Agenda Item No. 8(A)(1)

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Carlos A. Gimenez
Mayor

Resolution No. R-842-20

Subject: Resolution Ratifying Actions Related to Miami-Dade Aviation Department's
Capital Improvements Acceleration Ordinance, Section 2-285.2 of the Miami-
Dade County Code

Recommendation

It is recommended that the Board of County Commissioners (Board) ratify the actions of the County Mayor or County Mayor's designee pursuant to the Miami-Dade Aviation Department's (MDAD) Capital Improvements Acceleration Ordinance No. 19-122, codified as Section 2-285.2 of the Miami-Dade County Code, in ratifying construction Contract No. MDAD-CIP-V009A, summarized herein and described in more detail in Exhibit A, and attached as Exhibit B. The Contract Summary attached as Exhibit B and the plans, technical specifications, and the other contract documents that it incorporates by reference will be collectively referred to as the "Subject Contract." Below is a summary of the Subject Contract and a brief description of the project to which it relates.

Construction Contract Award

The Subject Contract relates to MDAD construction Project No. V0090 entitled: Miami Executive Airport (TMB) Runway Incursion Mitigation (RIM). Pursuant to Section 2-285.2 of the Code of Miami-Dade County ("CIP Acceleration Ordinance"), this construction contract was awarded to H&R Paving, Inc. in the total amount of \$13,301,531.44 with a total contract term of 699 days, and an estimated Notice to Proceed date of October 1, 2020.

Scope

The commission district of the project location is District 11, which is represented by Commissioner Joe A. Martinez as noted on Exhibit A. However, this project has a countywide impact as TMB is a regional asset.

Delegation of Authority

Pursuant to the CIP Acceleration Ordinance, described more fully below, the attached resolution delegates to the County Mayor or County Mayor's designee the authority to exercise all provisions, including the termination provisions, of the Subject Contract.

Fiscal Impact/Funding Source

The fiscal impact and funding sources to the County are detailed on Exhibit A, as attached.

Track Record/Monitoring

MDAD's Chief of Staff, Arlyn Rull-Valenciaga, will oversee the implementation of this construction project.

Background

On December 3, 2019, the Board approved Ordinance No. 19-122, creating Section 2-285.2 of the Code of Miami-Dade County relating to procurement of MDAD's capital improvements. Under the CIP Acceleration Ordinance, with respect to any project included in the capital improvement program, the Board has delegated to the County Mayor or Mayor's designee, among other things: (1) the authority to advertise and invite bids or other competitive procurement documents without Board approval, and (2) subject to Board ratification, the authority to award and reject bids, proposals, or other offers received in connection with any competitive procurement as well as the authority to settle claims, waive liquidated damages, or agree to change orders (not exceeding 10 percent of the base contract amount), modifications, amendments, adjustments, or extensions to complete unfinished work so long as any such action, change order, settlement, modification, adjustment, or extension specifies that it is revocable if not ratified by the Board and contains a release to insulate the County from any lost profit or other consequential damages liability in the event that it is not ratified by the Board.

Exhibit A includes the details of the Subject Contract and contains the information below:

- Item Number
- Department Name
- Contract Type
- Contract No. / Project No.
- Project Name
- Firm Awarded
- Commission District
- Funding Source(s)
- Operations and Maintenance (O&M) Costs
- Estimated Start / Estimated End Date
- Contract Measures: Disadvantaged Business Enterprise (DBE) Goals; Small Business Enterprise (SBE) Goods & Services; SBE-Architectural/Engineering (A/E); SBE-Construction; Community Workforce Program (CWP)
- Brief Project Description

Exhibit B is the executed Contract Summary, which incorporates by reference the plans, technical specifications and the other contract documents, a full copy of which are available upon request from MDAD's Governmental Affairs Division.

The Subject Contract contains the language required by the CIP Acceleration Ordinance and was executed by the County Mayor or County Mayor's designee in accordance with the CIP Acceleration Ordinance.

Subject: Recommendation for Approval to Award a Contract to H & R Paving, Inc. for Miami Executive Airport Runway Incursion Mitigation, Contract No. MDAD-CIP-V009A

Recommendation

Pursuant to the Miami-Dade Aviation Department's Capital Improvements Acceleration Ordinance, Section 2-285.2 of the Miami-Dade County Code, it is recommended that the County Mayor or County Mayor's designee award the attached contract to H & R Paving, Inc. for a construction project entitled: Miami Executive Airport Runway Incursion Mitigation, Contract No. MDAD-CIP-V009A. The total compensation amount is \$13,301,531.44 with a total contract period of 699 days. This contract award recommendation was prepared by the Miami-Dade Aviation Department (MDAD).

Delegation of Authority

Pursuant to the provisions of Section 2-285.2 of the Miami-Dade County Code, the County Mayor or County Mayor's designee will have the authority to execute, amend and terminate the Contract and to resolve disputes. Additionally, pursuant to the provisions of Section 2-285.2 (4)(d) and (e), the County Mayor or County Mayor's designee will have the authority to amend and/or extend the Contract to complete any unfinished work, waive liquidated damages, negotiate and settle claims, and execute change orders that do not exceed ten percent (10%) of the base contract amount.

SCOPE

PROJECT NAME:	Miami Executive Airport (TMB) Runway Incursion Mitigation (RIM)
PROJECT NO.:	V009A
CONTRACT NO.:	MDAD-CIP-V009A
PROJECT DESCRIPTION:	The scope of work includes shortening Runway 13-31, modifications to intersections between Runway 13-31 and Taxiways E and H, relocation of D connector, which will be renamed E4 (285 feet to the East), a new connector D2 for the relocated Runway 31 threshold, and the extension of the Taxiway H to Runway 9R threshold. In order to minimize the impact to the airport operations, the work shall be constructed in phases, and sub-phases night work will be required to avoid aircraft disruption.

The proposed scope of work for the project consists of the following:

- Construction of new taxiways per new Federal Aviation Administration (FAA) criteria, including paved shoulders.
- Partial demolition of Taxiways E and H, between Taxiway Connectors E3 and D.
- Realignment of Taxiway E3 connectors.
- Extension of Taxiway J across Runway 13-31 connecting Taxiway E and proposed Taxiway H extension.
- Relocate Runway 31 threshold by 200 feet.
- Construction of proposed Taxiway D2 from Taxiway D.
- Construction for the connectors between Taxiways E and H.
- Demolition of Taxiway Connectors C3 and H4.
- Realignment of Taxiway connector between Taxiway C and aircraft apron.
- Realignment of Taxiway H to Taxiway C.

The project requires removal of the existing flexible pavement and construction of new flexible pavement, drainage inlets, storm pipe, sodding, as well as new taxiway edge lights, airfield signs, lighting conduit and cables.

All taxiway shoulders are required to be paved per FAA guidelines for taxiways to accommodate bigger aircraft, the relocation of Runway 13-31 threshold will require the relocations of the end of the runway aviation aids. The area behind the relocated threshold of Runway 31 will be converted into a safety area call blast pad.

EXPLANATION:

A bid was issued under full and open competition. Four bids were received in response to the solicitation on June 5, 2020 by MDAD. A review of bids was performed and a responsiveness determination by the County Attorney's Office (CAO) was requested for the lowest bidder. Concurrently, because contract measures were

assigned, the bids were forwarded to Internal Services Department's (ISD) Small Business Development (SBD) for a compliance review. All companies were found to be in compliance with the exception of Central Florida Equipment Rentals d/b/a Central Civil Construction ("Central"). Central was deemed to be non-compliant as the firm Central selected to meet the DBE goal was not DBE certified prior to submittal of the bid.

On June 12, 2020, the CAO provided a memorandum deeming H & R Paving, Inc. as the lowest, responsive bidder. (See Attachment F, "CAO Responsiveness Opinion").

Accordingly, this award is being recommended to the lowest, responsible and responsive bidder, H & R Paving, Inc., as shown below in Table A. The final bid tabulation was completed and is attached hereto as Attachment G, "Bid Tabulation".

Table A

Firm	Base Bid Amount	Comments
H & R Paving, Inc.	\$11,771,266.76	
Central Florida Equipment Rentals d/b/a Central Civil Construction	\$12,899,985.00	Firm was deemed non-compliant by SBD
General Asphalt Co.	\$13,734,170.80	
Ryan Incorporated Southern	\$14,024,152.69	

Because this project is being funded by an FAA grant, an independent review of bids was performed to comply with FAA's grant requirements. The review was conducted by HDR Engineering, Inc., which is a civil engineering firm. As part of their scope of work, an analysis of the prices proposed compared to present market conditions was prepared. The Letter of Recommendation to Award and the Bid Tabulation Analysis is attached hereto as Attachment H, "Civil Engineer Consultant Project Analysis".

BACKGROUND:

The project is required for TMB to comply with the FAA mandate of reducing runway incursions through the Runway Mitigation Program. The incursions will be mitigated in accordance with FAA Advisory Circular 1505300 – 13A Airport Design. Traffic circulation patterns will remedy the incursions by restructuring movement between the taxiways leading to runway 9R – 27.

The Contract Summary and Condition of Award Requirements are attached hereto as Attachment I "Contract Summary and COARs".

SUBJECT: Compliance Review
Project No. V009A
TMB RIM HS1 With Taxiway H West Extension to Threshold 9R

Small Business Development (SBD), a Division of the Internal Services Department, has completed its review of the subject project for compliance with Disadvantaged Business Enterprise (DBE) program for Construction services. The contract measure established for this project is a 13.79% DBE subcontractor goal.

The Strategic Procurement Division of the Aviations Department has submitted contract documents for the firms listed below acknowledging their commitment to comply with the project's DBE measure. Each firm was required to submit a DBE Utilization Form identifying the DBE subcontractor(s) to fulfill the goal. The following is their pre-award compliance status and summary.

STATUS:

- | | |
|-------------------------------|---------------|
| 1. General Asphalt Co., Inc. | Compliant |
| 2. H&R Paving, Inc. | Compliant |
| 3. Ryan Incorporated Southern | Compliant |
| 4. Central Civil Construction | Non-Compliant |

SUMMARY:

General Asphalt Co., Inc., a non-certified DBE firm, submitted the DBE Utilization Form and Letter of Intent (LOI) Affidavit, committing to use the following DBE certified firm: Kailas Corp. to perform Earthwork at 13.79%. The DBE Utilization Form was signed by both the prime and the subcontractor confirming their commitment to achieve the overall DBE goal of 13.79%.

General Asphalt Co., Inc. has satisfied the contract's 13.79% DBE subcontractor goal and is in compliance with the overall Disadvantage Business Enterprise measures established for this contract.

H&R Paving, Inc., a non-certified DBE firm, submitted the DBE Utilization Form and the Letter of Intent (LOI) Affidavits, committing to use the following DBE certified firms: Caribbean Technical Services, Inc. to perform Pre-construction Services and Project Management work at 3.40%, Highway Striping Inc. to perform Pavement Markings and Sign work at 2.05%. Quality Construction Performance, Inc. to perform Drainage and Earthwork work at 8.34%. The DBE Utilization Form was signed by both prime and subcontractors confirming their commitment to achieve the overall DBE goal of 13.79%

H&R Paving, Inc. has satisfied the contract's 13.79% DBE subcontractor goal and is in compliance with the overall Disadvantage Business Enterprise measures established for this contract.

Ryan Incorporated Southern, a non-certified DBE firm, submitted the DBE Utilization Form and Letter of Intent (LOI) Affidavits, committing to use the following DBE certified firms: A Caribbean Technical Services, Inc. to perform Pre-construction Services and Project Management work at 2.0%, Chin Diesel, Inc. to perform Hauling and Aggregate work at 8.8%, Highway Striping Inc. to perform Pavement Markings and Sign work at 2.0%, Radise International, LLC. to perform Quality Control Testing and Inspection Services work at 1.3% in satisfaction of the 13.79% DBE goal. The DBE Utilization Form was signed by both the prime and the subcontractors confirming their commitment to achieve the overall DBE goal of 13.79%.

Ryan Incorporated Southern has satisfied the contract's 13.79% DBE subcontractor goal and is in compliance with the overall Disadvantage Business Enterprise measures established for this contract.

Central Civil Construction, submitted DBE Utilization Form and Letter of Intent (LOI) Affidavit, committing to use R&D Electric, Inc. to provide Electrical work at 13.79%. Since R&D Electric, Inc., is not certified as a DBE firm, it cannot meet the DBE 13.79% subcontractor goal measure. As such, Central Florida Equipment Rentals, Inc. is not in compliance. All DBEs must be certified by the FLUCP as DBEs pursuant to 49 CFR Part 26 prior to Bid submittal.

Please note that SBD staff reviewed and addressed compliance with the DBE Programs. The Strategic Procurement Division of Internal Services Department is responsible for any other issues that may exist.

Should you have any questions or need any additional information, please do not hesitate to call Robert Parson, Business Development Specialist 2, at (305) 375-3182.

CAO Responsiveness Opinion

Memorandum

Date: June 12, 2020

To: Tiondra Wright
Aviation Senior Contracting Officer

From: Angela F. Benjamin and Altanese P. Phenelus
Assistant County Attorneys

Subject: Responsiveness Opinion for Bid for Miami Executive Airport (TMB) Runway
Incursion Mitigation (RIM) Project Bid No. MDAD-CIP-V009A (the "Solicitation")

You have asked this office if the lowest bid received in response to the Solicitation from H&R Paving, Inc. ("H&R") is responsive. We rely on the information you provided in your memorandum, dated June 11, 2020, the Solicitation documents, the bid submitted by H&R, and our various email conversations on the topic. To the extent any of the facts provided change, our opinion may also change. We are advised that the estimated value of the contract exceeds \$1 million, and as such provide a formal responsiveness opinion.

The Solicitation is seeking bids to provide specific construction work at Miami Executive Airport. The project includes the shortening of Runway 13-31, modifications to Taxiways E and H, the relocation of the D connector, a new D-2 connector, and the extension of Taxiway H, in addition to other related work.

H&R

H&R's bid's signature page is signed but not sealed. In other words, what purports to be the signature of the president of H&R is provided on each of the signature pages, but there is no notary certification verifying the president's signature and there is not a corporate seal. In addition, according to your memorandum, the schedules of bid prices form for H&R provides unnecessary information by writing the grand total, but not otherwise altering the bid form. You have not indicated whether the grand total is accurate.

The purpose of the competitive bidding process is, among other things, "to secure fair competition upon equal terms to all bidders . . . and to afford an equal advantage to all desiring to do business with the county, by affording an opportunity for an exact comparison of bids." *Harry Pepper & Assocs., Inc. v. City of Cape Coral*, 352 So. 2d 1190, 1192 (Fla. 2d DCA 1977) (citing *Wester v. Belote*, 138 So. 721, 723-24 (Fla. 1931)). Responses to a solicitation must be capable of assuring the County that, if accepted, the proposal will result in a contract that can be performed in accordance with the requirements of the Solicitation. See e.g., *Glatstein v. City of Miami*, 399 So. 2d 1005, 1007-1008 (Fla. 3d DCA 1981) (relying on *Wester* for the proposition that solicitations must include "reasonably definite plans or specifications, as a basis on which bids may be received."). This standard is embedded within the County's definition of "responsiveness" as set forth in Implementing Order 2-13.

Here, there is nothing in the Solicitation specifically requiring that the signature of the bidder be notarized/sealed. The individuals listed on the bid's signature page are the same listed on the Department of State website as officers of H&R. The president of the company signed the solicitation thereby providing assurances that if accepted, the proposal will result in a contract between the County and H&R.

The lack of a notarization/seal does not render H&R's bid non-responsive.

Although not directed to provide the total for its bid or the total for all the units of each item in the bid, the bid form does state that "Miami-Dade County will calculate the amount (sum of Items 1 through 81)" to determine the total bid amount. *See e.g.*, General Asphalt's Bid at BF-3.K. H&R's calculation of the total for all units listed for each item does not provide it with a competitive advantage in any way. Listing the total for all units does not prevent the County from doing an exact comparison of each of the bids. Thus, this fact alone does not render the bid non-responsive. If the total amounts listed by H&R somehow does not equal the totals the County calculates, this conclusion will need to be reconsidered by our office.

RE: Letter of Recommendation to Award
Miami-Dade Aviation Department
Bid No. MDAD-CIP-V009A
Miami Executive Airport (TMB)
Runway Incursion Mitigation

Dear Mr. Solorzano,

The evaluation and analysis of the bids received on Friday, June 5, 2020, finds that the bid submitted by **H&R Paving, Inc.** in the amount of **\$11,771,266.76** is the lowest bid. The initial recommendation by HDR is to award the contract to H&R Paving plus the 10% General Allowance Account and 3% Permit Allowance Account as the lowest bidder in accordance with the Schedule of Unit Prices they submitted. HDR did not evaluate their insurance, licensing and qualifications of the firm to determine if they are technically qualified to perform the scope of work as defined in the bid documents. The Engineer's Estimate represents a cost of approximately 28% above the lowest bid.

The table below is a summary of the bids received and the Engineer's Estimate of Probable Construction Cost.

Bidder	Total Bid as Submitted	Remarks
H&R Paving Inc.	\$11,771,266.76	Lowest Bid
Central Florida Equipment Rentals, Inc.	\$12,899,985.00	
General Asphalt Co. Inc.	\$13,734,170.80	
Ryan Incorporated Southern	\$14,024,152.69	Highest Bid
Engineer's Estimate	\$16,264,300.00	

Refer to the attached Bid Tabulation Analysis Table for a complete bid item unit prices and totals as submitted by each of the bidders. Based on the bids received, HDR did a line-by-line analysis of the bid unit prices and checked the Contractor's Schedule of Prices Bid matches the Schedule of Prices in Addendum 5. In Central Florida Equipment Rentals, Inc. bid, there were five (5) unit prices there were priced at \$0.01 which is extremely low compared to the current market value of those items. They were for the following line numbers: 19, 54, 55, 60 &

(305) 728-7400

61. Besides these variances, all the other unit prices that were presented from the Contractors were in accordance with the current market value.

The comparison of bid item provides information on the percent difference between the Engineer's Unit Price and the Contractor's Unit Price. The Total Bid Amount percent difference from the Engineer's Estimate to the Lowest and Highest bidder ranges between (-)28% and (-)14%. The Engineer's Estimate was created using market value unit prices prior to the COVID-19 pandemic. Due to COVID-19, bids have been noticed to come in low across the nation.

Should you have any questions, or if further information is required, please do not hesitate to call us.

Sincerely,
HDR Engineering, Inc

Timothy J. Fish, P.E.
Associate Vice President

Contract Summary and COARs

CONTRACT SUMMARY

THIS CONTRACT made and entered into as of the 7th day of August 2020

by and between Miami-Dade County, Florida, by its Board of County Commissioners, hereinafter called the Owner and H & R Paving, Inc.

hereinafter called the Contractor:

WITNESSETH, that the said Contractor, for and in consideration of the payments hereinafter specified and agreed to be made by the County, hereby covenants and agrees to furnish and deliver all the materials required, to do and perform all the Work and labor, in a satisfactory and workmanlike manner, required to complete this Contract within the time specified, in strict and entire conformity with the Plans, Technical Specifications and other Contract Documents, which are hereby incorporated by reference, for;

PROJECT TITLE: MIAMI EXECUTIVE AIRPORT RUNWAY INCURSION MITIGATION

BID NO: MDAD-CIP-V009A

CONTRACT TIME: Completion of the Work within the Contract Time is of the essence. The Contract Time for this Work is 699 calendar days from the effective date established in the Notice To Proceed.

INDEMNITY: The value of the indemnity hereunder shall not exceed \$1,000,000.

LIQUIDATED DAMAGES: Liquidated Damages at the rate of \$2,000 per day, will be deducted from the Contract amount for each calendar day of delay due to a Non-Excusable Delay.

LIQUIDATED INDIRECT COSTS: Liquidated Indirect Costs recoverable by the Contractor, shall be \$2,000 per day for each day the project is delayed up to 90 days due to a Compensable Excusable Delay. After 90 days, the recoverable Liquidated Indirect Costs by the Contractor, resulting from a Compensable Excusable Delay, shall be \$500 per day.

The Contractor agrees to make payment of all proper charges for labor and materials required in the aforementioned Work, and to defend, indemnify and save harmless the County and all its officers, employees and agents against and from all suits and costs of every kind and description, and from all damages to which the said County or any of its officers, agents and employees may be put, by reason of injury or death to persons or injury to property of others resulting from the performance of said Work, or through the negligence of the Contractor, its officers, agents or employees or through any improper or defective machinery, implements or appliances used by the Contractor, its officers, agents or employees in the aforesaid Work, or through any act or omission on the part of the Contractor, or its officers, agents or employees.

In consideration of these premises, the County hereby agrees to pay to the Contractor for the said Work, when fully completed, the total maximum sum of

Thirteen Million, Three Hundred One Thousand, Five Hundred Thirty One Dollars, and Forty Four Cents (\$13,301,531.44),

consisting of the following accepted items or schedules of Work as taken from the Bid Form:

Total Unit and L.S. Price Items	\$ 11,771,266.76
General Allowance Account	\$ 1,177,126.68
Permit Allowance Account	\$ 353,138.00
 TOTAL MAXIMUM CONTRACT AMOUNT	 \$ 13,301,531.44

The total maximum Contract amount is subject to such additions and deductions as may be provided for in the Contract Documents. Partial and Final Payments will be made as provided for in the Contract Documents.

Notwithstanding and prevailing over any other provision of the Contract Documents to the contrary, the County Mayor or County Mayor's designee's may exercise the provisions of Section 2-285.2 (4) (d) and (e) of the Code of Miami-Dade County. Individual change orders or amendments shall not exceed 10 percent of the base contract price in cumulative percentage amount; provided however, that the foregoing limitation shall not apply to any change order or amendment related to emergency actions impacting remediation, public safety, health requirements or recovery from natural disaster and the foregoing change orders and amendments shall require ratification by the Board; provided further that the County Mayor or his designee may reduce in any amount the scope and compensation payable under this Contract and grant compensable and non-compensable time extensions thereunder. Pursuant to Section 2-285.2 (6), the County Mayor or the County Mayor's designee's award and execution of this Contract is subject to ratification by the Board of County Commissioners. If the County Mayor or the County Mayor's designee's action is not ratified, and such legislative action becomes final, this Contract shall be deemed terminated without further notice. In such event, the Contractor shall not be entitled to recovery of any lost profits or other consequential or indirect damages. However, the Contractor is eligible for payment for any work done prior to failure of the ratification, in accordance with the Article 13 of the General Conditions.

CONTRACT SUMMARY(Cont'd)

IN WITNESS WHEREOF, the above parties have caused this Contract to be executed by their appropriate officials as of the date first above written.

**CLEAN AIR AND WATER POLLUTION CONTROL
AFFIDAVIT PURSUANT TO 49 CFR PART 18.36(i)(12), SEC. 306 OF
THE CLEAN AIR ACT, SEC. 508 OF THE CLEAN WATER ACT**

Pursuant to 49 CFR Section 306 of the Clean Air Act and Section 508 of the Clean Water Act, if the contract and subcontract exceeds \$100,000, the Entity agrees:

- a. That any facility to be used in the performance of the contract or subcontract or to benefit from the contract is not listed on the Environmental Protection Agency (EPA) List of Violating Facilities;
- b. To comply with all the requirements of Section 114 of the Clean Air Act, as amended, 42 U.S.C. 1857 et seq. and Section 308 of the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. relating to inspection, monitoring, entry, reports, and information, as well as all other requirements specified in Section 114 and Section 308 of the Acts, respectively, and all other regulations and guidelines issued thereunder;
- c. That, as a condition for the award of this contract, the contractor or subcontractor will notify the awarding official of the receipt of any communication from the EPA indicating that a facility to be used for the performance of or benefit from the contract is under consideration to be listed on the EPA List of Violating Facilities;
- d. To include or cause to be included in any construction subcontract which exceeds \$100,000 the aforementioned criteria and requirements.

X The Entity affirms under oath that the Entity will comply with the requirements of Section 306 of the Clean Air Act and Section 508 of Clean Water Act, 49 CFR.

CERTIFICATION OF NON-SEGREGATED FACILITIES

The federally-assisted construction contractor certifies that she or he does not maintain or provide, for his employees, any segregated facilities at any of his establishments and that she or he does not permit his employees to perform their services at any location, under his control, where segregated facilities are maintained. The federally-assisted construction contractor certifies that she or he will not maintain or provide, for his employees, segregated facilities at any of his establishments and that she or he will not permit his employees to perform their services at any location under his control where segregated facilities are maintained. The federally-assisted construction contractor agrees that a breach of this certification is a violation of the Equal Opportunity Clause in this contract.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, restrooms, and washrooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directives or are, in fact, segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason. The federally-assisted construction contractor agrees that (except where she or he has obtained identical certifications from proposed subcontractors for specific time periods) she or he will obtain identical certifications from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the Equal Opportunity Clause and that she or he will retain such certifications in his files.

CONTRACTOR/SUPPLIER GENERAL ISO AWARENESS INFORMATION HANDOUT

In order to maintain environmental compliance with MDAD's environmental program, only Contractors and Suppliers that retain proper licenses, certifications and permits, and have an awareness of MDAD's Environmental Management System (EMS) shall be allowed to supply contracted services.

The Contractor/Supplier that has been awarded a contract to perform work for MDAD hereby certifies the following:

(a) Contractor/Supplier is in receipt of and has reviewed all relevant information **and materials on MDAD's EMS** that has been provided as part of this affidavit.

(b) Contractor/Supplier agrees to conduct contracted activities in accordance with MDAD's environmental procedures and all applicable federal, state, and local environmental laws, regulations, directives, ordinances and other governmental authorizations, and certifies that all required licenses, certifications and permits are current and available upon request to MDAD,

(c) Contractor/Supplier acknowledges that it is responsible for ensuring that its current and projected employees and subcontractors that will be performing on-site services shall receive **and review all relevant information and material on MDAD's EMS, complete the EMS training module**, and comply with MDAD's environmental procedures.

By signing this affidavit, the Contractor/Supplier acknowledges that a Notice to Proceed will not be issued by MDAD, and no contracted work will be authorized by MDAD until the EMS training module has been completed by current and projected employees and subcontractors. The Contractor/Supplier's failure to provide the affidavit, or to comply with the terms, shall constitute a default of the subject contract and may be cause for suspension or termination, in accordance with the terms of the Contract.

IN WITNESS WHEREOF, the parties hereto have caused this Affidavit to be executed by their appropriate officials.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary. Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Note: You can type input into this form and save it.
Because the forms in this recordkeeping package are "fillable/writable" PDF documents, you can type into the input form fields and then save your inputs using the free Adobe PDF Reader.

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.

You must record information about every work-related injury or illness that involves loss of consciousness, restriction with activity or job transfer, days away from work, or medical treatment beyond first aid, and about every work-related injury or illness that is diagnosed by a physician or licensed health care professional. You must also record significant work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an Injury and Illness Incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

Log of Work-Related Injuries and Illnesses

Attention: This form contains information relating to employee health and must be used in a manner that protects the confidentiality of employees to the extent possible while the information is being used for occupational safety and health purposes.

Form Approved OMB no. 1218-0116

You must record information about every work-related death and about every work-related injury or illness that involves loss of consciousness, restricted work activity or job transfer, days away from work, or medical treatment beyond first aid. You must also record significant work-related injuries and illnesses that are diagnosed by a physician or licensed health care professional. You must also record work-related injuries and illnesses that meet any of the specific recording criteria listed in 29 CFR Part 1904.8 through 1904.12. Feel free to use two lines for a single case if you need to. You must complete an injury and illness incident Report (OSHA Form 301) or equivalent form for each injury or illness recorded on this form. If you're not sure whether a case is recordable, call your local OSHA office for help.

OSHA's Form 300A (Rev. 01/2004)

Summary of Work-Related Injuries and Illnesses

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the entries are complete and accurate before completing this summary. Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you had no cases, write "0."

Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

Form approved OMB no. 1218-0116

This *Injury and Illness Incident Report* is one of the first forms you must fill out when a recordable work-related injury or illness has occurred. Together with the *Log of Work-Related Injuries and Illnesses* and the accompanying *Summary*, these forms help the employer and OSHA develop a picture of the extent and severity of work-related incidents.

Within 7 calendar days after you receive information that a recordable work-related injury or illness has occurred, you must fill out this form or an equivalent. Some state workers' compensation, insurance, or other reports may be acceptable substitutes. To be considered an equivalent form, any substitute must contain all the information asked for on this form.

According to Public Law 91-596 and 29 CFR 1904, OSHA's recordkeeping rule, you must keep this form on file for 5 years following the year to which it pertains.

If you need additional copies of this form, you may photocopy the printout or insert additional form pages in the PDF, and then use as many as you need.
