonable attorney fees and costs or eminent domain court proceedings (pursuant to Florida Statutes Sections 73.091 and 73.092), including a declaration of taking as necessary for and on behalf of Miami-Dade County and authorizing an incentive offer in an amount not to exceed fifteen percent above the appraised value.

Scope

The impact of this project is Countywide; however, it is located within Commission District 9, represented by Commissioner Dennis C. Moss, and within the municipalities of Homestead and Florida City.

Fiscal Impact/ Funding Source

Funding for the construction and right-of-way acquisition of all parcels is estimated at \$9,746,000.00 and is funded by Road Impact Fees programmed within the FY19-20 Adopted Budget and Multi-Year Capital Plan. Once the project is built out, annual maintenance and operational cost of approximately \$7,693.21 and \$16,214.93 respectively is anticipated.

Track Record/Monitor

The Department of Transportation and Public Works (DTPW) is the entity overseeing this item, and the person responsible is Francisco Fernandez, Chief Real Estate Officer, DTPW, Roadway Engineering and Right-of-Way Division.

Delegated Authority

In accordance with Section 2-8.3 of the Miami-Dade County Code related to identifying delegation of Board authority, there are no authorities beyond that specified in this resolution.

Background

DTPW has programmed improvements along SW 328 Street from SW 187 Avenue to US-1. This project consists of the reconstruction of the existing two (2) lane road with curb and gutter, dedicated left turn lanes, landscaped raised medians, sidewalks, a continuous storm drainage system, signalization, pavement markings and signage, decorative street lighting and bicycle facilities. The area to be acquired by DTPW for the street improvements is legally described in Exhibit "A" and illustrated in the parcel location map, attached as Exhibit "B". These improvements constitute the third and final phase of the project. The first phase spanned from SW 162 Avenue to SW 152 Avenue and the second phase spanned from US1 to SW 162 Avenue. The roadway improvements are anticipated to alleviate congestion, greatly improve traffic flow and enhance roadway drainage.

It is recommended that in order to reduce time and costs, and to avoid the expense of litigation, administration be granted authorization to issue an incentive offer added to the initial offer to purchase Parcel 27. The total amount of the incentive and initial offers shall not exceed 15 percent over the appraised value of Parcel 27.
