From: Carlos A. Gimenez

Subject: Resolution Authorizing Retroactive Extension of an Agreement Between Miami-Dade County and the South Florida Water Management District for the Operation and Maintenance of Facilities at Coral Gables Wayside Park, Related to the Adjacent G93 Canal

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached resolution authorizing the retroactive extension of an agreement between Miami-Dade County and the South Florida Water Management District (SFWMD) for the operation and maintenance of facilities at Coral Gables Wayside Park, related to the adjacent G93 Canal Structure and SFWMD equipment located at the park.

Scope

Coral Gables Wayside Park is located at 5710 SW 35 Street, Coral Gables, FL 33134, in County Commission District 6, represented by Commissioner Rebeca Sosa.

Fiscal Impact/Funding Source

There is no fiscal impact or County funding source required. SFWMD will fund and manage all the maintenance and operational needs of the G93 Canal Structure and SFWMD equipment located at the park.

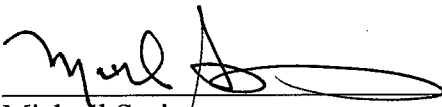

Track Record/Monitor

The Miami-Dade Parks, Recreation and Open Spaces Department's (MDPROS) Planning Landscape Architect II, Jessica Blackwell, will monitor the First Amendment to the Agreement, Attachment A.

Background

The County, through PROS, had an agreement with SFWMD for operation and maintenance of existing equipment at Coral Gables Wayside Park, adjacent to the G93 canal. Pursuant to the agreement, PROS needs to provide continuous and unobstructed access to the SFWMD for their facilities. Resolution No. R-249-89, Attachment B, authorized the agreement and provided a term of thirty years commencing March 7, 1989. The agreement therefore expired on March 7, 2019. The SFWMD G-93 Canal Structure remains intact and is located in the canal adjacent to the park, and the continued maintenance and operation of the canal structure remains necessary for the park lands to be protected from saltwater intrusion and flooding. The First Amendment to the Agreement authorizes the retroactive extension of the Agreement for two years. The SFWMD and the County are in the process of developing a plan for the continued operation of a flood control facility at the park and the two-year extension allows the parties to complete these plans. Once the plans are complete, a new Agreement for the Operation and Maintenance of these facilities will be submitted to the Board for review. The SFWMD equipment located at the park is housed within existing structures in the park, therefore SFWMD's equipment will not adversely impact the park's aesthetics, in accordance with Resolution No. R-504-15.

FIRST AMENDMENT TO AGREEMENT

This First Amendment to the Agreement, made this _____ day of _____, 2020, by and between MIAMI-DADE COUNTY, a political subdivision of the State of Florida (the "County") and its PARKS, RECREATION AND OPEN SPACES DEPARTMENT, acting as agents for the County, whose mailing address is 275 NW 2nd Street, Miami FL 33128, and the SOUTH FLORIDA WATER MANAGEMENT DISTRICT, a government entity existing under Chapter 373 Florida Statutes, with its principal office and mailing address at 3301 Gun Club Road, West Palm Beach, Florida 33406, and its successors and assigns, hereinafter referred to as the "District."

WITNESSETH

WHEREAS, the County owns and/or has under its jurisdiction and control certain lands and or facilities in Miami-Dade County, located in Section 13, Township 54 South, Range 40 East, Dade County Florida, known as Coral Gables Wayside Park and described in Exhibit "A"; and

WHEREAS, the current Agreement, entered into on March 7, 1989, has a term of 30 years ending March 7, 2019 and the County and the District desire to extend the agreement's term by two years to March 7, 2021 under the terms and conditions of the existing agreement, in order to negotiate a new agreement.

WHEREAS, the County and District are mutually interested in and concerned with the installation, operation and maintenance of new water control facilities and the use of park appurtenances; and

WHEREAS, the District and the County are in the process of developing a plan for the continued operation of a flood control facility at Gables Wayside Park,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties, it is mutually agreed as follows:

No other terms or conditions are hereby modified, except to the extent the agreement's term. All unmodified terms and conditions remain in full force and effect. Hereafter, the Agreement together with this First Amendment shall be the "Modified Agreement."

IN WITNESS WHEREOF, the parties hereto caused duly authorized representation to execute the First Amendment to the Agreement as of the date of approval by the County and the District.

MEMORANDUM

07.07-17A

Agenda Item No. 5(e) (28)

TO: Honorable Mayor and Members
Board of County Commissioners

DATE: March 7, 1989

FROM: *Joaquín A. Arino*
Joaquín A. Arino, P.E.
County Manager

SUBJECT: Approval of Agreement with
South Florida Water Management
District for Use of
Coral Gables Wayside Park

RECOMMENDATION

It is recommended that the Board approve the attached Agreement with the South Florida Water Management District which will provide the necessary easements for the District to replace and operate a flood control structure in the Coral Gables Canal and within our Coral Gables Wayside Park.

The Culture and Recreation Committee approved this matter at their meeting of February 28, 1989.

BACKGROUND

For many years, Dade County has maintained our Coral Gables Wayside Park, a one-acre passive/beautification area located on the west side of S.W. 57th Avenue (Red Road), between 34th and 35th Streets. In addition, our Historical Preservation Board designated the park as a historical site in 1987.

The Coral Gables Canal, traversing the park, presently contains a salinity control structure at that location. However, the structure is old and the South Florida Water Management District wishes to replace it with another (automatic) structure.

To this end, representatives of the South Florida Water Management District have requested an appropriate Agreement. Our approval would grant those easements necessary to replace and operate the structure.

The attached Agreement reflects the results of meetings between the District and our staff, as well as legal review. Your concurrence is now respectfully requested.

AGREEMENT

THIS AGREEMENT, made this the 9th day of March, A.D., 1989 by and between DADE COUNTY, a political subdivision of the State of Florida, and its PARK AND RECREATION DEPARTMENT, acting as agents for the County, whose mailing address is 50 S.W. 32nd Road, Miami, Florida 33129, hereinafter referred to as the County, and SOUTH FLORIDA WATER MANAGEMENT DISTRICT, a public corporation of the State of Florida, with its principal office at 3301 Gun Club Road, and whose mailing address is P. O. Box 24680, West Palm Beach, County of Palm Beach, State of Florida 33416-4680, hereinafter referred to as the District.

W I T N E S S E T H:

WHEREAS, Dade County and the South Florida Water Management District are mutually interested in and concerned with the installation and maintenance of new water control facilities and the use of park appurtenances - specifically the towers as described herein; and

WHEREAS, the County owns and/or has under its jurisdiction and control certain lands and or facilities in Dade County, Florida, located in Section 13, Township 54 South, Range 40 East, Dade County Florida, known as Coral Gables Wayside Park and described in Exhibit "A", that may be utilized; and

WHEREAS, on October 21, 1987, the Dade County Historical Preservation Board approved Resolution No. 8760, designating the Coral Gables Wayside Park as an individual historical site, thereby recognizing the property as a significant part of the County's heritage and further, on April 20, 1988, nominated this site to the National Register of Historic Places; and

WHEREAS, the South Florida Water Management District desires to install various mechanical equipment, hydraulic equipment, emergency generator and propane tank necessary for the operation of the water control facility referred to as G-97; and

WHEREAS, the South Florida Water Management District can utilize the existing historical towers to house said equipment without having to construct new structures that would detract from the historical ambiance of the park, and

WHEREAS, the South Florida Water Management District is willing to upgrade, repair and maintain the towers; and

WHEREAS, the common objective of providing a means of improving the park aesthetics and maintaining the historical integrity while upgrading the water control structure may be best achieved in the most economical manner through joint and concerted action of the respective parties in making available for such purposes suitable facilities and/or lands belonging to or under the control of the County, on which either party may fund their respective interests.

NOW, THEREFORE, in consideration of the sum of TEN DOLLARS (\$10.00), the receipt of which is hereby acknowledged, and for the further consideration of the covenants hereinafter set forth, the parties hereto mutually agree as follows:

1. The County hereby grants the following specified easements unto the District, as defined herein for a period of thirty (30) years from the date of this Agreement, for the installation, operation, and maintenance of water control facilities, water flowage and storage, and the use of certain park appurtenances - specifically the towers, located in the Coral Gables Wayside Park and identified as EXHIBIT F, and subject to all of the terms and conditions herein contained.

A. WATER FLOWAGE AND STORAGE EASEMENT

This Water Flowage and Storage Easement shall be for the purpose of the flowage and storage of water on said lands, the construction and maintenance of a salinity dam, improvements to the North Tower, and all purposes necessary or incidental thereto, in the accomplishment of the water control program of the District upon the lands described in EXHIBIT "B."

B. NONEXCLUSIVE MAINTENANCE/ACCESS EASEMENT (North Side of Canal)

This easement shall be for the purpose of maintenance and access during and after the construction of a salinity dam, and all purposes necessary or incidental thereto, in the accomplishment of the water control program of the District upon the lands described in EXHIBIT "C."

C. NONEXCLUSIVE MAINTENANCE/ACCESS EASEMENT (South Side of Canal)

This easement shall be for the purpose of maintenance and access during and after the construction of a salinity dam, and all purposes necessary or incidental thereto, in the accomplishment of the water control program of the District upon the lands described in EXHIBIT "D." That portion of the easement abutting S.W. 57th Avenue shall not be used for ingress/egress.

D. OPERATION EASEMENT (Use of Historical Towers)

1. This Easement shall be for the purpose of operation during and after the construction of a salinity dam, and all purposes necessary or incidental thereto, in the accomplishment of the water control program of the District upon the lands described in EXHIBIT "E."
2. For purposes of identification, the historical towers are identified as follows:

Tower No. 1 - located on the north side of S.W. 35 Street and 15' inside the public right-of-way.

Tower No. 2 - located on the south bank of the Coral Gables Canal C-3.

North Tower - located on the north bank of the Coral Gables Canal C-3.

3. Tower No. 1 will house a propane tank to provide fuel to the emergency generator. A buried gas line will run from Tower No. 1 to Tower No. 2, parallel to the concrete wall.

Tower No. 2 will house the air compressor, hydraulic PAC, main circuit box, emergency generator, and other accessory equipment.

2. The use of Towers Nos. 1 and 2 shall be exclusive for the District who shall upgrade, repair and maintain same during the period this agreement is in effect.
 - A. The North Tower will not be used by the District but will receive improvements to the retaining wall, concrete pumped under the edge of the tower where eroded and gabion baskets and stone protection installed around the base as part of the water flowage and storage easement bank stabilization. After initial improvements are completed, the District has no maintenance responsibility for the North tower other than bank stabilization.
 - B. Prior to the commencement of any construction and any maintenance thereafter which would alter, modify, or impact the towers or wall, the District shall obtain a Certificate of Appropriateness from the Dade County Historic preservation Board.

3. OTHER CONDITIONS

- A. That upon completion of the initial reconstruction of the salinity dam and any maintenance thereafter, the easement areas will be restored within a reasonable time by the District to a condition equal to or better than that which existed at the time of the installation or date (or dates) of maintenance, whichever date is applicable at the time of restoration, including desirable trees, shrubbery, sod, paving, gabion walls or restoration of the historical structures used or impacted by the District. No open trench is to remain open or unfenced overnight within the park boundary.
- B. The County reserves the right and privilege to use the above-described lands for any purpose not inconsistent with easement rights hereby granted. Other than during the initial construction period, at no time shall public access to park functions be interfered with or prevented.

It is expressly provided that if any of the above described property shall cease to be used by the District for the purposes herein stated, the unused Easement area shall immediately and without notice be cancelled for that purpose and that subject property will revert to the County's exclusive control.

It is further provided and understood that the District shall indemnify and hold the County harmless from any and all claims, liability, losses, and causes of action which may arise as a result of the District use of these easements to the extent permitted by law, unless such claim, liability, loss or cause of action is the result of the County's sole negligence.

- C. All the covenants herein contained shall extend to and be binding upon the parties hereto. The District shall not sublet, or assign any rights under this Agreement or permit other uses of these easement areas except as specified in this Agreement.
- D. All easement areas specified above are subject to prior easements, restrictions, and reservations of record.

- E. The right of access to the above easements shall be for use by the District, its agents, employees and contractors.
- F. The initial construction period shall not exceed 24 months from the date of this Agreement.

IN WITNESS WHEREOF, the parties caused this Agreement to be executed by their respective and duly authorized officers, the day and year first above written.
