Subject: Resolution Approving Targeted Jobs Incentive Fund Tax Refund for Confidential Project Sunshine

Recommendation

The Beacon Council, on behalf of Confidential Project Sunshine, has submitted an application for economic development incentives under the County's Targeted Jobs Incentive Fund (TJIF) Program as codified in, Article LXXXVI of the Miami-Dade County Code of Ordinances. It is recommended that the Board of County Commissioners (Board) approve the request for Confidential Project Sunshine to participate in the TJIF Program. It is also recommended that the Board make available \$650,000.00 in TJIF assistance from Countywide General Fund Revenues.

Scope

Confidential Project Sunshine is a New York City-based financial services firm proposing to establish a regional headquarters office in Miami-Dade County. The proposed location is confidential at this time however, the company is looking for a facility in Commission District 5, which is represented by Commissioner Eileen Higgins. The company is committing to create 215 new full-time equivalent jobs (over four years), as defined in section 288.106, Florida Statutes. The jobs will have a positive Countywide impact through indirect employment and an economic multiplier effect.

Fiscal Impact/Funding Source

Based on a total capital investment of \$25,000,000.00 as stated in the attached application, Confidential Project Sunshine is projected to generate \$910,303.00, over a ten-year period, in incremental property tax revenues to the Countywide General Fund. As a result, the business is eligible to receive \$650,000.00 in TJIF assistance, to be paid over a ten-year period. This amount includes the job creation bonus of \$150,000.00 to be disbursed in the 10th year of the award. For every 50 jobs created, an additional .015 percent of the total capital investment will be added to the surplus job bonus. The Beacon Council projects that the County will realize a positive fiscal impact of \$260,303.00 over the 10-year period of the TJIF award.

The actual disbursement of the TJIF Program award is contingent upon verifying creation of the new jobs and the capital investment appearing on the tax roll. The TJIF Program award may equal up to 2.140 percent of the total real property capital investment and 1.440 percent of the tangible personal property capital investment to remain in compliance with the TJIF Program. Disbursements of the TJIF Program award is capped to not exceed the amount of incremental Countywide General Fund revenues the County generates by the capital investment.

Track Record/Monitor

The TJIF Program specifies that a Board approved TJIF Program project must create at least ten (10) new jobs, retain those jobs in accordance with the program's criteria, and make a significant capital investment to receive the incentive. Confidential Project Sunshine is promising to make a capital investment of \$25,000,000.00 and create 215 new jobs, over four years.

Upon the company's request for incentive payment, staff from the Research and Planning Section for the Department of Regulatory and Economic Resources will verify that it has met the required number of new jobs created, at the required wage rate and in accordance with the TJIF Program agreement. Staff will also confirm that the ad valorem and/or the tangible personal property taxes are sufficient to cover the TJIF Program payment.

Background

Confidential Project Sunshine is planning to construct and build out a 50,000 square feet regional technology headquarters office (North American Industry Classification System Code #5511). The company plans to commence construction in FY 2020. Alternative locations include: New York.

As a condition of the TJIF award, Confidential Project Sunshine agrees that the 215 new workers hired will have an average annual salary of \$200,000.00 (excluding benefits). Employee benefits associated with each newly created job will be \$30,000.00. The value of employee benefits is not a requirement of the TJIF Program.

The anticipated dates for job creation and incentive award disbursements are set forth in the resolution but are subject to change upon the approval of the County Mayor or the County Mayor's designee so long as they remain consistent with the TJIF Program.

In reference to Section 8.4 in the TJIF application regarding the company's criminal /civil litigation, the company reports that it "has and may be subject to civil legal proceedings in the ordinary course of its business."

The attached documents relating to the application of the incentive have been prepared by The Beacon Council and reviewed by the Department of Regulatory and Economic Resources.

Section 1. Targeted Jobs Incentive Fund (TJIF) Background

- 1.1 The Targeted Jobs Incentive Fund is an initiative fashioned by The Beacon Council and Miami-Dade County and patterned after the State of Florida Qualified Target Industry Tax Refund Program (QTI). The program's intent is to attract relocating out-of-area businesses and encourage expansion of existing local companies by providing cash incentive awards. As with the QTI Program, a Company is required to create a certain number of jobs and must also generate enough new revenue to Miami-Dade County to fund its TJIF benefit.
- 1.2 The TJIF is an inducement program available only to companies from outside the County (with the exception of Palm Beach, Broward, and Monroe Counties) wishing to relocate here, and to Miami-Dade companies which undertake a business expansion and which create jobs as a result of the local expansion. Nevertheless, a Palm Beach, Broward or Monroe County-located Company that is planning to relocate outside South Florida is eligible for this program. The Company must provide verifiable documentation supporting its consideration of other locales. Any business decisions, such as leasing of space or hiring of employees, made prior to the final TJIF approval will likely be grounds for disapproval unless waived by the Miami-Dade County Mayor or Mayor's designee after a showing of good cause.
- 1.3 Although the TJIF program is available to companies countywide, it is also used to encourage investment and the creation of jobs in Designated Priority Areas (DPA) i.e. Enterprise Zones, Empowerment Zones, Targeted Urban Areas, Community Development Block Grant eligible areas, and Brownfield areas, by providing business with additional incentives if the Company locates within these specified areas.
- 1.4 The TJIF program is strictly a performance-based incentive that is disbursed to the Company after it has met all of its job creation projections, average salary commitment, capital investment commitments and all other requirements of the program.

Section 2. Eligibility Criteria

- 2.1 The Targeted Jobs Incentive Fund (TJIF) is available to companies in the following industries:
 - a. Advance Manufacturing;
 - b. Aviation/Aerospace;
 - c. Clean Energy including, but not limited to, Solar Photovoltaic and Solar Thermal Energy, Biofuels, Smart Grid Technologies, Energy Storage, and Ocean Energy;
 - d. Financial/Professional Services;
 - e. Homeland Security/Defense;
 - f. Information Technology;
 - g. Life Sciences;
 - h. Creative Industries including, but not limited to, Fashion and Lifestyles;
 - i. Global Logistics;
 - j. Headquarters including regional headquarters (NAICS Code 5511); and
 - k. Any industry designated as a "Target industry business" under the State of Florida's Qualified Target Industry ("QTI") program, Section 288.106(1) of the Florida Statutes.

The Board of County Commissioners, at its discretion, may waive the eligible industry requirement at the request and recommendation of The Beacon Council and the County Mayor and County Mayor's designee.

- 2.2 The Company must create at least 10 new jobs and make a minimum capital investment of at least \$3 million.
- 2.3 The County Commission, recognizes its responsibility to set a community standard that permits full-time workers to live above the poverty line. Therefore, the TJIF Program will not be available to companies that pay any of their employees less than the Living Wage Rate as defined in Section 2-8.9 of the Code of Miami-Dade County, as adjusted annually by the Department of Small Business Development or its successor department. In addition, the New Jobs promised under the TJIF application/agreement must pay an estimated Average Annual Wage at least equal to the average private sector wage of the County or the statewide private sector average wage. In determining the Average Annual Wage, only New Jobs are to be included and wages for existing jobs shall be excluded from the calculation.
- 2.4 The Company's countywide ad valorem property taxes, excluding debt service, and countywide portion of sale taxes paid must generate sufficient additional general fund tax revenue to the County in order to fund the award. Additional general fund tax revenue generated by the project shall be determined by using a methodology acceptable to the County.
- 2.5 An economic impact analysis of the project will be determined using a professionally accepted econometric model such as Department of Commerce, BEA RIMS-II; Minnesota Implan Group, IMPLAN V.3; or REMI, Inc, REMI Model Pl+, and reviewed by the County's Chief Economist.
- 2.6 This Application and Agreement must be signed by the Company and Miami-Dade County stipulating the number of new jobs to be created, the projected amount of capital investment, the amount of the projected tax revenue and the date when the project will be completed. Disbursements of the TJIF award to the Company will only be made after it has achieved the capital investment and job creation benchmarks set forth in the Application and Agreement, and all other terms of the TJIF program.
- 2.7 The TJIF is an inducement program that is only available to companies considering a relocation and/or expansion in Miami-Dade County and one or more other communities. The TJIF is utilized to induce "New to Market" companies to relocate to Miami-Dade County (not available for companies located within Palm Beach, Broward and Monroe Counties unless a Company is planning to relocate outside South Florida). Companies located in other Florida counties are eligible for TJIF for any net new jobs being created in Miami-Dade County. The Company must identify the other metro areas being actively considered as locations for the project.

Section 3. Award Amounts Provided By Miami-Dade County

- 3.1 The TJIF Program is structured so that revenues received from the TJIF project will meet or exceed incentives paid by the County. As a result, the TJIF Program has a positive revenue impact on the countywide general fund during the incentive payout period. TJIF incentives are disbursed over a ten-year period, subsequent to the capital investment of the TJIF project appearing on the tax roll, and may equal up to 2.140 percent of the total real property capital investment and up to 1.440 percent of the tangible personal property capital investment. The TJIF project is eligible for additional incentive amount, for both real property and tangible personal property capital investment, if it is:

- a. A Miami-Dade County “green certified” business, as applicable (an additional 0.220 percent);
- b. Located in a DPA (an additional 0.220 percent);
- c. Located in a “green certified” building pursuant to Section 2-1258 (an additional 0.063 percent); and/or
- d. Classified as having its principal business activity in the manufacturing, installation, and repair of Solar Thermal and Photovoltaic energy production or other clean energy project (an additional 0.063 percent).
- e. A project that creates more than 50 new jobs (an additional 0.015 percent of the total amount of the Project’s Capital Investment in taxable real property and tangible property for every 50 new jobs created).

In no case will TJIF incentive disbursements exceed the amount of additional countywide ad valorem generated by the TJIF project. In the event that the actual capital investment is less than the amount of capital investment stated in the application, the TJIF project will only be eligible to receive an incentive based on the approved percentage of the actual capital investment.

Applications for a TJIF award within Miami-Dade County are evaluated on a case-by-case basis.

- 3.2 A TJIF award is usually provided to a Company for a period of up to ten (10) years when the minimum number of new jobs has been created and when new capital investment by and/or for the Company exceeds \$3 million in taxable property value. . This award is not applicable to the ad valorem property taxes paid-in on the subject property’s land value nor to any improvements in place prior to the project.
- 3.3 A Company may not receive award payments of more than twenty five percent (25%) of the total awards specified in the approved application/agreement in any fiscal year even if all the New Jobs are created in one (1) year. Further, a Company may not receive more than \$1.5 million in awards in any single fiscal year, or more than \$2.5 million in any single fiscal year if the project is located in a Designated Priority Area. A Company may not receive more than \$5 million in award payments in all fiscal years, or more than \$7.5 million if the project is located in a Designated Priority Area. However, the Board of County Commissioners, at its discretion, may waive the applicable \$5 million or \$7.5 million total award cap at the request and recommendation of The Beacon Council and the County Mayor or the County Mayor’s designee. However, in no event shall the total award exceed the amount of countywide general fund ad valorem property taxes paid in as a result of the project. While a Company can receive both a tax refund under the State of Florida Qualified Target Industry Program and a TJIF award at the same time, it cannot receive more than an amount equal to what it has paid-in under the project at any time.

Section 4. Payment of Incentive

- 4.1 The TJIF program is a performance based incentive program; therefore, verification of the new jobs created, capital investment made by the Company, and the additional general fund tax revenue generated to Miami-Dade County must be verified by the County prior to any disbursement of funds to the Company. This procedure must be repeated each year that the Company submits a claim for the TJIF payment. The year that is applicable for consideration of taxes paid-in resulting in the additional general fund tax revenue is April 1 through March 31. Company award claims must be submitted each year during the period of April 1 through May 15. Any award appropriation, if made by the Miami-Dade County Board of County Commissioners will be paid in the County’s fiscal year that begins on October 1 following the May 15 claims-submission deadline date.

- 4.2 The TJIF incentive award is paid beginning after the first year the new jobs are created. For example, if a Company committed to creating 100 new jobs by December 31, 2018, meets this benchmark (and all other conditions of the incentive award), and submits a claim for disbursement by May 15, 2020, then the first incentive payment will be disbursed in the County's fiscal year that begins on October 1, 2020. Disbursements shall occur according to the disbursement schedule set forth in the Board resolution granting the TJIF award even if all the new jobs are created prior to the end of the disbursement schedule. Payment to the Company will only be made after it has achieved all economic benchmarks. The Company's additional general fund tax revenue paid to Miami-Dade County must be equal to or greater than the Company's TJIF award less the County's portion of any Florida Qualified Target Industry incentive the Company may be receiving for the same project.
- 4.3 The Company must be current on its Miami-Dade County taxes in order to receive the disbursement of its approved TJIF incentive. Failure to meet this condition may cause that year's incentive to be forfeited.
- 4.4 No incentive amounts shall be disbursed after the last fiscal year set forth in the TJIF application agreement and the Board-approved TJIF Resolution. If a company fails to submit an application for reimbursement within three years of the first job creation benchmarks pursuant to Section 9.5 (c) in this application, the TJIF award will be cancelled without notice.
- 4.5 If in any year the applicant does not achieve the job creation schedule outlined in the applicant's approved resolution, but achieves at least 80% of the required net new jobs created, the company will receive a pro-rated incentive award less a 5% penalty of the scheduled award amount for that year. **If job creation falls below 80% of the required jobs, the company will not receive a refund and will be terminated from the program.**

Section 5. Application Process

- 5.1 Any Company that meets the criteria and objectives of the TJIF program must submit this Application and Agreement to the County through The Beacon Council for review. The Beacon Council will prepare an economic impact analysis for the project, based on the information provided by the Company and submit the application to the County Mayor or County Mayor's designee. An officer of the applying Company must sign the application.

Section 6. Review and Approval Process

- 6.1 Subsequent to an evaluation of the Application and Agreement by the County, staff will recommend its approval or denial to the County Mayor or the County Mayor's Designee and prepares an agenda item for the next available Board of County Commissioners meeting where the TJIF incentive is considered for approval. The County Mayor or the County Mayor's Designee will recommend Application and Agreement approval or denial to the Board of County Commissioners. Per Miami-Dade County Ordinance No. 00-98 creating this program as amended by Ordinance No. 18-36, the Board of County Commissioners shall have no obligation to approve any Application and Agreement that comes before it.
- 6.2 The Beacon Council staff and a Company representative (when requested) will attend the Board of County Commissioners meeting to be available to answer any questions related to the project and the TJIF Application.

- 6.3 If the Board of County Commissioners approves the Application and Agreement, the Company and the County Mayor or the County Mayor's Designee will execute said document(s). Upon request, a Company's confidentiality will be protected for any information regarding a project's location and/or expansion evaluation of any site in Florida in accordance with Sections 288.075 and 288.1066 of the Florida Statutes. If confidentiality is requested, then the Company name and identifying information shall be provided by the Company within 60 days of being approved by the County. Upon said approval, as the applying Company you will be sent a letter by The Beacon Council stipulating the conditions of the approval.
- 6.4 The Company, upon Board of County Commissioners approval, shall submit a current employee roster and tangible personal property and/or real property tax bill(s) for Miami-Dade County within 60 days after the Board's approval of the Application and Agreement.

Project Sunshine
Miami-Dade County
Targeted Jobs Incentive Fund - Written Responses

10.2 - Incentive Rationale: What role will the incentive award play in the decision of the applicant to locate or expand in Miami-Dade County?

The company is considering opening a regional technology headquarters office in Miami, Florida. The project would involve the relocation and creation of 215 highly compensated jobs and \$25 million of investment. The facility would provide technology solutions for the company worldwide.

Incentives will play a major role in the decision by the company of whether to locate the project in Miami-Dade County. The estimated costs for the proposed Miami regional technology headquarters project are steep, and the company is seeking state and local incentives to help defray the costs of the project. The \$25 million of investment would involve securing and improving office space and purchasing equipment and furniture and fixtures. Especially with the ongoing coronavirus pandemic, office projects are complicated. The company expects to invest heavily in ensuring a safe workplace for its employees that conforms to virus prevention health requirements. The pandemic has introduced a high level of uncertainty into the business office environment. A TJIF award would help defray the costs of making this investment and help ease the uncertainty that surrounds doing business during this unprecedented time. The TJIF award overall would make Miami a more desirable location for the project.

Another role of incentives would be to offset potential increases in Florida business taxes. The company estimates that it would incur a high Florida state corporate income tax liability and various local tax liabilities if it placed the project in Miami. The TJIF award would offset, in part, the increases in these taxes, enhancing Miami as a potential location.

As an alternative to Miami, the company is considering maintaining and expanding its IT operations at its current facilities in New York. The natural advantage of New York is the proximity to existing operations, which would make the project simpler to implement. Additionally, if the project were to occur in New York, the company would not risk creating new state and local business tax liabilities.

The contribution of Miami-Dade local incentives to the project would help Miami stand out as a prime location. The incentives would signal the locality's commitment to business development and economic growth.

10.3 - Project Impact: Provide a brief synopsis on the impacts the project is expected to stimulate in the community, the state or regional economy, focusing on economic**CONFIDENTIAL**

CONFIDENTIAL

conditions in the area, including the unemployment rate in the community where the project will be located.

Project Sunshine would provide high quality, highly compensated jobs and valuable investment to the Miami community. The project would create 215 net new, full-time, permanent jobs with average annual wages of \$200,000 in a variety of information technology roles. The information technology positions are in cutting edge roles, implementing the company's enterprise technology, data architecture, cyber operations and client and firm online platforms. The investment would create a modern and safe office environment prepared for the challenges of conducting business during the ongoing coronavirus pandemic.

The project would provide much needed quality jobs to Florida and Miami, which have both suffered greatly during the ongoing coronavirus pandemic. The unemployment rate was over 11% in Florida and over 14% in Miami as of July 2020. Economists predict that the economies of both Florida and Miami will severely contract this year. Business growth overall has stalled.

Project Sunshine could help power Florida and Miami's economic recovery. The 215 new jobs and \$25 million of investment would assist greatly in returning the local economy to strength. The tangential benefits of the project would assist as well. New employees locating into the Miami area would support local businesses and organizations. If the company selects Miami for Project Sunshine, it is well-prepared to bring much needed jobs and investment to the region.

10.4 - Corporate Responsibility, Environmental and Growth Management: Submit a brief review of the applicant's past activities in Miami-Dade County, Florida and in other states, particularly as they relate to environmental and growth management impacts and how these have been handled. Have any awards been recommended or received? (Basically, what kind of corporate citizen has the applicant been?)

The company is a responsible corporate citizen and active participant in the communities in which it operates. The company has a broad range of corporate initiatives, including but not limited to the environment, diversity and inclusion and giving back to the communities it operates in.

10.5 - Capital Investment - Alternative Project Scenario with Higher Investment

The application outlines a scenario where the company leases and improves existing space. Project Sunshine is considering purchasing a building as well, which would result in capital investment of \$50 million plus.
