Resolution No. R-545-20

Recommendation

It is recommended that the Board of County Commissioners (Board) authorize \$2,436,156 in additional expenditure authority and thirteen months of additional time to *Contract No. 43211500-WSCA-15ACS1, Computer Equipment Peripherals and Services*, for the Miami-Dade Information Technology Department. The Department is requesting the additional expenditure authority and time to continue purchasing Panasonic, EMC, and Hewlett Packard products and maintenance on behalf of all County departments. The contract allows for the purchase of desktops, laptops, tablets, servers, storage, ruggedized devices, and related peripherals services from various original equipment manufacturers.

The County accessed this competitively established contract by the National Association of State Procurement Officials (NASPO), formerly the Western States Cooperative Alliance (WSCA), on October 3, 2017 for a 35-month term through Resolution No. R-843-17 in the amount of \$5,517,000. Additional expenditure authority of \$8,240,000 was approved by the Board on December 11, 2018 through Resolution No. R-1301-18, and \$3,491,000 was approved under delegated authority.

The State of Maryland, the lead agency, and NASPO have extended the referenced contract through July 31, 2021, which has been confirmed by the State of Florida, the participating State agency. Additional expenditure authority is needed to fund the expansion of employee remote access, as well as ruggedized devices, storage, servers, and the renewal of HPE Maintenance for all County departments. The County seeks to extend its access of this contract accordingly, to ensure continuity of these critical goods and services.
