

Memorandum

Date: October 6, 2020

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

Agenda Item No. 8(N)(38)

From: Carlos A. Gimenez
Mayor

Resolution No. R-1005-20

Subject: Resolution Approving Recommendation for Award of Construction Services for the Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2) project to Halley Engineering Contractors, Inc. in the amount of \$30,525,860 and Authorizing the Use of People's Transportation Plan Bond Program Funds For Such Purposes

Recommendation

This Recommendation for Award of Construction Services for the Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2) project, to Halley Engineering Contractors, Inc., in the amount of \$30,525,860 (inclusive of a contingency allowance account of \$2,763,260) and a contract term of 550 calendar days, has been prepared by the Department of Transportation and Public Works (DTPW) and is recommended for approval by the Board of County Commissioners (Board) pursuant to Section 2-8.1 of the Code of Miami-Dade County (Code).

This recommendation for award will provide for the installation of new Metrorail Acoustical Barriers on prioritized portions of the existing Metrorail elevated guideway. Based on funding availability, the project was split into two phases: Phase 3 (Part 1 of 2) and Phase 3 (Part 2 of 2). As part of Phase 3 (Part 1 of 2), DTPW is prioritizing the installation of the new acoustical barriers in areas where residential properties are within 150 feet of the guideway and in areas adjacent to major hospitals. For a specific list of all span locations where acoustical barriers were removed and will be replaced, please refer to the attached Exhibit 6.

This contract award recommendation is placed for Board review pursuant to the Code Section 29-124(f). This contract award recommendation may only be considered by the Board if the Citizens' Independent Transportation Trust (CITT) has forwarded a recommendation to the Board prior to the date scheduled for Board consideration or 45 days have elapsed since the filing with the Clerk of the Board of this contract award recommendation. If the CITT has not forwarded a recommendation and 45 days have not elapsed since the filing of this award recommendation, a request for withdrawal of this item will be submitted.

Scope

The scope of this item is countywide in nature as it benefits the users of the Metrorail. The Metrorail system traverses across various commission districts.

Fiscal Impact/Funding Source

The fiscal impact for this award is \$30,525,860, which includes a contingency allowance amount of \$2,763,260 for any unforeseen work and a dedicated allowance amount of \$130,000 for structural damage repairs. Funding for this project can be found under Capital Budget Project No. 6710900 in Volume 2 of the Fiscal Year 2019-20 Adopted Budget and Multi-Year Capital Plan and is included in the FY 2020-21 Proposed Budget. This award is funded by People's Transportation Plan (PTP) Bond

Program Funds. Throughout the life of the asset, there are no anticipated operations and maintenance costs as this a replacement project.

Delegation of Authority

The authority of the County Mayor or County Mayor's designee to execute and implement this contract consistent with those authorities granted under the Code. No further delegation is necessary for this contract.

Background

Acoustical barrier systems provide various functions throughout the entire guideway system. They buffer noise levels to adjacent communities, provide fall protection for work crews and prevent debris from falling off the guideway. Acoustical barriers are mainly installed on elevated structures that travel through communities and when they cross major highways and waterways. During the original development of the Metrorail system, there was approximately 100,000 linear feet of concrete and metal acoustical barrier panels installed along the guideway system that runs from the Dadeland South Station to the Palmetto Station. The current acoustical barrier wall has reached the end of its useful life and can no longer be maintained.

The Board approved the Acoustical Barrier Replacement project in the 2018-2023 PTP Five-Year Implementation Plan on March 6, 2018, following a favorable recommendation by the CITT. Through Resolution Nos. R-150-19, R-604-19 and R-605-19, DTPW contracted for construction services for the removal of acoustical concrete barriers from the Metrorail elevated guideway for \$6,896,932.52. The removal of the acoustical barriers was completed in December 2019.

On May 21, 2020, DTPW advertised for construction services for the Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2). A non-mandatory pre-bid teleconference was held on June 4, 2020. Exhibit 1 to this memorandum contains the complete scope of services, license requirements and other information regarding the project. On June 25, 2020, DTPW received three bids in response to the solicitation. The base bid amounts ranged between \$27,632,600 and \$31,234,294 (excluding the allowance accounts). The lowest bid price, submitted by Halley Engineering Contractors, Inc., is 12.83% below the cost estimate of \$31,700,000 (refer to the Contractor's Bid Form in Exhibit 2).

In addition to pricing, Halley Engineering Contractors, Inc.'s bid was reviewed based on its licensing, past experience and ability to perform services of similar scope, as described in the contract documents. At DTPW's request, on July 6, 2020, Halley Engineering Contractors, Inc. provided supporting documentation for the product specifications and a bid commitment letter (refer to Exhibit 3), confirming its ability to perform the project's scope of services (inclusive of all addendums) for the price provided in its bid. Atkins North America, Inc. (Atkins), DTPW's design consultant reviewed the Contractor's price and provided a Letter of Buildability (refer to Exhibit 4) identifying that the Contractor's means and methods attributed to the receipt of a low bid price.

Halley Engineering Contractors, Inc.'s principal has indicated seven years of experience as a general contractor in construction work similar to the work for this contract. DTPW reviewed the business references included in Halley Engineering Contractors, Inc.'s bid package and deemed its experience for projects similar in size and complexity satisfactory. Halley Engineering Contractors, Inc. does not have any evaluations in the Capital Improvements Information System. However, DTPW contacted

its business references and confirmed that Halley Engineering Contractors, Inc. received an average rating of 101 points out of a possible 110 points for three Florida Department of Transportation projects and an above satisfactory rating for a Miami-Dade Expressway Authority project. As a result, DTPW found Halley Engineering Contractors, Inc., to be responsive and responsible to the bid requirements. Therefore, DTPW recommends that the Construction Contract (refer to Exhibit 5), be awarded to Halley Engineering Contractors, Inc.

The Division of Small Business Development's (SBD) Compliance Report Database reflects that Halley Engineering Contractors, Inc. has no record of open or closed small business, wage and/or workforce violations within the last three years. The project has been assigned a Community Workforce Program goal of 10 percent. According to the Firm History Report provided by SBD, within the last three years, Halley Engineering Contractors, Inc. has not held any contracts with the County.

The Project complies with all applicable federal, state and local regulations, including applicable Responsible Wages pursuant to Resolution No. R-54-10. The project involves the installation of new, lightweight acoustical barriers at elevations more than 15 feet above the sea water mean level. As such, the impact of Sea Level Rise has been considered in the project and the principles thereof were found to be not applicable. In addition, based on the project's scope of services, the Sustainable Buildings Ordinance does not apply.

It is anticipated that the Notice to Proceed to Halley Engineering Contractors, Inc. will be issued within 30 days of Board approval. Halley Engineering Contractors, Inc. has identified Maytin Engineering Corp. as the only subcontractor to be utilized for this project. Maytin Engineering Corp. was the Prime Contractor, awarded the Acoustical Barrier Replacement Phase 1 (Removal) project under Resolution No. R-150-19. The project was completed on time, within budget and with no reported incidents or accidents.

Track Record/Monitor

Leticia Smith, Chief of Contract Services, and German Arenes, P.E., Chief, Construction, Structural Inspection and Analysis, for DTPW will be responsible for supervising, monitoring and inspecting all aspects of the project's implementation, deployment and administration.

Due Diligence

Due diligence was conducted in accordance with the Internal Services Department's Procurement Guidelines to determine contractor responsibility, including verifying corporate status. The lists that were referenced include: SunBiz, convicted vendors, debarred vendors, delinquent contractors, suspended vendors, federal excluded parties, and SBD's compliance report. There were no adverse findings related to contractor responsibility. This information is being provided pursuant to Resolution No. R-187-12.

Next, Halley Engineering Contractors, Inc. and its first tier sub-contractor's safety records for the last three years were also considered. Copies of its Occupational Safety & Health Form 300 – Log of Work-Related Injuries and Illnesses and inspection data are on file with DTPW's Office of Safety and Security and are available upon request. This information is being provided pursuant to Resolution No. R-1181-18. Finally, Halley Engineering Contractors, Inc. provided written confirmation that it

Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners
Page 4

has no discrimination lawsuits in the last ten years prior to the date of the solicitation. This information is being provided pursuant to Resolution No. R-828-19.

ADDITIONAL PROJECT REQUIREMENTS

PROJECT NAME: Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2)

**DTPW PROJECT
NAME:** Acoustical Barrier Replacement

**DTPW
PROJECT NO:** CIP168

CONTRACT NO: CIP168-DTPW19-CT1

**PROJECT
DESCRIPTION:** DTPW has a need to obtain construction services for the replacement of the acoustical barriers located along the Metrorail system from Abutment AB-1-NS near the Dadeland South Station to AB-1346-LH-NS, which is west of the Okeechobee Station. This project is for Phase 3 (Part 1 of 2) and consists of the testing, furnish and installation of new acoustical barrier where portions of the concrete acoustical barriers have been removed. DTPW is prioritizing the installation of the new acoustical barriers in areas where residential properties are within 150 feet from the guideway and also in areas adjacent to major hospitals. The Contractor must comply with all applicable federal, state and local regulations, including, but not limited to: Occupational Safety and Health Administration requirements and Fall Protection guidelines when performing all work. All work will be performed on an electrified, elevated guideway system, around and over busy streets and expressways. The Contractor shall coordinate all Maintenance of Traffic needs with the agency having jurisdiction as well as with DTPW staff as required.

**PROJECT
LICENSE
REQUIREMENTS:** Miami-Dade County Contractor's Certification is required in one of the following categories: General Building Contractor, General Engineering, or other categories as applicable to Chapter 10 of the Code, or State of Florida General Contractor's License.

**USING
DEPARTMENT:** Department of Transportation and Public Works

**MANAGING

LOCAL PREFERENCE CERTIFICATION: For the purpose of this certification, a "local business" is a business located within the limits of Miami-Dade County (or Broward County in accordance with the Interlocal Agreement between the two counties) that conforms with the provisions of Section 1.10 of the General Terms and Conditions of this solicitation and contributes to the economic development of the community in a verifiable and measurable way. This may include, but not be limited to, the retention and expansion of employment opportunities and the support and increase to the County's tax base.

☒ Place a check mark here only if affirming bidder meets requirements for Local Preference. Failure to complete this certification at this time (by checking the box above) may render the vendor ineligible for Local Preference.

LOCALLY-HEADQUARTERED BUSINESS CERTIFICATION: For the purpose of this certification, a "locally-headquartered business" is a Local business whose "principal place of business" is in Miami-Dade County as defined in Section 1.10 of the General Terms and Conditions of this solicitation.

☒ Place a check mark here only if affirming bidder meets requirements for the Locally-Headquartered Preference (LHP). Failure to complete this certification at this time (by checking the box above) may render the vendor ineligible for the LHP. The address of the locally-headquartered office is 13901 NW 118 AVENUE, MIAMI, FL 33178

LOCAL CERTIFIED WARTIME VETERAN BUSINESS ENTERPRISE CERTIFICATION: A Local Certified Service-Warime Veteran Business Enterprise is a firm that is (a) a local business pursuant to Section 2-8.5 of the Code of Miami-Dade County and (b) prior to bid submission is certified by the State of Florida Department of Management Services as a service-warime veteran business enterprise pursuant to Section 295.187 of the Florida Statutes.

☐ Place a check mark here only if affirming bidder is a Local Certified Service-Warime Veteran Business Enterprise. A copy of the certification must be submitted with this proposal.

Letter of Buildability
Metrorail Acoustical Barrier Replacement, Phase 3 (Part 1 of 2)

Dear German

Atkins North America, Inc. (Atkins) has reviewed the bid tabulation provided by Miami-Dade Department of Transportation and Public Works for the above-mentioned contract. Variances between our Construction Estimate and the bid tabulation for all bidders can be attributed to Contractor means and methods. It is our assessment that the lowest conforming bidder, Halley Engineering Contractors, Inc., has provided a reasonable and competitive bid based on current market conditions. Atkins agrees with the recommendation to award.

Regards

Glenn F. Myers

CONSTRUCTION CONTRACT

STATE OF Florida) ss.:

COUNTY OF Miami Dade)

THIS AGREEMENT made and entered into as of the _____ day of _____, 2020 by and between Miami-Dade County and Halley Engineering Contractors, Inc. hereinafter called the Contractor:

WITNESSETH, that the said Contractor for and in consideration of the payments hereinafter specified and agreed to be made by Miami-Dade County, hereby covenants and agrees to furnish and deliver all the materials required, to do and perform all the work and labor required to complete CONTRACT NO. CIP168-DTPW19-CT1 entitled, Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2), within the time specified, in strict and entire conformity with the Contract Documents hereinafter listed, which are hereby incorporated into this Contract by reference:

- Contract Documents:
1. Conformed Contract Specifications and Drawings
 2. Construction Safety Manual
 3. Department of Transportation and Public Works Adjacent Construction Safety Manual

The Contractor agrees to make payment of all proper charges for labor and materials required in the aforementioned work, and to defend, indemnify and save harmless Miami-Dade County and all its officers and agents against and from all suits and costs of every kind and description, and from all damages to which the said Miami-Dade County or any of its officers and agents may be put, by reason of injury or death to persons or injury to property of others resulting from the performance of said work, or through the negligence of the Contractor, or through any improper or defective machinery, implements or appliances used by the Contractor in the aforesaid work, or through any act or omission on the part of the Contractor, or his agent or agents, employees or servants.

CONTRACT No.: CIP168-DTPW19-CT1

The Contractor agrees that the requirements of this contract are reasonable and achievable.

The Contractor further agrees that the Rates of Wages for all laborers, mechanics and apprentices employed by the Contractor or any Subcontractor shall be not less than the prevailing rate of wages for similar skills or classifications, all in accordance with Section 215.19, Florida Statutes, which said Section is hereby incorporated into this Contract by reference, or in accordance with the decision of the Secretary of Labor of the United States Department of Labor, as applicable and all provisions thereof shall be strictly complied with by the Contractor and his Subcontractors.

In consideration of the premises, Miami-Dade County hereby agrees to pay to the Contractor for said work, when fully completed, the total sum of \$30,525,860.00 (inclusive of base for \$27,632,600.00, 10.00% Contingency Allowance Account for \$2,763,260.00 and a Dedicated Allowance Account for Structural Damage Repairs for \$130,000.00), being the amount obtained from either the aggregate lump sum prices, the application of unit prices to the quantities shown in the Bid Form or the combination of both.

The total sum is subject to such additions and deductions as may be provided for in the Contract Documents.

Payments on account will be made as provided for in the Contract Documents.

In Witness whereof, the parties hereto have caused this Contract to be executed by their appropriate officials, as of the date first above written.

SPECIFIC ACOUSTICAL BARRIER INSTALLATION LOCATION FOR
PHASE 3 (PART 1 OF 2) AND PHASE 3 (PART 2 OF 2)

Due to budget constraints, this need has been divided into two projects; Phase 3 Part 1 of 2 and Phase 3 Part 2 of 2. DTPW used criteria to **prioritize replacement of the acoustical barriers in areas where residential properties are within 150 feet from the guideway and including areas adjacent to major hospitals.**

The following is a specific list of all span locations where new acoustical barriers will be installed during Phase 3 parts 1 and 2.

Agenda Item No. 8(N)(38)
10-6-20

RESOLUTION NO. _____ R-1005-20

RESOLUTION APPROVING AWARD OF CONSTRUCTION SERVICES FOR THE METRORAIL ACOUSTICAL BARRIER REPLACEMENT PHASE 3 (PART 1 OF 2) PROJECT, TO HALLEY ENGINEERING CONTRACTORS, INC. IN THE AMOUNT OF \$30,525,860.00 (INCLUSIVE OF A CONTINGENCY ALLOWANCE ACCOUNT OF \$2,763,260.00), FOR A TERM OF 550 DAYS; AUTHORIZING THE USE OF PEOPLE'S TRANSPORTATION PLAN BOND PROGRAM FUNDS FOR THIS PROJECT WHICH WAS ADDED TO THE FIVE-YEAR IMPLEMENTATION PLAN ON MARCH 6, 2018; AND AUTHORIZING THE COUNTY MAYOR OR COUNTY MAYOR'S DESIGNEE TO EXECUTE SAME AND TO EXERCISE THE RIGHTS CONTAINED THEREIN

WHEREAS, this Board desires to accomplish the purposes outlined in the accompanying memorandum, a copy of which is incorporated herein by reference,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF MIAMI-DADE COUNTY, FLORIDA, that this Board:

Section 1. Approves the Award of a Construction Services for the Metrorail Acoustical Barrier Replacement Phase 3 (Part 1 of 2) project to Halley Engineering Contractors, Inc. in the amount of \$30,525,860.00 (inclusive of a contingency allowance account of \$2,763,260.00), for a term of 550 days and authorizes the use of People's Transportation Plan Bond Program Funds for this Project, which was added to the Five-Year Implementation Plan on March 6, 2018.

Section 2. Authorizes the County Mayor or County Mayor's designee to execute the agreement for and on behalf of Miami-Dade County and to exercise all rights contained therein, including any termination and renewal provisions.

The foregoing resolution was offered by Commissioner **Rebeca Sosa**, who moved its adoption. The motion was seconded by Commissioner **José "Pepe" Diaz** and upon being put to a vote, the vote was as follows:

Audrey M. Edmonson, Chairwoman	aye		
Rebeca Sosa, Vice Chairwoman	aye		
Esteban L. Bovo, Jr.	aye	Daniella Levine Cava	aye
Jose "Pepe" Diaz	aye	Sally A. Heyman	aye
Eileen Higgins	aye	Barbara J. Jordan	aye
Joe A. Martinez	aye	Jean Monestime	aye
Dennis C. Moss	absent	Sen. Javier D. Souto	aye
Xavier L. Suarez	aye		

The Chairperson thereupon declared the resolution duly passed and adopted this 6th day of October, 2020. This resolution shall become effective upon the earlier of (1) 10 days after the date of its adoption unless vetoed by the County Mayor, and if vetoed, shall become effective only upon an override by this Board, or (2) approval by the County Mayor of this Resolution and the filing of this approval with the Clerk of the Board.

MIAMI-DADE COUNTY, FLORIDA
BY ITS BOARD OF
COUNTY COMMISSIONERS

HARVEY RUVIN, CLERK

By: **Melissa Adames**
Deputy Clerk

Approved by County Attorney as
to form and legal sufficiency.

Bruce Libhaber

Memorandum

To: Honorable Chairwoman Audrey M. Edmonson
and Members, Board of County Commissioners

From: Javier A. Betancourt, Executive Director 

Date: September 24, 2020

Re: CITT AGENDA ITEM 7F:
RESOLUTION BY THE CITIZENS' INDEPENDENT TRANSPORTATION TRUST
RECOMMENDING THE BOARD OF COUNTY COMMISSIONERS (BCC) APPROVE
AWARD OF CONSTRUCTION SERVICES FOR THE METRORAIL ACOUSTICAL
BARRIER REPLACEMENT PHASE 3 (PART 1 OF 2) PROJECT, TO HALLEY
ENGINEERING CONTRACTORS, INC. IN THE AMOUNT OF **\$30,525,860.00**
(INCLUSIVE OF A CONTINGENCY ALLOWANCE ACCOUNT OF \$2,763,260.00), FOR
