FISCAL IMPACT/FUNDING SOURCE

Miami-Dade County expects to receive approximately \$97,877.00 in grant funding from EMS. Said funding will be distributed between Miami-Dade Fire Rescue Department (MDFR) and the municipal fire departments identified below. The grant does not require matching local or in-kind funds.

TRACK RECORD/MONITOR

The grant award will be monitored by Lisset Elliott, Grants Manager for MDFR.

BACKGROUND

Each year, pursuant to chapter 401, Florida Statutes, EMS awards grant funds to eligible county governments to assist local agencies and emergency medical services organizations in providing emergency medical services. Among other things, grants may be awarded to improve and expand pre-hospital emergency medical services for advanced and basic life support services.

Since 1987, MDFR has applied for and distributed State Emergency Medical Services County Grant funds awarded by EMS. The grant stipulates that municipalities must apply for and receive funds through their respective county government or county fire department. Members of the five municipal fire rescue departments identified below, as well as MDFR conduct an annual needs assessment to formulate the Miami-Dade County grant application, incorporated herein and attached hereto as Attachment A. The director of each respective fire rescue department reviews and approves the grant work and expenditure plans included in the final grant application package.

In order to receive their allocation of the 2020 EMS grant, each of the municipal fire rescue departments must submit an executed letter of understanding, incorporated herein and attached hereto as Attachment B, to MDFR. The grant funds distributed to participating municipal fire rescue department is based on a percentage of the combined total emergency medical services incidents that the respective department responded to during the preceding calendar year.

The funds will be distributed, as provided below, for emergency medical services incidents that the agencies responded to in calendar year 2019, funding awards were rounded to the nearest dollar:

Miami-Dade County Fire Rescue Department.....	\$ 61,759.00
City of Miami Fire Rescue Department.....	\$ 23,091.00

Instructions: County Government Application Form 2020-2021

The amount of your new grant is in the “Total” column of the county amount table accessible at the state EMS website link.

The first application form page has five numbered items. The first three are self-explanatory.

However, note that item 2 on the first application page is where the county's authorized person must provide his/her signature and date.

Item 4 describes the content of the “resolution.” Please provide this in your county's customary format and approval process. The resolution must be current; or if a previous resolution has continuing authority, include a message from a lead county official stating that the resolution is still in-effect, with a copy of it.

Item 5 of the first page of the application form asks for the name of the organization(s) to which you decide to allocate funds from your new county grant. The second page of the application form is the budget page. One of these budget pages is needed for each organization listed in item 5.

The budget page for each organization must have on it specific and quantifiable items or services, with the cost for each unit or type of item or service. However, all costs in your budget combined must total to the exact amount of total new funds for your grant. You can request budget changes and add unexpended previous funds after the new grant begins.

Your budget totals in the application should be added for you if you place your cursor over a subtotal or total field, right click your mouse, then left click “Update Field” on the resulting menu.

You should copy this form on your computer to use it. If you place the application in restricted editing mode, you can use your keyboard Tab key to go from field to field.
